World premiere of special music at CHS Band Concert

On Friday, May 10th, the Cumberland High School Band will present a concert entitled *A Celebration of Composers*. It is the culmination of the Cumberland Educational Foundation Grant which was awarded to the music department in 2017. The concert will feature the music of living arrangers and composers. The highlight of the evening is the world premiere CHS Band performance of "Breaking Point."

Brian Balmages

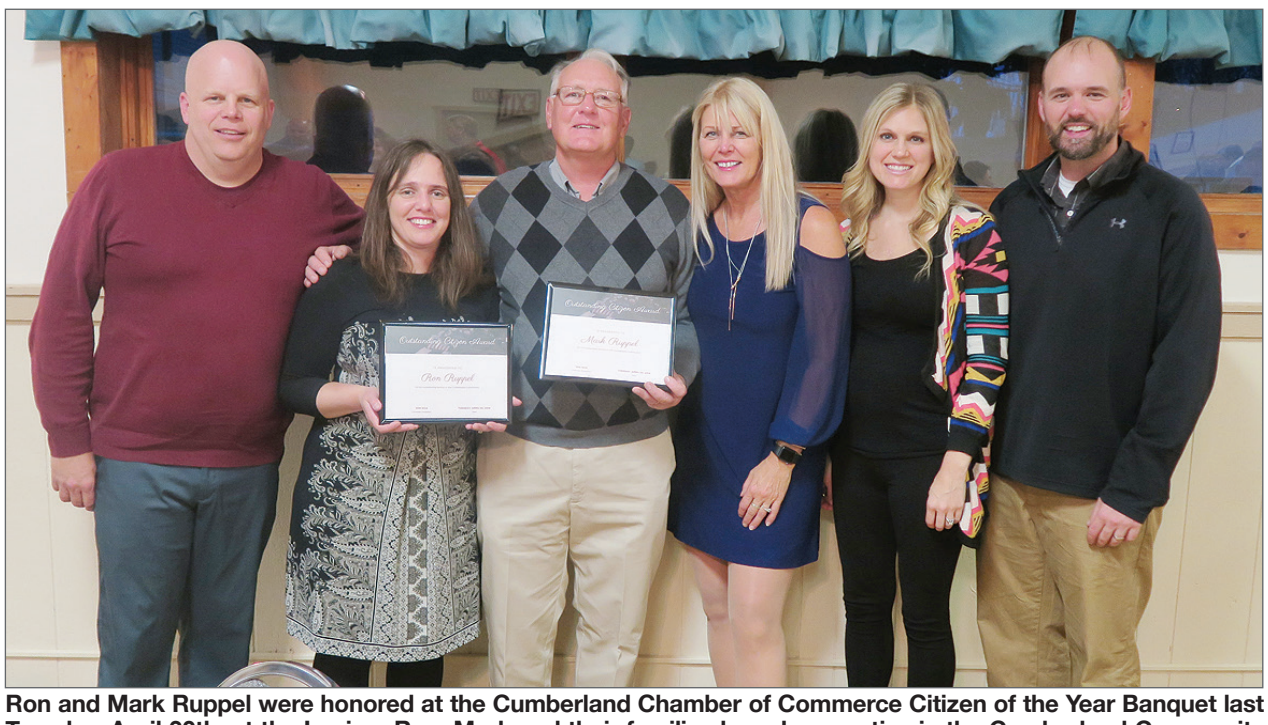
The piece was written by Mr. Brian Balmages, who will also be the artist in residence Thursday and Friday. During his visit, Mr. Balmages will work with the Cumberland Middle and High School Band students as well as presenting a composition and programing clinic to area music directors.

Brian Balmages (b.1975) is an award-winning composer, conductor, producer, and performer from Baltimore, Maryland. The music he has written for bands and orchestras has been performed throughout the world; including premieres in prestigious venues such as Carnegie Hall, the Kennedy Center, and Meyerhoff Symphony Hall. He received his bachelor's degree in music from James Madison University and his master's degree from the University of Miami Florida. He is a recipient of the prestigious A. Austin Harding Award from the American School Band Directors Association and the James Madison University Distinguished Alumni Award from the School of Visual and Performing Arts. As a conductor, Mr. Balmages enjoys regular engagements with all-state and regional bands and orchestra, as well as university and professional ensembles throughout the world. Currently, he is the Director of Instrumental Music Publications for the FJH Music Company and the Assistant Director of Bands and Orchestras at Townson University.

"This is a once in a lifetime opportunity," says band director Dan Hopkins. "Our students will be working with one of the best composers in the country while also performing a World Premiere."

The concert will take place at 7:30 p.m. on Friday at Cumberland High School. Admission is free.

2019 Citizens of the Year



Ron and Mark Ruppel were honored at the Cumberland Chamber of Commerce Citizen of the Year Banquet last Tuesday, April 30th, at the Legion. Ron, Mark and their families have been active in the Cumberland Community for many, many years. They have spent countless hours volunteering and spent many dollars for the betterment of the community. They were instrumental in the Golf Course expansion. The Dick Ruppel Scramble is a major fundraiser for the golf course. They have spent countless hours with the ETC, in recognition of which the theatre was named in their honor. They brought the Isle Theatre back, along with Nezzy's Bar & Grill. They are active in church, singing in the choir and serving on church councils. Both were also active in many civic groups. The list could go on and on. Thank you for all you have done for the City of Cumberland. Pictured above are: Scott and Janelle (Ruppel) Hagen, Mark and Terri Ruppel, and Kellsey and Graham Ruppel. Not pictured: Ron Ruppel

Barron County issues Burn Ban Update

Mike Judy, Emergency Services Director for the Barron County Sheriff's Department issued a list of current burn bans as of May 6th. This list will be updated and posted on the Barron County Sheriff's Department Facebook page every Monday (for the upcoming week) and again every Thursday (for the upcoming weekend) between now and Memorial Day.

- The City of Cumberland has permanently banned all burning (except for campfires) within the City limits.
- Town of Almena - Burn ban in effect until May 15th
- Village of Almena - Burn ban in effect until May 15th
- Town of Clinton - Burn ban in effect until May 15th
- Town of Arland - Burn ban in effect until May 15th
- DNR Protective Areas: Burning allowed from 6:00pm to midnight. Burning prior to 6:00pm is possible through a special permit by contacting your local DNR Ranger at 1-888-947-2876.

Basically a burning ban means that there should be no outside burning (things like burning twigs, leaves, brush, etc.) Charcoal grills and gas grills are okay but you need to make sure that they are handled correctly and properly supervised. Use them only in safe areas, away from tall grasses or brush and dispose of ashes carefully. You also need to be cautious when using machinery like a chainsaw, vehicle or ATV. Beaware that a hot muffler or engine can start a grass fire in a flash. Don't make the mistake of parking your vehicle in tall grass You muffler can start a grass fire, which can burn up your vehicle as well.

This grass fire west of Cumberland on Tuesday morning, May 7th, is a good reminder to take caution in these dry conditions

Most importantly, keep

Cumberland Healthcare replacement building project update

Initially, we were planning to break ground in the summer of 2019. Due to circumstances, we are running behind schedule, and we anticipate breaking ground in 2020.

As we continue to move the project forward, our next steps are the design phase and to bid the project out for the 2020 construction season. The building committee wants to ensure we have a quality project and by taking more time, it will allow us to be better prepared to break ground in 2020.

"We remain very excited about this project and are committed to meeting the current and future healthcare needs of our community," says Mike Gutsch, CEO.

Cumberland Chamber of Commerce News from Main Street *by Jon Hile, Chamber President*

The snow is gone, the clunk has been dunked and spring has finally arrived for the Island City! We've had a busy and exciting first 4 months of the year with no sign of slowing down in sight. We started our year off with the 26th Annual Wisconsin State Ice Fishing Tournament held the first weekend in February on Beaver Dam Lake. The weather was freezing, but we had a nice turn out of fishermen and volunteers to once again make it a successful event.

In March Ian and the team at Cumberland Boat Storage Dock and Lift hosted our 1st Quarter Chamber Community Social. It's always nice to have a chance to catch up with members of the community while learning more about a local business. Details for the 2nd Quarter Chamber Community Social are being finalized with more information to be released shortly.

After a 20+ year break, April saw the return of Baga Bunnies, and boy did they arrive in style! We had over 40 businesses, organizations, churches, and individuals sponsor 100 Baga Bunnies that were hidden on public property around town. It was great seeing families out hunting together enjoying the beautiful spring day we had for this event.

The Clunk officially dunked on Thursday, April 18th at 2:20 a.m. with Kelsey Schlick having the winning guess of April 18th at 6 a.m. for $500! Louis Muench came in second with an April 17th at 9 p.m. guess for $300 and Troy Lynch rounding it out with an April 17th at 7:17 p.m. guess for $200.

This last week we held our Annual Banquet and Meeting with Barronett Bar & Grill hosting the event at the American Legion Post 98 in Cumberland with more than 100 chamber members and guests in attendance. Mark and Ron Ruppel were each recognized with our annual Outstanding Citizen Award for all they have done for our community over the years. We also welcomed 11 new Chamber Members and

Changes ahead at Silver Lake

The cutting of many pine trees at Barron County's Grant Park on Silver Lake drew the ire of several people. According to Barron County Forester John Cisek, the trees were continuously shedding large branches and debris, making maintenance more difficult. The decision was made to remove the trees with plans for replanting another type of conifer tree. The trees will be planted a little further apart to allow for proper growth. A new pavilion is also in the plans for the park later this summer, depending on the budget. The plan is to make Grant Park even more beautiful.

