

Tragic UTV accident claims life of Cumberland teen; Injures three others

On Thursday, August 27, 2020, at 12:54 p.m., the Barron County Sheriff's Department received a 911 call of a UTV crash on 11 1/4 Street south of County Road B, east of the City of Cumberland with multiple injuries.

Deputies from the Barron County Sheriff's Department along with the Wisconsin State Patrol, Wisconsin Department of Natural Resources, Cumberland Fire Department, Cumberland Ambulance, LMC Ambulance, Mayo Ambulance, and 2 Life Link Helicopters all responded to the scene.

Initial investigation shows four kids between the ages of 11-14 were riding in a UTV in 11 1/4 Street when the driver lost control causing the UTV to overturn. All four occupants were ejected from the UTV.

1. 13 year old female from Cumberland was deceased at the scene

2. 12 year old male from Superior was flown to Regions Hospital in critical condition

3. 14 year old male from Rice Lake was flown to Regions Hospital where he was treated for a head injury and was released from the hospital late yesterday evening.

4. 11 year old male from Rice Lake was transported

to the Marshfield Medical Center in Rice Lake where he was treated and released.

This accident remains under investigation by the Barron County Sheriff's Department, the Wisconsin Department of Natural Resources, and the Wisconsin State Patrol. Through initial investigation it was discovered that no helmets or seatbelts were being used at the time of the accident.

Chris Fitzgerald, Barron County Sheriff stated: "Our thoughts and prayers go out to all the families involved, and a huge thank you to all of EMS/Fire/First Responders and Law Enforcement Responders for their response."

Dr. Barry Rose, Cumberland School Superintendent stated: "It is with a heavy heart that I share some tragic news with you. One of our 8th grade Cumberland Middle School students, Emma Anderson passed away. Our thoughts and prayers are with her family, friends, and classmates." Cumberland Middle School Principal Colin Green said "Emma Anderson was a very kind and pleasant young girl. She was a wonderful student, very involved in activities, and a social butterfly. Emma will be missed by her classmates, teachers, and community."

A Life Link helicopter lands at Grant Park on Silver Lake to airlift a patient to Regions Hospital in Minnesota following the terrible UTV accident on Thursday August 27th. Our thoughts and prayers are with the families and friends during this most difficult time.

Local Health Officer meeting cancelled and Ordinance withdrawn from consideration

On Sunday, August 30th at 1:42 p.m., County Board Chair Louie Okey issued the following statement: "... due to the overwhelming number of people who have requested to appear and/or to speak at the August 31st, Health and Human Services

Board meeting, regarding the proposed Local Health Officer Ordinance, scheduled for the Barron County Government Center, and the accompanying concerns as to accessibility and, the health and safety of participants, and in keeping with

the Attorney General's recommendations for allowing public access to governmental meetings, the August 31st, 9:30 a.m. meeting of the Barron County Health and Human Services Board is cancelled."

The same notice went on

to say that "The Health and Human Services Director and the Public Health Officer have withdrawn the request to proceed with a Local Health Officer Ordinance."

Traffic stop leads to drug bust; Two suspects arrested

Two people have been arrested after the Washburn County Sheriff's Office, Spooner Police Department and the Wisconsin DOJ Division of Criminal Investigations, Methamphetamine Investigation leads to traffic stop and over 1 pound of Methamphetamine and large sum of cash, according to a press release from the Washburn County Sheriff's Office.

On August 24th, the Washburn County Sheriff's Office and the Department of Justice, Division of Criminal Investigation were continuing a methamphetamine investigation in the Township of Evergreen, Washburn County.

The investigation led to a traffic stop of a Lexus SUV with MN plates. Located in the vehicle were two individuals from Hinckley, MN who had traveled to the Washburn County area. The two suspects are Richard James Reynolds, and Robin Irons of Hinckley, MN.

Washburn County K9, Onyx, was utilized to do a sniff of the vehicle and positively alerted to the odor of

illegal narcotics inside the vehicle.

A subsequent search of the vehicle was conducted and over a pound of Methamphetamine was located inside the vehicle. That amount of Methamphetamine has a street value of over \$35,000. Also located in the vehicle was a large sum of cash, marijuana, stun guns and drug paraphernalia.

Both suspects were taken to the Washburn County Jail and booked on charges of Felony Possessions with Intent to Distribute Methamphetamine over 50 grams, Possession of Drug Paraphernalia, and Felony Possession of THC.

Both suspects are being held on \$50,000 cash bond.

Methamphetamine use continues to plague Washburn County. However, the Washburn County Sheriff's Office believes this drug seizure obviously keeps a large amount of this poison off the streets of Washburn County, and out of the hands of people struggling with their addiction.

On Saturday, August 29th 2020, at 1856 hours, the Polk County Sheriff's Office Dispatch Center received a call of a possible drowning that occurred in Bone Lake, east of Luck, Wisconsin.

Upon arrival of Sheriff Department personnel, the victim was receiving care from the First Respond-

ers on scene. The Deputy learned that the victim, 57 year old David Saleh of Amery, was swimming with family members off Eagle Island. At that time, Saleh dove into approximately two feet of water and appears may have struck the lake bottom, as he did not regain consciousness. Family members who witnessed

the accident, were able to load him onto another pontoon and bring him to shore while providing care.

Saleh was brought immediately by ambulance to the Amery Regional Medical Center for advanced medical care, however, his injuries, along with the submersion, were too great and he died.

The Sheriff's Office was assisted with this indent by the Luck Fire Department and First Responders, the Northland Area Ambulance Service, the Amery Municipal Ambulance Service and the Polk County Medical Examiner's Office.

This matter is under investigation with the Polk County Sheriff's Office.

ETC PRESENTS

Island City Music – Online
Because of the recent increase in positive tests locally for COVID-19, ETC suspended its Tuesday concerts on Library Lake. But thanks to the magic of modern technology, we're presenting concerts on ETC's Facebook page that you can watch at home

Jazz Alley
Sponsored by
Cumberland TSAP Library Foundation
Tuesday, Sept. 8th at 6 p.m.

The concert will be broadcast live from Augustana Lutheran Church. For safety reasons, the performances are closed to the public.

Information regarding ETC events can be seen at www.cumberlandetc.com or you can "like" ETC on Facebook or watch the Advocate

Jazz Alley playing Sept. 8

Cumberland's bassoon-led jazz group will be playing its unique music at 6 p.m. Tuesday, Sept. 8, in a concert that will be broadcast from Augustana Lutheran Church on the Facebook page of Enrichment Through Culture (ETC).

The concert, part of the Island City Music series, is sponsored by the Thomas St. Angelo Public Library Foundation. The summer music series had been held on Library Lake in downtown Cumberland. But because of the large number of positive tests for COVID-19, the in-person events were cancelled, and ETC decided to do virtual concerts, using Facebook Live technology.

Nancy Keeler, who plays the bassoon, leads the group. Her bassoon gives Jazz Alley a different sound from a conventional jazz combo. Stan Nosbush on base provides vocals. The group plays regularly at the Rice Lake Elks Club.

For safety reasons, members of the public are not allowed to attend the performances at Augustana. But you can view the concert live by going to the ETC Facebook page and clicking on the event post.

The concert can be seen and heard on any internet-connected computer, smartphone, tablet or smart TV.

Northwoods Notebook: A lovely, but strange, summer in The Island City By Larry Werner

We got back from Florida in March after leaving our winter escape early because a pandemic was on, and we wondered how this virus would affect our summer in this city on a lake.

We knew the requirement to keep distance from others meant we couldn't have the kids and grandkids staying with us, couldn't have friends in for dinner parties and wouldn't be able to eat in our favorite restaurants. So we spent a lot of the summer outside, and the weather co-operated.

Although the humidity has at times been oppressive, it's always cooler on the lake than on land. So we spent a good amount of time on our pontoon and in our kayaks. And we walked, walked and walked some more. Last time I checked the exercise app on my iPhone, I was averaging more than three miles a day.

Sometimes Ann accompanied me, and sometimes she got her exercise working the gardens at Serenity Shores, our condo development that was completed this spring, after which the development was turned over to the homeowners by the developers. That meant the maintenance of the grounds was now our responsibility, and Ann, the old farm girl, agreed to be the head groundskeeper.

We're usually busy with ETC in summer — working the annual children's play in June, the Baga Fest play in August and the Island City Music concerts every Tuesday. But those events were victims of COVID-19. So we filled our time with walking, gardening, and boating.

And, of course, my mornings drinking coffee at Peter & Annie's ended when the virus put an end to indoor dining, making our coffee shop a take-out-only business. The Tuesday men's Bible Study group met virtually on Zoom, and the Wednesday women's group met in lawn chairs at Tourist Park. Then, Vickie Komarek closed and moved her equipment to the

old Kwik Trip building at the four-way stop, where she plans to open the new Peter & Annie's later this month.

No family visits. No plays. No Library Lake concerts. No coffee chats. And, of course, no Baga Fest. But day after day of hot, sunny weather. While restaurants struggled to survive mandated closings and limited occupancy, while singers, musicians and actors were idle, other businesses, such as Indianhead Sport Shop and Cumberland Boat Storage, Dock & Lift, had good years. If people couldn't work, they'd spend more time fishing, boating and golfing.

There were few all-day rains in this summer of COVID. So we could be outdoors almost all the time. We could partake of exercise and the outdoors, the best medicines for the anxiety we are feeling about the pandemic that arrived last spring. I needed my daily walks, Ann her gardening and all of us our time on the water.

With the trees and temperatures suggesting a new season's arrival, and the coronavirus numbers dropping from the alarming number of positive tests in mid-summer, we look forward to fall — more walking, less boating and gardening. We hear the experts saying fall and winter could be rough with flu and COVID creating a dual threat to our physical and mental health.

"One day at a time" is what I find myself saying a lot these days. "We're all in this together," we're told over and over by our leaders. "This, too, shall pass," we have to believe.

Before we know it, we'll be getting vaccinated for COVID, throwing parties, attending plays and concerts and looking back on the summer of 2020, a strange, quiet time like no time we had ever experienced before. And, frankly, hope to never experience again.

Larry Werner's email is lhwner47@gmail.com.

Wear your jacket!

Members of the Leadership Barron County Life Jacket initiative pictured from left to right: Heidi Tietz, Jeff Wolf, Sherriff Chris Fitzgerald, Kim Rieper, Louis Muench Kelly Hoeft, Kayla Hanson, Josh Tomsovic, Melissa Miller, and Deb Kutrieb. Missing from the photo are Tina Ketel, Kelly Thompson, and Jenelle Wolf.

Leadership Barron County sponsors "Need a Life Jacket?" initiative

Leadership Barron County has been around for over 25 years. Each year, a class of approximately 12 participants tours area businesses, meets with community leaders, and contributes to the community by volunteering at area organizations and by creating a group service-learning project.

This year's participants of Leadership Barron County put safety first in their service-learning project. The "Need a Life Jacket?" initiative allows boaters to borrow a life jacket from a kiosk and return it after use. The life jackets come in all sizes and are available at kiosks set up at six boat landings around the county: Red Cedar Lake at Waldo Carlson Park, Mikana; Beaver Dam Lake at Eagle Point

Campground, Cumberland; Silver Lake at Grant Park, Cumberland; Sand Lake, Cumberland; Rice Lake at Lumber Hall of Fame; and Pokegama Lake, Chetek. Each location will have signage along with a storage bin that contains many life jackets. This community project was only possible with generous donations from the Blue Hills Friends of Scouting/L'Cars, Louie's Finer Meats, Cumberland Kiwanis, Barron Kiwanis, Woodland Signs, and ABC Truss. Signs will be placed at the locations

and maintained by the Barron County Sheriff's Department.

If you are interested in applying to Leadership Barron

County, please contact Lori Koehler at lbwisconsin@gmail.com for an application and more information.

Eye Facts from Jacobson Advanced Eye Care

ACHES, PAINS & EYES?

We all discover new aches and pains as we get older. Sadly, that has happened or will happen to all of us. But, what about our eyes? We don't feel pain in them like we do our muscles.

Today, we are living longer than ever before so it's important to be proactive and take responsibility for our health as we age. September is Healthy Aging Month and we must remember that, like any other organ in our body, our eyes do not stay the same as we get older. Vision changes are normal with age but vision loss and blindness are not. Older adults are at a higher risk for certain eye diseases and conditions. To continue to enjoy healthy vision as we advance in years, it's important to have a comprehensive dilated eye exam on a regular basis.

You can't stop time but you can take care of your eyes so that they remain healthy as you age.

Here are some tips to maintain healthy vision now and as you age:

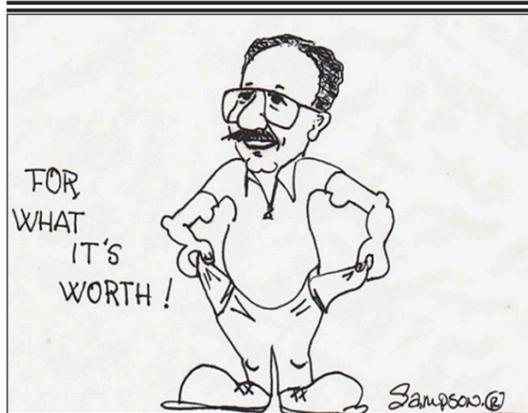

- Eat a healthy, balanced diet
- Maintain a healthy weight
- Don't smoke
- Wear protective eyewear when outdoors
- Consider a multivitamin
- Give your eyes a computer rest
- Know your family history

And, remember that your annual examination with Dr. Jennifer is critically important as many diseases and eye conditions can be diagnosed at that time. Call us today to schedule yours.