People

Card of Thanks

The family of Delores Peterson would like to extend a thank you to all of our family and friends who have given us comfort and support during our mother's passing.

To Pastor Gil White for the beautiful service and ladies who served a delicious meal. Also to Golden Age Manor who cared for Mom and the Skinner Funeral Home for their professional services. It is all greatly appreciated.

Award Winners!

Left to right: Larry Nilssen, Tim, Jasmine, Elliot, Robby, Riggs and Jordan Nilssen show off some of the many awards won at this year's Wisconsin Association of Meat Packers convention.

Nilssen's Market has Blue Ribbon Meats

Each year the Wisconsin Association of Meat Processors (WAMP) holds a convention. The convention is a gathering where meat processors can talk shop, attend seminars, visit with suppliers, learn about new equipment and participate in the Wisconsin meat product competition.

This year during the 80th annual covention, over 1,000 products including summer sausage, bratwurst, ham, bacon, and other meat products were judged and scored based on external and internal appearance, eye appeal, aroma, and taste. Nilssen's Market Blue Ribbon Meats were awarded eight plaques and two honorable mention awards. Those items receiving Grand Champion status were natural casing weiners, pepper jack snack sticks, cooked cheddar, bacon, and pickle bratwurst, and smoked polish sausage. Other awards consisted of four Reserve Grand Champion and two Honorable Mention.

Congratulations Larry, Jordan, and the rest of the Nilssen's meat staff!

WITC event offers exclusive look at high demand industry

WITC-Rice Lake invites the public to get an exclusive look at the multitude of opportunities available in technology and industry-related careers.

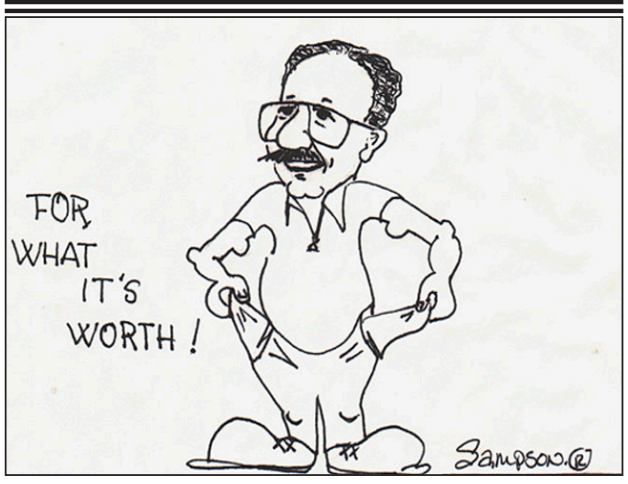
On Friday, May 10, 2019, WITC-Rice Lake will host the 2nd annual Technology and Industry Expo and Open House, sponsored by Rice Lake Weighing Systems and Tjader & Highstrom Utility Services. Attendees will have the opportunity to meet with area business and industry leaders from the WITC district who will be showcasing their products and services.

Those who are interested in exploring education and careers in the technology and industry sector will be able to network with employers, meet with WITC instructors and apply to WITC for free at the event. Attendees can learn about programs and careers in areas such as: Architecture; Automotive; Broadband; Construction; Dairy herd and farm operations; Emergency medical services; Information technology; Machining; Truck driving; Utility construction; Welding, and more

There will also be STEM activities, hands-on demonstrations and tours of WITC's state-of-the-art facilities.

Learn more at www.witc.edu/expo.

Opinion



By Craig Bucher

Last Saturday was a wonderful warm day with plenty of sunshine and a gentle breeze. Sadly, Sunday was cooler, had less sunshine and the wind blew harder. Hard enough to make the day only a 6 on a scale of 10. It has been a cool and windy spring with little prospect for warmer weather in the near future. I am getting grumpy and discouraged with the weather. As I write this I am reminded that we can do nothing about the weather except to complain. I am going to continue to rage against the weather all the while knowing that it is all in vain. Oh well, it makes me feel a bit better even if I recognize that my complaining is all for nothing.

-0-

I really enjoy Sunday evenings in front of the television as three of my favorite programs are on Minnesota PBS. The evening begins at 7 p.m. with "Call the Midwife," followed by Masterpiece Theater and concludes with "Unforgotten." "Call The Midwife" is a series set in England and follows the careers of midwifes based in a Catholic hospital. Masterpiece Theater is now featuring a six-part production of Victor Hugo's "Les Miserables." It is wonderful. The evening concludes with Masterpiece Mystery featuring this year a murder mystery conserning past, unsolved cases. All three hours of television without commercials. It is our favorite night of television. If you have nothing to do I highly suggest you give it a try. After you get accustomed to the British dialect, I'll bet you enjoy all three programs.

-0-

The fishing season is now here and I hope the weather makes it a fun time for all. Good luck and good fishing to all. Remember! Wear a life jacket and be safe. The water is unforgiving.

SEE YOU NEXT WEEK!

Inside Wisconsin

by Tom Still

Upper Midwest's 'I-Q Corridor' offers options to coastal congestion

MADISON, Wis. – Aaron Kennedy is an entrepreneur with national credentials. He was founder and chief executive officer for Noodles & Company, led Colorado's successful branding and marketing campaign, managed product rollouts for major firms and continues to advise emerging companies through some of the nation's leading accelerators.

Now, perhaps somewhat to his surprise, UW-Madison graduate Kennedy is the "Entrepreneur-in-Residence" at UW-Green Bay.

The late April announcement that Kennedy will join the effort to put Green Bay on the map for startups and scale-ups is the latest example of how the Upper Midwest is making a collective case for being a place where innovation is valued, talent is available and companies with the ideas can grow.

Not that anyone is hanging "Vacancy" signs in tech hubs such as California's Silicon Valley, Boston or North Carolina's Research Triangle, which continue to flourish, but there are reasons for investors, entrepreneurs and others to tap the rise in activity across the Upper Midwest.

My name for the region that includes Chicago, Milwaukee, Madison and spurs north and west is the "I-Q Corridor." The "I" stands for the interstate highways that bind them, but also innovation, intellectual property and investment. The "Q" suggests quality of workforce, research, education and life in general, the latter being a quality more familiar tech hubs are sometimes lacking.

Green Bay is staking its spot on the "I-Q Corridor" thanks to an alliance that includes the Green Bay Packers, Microsoft, UW-Green Bay and others who have combined to create "TitletownTech," which aims to bring world-class digital innovation and expertise to the region.

It is headquartered in Titletown, the development west of Green Bay's Lambeau Field, in a building that houses an innovation lab, venture studio, fund managers and others who can help to build young companies.

Kennedy's role over his four-year commitment to the UW-Green Bay is to work across academic and business lines to advise those companies, spot opportunities and to generally "think big" about what Green Bay can offer to investors and entrepreneurs.

Unofficially, what he brings are connections and credibility, which can help draw attention to Green Bay and the larger region. That attention may come from people who wouldn't automatically stop to think about what the Upper Midwest offers.

Those assets include reasonable deal valuations for angel and venture capitalists; well-trained talent through some of the nation's best universities, colleges and technical schools; lower business costs overall; federal laboratories; a central location for distribution; and a strong work ethic.

The I-Q Corridor also features a range of tech sectors in its portfolio, from software to life sciences, and from next-generation agriculture to advanced manufacturing. Investors have been increasingly drawn to that mix, based on recent deal data.

States near Wisconsin have helped to launch large "funds of funds" to invest in the most promising deals and to attract even more outside dollars. The latest example is the $250-million "Next Level Fund" in Indiana.

The growing effort to make the Upper Midwest an attractive alternative to the coasts is a theme of the upcoming Wisconsin Entrepreneurs' Conference, to be held June 4-5 at Venue42 in the Milwaukee Brewing Co.

Investors, entrepreneurs and tech leaders from across the region will gather to talk about the I-Q Corridor's assets – and its challenges. One glaring challenge is perception, which for some people is still trapped in Rustbelt imagery.

Kennedy talked about Colorado's once-fragmented brand when he spoke in November 2018 at a Tech Council conference in Madison, offering advice that could apply to Wisconsin and the Upper Midwest.

"Your brand can't be something you are not. A unified brand or message is powerful and memorable," Kennedy said at the time.

About 500 miles separate California's tech hubs in San Diego and San Francisco. The distance between Chicago and Minneapolis-St. Paul is a little more than 400 miles, much of it in Wisconsin. Linking Upper Midwest hubs along the I-Q Corridor around a common message could help each compete on a larger stage.

Still is president of the WI Technology Council. He can be reach at tstill@wisconsintechnologycouncil.com

Burn Ban...

your home clear of dead grass and brush, and a close eye on your kids. Many grass fires are sparked by children playing with matches or fireworks.

Remember: When planning a controlled burn, residents must contact their Town Chair for approval. Once town chair approval is received, residents must then contact the Barron County 911 Center (715-537-3106) to advise they will be burning.