Dr. Jennifer

Opinion

By Craig Bucher

Last week we celebrated the 100th anniversary of women receiving the right to vote. It took a long time and when I heard the list of courageous women who fought, struggled and even went to jail to obtain the right to vote, I thought of my grandmother Meuschke who has always been a hero to me. She was born and grew up in a sod house on the plains of Nebraska. She grew up hearing the tales of men who fought in the Civil War. She had no formal education after the fourth grade. She was born in the Steam Age and lived through the atomic bomb that destroyed the cities of Nagasaki and Hiroshima. She saw the birth of the personal computer and it was not unusual to see her reading a Department of State bulletin about some topic that she found interesting. She was a remarkable woman who lived by herself until shortly before she died, just short of her 101st birthday. She never missed a chance to vote and told me that her biggest disappointment was when her doctor told her she could not march in the annual NOW (National Organization for Women) parade. She didn't want to be reduced to riding in a convertible. She rode a horse when she was 90 and in 1983 came to visit us when we lived in Black River Falls. She walked all around downtown. She was a fierce defender of woman rights and vowed to remain on this earth until President Reagan left office. She was a great woman and I have been fortunate to have three strong women in my world - my grandmother, my mother, and my wife. I am a fortunate man.

SEE YOU NEXT WEEK!

LETTERS Editor

Tiffany Voted No on the Great American Outdoors Act

To the Editor:

Tom Tiffany, the representative from the Wisconsin 7th Congressional District, voted NO on the Great American Outdoors Act. It still passed both the House and the Senate with over-whelming bipartisan support and was signed into law. Since the funding will come from offshore oil and gas leasing revenues income taxes will not be increased.

This legislation will benefit both conservation and the economy.

Thus, Tiffany voted against funding deferred maintenance projects at national parks, national forests, and national wildlife refuges and other conservation projects like parks, trails, and boating access sites.

He voted against a \$22 billion tourism industry. Tourists spent nearly \$14 billion in Wisconsin in 2019, generated \$1.6 billion in state and local revenue taxes, and supported 200,000 jobs.

Tiffany voted against the interests of thousands of small businesses like

resorts, motels, sporting goods stores, bait shops, ski and bike shops, gas stations, cafes, supper clubs, grocery stores, and others who provide services to residents and tourists alike pursuing outdoor recreation.

Tiffany voted against those of us who use our public lakes, waterways, wildlife refuges, forests, trails, and parks for fishing, boating, swimming, hunting, skiing, snowmobiling, biking, hiking, bird watching, and just relaxing in the great outdoors.

Once again, Tiffany voted in agreement with the mining industry which strongly opposed this legislation. He also had a history of voting against conservation and in support of mining interests while a Wisconsin state senator. The Wisconsin Conservation Voters writes of his voting record, in part, "he worked in concert with out-of-state and foreign mining corporations to bring metallic sulfide mining, America's most toxic industry, back to Wisconsin with his Industrial Acid Mining Bill. In the process,

Inside Wisconsin

by Tom Still

The link between education, economy, is more evident than ever

By Tom Still

MADISON, WI: Many U.S. policymakers seem concerned about reopening bars, restaurants and health clubs closed during the COVID-19 pandemic. They should be at least as worried about restarting America's education engine, which will best serve the economy - and young people - over time.

The differences between how the United States has reacted to the spread of coronavirus and how other countries have managed the disease have been stark at times, which isn't all that surprising given the diversity of cultures, political systems and leaders.

What is emerging in Europe right now, however, is a clear lesson that should not be lost on American public health officials and elected leaders: Children, parents and the economy, both short and long term, benefit from live instruction in schools.

Even though there have been serious virus surges elsewhere in their societies, authorities in France, Britain, Spain, Germany, Italy appear to be virtually unanimous on the need to put children back in classrooms. They worry about learning gaps that grew wider during lockdowns earlier this year, especially among children from poor families, as well as parents who would

be better off in their respective jobs and contributing to the economy than serving as amateur teachers.

It's not that authorities in Europe - or elsewhere around the world - are crowding kids into classrooms as if it's business as usual. The Associated Press reports that precautions are being taken that range from mask rules, hiring more teachers for smaller class sizes, physical changes in school buildings, hand-washing stations, one-way corridors, staggered starts and lunch times.

The consensus seems to cross all political lines, as well, with leaders in Europe's left, right and center parties agreeing the children are better off in school.

In a rare joint statement reported by Reuters, the top health advisers to the governments of England, Scotland, Wales and Northern Ireland said they believe getting children back to school is a national priority for the United Kingdom.

"Very few, if any, children or teenagers will come to long-term harm from COVID-19 due solely to attending school," the health ministers said in late August. "The percentage of symptomatic cases requiring hospitalization is estimated to be 0.1% for children aged 0-9 and 0.3%

among those aged 10-19, compared to a hospitalization rate of over 4% in the UK for the general population... This has to be set against a certainty of long-term harm to many children and young people from not attending school."

Closer to home, the American Academy of Pediatrics has concluded the harm to children from not having in-person education is greater than the risk posed by COVID-19. Poor children may be missing meals, child abuse instances may have gone underground, special needs students aren't getting as much help, and further disruption in learning will have lasting effects on a whole cohort of students.

Governance of public schools is largely a matter of local control in the United States, so some districts in Wisconsin and elsewhere are using guidance from the Centers for Disease Control and state departments to adjust and reopen. They are refining how online education (not a panacea) will be delivered, rethinking transportation strategies to and from school, adjusting space needs, considering school "shifts" and more.

So why are some public health authorities making it so difficult for schools to reopen?

In some cases, it's over worries that teachers, staff and the community may be exposed. That extends to higher education and the recent example of some Dane County officials questioning the decision to reopen UW-Madison, where safety guidelines include massive testing protocols and much more.

UW-Madison Chancellor Becky Blank, in a blog statement published Wednesday, detailed the steps being taken on campus to allow a "hybrid" reopening - some live classes, some online - and defended the plan as best for students. "Having students on campus and providing in-person instruction, where feasible, provides a better set of educational opportunities for students lacking suitable technology or spaces to effectively study at home," Blank wrote.

The pandemic has already caused short-term economic stress on society. Failing to responsibly reopen schools will only prolong the harm and leave the United States less able to compete in a post-COVID world.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsintechcouncil.com

A Look Back

10 Years Ago September 8, 2010

The Cumberland High School Football team rolled to its second consecutive victory to open up the 2010 season with a 42-20 victory over Grantsburg last Friday night. Cumberland jumped to a 35-6 lead at half time. The Beavers out-gained the Pirates 440 to 281 in the game, including 262 yards rushing in 30 attempts. The Beavers now prepare to open the HON season this coming Friday, with a home game against the Hayward Hurricanes.

interim principal, she had been teaching physical education and health at Heights High School.

The Cumberland Boy Scout Troop 24 will be holding an Eagle Court of Honor on September 9, at the American Legion. Receiving the Eagle rank will be Troy Jacobson, Jason Haverly, and Cory Jacobs. The boys will be the 56th, 57th, and 58th Eagle Scouts of the Cumberland Troop. The Troop was organized in 1924.

40 Years Ago September 3, 1980

The best description for the first week's Advocate Football Contest is definitely... "close!" Mark Fuller won the \$15 first prize by picking 16 out of 20 games correct and he was the only person with 16 winners so the tiebreaker box did not come into play. Five different participants guessed the right winners in 15 games. They were Bev DiSalvo, Tom Schultz, Lynn Nyhus, Pete Antonetti, and Tim Hefferman.

50 Years Ago September 3, 1970

Twenty six candidates tried out for the freshman football team this year. They were, Bob Tappan, Dennis Dosch, Brian Whalen, Bob Solum, Craig Lehmann, Steve Shaw, Steve Lindfors, Dick Masyga, Tom Quinn, Duane Lundervold, Lonnie Kuhl, Dan Vrieths, Dan Neurer, Dave Fyeh, Greg Sevrer, Scott Schiebel, Barry Williamson, Jack Tempesta,

Steve Vucenic, Randy Koenig, Terry Nesvold, Scott Warwick, Jay Ritchie, Ron Brock, Bob Capra, and Bill Stevens.

60 Years Ago September 8, 1960

Wisconsin State Fair Jersey junior showmanship winner in the junior dairy cattle show was Robert Riebe, from Cumberland. The highly coveted honor, earned in the face of strong competition was won with the Jersey senior yearling heifer, Thomas Royal Basil Edith.

70 Years Ago September 7, 1950

John Miller won the third annual golf tournament for the Advocate trophy when he defeated Swede Nelson in their 36 hole match. Nelson won his way into the finals by beating Si Lund, Clarence Burton, and Bert Hines.

Anderson-Thompson Post 98, American Legion, in a meeting held recently, presented Clare Kost and Ken Reed with pins in recognition of their services to the Legion Post.

90 years Ago September 4, 1930

The Cumberland Public Schools opened up with total enrollment of 596, a decrease of 25 from last year.

A fire destroyed D.C. Ostrom's farm buildings, including 35 tons of hay, a truck, wagon, drill and other machinery. How the fire started is unknown.

Sen. Tiffany divided and misrepresented conservation groups and misled local governments. Despite saying the bill would not take away local control, Tiffany has actively threatened local governments with future legislation that would remove their ability to pass strong local protections."

As an independent voter I am writing this letter in the interest of transparency in government. I am retired from a 42 year career in fisheries, wildlife, and water quality research and management.

Everett (Bud) Fuchs, Hudson, WI

HR 763 needs your help

To the Editor:

The hurricane season is again upon us. Laura has hit the Gulf Coast with life threatening winds, ocean surges and rain, creating millions of dollars of damage. To me it seems like violent hurricanes and storms are more frequent than in the past. Scientists say rapid intensification (turning typical hurricanes into severe ones) used to be rare but in recent years, more common. They have verified that since 1990, the frequency of Category 4 or 5 has doubled in the Atlantic Ocean. What is the cause for such activity? We have a warmer planet. Hurricanes draw energy from the ocean water and warmer water provides more energy. Warmer air can also carry more water, increasing rainfall and flooding. Similar logic holds for tornadoes and what was recently identified in Iowa

Nathan C. Johnson, 29, of Balsam Lake, has been charged with operating while revoked, and resisting or obstructing an officer. His court hearing is scheduled for October 28, 2020.

Bobbi J. Loomis, 22, of Grantsburg, has been charged with resisting or obstructing an officer. Her initial appearance is scheduled for October 14, 2020.

William B. VanAllen III., 30, of Rice Lake, has been charged with knowingly violating a domestic abuse temporary restraining order, and violating the bond condition in Barron County which states the defendant shall not commit any crime. His preliminary hearing is scheduled for September 2, 2020.

Trenton W. Hollister, 28, of Dallas, has been charged with manufacture/deliver THC, manufacture/deliver cocaine, deliver designer drugs, and possession with intent to deliver THC. On July 19, 2020, Barron County Detective Carroll conducted a controlled buy using a confidential informant to potentially purchase marijuana, cocaine and ecstasy from an individual identified as Hollister. The controlled buy was arranged to take place in Dallas. The controlled buy was arranged by the informant using phone calls and Snapchat that Detective Carroll was able to record at least one of

Knock it Off!

Please show respect for your neighbors and fellow citizens. Support your candidate, but respect the rights of others to also support theirs. Photo by Arthur Adams.

the phone calls the informant had with Hollister in which the amounts of marijuana, cocaine and ecstasy were discussed, as well as the price.

At approximately 2:30 p.m., on July 19, Detective Carroll met with the informant to prepare the informant for the controlled buy. The transaction was set up to take place at a restaurant in Dallas. The informant was provided with \$1720 to be used to purchase controlled substances, as well as audio and video surveillance devices.

Detective Carroll was able to monitor the informant's vehicle and while doing so, he observed a white Dodge truck pull into the parking lot of the restaurant. He observed the informant enter the passenger side of the vehicle and the truck then drove away. While the informant was inside the vehicle, Detective Carroll was able to overhear conversations about the quality and quantity of the controlled substances, as well as discussions about the price. Detective Carroll was able to observe by way of a GPS tracker, the vehicle returned to the restaurant where the informant got into their own vehicle and subsequently met Detective Carroll at the Barron County Sheriff's Department.

During the course of that meeting with the informant after the controlled buy, the informant turned over approximately 7.7 ounces of a green plant like material which was originally in two bags labeled 'Alien OG' and 'Lemon Kush.' The suspected marijuana tested positive for the presence of THC. The informant also turned over approximately 1.02 grams of a white powder that was suspected to be cocaine. His subsequent field test of the substance resulted in a positive test for the presence of cocaine. The third item the informant turned over was approximately 3.85 grams of a white powder, which was suspected to be ecstasy or 3,4 methylenedioxymethamphetamine, which is also known as MDMA.

The informants also viewed a Facebook picture of Hollister and identified him as the person that the informant purchased the controlled substances from. The informant also advised that they had been told by Hollister that he had just moved into a new residence just outside of Dallas. After the controlled buy, Detective Carroll was able to determine that the vehicle Hollister drove was parked at a residence in Dallas. He also viewed the video recordings of the surveillance from the controlled buy, which clearly showed an individual Detective Carroll knew, as Hollister as a supplier of the controlled substances.