In addition to the local bans, the DNR has suspended outdoor burning permits in 30 Wisconsin counties. An up-to-date map showing burning restrictions and fire activity can be found on the DNR website at: dnr.wi.gov/topic/forestfire/restrictions.html

Lloyd, 25, Rice Lake, speeding, $175.30; Brittany A. F. Makowsky, 27, Rice Lake, speeding, $175.30; Eric K. Marshall, 35, Rice Lake, hit and run-property adjacent to highway, $263.50; Nicholas P. Melton, 38, Shell Lake, vehicle operator fail to wear a seat belt, $10.00; Landon P. Nielsen, 41, Chetek, operating a motor vehicle without insurance, $200.50; Victoria M. Ovestreet, 35, Spooner, operating a motor vehicle without proof of insurance, $10.00; Songyot Phromjom, 43, Barron, operating a motor vehicle without insurance, $200.50, and vehicle operator fail to wear a seat belt, $10.00; Loren C. Purintun, 51, Cameron, vehicle operator fail to wear a seat belt, $10.00; Jason L. Roberts, 36, Cameron, operating a motor vehicle after suspension of his driver's license, and operating a motor vehicle without insurance, $200.50; Visuth Sanmai, 52, Chetek, vehicle operator fail to wear a seat belt, $10.00; Alexis E. Scalzo, 19, Chetek, speeding, $175.30; Steven J. Schleiss, 48, Cumberland, speeding, 11-15 mph over the speed limit, $200.50; Sarah L. Simonis, 28, Cumberland, operating a motor vehicle without proof of insurance, $10.00; Donald L. Tanner, 85, Rice Lake, speeding, $200.50; Jodeci Thompsonwarfield, 21, Rice Lake, vehicle operator fail to wear a seat belt, $10.00; Tyler J. Wahlstrom, 32, speeding, $175.30; Brittany S. Winger, 29, Cameron, vehicle operator fail to wear a seat belt, $10.00.

Dominique J. Conyers, 26, of Barron, pled guilty to a charge of disorderly conduct. She was fined $200.50.

Complaints

Drake W. Broker, 19, of Cumberland, has been charged with underage drinking. He is scheduled to appear May 8, 2019.

Megan N. Wolfe, 32, of Rice Lake, has been charged with retail theft. Her court date has been set for May 2, 2019.

Cody A. Frank, 33, of Cameron, has been charged with disorderly conduct. No court date has been set at this time.

Marcella J. Hill, 18, of Chetek, has been charged with resisting or obstructing an officer. Her initial appearance is scheduled for May 22, 2019,.

Alexander R. Vaughn, 20, of Barron, has been charged with possession of THC. His hearing is scheduled for July 3, 2019.

Brooke, K. Eder, 34, of Rice Lake, has been charged with possession of methamphetamine. Her preliminary hearing will be held May 20, 2019.

Joshua D. Estes, 35, of Rice Lake, has been charged with possession with intent to distribute amphetamine, and possession of drug paraphernalia. His preliminary hearing is scheduled for May 20, 2019.

Joyce M. Hover, 38, of Rice Lake, has been charged with battery, and disorderly conduct. Her hearing is scheduled for June 26, 2019.

Lorena R. Benjamin, 36, of Rice Lake, has been charged with obstructing an officer, and three counts of misdemeanor bail jumping. (Failure to comply with the terms of her bond by consuming alcohol). Her adjourned initial appearance was scheduled for May 2, 2019.

Criminal Complaints

Joyce M. Hover, 38, of Rice Lake, has been charged with battery and disorderly conduct. Her hearing will be held June 26, 2019.

Lorena R. Benjamin, 36, of Rice Lake, has been charged with obstructing an officer and three counts of misdemeanor bail jumping. (Failure to comply with the terms of her bond by consuming alcohol). Her adjourned initial appearance was scheduled for May 3, 2019.

Danielle A. West, 39, of Cumberland, has been charged with possession of methamphetamine, possession of Tetrahydrocannabinol (THC), possession of drug paraphernalia, and disorderly conduct.

The criminal complaint states that on April 29, 2019, at approximately 7:35 a.m. Rice Lake Officer Jondreau was working as the school liaison position for the Rice Lake Police Department when he received a call from the Rice Lake Middle School Principal, Josh Tomesh, concerning a parent of one of the students at the middle school by the name of Danielle West. Mr. Tomesh was concerned about the mental health of Mrs. West due to the fact that she had called the middle school and spoken to one of the school secretaries advising that the school needed to keep her daughter safe and that she was on her way to pick her up. Officer Jondreau was familiar with dealings Ms. West has had with several law enforcement agencies over the past couple of weeks where she has been reported acting extremely paranoid and displaying unpredictable behavior. Officer Jondreau was provided with information from other officers that Ms. West had acknowledged using methamphetamine "hard" lately.

Officer Jondreau went to the Rice Lake Middle School and as he approached the main entrance of the school, he met Ms. West and her daughter as they were leaving the building. He observed that her daughter had a very terrified look on her face and that her body language seemed as though she was scared of whatever situation she was involved in. He made contact with Ms. West and asked her where she was going. He also observed that Ms. West had very erratic body movements and she indicated she was taking her daughter to the doctor. When officer Jondreau inquired as to why she needed to take her daughter to the doctor Ms. West indicated that her daughter was being sexually abused by staff at the school. She further advised that she didn't actually have an appointment.

Officer Jondreau observed that Ms. West seemed very paranoid and she was stating that everyone at the school was sexually abusing her daughter and that she herself was being sexually abused by the Barron County Sheriff's Department. Officer Jondreau indicated that during his contact with Ms. West it was the time of day for students to be coming to school, whether by personal vehicle or by school bus and that there was a significant number of students in the particular area where he and Ms. West were. Ms. West began to swear in a loud voice telling him that there was "no ..... way you're keep me from taking my daughter." Officer Jondreau had to advise her to settle down due to the fact that she was swearing in a loud voice. She also continued to use profanity at which point Officer Jondreau took her into custody for disorderly conduct. During the time she was taken into custody, she continued to yell at students who were exiting the busses and proceeding to school. She would yell at random students, telling them the teachers were going to rape them if they went to school. The officer observed that some of the students appeared to be scared of what Ms. West was yelling at them.

Rice Lake Police Officer Reinikainen also arrived at the Rice Lake Middle school and assisted in taking Ms. West into custody. He also took responsibility for having her vehicle impounded. He also took part in, and ultimately conducted an inventory search of the vehicle once it was impounded.

During the course of the inventory search, he located a gray colored jean jacket that was on top of several bags that were discovered to be clothing in the back seat of the vehicle. As he removed the jacket, he noticed something hard in the left pocket. He then removed the metal container that looked like a salt shaker. When he opened it up, he noted there was a white material that he suspected to be methamphetamine. He also located two small gem bags, both of which contained a small amount of crystal substance, that he suspected to be methamphetamine. He subsequently field tested the substance and obtained a positive result for the presence of methamphetamine. He also combined the two substances together and weighed them all and obtained a weight of 2.29 grams. He also located, in the right pocket of the same jacket, a large Ziploc bag which contained a plant material that he suspected to be marijuana. He field tested the substance and obtained a positive result for the presence of tetrahydrocannabinol. He also weighed the substance and obtained a weight of 29.20 grams. He also found a working digital scale that had a crystal residue on it that was in the right pocket of the jacket.

If convicted West may be fined not more than $12,500 or imprisoned for not more than four years and four months, or both. Her preliminary hearing is scheduled for May 21, 2019.

Drake W. Broker, 18, of Cumberland, has been charged with disorderly conduct and resisting an officer.

The criminal complaint states that on Saturday, April 13, 2019, at approximately 8:55 a.m. Cumberland Police Officer Smith was dispatched to a residence on Sylvan Street after receiving a report that their grandson had broken some things and left.

Upon arrival, Officer Smith spoke with the grandparents, and obtained a description of what the grandson was wearing. Officer Smith left the residence and observed Broker walking on the sidewalk on Superior Avenue, just south of Lake Street.

Officer Smith observed he was crying, visibly upset and saying something. Officer Smith directed him to get down on the ground. Broker yelled that he was, "done with this ...."Officer Smith attempted to place him under arrest, but he actively resisted. An off-duty Chetek police officer arrived and assisted Officer Smith. Broker continued yelling at Officer Smith and the off-duty police officer. Sgt. Graf, with the Barron County Sheriff's Department, arrived and observed Broker resisting Officer Smith's attempts to place him in handcuffs. Officer Smith was unable to get Broker's left arm behind his back until Officer Smith used his Taser to perform a "drive stun" to Broker's lower back.

After taking Broker into custody, Officer Smith returned to the residence. Broker's mother indicated one of the items he broke was a lamp. She told Officer Smith that Broker was picked up the day before between 3:00 p.m. and 4:00 p.m. by someone she didn't know and returned on April 13th at approximately 8:00 a.m. and wanted to fight. Officer Smith administered a preliminary breath test of Broker and obtained a result of .15.

It was noted that Broker was named as one of the persons who attended a party on the night of April 12th and into the early morning of April 13, at which Christopher A. Etchison died. In a separate case, Investigator Emmons of the City of Barron Police Department obtained information that Broker was present at the party and at some point, was all bloody. Officer Smith reported when Broker was booked into the jail, jail staff advised he had a 1" cut on his head.

If convicted Broker may be fined not more than $11,000 or imprisoned for not more than one year, or both. His initial appearance was held May 8, 2019.

Scott C. Miller, 48, of Rice Lake, has been charged with identity theft-financial gain, and misdemeanor bail jumping. (Failure to comply with the terms of his bond by committing a new crime).

The criminal complaint states that on Thursday, April 4, 2019, Officer Koenig, with the Rice Lake Police Department spoke with the owners of B & R Motors in Rice Lake. The female subject advised she was going through the monthly business receipts for December, 2018 and February, 2019, when she noticed several unauthorized withdrawals and payments to various entities which neither they nor the business owe money to. Documents they provided showed payments were made to AT & T, WE Energies, Bill Matrix bill payee, and a personal loan belonging to Clint Miller, in the total amount of $3,573.26.

The female subject said she called Dairy State Bank, which has their account, and was informed that Bill Matrix is a bill payee business that manages paying bills for individuals by withdrawing from accounts and making payments. The money that was drawn from their bank account was used to pay accounts belonging to Scott C. Miller. Officer Koenig reported, as part of his investigation, he determined Miller has done work for the owners of B & R Motors in the past and was able to gain access to banking information needed to set up these withdrawals.