On July 31, Detective Carroll arranged for another controlled buy involving the same informant. This controlled buy was conducted in the same manner as the previous one. The informant was provided with \$1680 to purchase controlled substances that was potentially going to include marijuana and cocaine.

The informant advised in a follow-up meeting that the

informant met Hollister at a bar in Dallas, and left in Hollister's vehicle, where the informant ended up giving Hollister the buy money and the informant obtained approximately 112 grams of suspected marijuana. The suspected marijuana was subsequently field tested by Detective Carroll and tested positive for the presence of THC. Detective Carroll was able to view the video surveillance from the transaction which clearly showed Hollister as the supplier of the marijuana the informant purchased.

On August 21, Detective Carroll executed a search warrant at the residence of Hollister. During the course of the execution of the search warrant, Detective Carroll observed the same Dodge pickup that was used in the first two controlled buys. This vehicle was parked in the driveway of the residence. During the execution of the search warrant, contact was made by Hollister. A search of the residence resulted in the officer's finding a bag of a green plant like material in a vacuum sealed bag. This was located in a backpack in the closet of the bedroom that Hollister was found in. A digital scale which contained a white powder substance was also located on top of kitchen cabinets. The total amount of green plant like material that was suspected to be marijuana was approximately 374 grams, which was found in

three separate quantities. One quantity was approximately 356 grams. A second amount was 5.87 grams and the third amount was 13.09 grams. All of the green plant like material that was suspected to be marijuana was field tested and a positive result for the presence of THC was obtained.

Detective Carroll also located vacuumed sealed bags, which were similar to the bag that the 356 grams was located in. In addition, a WD-40 can was located that contained a false or hidden compartment and also contained \$600 in US currency.

If convicted for manufacture/deliver THC, Hollister may be fined not more than \$10,000 or imprisoned not more than three years and six months or both. For manufacture/deliver cocaine, he may be fined not more than \$25,000 or imprisoned not more than ten years or both. For delivering designer drugs, he may be fined not more than \$50,000 or imprisoned not more than 15 years or both. For manufacture/deliver THC, he may be fined not more than \$10,000 or imprisoned not more than three years and six months or both. For possession with intent to deliver THC, he may be fined not more than \$10,000 or imprisoned not more than six years or both.

His adjourned initial appearance is scheduled for September 8, 2020.

Polk County mourns the loss of K-9 Jaeger

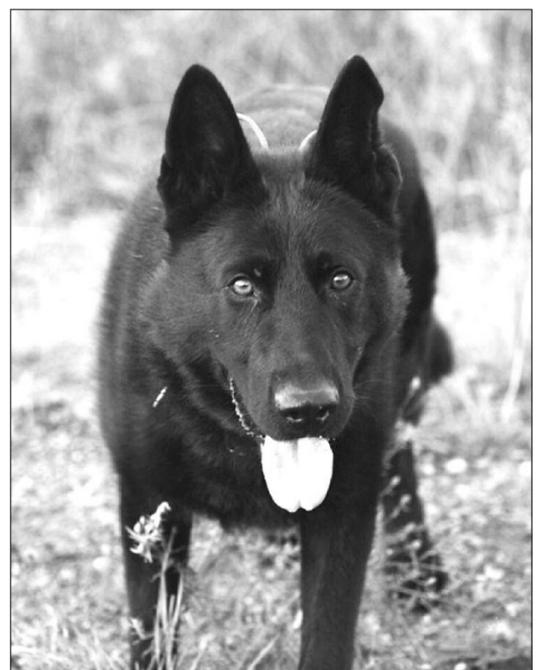

On Wednesday, August 19th, 2020, the Polk County Sheriff's Office suffered a great loss. Our K-9 Jaeger, who had been taken to a Veterinarian Hospital in St. Paul, had to be put down due to an unforeseen medical condition.

Jaeger came to the Sheriff's Office around the beginning of February 2015. He was trained at the St. Paul Police Departments K-9 academy. He was certified as a Police Dog 1 and certified in Narcotics Detection.

During his five years of services to the citizens of

Polk County, K-9 Jaeger conducted many successful search and rescues. Jaeger was a huge part in the Polk County Sheriff's Office's success in our mission to reduce Methamphetamine, by identifying and seizing drugs, which led to many drug related convictions.

Losing K-9 Jaeger is a tremendous loss to not only the Polk County Sheriff's Office, but, to Polk County as a whole. We would like to thank the Valley View Veterinarian Clinic for the great care they have provided our K-9 officers over the years.

Back to Birch Point

Hello friends,

Life is full of traditions and if you are lucky, having a lot of fun. This past week I spent four days at Birch Point Resort on Marsh Miller Flowage in Chippewa County. This was my 20th trip to what is truly one of my favorite places in the world, and as usual, I had about as much fun as one person can have over 90 hours.

Monday, August 17th
High 78, low 46

As I said, life is full of traditions/long term plans. My buddy Gary Howe out of Priarie du Chien, sold the Courier Press to Morris Newspapers. After four generations and nearly 100 years in the Howe family, Gary and Joan Howe are in the "how much fun can we have lane."

About three hours north is Birch Point Resort which is 101 years old and as thousands of people are aware of, one of the most fun places to spend time on the planet. Brothers Paul and Dave Maire and long time employee Steve Kiesow know how to work hard and play hard.

Birch Point has a bar and restaurant that simply put is a place where people like to visit with each other. As usual when Gary and I arrived we were given a shot of black berry brandy, just to ease the stress of the road.

So, today is day one and we have three days to fish and we also cook excellent meals. Due to a cold spell today the fishing was slow but neither of us cared as I knew that we would figure the sumo gills out.

We ended our day with fresh salmon that I had caught 2 days earlier and sweet corn and red potatoes from the garden.

Tuesday, August 18th
High 81, low 55

Here is a bit of inside information, Gary Howe and I are very competitive with each other and have no

problem giving or receiving verbal abuse. Here is some more info, both of us like to give fresh fish fillets to folks that do not have the ability to catch their own fish.

This morning we were on the water very close to daybreak, and let me tell you as this trip would unfold it took us time to figure out how to catch good sized gills.

Generally, after the spawn I like drifting with ice fishing jigs, one on a slip bobber and another straight down. This morning that was kind of working but not really. Gary and I fished for five hours had not ate breakfast or figured out the gills. Anchored, deep and be patient, we went to the cabin for lunch, to clean fish, and of course to the lodge for a wee bit of black berry brandy and an always tasty Birch Point tap beer.

This afternoon the Gary and Mark show was hard at it and we had the gills figured out. I love fishing like this, and we were in the comforts of my War Eagle which is a very comfortable boat to fish in.

Tonight, we cleaned fish and had veggies from the garden and baked chicken.

Wednesday, August 19th
High 83, low 49

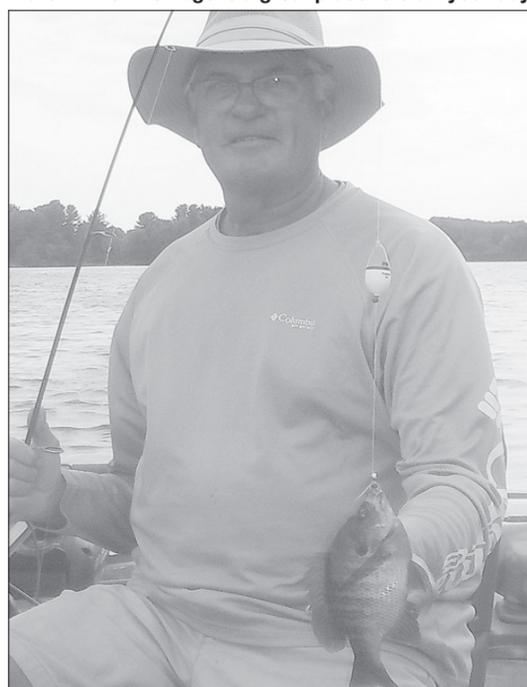

One of my favorite things about Birch Point Resort is that everyone has fun and one example would be that there are two families here with lots of kids between them. All day long, and I mean all day, the kids are playing in the water, rowing boats, fishing, and just hanging out. At night both families' hangout by their campfires and laughter can be constantly heard.

I grew up in a low-income family and raised a low income family and let me tell ya, income has very little to do with being happy!

Today, Gary and I could say that we just about mastered fishing gills in late August on Birch Point. A slip bobber, ice fishing jig and part of a red worm. We

Marsh Miller Flowage is a great place to start your day.

Gary Howe enjoying life during his vacation to Birch Point Resort.

had plenty of time to experiment and just like the last 20-years the fish were figured out.

This afternoon we cleaned fish, ate another great meal, and had a very nice visit with Paul and Dave Maire at a resort that has stood the test of time

Even if it is only once a year, I am addicted to Birch Point Resort!

Don Clark: "Cumberland Athletic Hall of Fame"

By Mark R Fuller

Don Clark

Boy's Soccer to Begin September 7

Cumberland Boy's Soccer, under Coach BJ Brenna is scheduled to start practice next Monday, September 7. The first game is scheduled for Tuesday, September 15 in Barron.

"The schedule has been modified and for the first time since we became a high school sport in 2006, we will be playing an all HON schedule this fall. This is coming a year early for the Conference as next year was supposed to be the beginnings of HON Soccer," said Coach Brenna.

Next year more than 50 percent of HON schools will have Soccer programs as Ashland and SCF/Unity join current programs from Barron, Cumberland, Hayward and Spooner/Shell

Lake.

Last year, the Beavers finished fifth in the Middle Border with a record of 3-4-1, 7-9-1 overall. They were recognized by the United Soccer Coaches Association with the "Platinum Award in Ethics and Team Sportsmanship," putting Head Coach B.J. Brenna and the team in the Wisconsin Soccer Coaches Association Record Book as the first Wisconsin Boys' Soccer program ever to receive this award.

This years Captains are Seniors Andrew Cunningham, Matthew Friess, Chase Lussier, and Tanner Johnson. This fall is Brenna's sixth in the program, third as Head Coach.

The final 2020 School District honoree into the Cumberland Athletic Hall of Fame is Don Clark, who will be inducted in the Contributor Category. He joins Coach Nancy Scharhag and athletes John Peterson, Jeb Burke, and Rochelle Rydberg Olson as this years five awardees.

"Unfortunately, their Induction Banquet will have to wait until next fall," said Principal and Committee Member Ritchie Narges. "We want to do things right, from our Hall of Fame Float in the Rutabaga Parade to the Banquet itself. There are just too many uncertainties this fall to allow us to do that, so we'll wait to honor these five individuals along with the Class of 2021," he said. In conclusion, Narges said that they would receive their Plaques, however, at a Football or Basketball Game later this school year. Unfortunately, Clark

passed away in 1999 after spending over thirty years in the city following his arrival in 1961 with his wife Harriet and sons Mark, Tom, and John. During this time, Clark would spend 19 years as the head of the Stella Cheese lab before retirement and was an active member in Kiwanis, where he served 18 years as the Secretary.

His passion lay in youth sports and while here, he was a major contributor to the Island City youth. He brought this passion from Minnesota, where he has been honored numerous times as well as Nationally by Amateur Hockey and the NHL.

He was part of a group that founded the Minnesota Amateur Hockey Association, a group he served as an officer from 1947 to 1988. While there, he organized the Nations first youth Bantam level Tourna-

ment and his work in Minnesota led him to become involved with the Amateur Hockey Association of the United States. He would go on to become a member of the U.S. Olympic Hockey Committee for many years and for his work would become enshrined in the U.S. Hockey Hall of Fame. He was also honored by the NHL with the prestigious Lester Patrick Award, which recognizes a recipient's contribution to ice hockey in the United States.

His love and development of hockey continued in Cumberland following his arrival here. In 1962, he was honored for his work by the City Council, as he founded the St. Croix Valley Youth Hockey League leading to competition within Wisconsin and Minnesota. Clark would coach and manage both the Pee-wee and Bantam teams and find ways to uniform both

squads. In 1963, under his chairmanship, the city celebrated Cumberland Youth Hockey Week as nearly 70 boys were playing the sport in the "Island City."

Clark would create coaching and referee clinics for the area and was a spokesperson that helped lead to indoor Hockey Rinks in Rice Lake and Hayward. Clark was Inducted into the Wisconsin Hockey Hall of Fame in 1978.

Before his death, he donated \$10,000. into a fund to be eventually used towards building the Cumberland Indoor facility. Clark also provided funds to youth baseball to help enrich their opportunities in the sport. For all these contributions, the Hall of Fame Committee is pleased to recognize Mr. Clark and his family for their role in providing opportunities to Cumberland Athletes.

2020 Cumberland Girls Golf Team

Members of the 2020 Cumberland girls golf team are from left Reyna Bertelson, Chandler Motycka, Alleah Anderson, Clarissa Cook, Brigitta Maas and Sadie Horton.

Girl's Golf Falls To Hayward

The Cumberland Girl's Golf team dropped their second match of the season to Hayward last week by a 261 to 237 score. The team is winless in two matches and will next play on Tuesday, when they host Spooner.

Alleah Anderson had a nice round for Coach Tom Hullander with a 52 to lead all scorers for the day. Hayward was led by Gillian Anderson with a 54. "Our new golfers all showed good improvement from their first match," added Hullander.