Sgt. Tomesh, with the City of Rice Lake Police Department made contact with one of the owners, who advised that he and Mary located another withdrawal from their bank account to AT& T in the amount of $515.00. This brought the total amount withdrawn to $4,088.26.

Officer Koenig interviewed Miller on April 6, 2019. He admitted to using the B & R Motor business account to make these payments, but said he had permission to do so. He said that, instead of paying him with a check, The owners sons, told him to use the routing number off of the business checks issued to him in the past to phone in payments on his personal accounts. He indicated this was a verbal agreement between himself and the sons.

On April 9th, Sgt. Tomesh spoke with the owners regarding Miller's claim that he had permission to make withdrawals from their bank account. The owners completed written statements, in which they indicated whenever Miller did any work for B & R Motors, they paid for the work done with a check. They further stated they had given no one permission or consent to use their business account or routing numbers from that account to make payment on any other accounts.

On April 12, 2019, Officer Koenig spoke with, and obtained a written statement from, Rick, who indicated that, whenever Miller was paid for work, it was by check and at no time did he give Miller permission to use the company's bank routing number to pay his personal bills. On April 13, Officer Koenig spoke with, and obtained a written statement from Dusty, who indicated the same, that, whenever Miller was paid for work, it was by check and at no time did he give Miller permission to use the company's bank routing number to pay his personal bills.

A check of the records on file at the Barron County Clerk of Court's office, reveal Miller signed a $500 signature bond in another case on September 19, 2019. Conditions of the bond include the condition that Miller shall not commit any crime. The bond condition remains in full force and effect.

If convicted Miller may be fined not more than $20,000 or imprisoned for not more than six years and nine months, or both. His preliminary hearing will be held May 20, 2019.

EYE FACTS from JACOBSON ADVANCED EYE CARE

It's Time To Pay Attention To Cataracts

Many of us may remember hearing about when our grandparents had cataracts. We never really knew what that meant -- and still didn't when our parents announced that they had cataracts and were having cataract surgery. It was a mystery to us then and probably still is today.

Now, like it or not, we all will probably have cataracts at some point in our mature lives. This is one of the many reasons we always stress the importance of yearly eye health examinations.

Cataracts are a painless clouding of the internal lens of the eye.

Symptoms to look for are blurry or double vision, sensitivity to light or glare. There are others that Dr. Jennifer will discuss with you. Persons of any age can have cataracts although they are more common in those 60 years and older.

Dr. Jennifer

Surgery to remove cataracts may be required if a related vision loss cannot be corrected with glasses or contact lenses. Surgery involves removing the cloudy natural lens and replacing it with an artificial lens. This is usually done on an outpatient basis and is very safe and effective.

This is the time now for YOU to have your eyes checked for cataracts.

Girls Soccer CO-OP Splits Pair of Contests

The Barron-Cumberland Girls' Soccer team returned to conference play last week, where they dropped a 4-0 decision to Somerset, before defeating Spooner/Shell Lake, 7-1. The Bears record stands at 4-4-0 on the season as they prepared for conference matches against Osceola on Tuesday and at Amery this Thursday beginning at 4:30 pm.

Barron/Cumberland was without their key defensive midfielder, Alyssa Peterson, when they played Somerset last Tuesday. Looking good at moments and with some quality play from reserves, the Bears only faced a 1-0 deficit as they headed into halftime. Unfortunately, the Spartan offense was clicking in the second half as they pulled away to a 4-0 victory,

Things were better on Friday as the Bears won 7-1, under the lights of Endeavor Stadium.

A tactical coaches change focused on defense and put Cumberland sophomore, Maya Brenna, at defensive midfield, along side fellow Cumberland player, Kaia Johnson. It was a spark that helped lead to the win.

Another Cumberland player, freshman Sydney Jain, started the scoring in the contest with an early goal from the left side of the box. Barron senior, Emily Linsmeyer, added a score to put the Bears ahead 2-0 heading into intermission.

Among the scores in the second half was a successful penalty kick by Brenna that made it 3-0. Later in the contest was a goal by another Cumberland freshman, Lexi Tschirhart, who scored her first of the year and Brenna, who scored her second of the half.

"We needed the practice time early in the week to work through some tactical changes and get some recovery due to injuries. The girls keep playing with heart and are improving their team defence. We will build on the win and keep getting better," said Head Coach Sarah Stauner.

Track Team Runs at Two Meets

The Cumberland Track Team ran in two meets last week, on Tuesday in the Bloomer Invitational and on Thursday in a Conference Quad in Ladysmith. The team is next readying for the HON Conference Meet, which will be held in Chetek on Tuesday, May 14, beginning at 3:30 pm.

Cumberland had some solid performances in the 13-team Bloomer Invite. "Despite the poor weather conditions our athletes had a number of personal bests and solid performances in battling some of the better teams from our area. Our girls placed 5th overall and the boys were 6th place in the Invitational," said Coach Ryan O'Connell.

Leading the way were first place finishes from Izzy West in the shot put, Mackenzie Johnson in the 200-meter dash, and Autumn Donatell in the 100-meter hurdles. Johnson added a second in the 100-meter dash as did the 4x200-meter relay team comprised of Emily Schmitz, Emma Stokes, Johnson, and Donatell.

The girls team also got third place finishes from the 4x100-meter relay team as well as the 4x400 meter-relay team. Those runners included Julieann Johnson, Amie West, Megan Muench, Izzy West, Caitlyn Yawn, Donatell, Schmitz, and Stokes.

The boys top finish was a third in the high jump by Matt Friess, as he jumped 5'3". Max Brenna added a fourth in the 800-meter run as did the 4x200-meter relay team comprised of Tanner Johnson, Vinny Broker, Blaine Peterson, and Dallas Bazewicz.

Medford won both the boys and girls competition.

Thursday, the Beavers participated in a Conference Quad, that also included Cameron, who ran as a fifth team. Cumberland would finish fourth in the boys competition and fifth in the girls portion of the event.

Taking firsts for Cumberland were Mackenzie Johnson in both the 100 and 200-meter dash, West in the shot put, and Friess in the boys high jump.

Johnson would run a 13:40 in the 100-meters, to edge out Spooners Malaika Burns, who ran a 13:46. In her specialty, the 200-meter dash, Johnson defeated Ladysmiths Kylee Becker by running a 27:01. Becker ran a 27:50.

West continued her strong throwing season by throwing the shot 38'4", to win the event by eight full feet. Friess, meanwhile, continues to improve in the high jump, by jumping 5'6".

A second place finish for the girls came from Megan Muech in the high jump, while Autumn Donatell was third in the 100-meter hurdles. For the boys, Michael Cecka was second in the shot put, while Tanner Johnson had a nice day, finishing third in both the 200 and 400-meter dash.

Golf Team Continues Busy Schedule

The Cumberland Golf Team had a busy week with two HON Meets and the annual Scott Miller Tournament in Hayward finishing up last Friday and Saturday.

Things began last Tuesday, when the Beavers traveled to Chetek, where they fell to Spooner, but defeated Chetek-Weyerhaeuser. The Rails shot an 182, to the Beavers 206 and the Bulldogs 223. For the Beavers, Ethan Sandman led the way with a 45, while Nick Walters shot a 50 and Noah Schradle a 53.

Thursday, the Beavers traveled to Bloomer, where they dropped a 172 to 193 decision to the Blackhawks. Johnny Blaskacek and Brad Sarauer both shot a 37 for Bloomer, while Sandman shot a 43 and Walters a 48. "Our kids are continuing to drop their scores as we are finally getting time on the course to work on our games," added Coach Tom Hullander.

To finish the week, the Beavers headed to Hayward for the Scott Miller two-day Tournament. Eau Claire Memorial ran away with the team trophy as they shot an excellent 619, with Rice Lake finishing a distant second with a 634. The Beavers shot a team score of 837.

Ethan Sandman led the Beavers with a two-day score of 193, while Noah Schradle came in second for the Beavers with a 204.

This week, the Beavers shoot at the home course, by holding an Invitational on Wednesday Morning and hosting Bloomer in a 3:10 match on Friday afternoon.

Softball Team Has 2 and 2 Week

The Cumberland Softball Team split four games last week, dropping a doubleheader at Northwestern, while defeating Barron in a double dip on Thursday. The team is back in action this week with three more twin bills, having played Hayward on Tuesday and then traveling to Ladysmith on Thursday and Chetek on Saturday for doubleheader dates. Thursdays games start at 4:00pm, while the Saturday contests start at 11:00 am.

Northwestern defeated the Beavers 11-1 and 5-3 last Tuesday.

The Tigers outhit the Beavers 11 to 4 in the opener in running away to the 11-1 six-inning victory. Ellie Reiper had two of the Cumberland safeties, while Lauren Green took the loss on the mound, despite striking out 10 Northwestern hitters.

The second game was a close contest, with the Tigers holding a 2-1 lead after six innings of play. Payton Nyhus was solid on the mound for Coaches Colin Green and Randy Bielmeier. Unfortunately, the Tigers would score three times in the top of the seventh to pull away to the second game victory.

Nyhus scattered eight Northwestern hits, while giving up only two earned runs in taking the loss. For Cumberland, Reiper continued her fine day at the plate with three Cumberland hits, while Emma Erickson and Lauren Green added two each. Green had a pair of doubles, while Reiper also doubled, while going five for seven in the doubleheader.

The girls rebounded with two easy wins over Barron on Thursday, scoring 10-0 and 13-1 victories.