Barronett News

By Judy Pieper

Good morning – I hope you have a great Labor Day weekend. Hard to believe it's the end of summer already, isn't it? I guess no one that I know will be unhappy to see 2020 end. I heard one of the newscasters say that it has been the worst year that she can remember. Between covid 19 and the unrest, I think she is probably right. Hopefully there will be a vaccine soon so we can all breathe a sigh of relief and get on with our lives.

Bonnie Fogelberg sent an e-mail stating that the Barronett Colorest will not take place this year. However, the Civic Club will be hosting the Dairyland garden tractor pull on Saturday, September 26th. The Dairyland garden tractor pullers are donating their fees to the Rambo Arnes family. This will be a one-day event with pulling starting at noon. She also said that, during this unique time, social distancing and safe practices are encouraged. Watch for posters coming up and more information in the next couple weeks.

Ted Schoenhals stopped by one day this week with a note that he would like to send out to everyone who donated rods and reels and helped with distributing them to children. I'm going to put this in just as he wrote it.

"Hi, Ted Schoenhals here. I would like to thank Judy Pieper for her articles in the Barronett news on my Rod and Reel give-away. Also, to thank all the people for their donations. They are: Duane and Judy Pieper; a man who wants to be anonymous who gave so, so, so much – thank you; Jerry and Glenda Severson; Roger Lindquist; Terry Goodrich and Betty Cowley. Thank you to all.

Also, to all the members at the Cumberland Food Pantry who let me bring down the rods and reels and who handed them out. A grand total of 71 were given out at the food pantry, and 12 more at a different place. Thank you again, and I hope I can do it again next year."

We hope you can too, Ted. And, when I was looking through some drawers in the garage, I found some more reels. I'd so much rather have

some youngster learning to fish with them than have them gathering dust in our garage.

Geri Pittman stopped by for coffee and gossip (or conversation as we like to think of it) one morning this past week. The granddaughters are back in school in Cumberland, so she has more free time to get some visiting done. It was so nice to relax, drink coffee and visit.

We had a wonderful time here on August 28th. That is Jamie Lombard's birthday, and for our family birthdays we get together and have waffles with ice cream, fruit and hot syrup. In addition to Jamie, our guests were: Kaitlynn and Jessica Holmen; Kurt Anderson; Lynn, Garrett, Kandice, Kane and Pierce Thon; and Suzy, Ryan and Miriah Lehmann. We all had a great time visiting and teasing Jamie about getting old.

We had a very busy, and enjoyable, weekend with lots of people stopping by to visit. Bill Gill called on Friday morning and said that he had been to the farmers' market over by Barron and had some homemade donuts. Hmm. I told him that we hadn't seen him forever, so that he should grab those donuts and come over for coffee. Well – he did come over but conveniently forgot the donuts at his place. That was okay – I gave him waffles and ice cream and we had a very nice visit.

While Bill was here, Jerry Marsh stopped in to visit. Then Jim Copus and Jim Trolinger stopped by. They are up from Oregon, WI to get the campsite all cleaned up and ready for the weekend. Jim Copus had to go back home on Sunday, but he and Donna will be back up on Thursday.

On Sunday Tru Lehmann was up from Somerset to visit with Nana and Grandpa, Suzy and Ryan Lehmann. She is going to stay for a few days, so we are very happy about that. She and Suzy, Garrett, Kandice, Kane, Pierce and Lynn Thon came up to the tree house to visit for a while Sunday evening. Just about everything in the garden has been harvested or is ready to harvest, so Suzy and Tru took some fresh veg-

etables home for supper.

Oh, I have one rather shocking statistic to share with you. It has been proven that the life expectancy of women who have gained a few pounds during the quarantine is longer than men that mention it.

I guess that's about all I know from Barronett this week. Stay safe. See you next time.

SCHOOL'S OPEN!
PLEASE DRIVE SAFELY!

Senior Dining
Weekday Breakfast, dining at 5, & the Sunday Community Breakfasts suspended until further notice. Grab and Go only until further notice.

Thurs, Sept. 3
Liver & Onions, Mashed Potatoes w/Gravy, Green Beans, Pumpnickel Bread, Fudgy Brownie.

as a Derecho storm. Fact: Storms will be more severe with a warmer planet.

The bad part of this trend toward greater storm severity is that we haven't done much to stop the earth from warming; in fact, it is warming at a faster rate than even 10 years ago. If not unchecked, global warming will continue to produce more and more of these severe storms, sadly causing more loss of life and destruction of property. Many say some inhabited areas of this world will become unlivable.

Scientists have proven that the cause of global warming is increased amounts of greenhouse gases in our atmosphere. These pollutants capture the heat and prevent it from radiating out into space. The major contributor of these pollutants is our use of fossil

fuels. Unfortunately we can all take the blame for this, as we drive cars, heat our homes and use electricity. Positive solutions have been developed with the use of solar, wind and thermal energy.

However we need to make the change-over into less polluting energy more rapid. Congress is aware of the problem and has introduced a bill in the House called The Energy Innovation and Carbon Dividend Act, HR 763. It is bipartisan and currently co-sponsored by 81 House members. It would put a fee at the source of the fossil fuel pollutant producer. That fee will increase costs to consumers, but the good news is that the government will return those fees to Americans in the form of a dividend on an equal basis. It is estimated that low

and middle income folks will actually benefit, creating an economic stimulus. Less polluting energy alternatives will become more desirable and innovation within this group will flourish, reducing costs even further and reducing climate change pollution.

HR 763 needs your help. Call your representatives in Congress and tell them that climate change is a major issue for you. Ask them to consider sponsorship of this bill.

- Representative Tom Tiffany, 202 225 3365,
- Senator Ron Johnson, 202 224 5323,
- Senator Tammy Baldwin, 202 224 5653

Do it for your children and grandchildren. They deserve a livable planet.

Michael Pesko
Rice Lake, WI

September events at Hunt Hill

Hunt Hill Audubon Sanctuary will be hosting a Birds and Beer program outside at Lehman's Supper Club in Rice Lake on Thursday, September 3. Sign in starts at 5:30 pm and the program starts at 6:00 pm. This month's presenter, Steve Betchkal, is discussing the basics of bird migration!

Birds and Beer is a monthly program that gives nature enthusiasts the opportunity to socialize with one another in a casual setting while enjoying snacks and a drink. This month's presenter, Steve Betchkal, will be speaking about where our flying friends go, how far they go, and why they migrate twice a year!

Registration is required because space is limited. Tickets are \$15/person. Ticket price includes snacks, a drink ticket, and the program. Each Birds & Beer program is held at a different location and features a different presenter. To register, call Hunt Hill at 715-635-6543 or email program@hunthill.org.

The next Birds and Beer program, on Thursday, October 1, features Lauren Finch discussing Waterfowl Management.