Green took the pitching victory in game one, while Nyhus was equally impressive in taking the game two mound win. They combined to give up one earned run, while striking out 14 in the two games.

Erickson, Nyhus, and Green each had two hits in the shutout victory in game one, while Ruby Alarcon had a hit and scored two runs. Nyhus had three runs-batted-in during the contest.

In game two, Payton Nyhus big day at the plate included three more hits and a pair of triples, while Kristin Nyhus, Reiper, and Erickson added two hits each. Among Reipers two safeties was a home run as she drove in three runs in the victory.

Back Country Turkey Hunt

Hello friends,

When it comes to turkey hunting my favorite way to do it is to take a kid and help them to potentially harvest a bird. My second favorite method is to go camping and make an adventure out of the hunt.

This week I strapped on my backpack and went on a three-day turkey hunt and camping trip into some of the most remote country that you will find in west central Wisconsin with a goal of immersing myself in nature, testing myself and seeing how our friends in the wild handled another Wisconsin winter.

Sunday, April 28th
High 47, low 21

The theme of this week's adventure should be high water and how it affects both man and beast. So my plan was to strap on my Camp Trails external frame backpack and hike into the Meadow Valley Wildlife area and exist.

For foot apparel I would wear hip boots, I had multiple layers of clothes but no extras. I would use a small backpackers tent, a sleeping bag, bedroll, and perhaps the trip saver was that I also had some plastic tarp along to make sure that my tent did not allow any moisture inside as it was predicted to rain most of the trip.

For food, I have been getting away from cooking on many of my trips and I had Ritz crackers, tuna, cheese spread, nutrition drinks, and crab as well as Greek salad. All I need is a knife and a spoon, no stove, pans, fuel, cooking or dishes to wash.

The Meadow Valley Wildlife Area along with other public lands covers 200-square miles, and I am addicted to this place.

So I started out about talking about high water and here is what I observed today, for the next three days and have for the last couple of years. Dry marshes are flooded, low lands in forests that did not have water have water, and when traveling through the bush it seems more like you are in the flooded timber country of Arkansas than Wisconsin.

Today when I was driving here I came to where a section of gravel road was washed out and if I had not been observant I would have wrecked my truck. I also came to where a bridge that I have driven over hundreds of times over the last 48-years was completely washed out.

The bridge washout out was also created by beaver as since fur prices have dropped so much there is an over abundance of beaver and they are daming up every culvert and bridge that mankind will allow them to.

I hiked in one mile with my pack and a 12-gauge, hunted turkey til close to dark and then went back to camp and really looked forward to sleeping on the forest floor.

Monday, April 29th
High 45, low 34

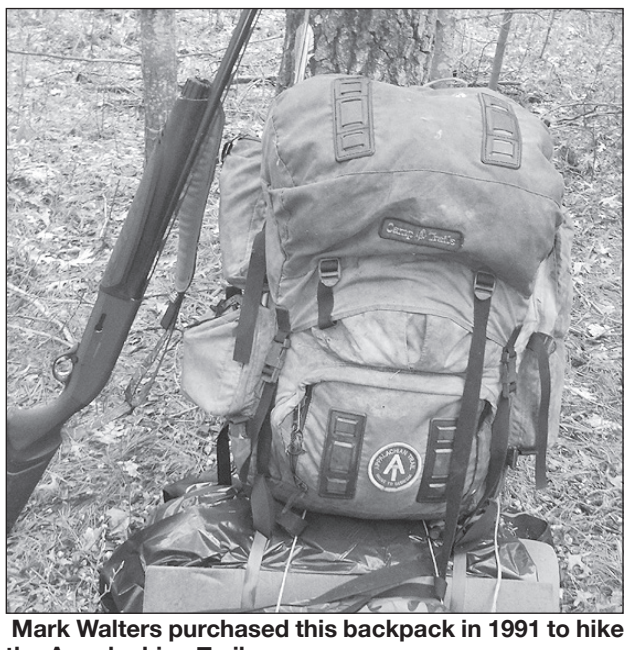
So I am camped a mile from the road. My plan is to get up at 5:00 a.m. and explore the forest for the entire day and return about dark. At exactly 4:59 it started raining and today I explored paradise while wearing rain gear and steadily feeling my body chill down.

I covered about two square miles and would hike 700-yards and set out my foldable "junk" jake and hen decoys. I saw more and more deer sign than I have seen in a remote forest in years. I also added new area to my bear hunting menu. I was about five miles from where I generally run baits and what I found today is that as long as I am willing to hike in with bait for a good 3/4's of a mile should be phenominal bear country.

Actually both nights in my tent that is no larger than a coffin I put my Berretta A400 right in the tent in case a black, furry creature decided it wanted to eat me.

The big story besides high water which is actually a rising of the water table and the cool bear country is that I never came close to seeing or hearing a turkey. I was dedicated with a capital D and I know why there were no birds in the particular area that I was working and I believe there is simply too much water.

Putting plastic over your tent really helps to keep the rain out.



Mark Walters purchased this backpack in 1991 to hike the Appalachian Trail.

On the last day I hunted my way out, hunted in a drier forest, and then I went home and hunted in a very cold rain. Besides all of my other observations what I really noticed was that the night I got home I was beyond tired. No pain, just stupid exhausted.

No cares here, my wilderness escape was just perfect! **Sunset**

Baseball Team Wins Three and Loses Two; Record 7 and 7

The Cumberland Baseball Team played four HON games last week, losing two to Spooner, but defeating Barron twice. The y then beat Prairie Farm 13-1. The Beavers record stands at 7 and 7.

On Tuesday, Cumberland traveled to Spooner, where they dropped a doubleheader to the Rails, losing 7-4 and 3-1.

Defense has been an issue for the Beavers this spring and it continued in the two defeats. Five Cumberland errors led to seven unearned runs in the 7-4 loss, as Reid Olson took the loss on the mound.

Cumberland actually outhit the Rails 10 to six in the contest, with Riley Bodsberg knocking out three safeties and Jack Martens, Travis Runberg, and Olson two each.

Hits were harder to get in the 3-1 defeat, as the Beavers could only manage three singles off the Rails top pitcher, Al Buchman. Again, Wyatt Tift pitched well enough to win, but two unearned tallies helped lead to the loss.

"We are close to being a good team, but need to shore things up on defense. Spooner has a nice team, but we could have won both contests by playingbetter in that part of our game," said Coach Joe Waite.

On Friday, the Beavers turned things around with a pair of 11-1 victories over the 1 and 7 Barron Bears.

In the opener, Jack Martens got the Beavers rolling in the first inning with a two-run triple. This was the start of a big offensive game and an easy victory.

Riley Bodsberg led the Beavers with three hits, while taking the victory on the mound with six strong innings. Martens and Reid Olson added two hits each, with Martens driving in three Cumberland runners.

The nightcap would only go six innings, as the Beavers again dominated the game offensively with 13 base-on-balls and eight hits in the victory. Travis Runberg had two of the safeties as Wyatt Tift and DaShaun Ames joined him with Cumberland doubles.

Wyatt Tift went the distance on the mound for Coach Waite, allowing only one hit, while striking out eight. "We had a nice day at the ballpark and I was happy with how the kids played," Waite added. Monday night the Beavers rolled past Prairie Farm 13-1 in a five inning contest. Coach Waite used a bunch of younger players in the contest gaining valuable experience.

Islander Park will be a busy place this week as the Beavers hosted Hayward on Tuesday and then have a visiting Baldwin-Woodville team visit for a 5:00 pm start this Thursday. This Saturday, the Beavers host Chetek-Weyerhaueser for a doubleheader starting at 11:00 am.

Barronett News
By Judy Pieper

Happy Mothers' Day! I hope you will be able to spend the day with your mom or your children, or both. And, I certainly hope the weather cooperates so that we can have picnics and bonfires and fun things like that.

My mom has been gone since 2002, and I still miss her. And, I finally understand what she was trying to tell us about Mothers' Day forever. She would tell us every year that she really didn't want us to buy her presents, and every year we would do exactly that. Now, every year I tell my kids not to get me anything, that it is enough that they come to visit all during the year. They don't need to pamper me on one certain day. Well, guess what-they have never listened to me about that yet. Hopefully, maybe, one of them will read this and tell the rest of them to save their money. Having a cookout and having them all here is more than enough.

Did you get to the Barronett Community Garage Sale? Duane and I were only able to spend a very short time there because we had to be in Elk River at noon, but we still found some things we just couldn't live without. Duane found one more book that he had to read, and I found a cookbook (I have about 100 of them already) and a cribbage board (which we already have too many of). It was fun though. We had a chance to visit with some people before we had to leave for Minnesota.

The reason we went to Elk River was to attend a dance recital called Legends of Music presented by the students of KMC Dance in Albertville. Duane's great-niece, Madison Straight, was one of the dancers and, of course, she looked lovely in her dance costume and she danced beautiful. Madison's grandma, Cheryl Pieper, had a big bouquet of flowers for her after the performance. Madison's mom, Mary Straight, and her aunt and cousin, Monica Price and Lexi Dahl, were also there enjoying the performance.

Miriah Lehmann made a wonderful breakfast on Friday for a bunch of family members in honor of Jeremy Olson's birthday. Guests were Anitia, Ryan and Suzy Lehmann, Lynn Thon, Duane and me. It was amazing the amount of food Miriah cooked. We all ate until we were stuffed and then she sent some of the leftovers home with us.

And, speaking of birthdays, Jamie Lombard, Kandice Thon, Jessi Stouffer and Hillary Kidd went all out to surprise Lynn Thon on her birthday this year. They had a surprise party for her at the Oak View AFH office on the day before her birthday. The only thing I was responsible for was keeping her away from the office until 2:00 p.m. That was not easy! Do you have any idea how many places a person has to "need to go to" in order to kill an entire day? We went to Rice Lake to pick out paint for Steve Shaw's old place, to Campia to visit the cemetery, back to Rice Lake to pick up parts for Ryan Lehmann's truck, over to the Lehmann farm, up to the house to show Suzy the color of the paint, and, FINALLY, it was 1:30 and I could make up an excuse to go to the office. Whew! When we got there, she realized that something was going on and was ready to strangle me for not telling her ahead of time. She was surprised, and if you know Lynn, you know that it is almost impossible to keep a secret from her. It was fun and I didn't have to do any of the work. Wonder how they will pull it off next year.

John Schmidt is all settled into his new home in Texas. He and brother-in-law, Bob Watry arrived in Donna on Friday. John said that they had a pretty good trip down-they missed the tornados, but ran into lots of rain. John's friend, Marty Glinski, came over to visit the day they arrived in Donna and helped John and Bob get the stuff out of the truck and trailer and into the house. Bob will be flying home soon, but in the meantime, he has been helping John get things straightened around and is working on a ramp into the house for him. John said that the people at the local furniture store know them by name already and that they have found a few nice cafes to hang out in. He said to tell everyone here hello, and that he will be back to visit one of these days. He also said that the temperature was in the 70s at night and 90s during the day. Trust me, we are better off up here. Temperatures of 70s during the day and 50s at night are perfect.

I am so looking forward to the Friends of Wiesner Chapel Plant Sale this year. I hope they have lots and lots of lilacs. The plant sale is at John and Sandy Peichel's home this year because the chapel is still up on blocks waiting for a new foundation. The sale runs from May 16th through the 18th. The craft sale is on the 18th. John and Sandy live on the Rabbit Trail, aka 8th Street, and there will be signs posted to show you the way. See you there.

Lynn Thon hosted a bonfire for the little ones on Saturday evening at the tree house. Her guests were Kaitlynn and Jessica Holmen, Tru Lehmann and Wrigley Marsh. The kids had a great time playing together, and Wrigley got up a work party and had everyone helping him pick up dry sticks to keep the fire going. Suzy Lehmann, Duane and I came up later and had s'mores with them. It was a perfect evening for the kids to be playing outside.

I guess I had better run. I hope you have a wonderful Mother's Day. See you next time.

Senior Dining

THURS. MAY 9
Salisbury steak, mashed potatoes with gravy, peas and pearl onions, spinach asiago bread, pears with cranberry.

FRI., MAY 10
Egg, spinach, sausage and hashbrown bake, stewed tomatoes, blueberry muffin, fruit juice.

"All meals include milk, coffee and butter. Persons who dine at the Senior Center and those who receive Meals on Wheels are reminded they can use their QUEST Card (Food Share) for their meal donation. For more information call Joanne at 715-537-6225."

Senior News
By Gloria Lindeman

A HUGE thank you to all who participated in our flea market/garage sale. It turned out very nice. We had lots of tables rented and people donated generously to our Garage Sale and we had lots of delicious treats brought in. Thanks to all who put in many hours of their time helping to set up and get ready for the sale and to the ones who worked that day. It is very much appreciated. It is a nice social time to visit, so if you missed it this year, plan on attending next year. This is an annual event.

Now, to everyone who comes to our center, the kitchen will be closed completely. The meals are being served at St. Paul's Lutheran Church until further notice. Our kitchen is being completely remodeled. If you want to eat, call the day before and let Lisa know. The number is 715/651-8470. If you would like to be a volunteer they are always looking for help. If interested call Lisa. The center is open if you want to play cards, etc., but remember the kitchen is blocked off and if you use the center, please pick up after yourselves and be sure the doors are locked when you leave. If you have any questions call Dave Husby at 715-671-0112.

We are very much appreciative to St. Paul's Church for letting us use their kitchen for our meals. It is not very far from the center, so it is very convenient for everyone.

Notice: We have a great opportunity to sell brats at Louie's stand on Friday, May 10 and Saturday, May 11. The hours are Friday from 9:30 a.m. till 7:00 p.m. and Saturday, 9:30 a.m. until 5:00 p.m. This is a good chance to earn some money for our center. We are looking for people to bring in treats, as we can sell them also. We really need volunteers to help us, as this is long hours and two days. Please call Dave Husby at 715-671-0112 if you are able to help. Even if you can help just a little while it would be appreciated.

Remember to call Dave, or any board member, if you have questions about the center. We will keep everyone posted on what is going on.

There will be no Art Class and no Bingo this month. So we will write more next week to be continued--and don't forget to pick up a brat from Louie's when we are there.

Phone and Internet Discounts Available to CenturyLink Customers

The Public Service Commission of Wisconsin designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are $20.40-$23.57 per month and business services are $28.00-$40.00 per month. Specific rates will be provided upon request.

CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or qualifying broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or qualifying broadband service per household, which can be on either wireline or wireless service. Broadband speeds must be 18 Mbps download and 2 Mbps upload or faster to qualify.

A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain a Lifeline discount can be punished by fine or imprisonment and can be barred from the program.

If you live in a CenturyLink service area, please call 1-855-954-6546 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

OBITUARIES

Nancy Catlin

Nancy Lee Alice Catlin, 85, of Turtle Lake died Wednesday, May 1, 2019 at her home. She was born July 18, 1933 in St. Paul, MN to Ralph Royal and Cecilie Catherine (Lee) Kolstad. She was married in Christ Lutheran Church, Pipe Lake on August 11, 1951 to Emmett Alfonso Catlin who preceded her in death on August 23, 2007.

Nancy was a collector of many things; included in her collection were numerous amounts of books, pens, clothing, and costume jewelry. She loved to read, create beautiful pottery pieces, paint and admire flowers. Nancy had a wonderful sense of humor with the gift of gab, which will be deeply missed by her friends and family, especially her daughters.

She served as a proud life member of the VFW in Almena. She had a love for learning and did not let time stop her from going back to school. Nancy earned her Associates Degree at UW Barron County in Rice Lake and her Bachelors of Arts at UW Eau Claire.

Nancy is survived by three daughters: Karen (Randy) Bording, Kathryn England, Susan ("Stub" Theodore) Catlin Swenson; 12 grandchildren: Mike, Constance, Shawn, Tracy, Christopher, Heather, Jonathan, Rachel, Jason, Sara, Shanna, and Jeremy; many great-grandchildren; two great-great- grandchildren; siblings: Joann (the late Harold) Catlin, Ralph (Mary Jean) Kolstad, Jerry (Vicki) Kolstad, Jeff (Libby) Kolstad, Wayne (Judy) Kolstad, John (Sue) Kolstad, and Patrick (Mary) Kolstad; numerous nieces, nephews, and other family and friends; and her constant companion: Tigger.

Nancy was preceded in death by her husband, Emmett Catlin; children: Richard Catlin, Ruth Hartley and John Catlin; parents, Ralph and Cecilie Kolstad.

Funeral services were held on Tuesday, May 7, 2019 at Christ Lutheran Church, Pipe Lake with Pastor Steve Miller officiating. Burial was in Christ Lutheran Cemetery, Comstock.

Skinner Funeral Home of Turtle Lake is serving the family.

Lynn Ridgeway

Lynn Ridgeway (Nelson), 67 of Barronett, was taken ill unexpectedly at her home on April 24 and taken to Sacred Heart Hospital in Eau Claire, where she passed away peacefully with her family around her on April 25, 2019.

She was born May 29, 1951 in Onslow County, North Carolina to Forrest and Elaine (Deater) Nelson. She is survived by her husband, Paul Ridgeway, her childhood sweetheart; her son Rembrandt Balabuszko; three step-children, Dori Ridgeway, Alice Ridgeway and Jacob Ridgeway; two sisters: Carol Nelson and Sondra Mahraj; niece Sewdaye Mahraj and nine grandchildren; and two great grandsons.

She loved flowers, music, crocheting and talking to people all around the world that would stop at the Comstock Cheese Store where she worked for over 15 years. She shared her love of living with so many. She was, and still is, a free spirit released from her earthly bonds.

No memorial is planned at this time.

Obituaries cont'd on page 10

The Pure Joy And Delight On Our Son's Face Was Priceless

By Elisabeth Fraser Au-Yeung

Today we had a hero join us for our son's 5th birthday.

Our son Henry has neurological and speech disorders.

He hasn't had the chance to meet many friends yet because he's in intensive speech, OT, swim and riding lessons/therapy most of the week.

He just started preschool this year and is making good progress.

Anyway, we worried that today on his birthday very few people would show up and his heart would be broken.

By way of background, Henry's week and his greatest joy revolves around garbage truck day, which is Wednesday, and seeing his "best friend" Richard driving by and saying hello.

Well—today, on his birthday, our "friend" took time away from his family to come drive his "truck" to our house to surprise Henry.

The pure joy on our son's face is something that we will always carry with us.

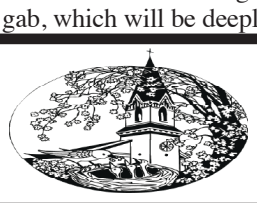
Henry got to "work" the controls on the truck and even "help" to drive it around the neighborhood.

I had such emotion today and even tears as Henry delighted in seeing "his" truck today.

I know y'all would "get" the joy and how deeply touched I was by this act of compassion.

Have a great day and I hope you can "pay it forward" with showing random acts of kindness to others.

Church Directory



"Psalm 30"

By: Pastor Mark Bents
Augustana Lutheran Church

Have you ever noticed that some churches have a special 'feel' about them? They seem more sacred than many other similar buildings. It is almost as if the prayers and faithfulness of their past members still lingers in the atmosphere. I have fond memories of a little weatherboard church in Iowa that would maybe hold up to 20 people. Those members must have been very special. That little place of worship vibrated with their past and present experiences of being in God's presence.

The psalmist of Psalm 30, obviously had a very special relationship with God. Even though the concept then in those pre-Temple days was that God lived exclusively in, or near, the traveling Tent or "Tabernacle" the Hebrew word literally meant *God's dwelling place*." Those times when the people of Israel could only worship God near the Tabernacle were when their relationship with God faltered. They started worshipping an idol instead of God! The psalmist made the shattering discovery that we could not experience, or even 'feel,' God's presence in, or near, the Tabernacle. "*...You turned away from me, and I was shattered...Hear me, LORD, and have mercy on me. Help me, O LORD.*'"

How does one rediscover the 'feeling' of God's holy presence in a building, or a place where God's presence is regularly very 'real' to you? The psalmist discovered, with great joy, that God's presence was vibrantly real again when he worshipped God in the Tabernacle. What do you do when you have lost the joy and peace of God's often disturbing presence when you enter your special sacred space? Is there something that you do or say to try to put things right between you and God? Do you simply pray and wait on Gods' forgiveness? We only know that the psalmist sang. "*....You have turned my mourning into joyful dancing. You have taken away my clothes of mourning and clothed me with joy, that I might sing praises to you and not be silent. O LORD my God, I will give you thanks forever!*"

May this be your joyous discovery!

OBITUARIES...

Bonnie M. Kathrine

Bonnie May Kathrine, 87, of Cumberland died April 19, 2019, at her home. She was born December 3, 1931 in Maple Grove, WI. to Genard and Mina (Bird) Olson. She was married in Pine City, MN., on January 28, 1955 to Alex Sander Kathrine who preceded her in death on November 23, 1998.

She is survived by her son, Mike Kathrine of Cumberland; her grandchildren Angela Buckner of Cambridge, MN., Katarina Kathrine of Rice Lake, her great-grandchildren: Cloe Alsen and Alexsander Buckner of Cambridge, MN.; her siblings: Bernice Kahl of Janesville, Roger Olson of Dority Creek, along with nieces, nephews and many other family and friends.

She was preceded in death by her parents, Genard and Mina, and siblings Manard, Kenny, Betty, Jerry and Russel. Bonnie was loved by many and will be greatly missed.

Bonnie attended school to possibly 6th grade, where she would walk to and from school. She never went to school in the winter because she didn't have any shoes to walk in the snow. She used to tell us about getting in trouble for talking. Bonnie would tell her, "No I'm not," and when she was told to stay after, when school was done she would just leave (chuckling). The next day the teacher would remind her about staying after that day and she would again just get up and leave. She always laughed when she would talk about skipping school with Russ. How they would play in the woods all day till it was time to go home because school was letting out. She was always some kind of rebel!

When Bonnie was growing up, they didn't have a lot. She had to share a bed with multiple siblings. To pass time she liked to play checkers. She liked to do puzzles also, even though they only had a couple of them. She would put it together and tear it up to do it again later. She and her siblings had to share everything. From games, all the way to hand-me-down clothing. They all made the best of what they had.

Bonnie had seven other siblings. There were five boys: Manard, Kenny, Roger, Russell and Jerry, and two sisters: Bernice and Betty. Surviving her today are Roger and Bernice. Even through adulthood they still got together and enjoyed every minute. When Bonnie would spend nights at Robert's house with Bernice, Roger would still be the baby brother, still playing tricks on them. It probably kept Bonnie on her toes! Those are memories to remember.

When Bonnie got older she still enjoyed checkers and puzzles. She also added crosswords and scratch off lottery tickets. Let's not get started on the casino! We all know how she loved going, always hoping to win. When she did win she would get all excited. It was like watching her turn into a little school girl with her smile and the twinkle in her eyes. She always wrote down how much she won and when.

Bonnie worked at Jeromes for ten years. The only time she ever got a reward was there. She even put it in a frame. Alex didn't like the fact of her working. He offered her many times to stay home and he would pay her to do it. She enjoyed being around other people, so she kept working. He was just lonely and wanted her home. Could you blame him! She was a contagious kind of person.

Our family is like no other. We did things that others would never think of doing. For example, Bonnie was in the outhouse and Alex shot through it. Good thing she was sitting! That is something a few of us will Never forget. Not many people joke around that way. Another memory is when she would take the little black truck down to her mom. Everyone knew that it was Bonnie coming! She would be on that horn honking away, coming down the road. By the time she got there her mom would be outside waiting for her.

Bonnie was one of the most amazing women anyone could have ever met. She accepted everyone. She always had open arms. She would talk your ears off along with making sure you had something to eat! When she would offer you coffee she had to warm it up on the stove before she would give it to you so it was nice and warm. Never heard anyone ever complain about it or her food, so she had to know what she was doing.

She had a very strong personality, along with being stubborn. She was caring and loving, but don't get me wrong, she would put you in your spot too. She never had any shame. She worked very hard, which showed her dedication. And taught us that there is nothing ever free in life. And you can't forget to make sure you buy things if it was on sale! That's where her becoming a massive pack rat started. If you ever needed to use something you knew she had it somewhere in her house. It kept her feeling like she was happy to be able to help out. That one day good things will come back to you. She was always giving, always telling you..I love you.

When Bonnie moved to Cumberland, she loved riding her little scooter around town. She would take people things like plants and other little things. She enjoyed going to the store with Mike and Cricket, or just a daily stroll with them on nice days. Even just to stop in places just to say Hi! That scooter was her very own little car!

If Bonnie was here today she would tell us that we only live one time, so make the best of what you have. To remember the good times and to keep your memories alive, because some times that's all you have. And as she always said, as she would still say today, I'm fine.

May you now rest in peace Bonnie/Grandma. For you now will live through us.

She will be greatly missed.

NOTICE OF BOARD OF REVIEW
FOR THE TOWN OF LAKELAND

NOTICE IS HEREBY GIVEN that the Board of Review for the Town of Lakeland shall meet on **Thursday, May 23, 2019, from 12:00 p.m. to 2:00 p.m., at the Town Hall located at 791 29-11/16th Avenue, Barronett, Wisconsin.**

Please be advised of the following requirements to appear before the Board of Review and procedural requirements if appearing before the Board:

• No person shall be allowed to appear before the Board of Review, to testify to the Board by telephone or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the Assessor to view such property.

• After the first meeting of the Board of Review and before the Board's final adjournment, no person who is scheduled to appear before the Board of Review may contact, or provide information to, a member of the Board about the person's objection except at a session of the Board.

48-hour Notice of an Intent to File a Written Objection Required:

• No person may appear before the Board of Review, testify to the Board by telephone or contest the amount of any assessment unless at least 48 hours before the first meeting of the Board or at least 48 hours before the objection is heard, if the objection is allowed, because the person has been granted waiver of the "48-hour notice of an intent to file a written objection" by appearing before the Board during the first two hours of the meeting and showing good cause for failure to meet the 48-hour notice requirement and files a written objection, that person provided to the Clerk of the Board of Review notice as to whether the person will ask for removal of any Board members and, if so, which member will be removed and the persons reasonable estimate of the length of time that the hearing will take place.

• When appearing before the Board, the person shall specify, in writing, the person's estimate of the value of the land and of the improvements that are the subject of the person's objection and specify the information that the persons used to arrive at that estimate.

• No person may appear before the Board of Review, testify to the Board by telephone or object to a valuation; if that valuation was made by the Assessor or the Objector using the income method; unless the person supplies to the Assessor all of the information about income and expenses, as specified in the manual under Section 73.03 (2a) of Wis. Statutes, that the Assessor requests. The municipality or county shall provide by ordinance for the confidentiality of information about income and expenses that is provided to the Assessor under this paragraph and shall provide exemptions for persons using the information in the discharge of duties imposed by law or of the duties of their office or by order of a court. The information that is provided under this paragraph, unless a court determines that it is inaccurate, is not subject to the right of inspection and copying under Section 19.35(1) of Wis. Statutes.

• The Board shall hear upon oath by telephone, all ill or disabled persons who present to the Board a letter from a physician, surgeon, or osteopath that confirms his/her illness or disability.

• The Board may accept sworn information over the telephone or a sworn written statement. The Property owner must first submit a Request to Testify by Telephone or Submit a Sworn Written Statement Form to the Board of Review Clerk.

Third Annual DKG Power of the Purse on May 16, 2019

Support our projects while having a FUN NIGHT OUT!

Delta Kappa Gamma is an organization of women educators whose goal is to impact education locally and internationally. DKG-PSI Chapter-Northwest WI has been active in Barron, Polk and Burnett Counties since 1961 and we are celebrating our 58 years of impacting education. For the 2018-19 school year, PSI-Northwest WI received a grant from DKG Sigma State to fund a STEAM (Science, Technology, Engineering, the Arts and Mathematics) Project at Island City Academy, the Cumberland School District the charter school.

The DKG Power of the Purse is Thursday, May 16, at Das Lach Haus in Cumberland. The social hour begins at 5 p.m. with the Silent Auction for Purses and a buffet dinner to follow. In addition to the Silent Auction we will again have our Silver Tray Jewelry Give Away and a 50/50 Drawing. Tickets purchased for the 50/50 Drawing also include a chance to win a fantastic luggage package or a "Family Night In" package with a beautiful quilt donated from the Island City Piecemakers. The tickets are $20.00 to cover the cost of the dinner and a few other expenses of the fundraiser. We ask that the tickets be purchased before Friday, May 3. Bring a friend!!!

Locally we are helping to purchase books for "Reach Out and Read" which is an early literacy reading program in partnership with Cumberland Health Care and the Thomas St. Angelo Library. When parents bring their children, birth to age 5, into the Cumberland or Turtle Lake clinics for wellness visits they are given an age appropriate book.

Our new project this year is supporting the "Baby and Me Story Hour" at the Thomas St. Angelo Public Library which is an early literacy program for children and caregivers birth to age 3. It focuses on developing large and fine motor skills, enhancing speech and language skills, providing experiences for growth in social skills and building vocabulary through finger plays, sign language, songs and stories.

In addition, we are continuing with our long standing tradition of sponsoring the Mary Jo Nettesheim Memorial Literary & Illustrator Contest for students in grades 3 through 12 throughout schools in Northwest Wisconsin. Last year the three students from Cumberland who entered the contest received state honors.

Internationally, this is our third year of funding the college education for a teacher in Sierra Leone through the local Africa Uplifted Foundation (Julie and Lance Burma). Africa Uplifted has built a school in a remote village in Sierra Leone and a member of the village is going to college in a nearby city to become a teacher. The teacher education program is three years and costs $1500 a year. We are very excited about this project as it links our organization to the promotion of education worldwide!

Please join us in promoting education locally and internationally. Contact any of the following DKG members to purchase your ticket: Wendy Hoffmann 715-822-3038, Elvira Schmidt 715-653-2684, Barb Millerman 715-743-2390, Deb Andries 320-212-7470, Jeanette Rydberg 218-831-3198, Connie Bussewitz 715-822-8795, Lori Petzel 507-202-8952 or Bobbi Momchilovich 715-419-0227. If you are unable to attend the fundraiser but would like to support our projects you may send your donation to Cindy Rockow, DKG-PSI Chapter Treasurer, 1651 8-3/4 St., Almena, WI 54805. Checks should be made to Delta Kappa Gamma-PSI Chapter. We are always accepting donations of purses (new or can't tell it's been used!) for this year's fundraiser or fundraisers in the future. Thank you!

If you are interested in becoming a member of DKG or would like more information about our organization, please contact Jeanette Rydberg, President at 218-831-3198 or je.rydberg@gmail.com.

DKG-Impacting Education Locally and Internationally

CUMBERLAND POLICE DEPARTMENT CALL LOG

Monday, April 29

Officer received a call from a subject who advised a semi pulled out in front of a line of cars on Highway 48. She advised the truck then had to slam on the brakes to avoid hitting a school bus that had stopped in the road by the cemetery near Cumberland. The bus then took off at a high rate of speed. She advised of the license plate on the trailer and described the semi to the Officer. The Officer was out of position and unable to catch up to the semi.

Wednesday, May 1

Officer was advised by a neighbor of subjects who are fighting outside-they then went back inside. Officer was out with the male subject who had left the residence and was having trouble breathing. An ambulance was called. A female subject was arrested for obstructing an Officer.

Officer responded for a female subject who had taken high blood pressure medicine, but was unsure of how many were taken. Officer paged ambulance and first responders. Subject was transported to the hospital. Officer was advised that the subject will be staying overnight in the hospital for observation.

Thursday, May 2

Officer received a dog howling complaint. Dog was taken to Happy Tails.

Female subject pulled out in front of a farm vehicle. Officer advised dispatch to contact a flatbed for a tow of vehicle.

Subject came to the Police Department and stated " I did It." She said she had issues at her job and quit. She just wanted the information logged.

Verbal warning given for a subject who was speeding.

Vehicle stopped for expired registration. Driver was given until May 6th to fix the problem.

Verbal warning given for a subject with the trailer lights out and expired registration.

Friday, May 3

Female subject called and requested an Officer meet her, she is en route to meet her child's father and she believes there may be a problem. She refused to give him the youngest child.

Officer received a call regarding a stray dog at a residence. Officer will be attempting to locate the owner.

Warning given for a subject who was speeding.

Saturday, May 4

Subject advised they had a blue Huffy metallic bicycle stolen. He later called back and advised he was able to get the bike back and no longer needed police assistance.

A business called and reported a hit and run that had just occurred. Officer was advised the vehicle had just left and was heading westbound on Jeffrey Blvd. Subject advised no one was injured. Officer made contact with the driver's wife, who advised she will have her husband call when he gets home.

Northwoods Notebook: It was a mellow week in Cumberland, except for the robin

By Larry Werner

You're probably tired of reading in this space that life here is much more serene than my former life in the Twin Cities and other cities in which I've lived. The serenity of this small town in the north woods is especially intense in the spring, when nature does its rebirth thing.

The grass and trees are greening, and the birds chirp wildly as I read the morning newspaper on my sun porch. The loons have returned and cry out from the lake below my home. That red-wing blackbird is back on the tree on the north shore of Library Lake that I pass on my walk into town.

Kristina Knutson Young is out walking her old dog on the sidewalk just beyond the Grove Street bridge. She didn't go to Arizona this winter as she normally does and says it was a good choice to stay here, in the house in which she was raised, and enjoy the beauty of snow-covered trees and the iced-over Beaver Dam Lake.

She loved this place but, like so many young people, left after high school to do a career in the Cities. Now, like so many, she's returned to her hometown on an island, and she loves Cumberland.

During last week, we encountered others who love it here. At the annual meeting of the Cumberland Area Chamber of Commerce, there was much talk of the good things happening. Mayor Bert Skinner reported on the state of our city, mentioning the new hospital that will soon be under construction, grants being sought for infrastructure improvements and affordable housing. Chamber President John Hile thanked Don Johnson Motors for the beautiful new building.

And Graham Rupple lovingly presented the Citizen of the Year award to his father, Mark, and his Uncle Ron.

The chamber meeting was held at the American Legion Hall, where so many celebrations have been held over the years. Skinner talked about helping to clean the place when he was a kid and his father the post commander.

The good feelings continued on Thursday evening when I picked up trash with five fellow Kiwanis members along Highway 63 from Ace Hardware to the road that goes to the Five O'Clock Club. I walked the west side of the highway with Tom Schroeder, who identified the roadkill along the road and what animals might have fed on it.

Too much meat was left on the buck we found for it to have been fed on by a wolf, he said. Probably an Eagle. And what was that pile of fur? I wondered. Tom could tell it was a raccoon.

"See the tail?" he said, kicking at the remains with his boot.

We didn't have to pick up the dead animals, just bottles, cans, paper, plastic, cardboard and other trash tossed from cars by thoughtless people. Across the highway, Ron Helstern hollered that his path was littered with one particular brand of beer bottle — Michelob Golden Light.

At the halfway point, we met up with the other trash pickers, and Kiwanis President Barry Rose snapped a photo before we dispersed with the warm feeling you get from having done something good.

On Friday morning as I walked into my reading room, I saw a doe and her two fawns sauntering along the lake.

I sat down with my coffee and began to read when it started: the thump of a robin flying against my dining room window over and over, leaving beak marks on the glass and whitewashing the picnic table on my deck. Apparently, male robins think their reflection is a rival who has invaded his territory in mating season. But, despite what had to be several hundred collisions with the glass over last week, that stupid bird never figured out the robin he saw was himself.

I understand the term bird-brained like I never did before.

It was a quiet week in Cumberland, a gentle week with good people doing good and the critters of spring singing their songs and moving about. Ann and I discussed how much we like this place and its people.

But we had to admit that the sound of a bird crashing against the window distracted somewhat from the tranquility of life in our adopted home.

May is National Tavern Month

The Tavern League of Wisconsin (TLW), and its 5000 members, is proud to recognize May as National Tavern Month. The special Tavern Month designation has been an annual tradition since 1953, and provides an opportunity to create awareness about the history, charitable giving, and economic impact of the TLW and its members across the state.

"Local taverns, bars, and restaurants have a long history in Wisconsin as a gathering place for celebrating or commiserating while spending time with friends," TLW Executive Director Pete Madland says. "We are also highlighting Tavern Month as a time to share the significant contributions the TLW and its members made last year throughout Wisconsin."

The impact by the TLW foundation and its members is tremendous when it comes to helping charities across the state. The total amount of donations in 2018 was more than $13.6 million in support of 12,668 charities throughout every county of Wisconsin.

Other numbers focus on the more than 161,000 jobs generated by the alcohol industry in Wisconsin, and indicate an important, positive impact on the economy with close to $3.2 billion in total wages paid during 2018, along with taxes totaling more than $2.6 billion paid last year. .

Every member of the TLW, lives and works in their community. And they believe in supporting efforts to make their community an even better place to live and work. This May, join the TLW in a salute to its members, and if you choose to raise a glass to Tavern Month, be sure to choose a TLW member establishment.

Support your friends and neighbors!
SHOP CUMBERLAND!

CALL LOG...

Officers were advised of a van all over the highway on Highway 63 heading northbound. Turtle Lake Police Department, as well as Cumberland Officer were advised. Cumberland Officer advised that he would be stopping the vehicle near Das Lach Haus. Officer advised the driver had not been drinking-he was just tired. Driver said he would be pulling over and taking a nap.

Business advised that they have a shoplifter and have her detained at their business. Officer arrived and subject was arrested for retail theft.

Sunday, May 5

Officer received a report of cattle out on County Highway H at 3 1/2 Street. Officer advised he will contact the owner. Officer was advised that a couple of subjects were out on four-wheelers rounding the cattle up.