Then on Monday, September 14th, Hunt Hill will be hosting its monthly Hike Club program from 4:30-6:00 pm. This month's topic is Wild Edibles. Hikers will enjoy a

one-mile hike while learning about the many edibles in our own backyard. Follow the naturalist-led hike as we harvest our own mini-salads!

Safety protocols are in place for all Hunt Hill programs. More information can be found on our website at hunthill.org.

The Hunt Hill Hike Club is free thanks to a sponsorship from Mayo Clinic Health System. Open to all ages and hiking abilities. Space is limited. Advanced registration is required by September 10. To register, please call 715-635-6543 or email program@hunthill.org.

Thank you for reading The Advocate

Emma E. Anderson
 Heaven gained a beautiful angel by the name of Emma Elizabeth Anderson on the afternoon of Thursday, August 27, 2020.

Emma blessed the world and her parents, Jamie and Tamala (Riebe) Anderson on May 12, 2007, becoming little sister to Jordyn and Alleah and five years later bestest big sister to Lexi.

Emma will be remembered for her contagious smile and infectious laugh, her love for family, horses, dogs and showing Jersey cows. She was a talented athlete who excelled in softball (which was extra special with her dad coaching and her mom cheering) and basketball among other sports. Emma belonged to the Section 10 4-H club, the Girls

Scouts, F.F.A., and the Junior Jersey Association. From a very young age Emma enjoyed water sports such as tubing, swimming, fishing and spending time on the lake with family and friends. She was outgoing and kindhearted, and her zest for life will never be forgotten. She had the ability to light up a room with her smile and make friends easily.

Her memory lives on in the lives of those she touched, including her parents, Jamie and Tamala Anderson; sisters: Jordyn, Alleah and Lexi; grandparents: Roger and Darice Riebe and David and Amy Anderson; aunts and uncles: Mike and Jaime Riebe, Mark and Tanya Riebe, Amanda (Anderson) and Casey DeLawyer, and Matthew Anderson (who is also her Godfather); her Godmother, Twilia Stager; cousins: Madilyn, Jack and Kayden DeLawyer, Kaity, Tani, and Levi Riebe; many great aunts, uncles and distant cousins, and many, many friends whose lives she enriched.

The funeral service was held on Wednesday, September 2nd at St. Paul Lutheran Church in Cumberland with Pastor John Miels officiating

and burial followed at Lakeside Cemetery. Serving as pallbearers were Matt Anderson, Casey DeLawyer, Mike Riebe, Mark Riebe, Troy Anderson and Jason Horstman

The family requests that individuals decide for themselves and their families whether or not to wear a mask and social distance.

Roger A. Bergstrom
 Roger Arthur Bergstrom, 71, of Houston, TX, formerly of Cumberland, passed away August 24, 2020.

He was born on October 5, 1948 in Cumberland to Evert and Esther (Wold) Bergstrom.

He graduated from Cumberland High School in 1966. He later attended Superior State College, Normandale College, and served in the US Air Force.

He was currently employed in sales at Tree Frogs Wooden Swing Set Factory, Houston.

He is survived by: brothers, Charles (Jeanette) of Ramona, CA and William (MaryAnn) of Barron; sisters, Gloria (Curtis) Johnson and Carol (Gary) Matthews both of Cumberland; former wife, Janet Bergstrom; step brothers, Brian (Nancy) Keeler and Lee (Kathy) Keeler; step daughters, Julia Green and daughter Lilah Bins, and

Jerusha (Jon) Steinert and daughter Roslyn, as well as many nieces, nephews, and cousins. He is also survived by special friends in Houston; Alex, Nikki, Eli, Dani, and Xander Arias, and Liza Arispe.

Roger was preceded in death by his parents, step mother Cora, brother Bruce, and nephew Troy Johnson.

Burial will be in Cumberland at a later date.

Eleanor F. Pajak
 Heaven gained a special angel when Eleanor Francis Pajak passed away on Sunday, August 30, 2020 at Lakewood Medical Center. She was born October 17, 1933 in Detroit, MI to Fred and Beatrice (Belch) Tosland. Eleanor was married in West Palm Beach, FL on April 15, 1955 to Floyd Pajak.

Eleanor enjoyed shopping, flowers, traveling around the world with her husband,

Floyd, and going to the casino.

She is survived by her husband, Floyd; and many other family and friends. She was preceded in death by her son, John; sister, Carol; and her parents, Fred and Beatrice Tosland.

Funeral services will be held at 11 AM Friday, September 4, 2020 at First Lutheran Church with Pastor Tim Schmidt officiating. Burial will be in Lakeside Cemetery. Pallbearers are John Koehler, Steven Koehler, Dan Sprester, Jack Weber, Jason, Johnson, and Spike Gidjo.

Visitation will be from 4-7 PM Thursday, September 3, 2020 at the Skinner Funeral Home in Cumberland, and for one hour before the service.

Skinner Funeral Home of Cumberland is serving the family.

Mavis M. Fredericks
 Mavis Marie (LaCroix) Fredericks, age 77 of Cumberland, died Friday, August 28, 2020 at River Falls Hospital in River Falls. She was born the daughter of Raymond and Elna (Hoyt) LaCroix on March 11, 1943.

Mavis grew up in Mendota, MN attending Henry Sibley High School and later received her GED. After school, she was a homemaker taking care of her five kids,

which were her entire world. She also had multiple jobs in Sales and Real Estate. Mavis loved gardening, bird watching, and socializing. She was a spiritual, caring woman who was determined and independent.

Mavis is preceded in death by her parents, Raymond and Elna LaCroix; son, Vernon Jr.; siblings, Clayton LaCroix, Donna (Mark) Myers, Raynold (Marion) LaCroix, Norman LaCroix. She is survived by her children, Cathy (Roger) Girgen, Scott (Ronda), Joe (Jamie), Teresa; grandchildren, Nicholas (Holly) and Christina Girgen, Anthony and Lea, Nicole and Amanda; great-grandson, Layne; and sisters-in-law, Barbara and Janice LaCroix; and many other nieces, nephews, relatives, and friends.

A Memorial Service will be held Friday, September 4, 2020 at 2:00PM at Bakken-Young Funeral & Cremation Services (805 E Division St.) in River Falls with a visitation one hour prior to the service.

Following the service, a Celebration of Life Gathering will be held in the Glen Park Pavilion (355 W Park St.) in River Falls from 3:00-5:00PM.

Arrangements are with Bakken-Young Funeral & Cremation Services.

Church Directory

"Yes, Love is the answer"

by Deacon Steve Linton
 St. Anthony's Catholic Church

Our readings for this weekend, the Twenty-Third Sunday in Ordinary Time, provide a very difficult challenge and reality for us in our lives as Christian faithful. Through the Prophet Ezekiel we hear the Lord say; if "you do not speak out to dissuade the wicked from his way, the wicked shall die for his guilt, but I will hold you responsible for his death. But if you warn the wicked, trying to turn him from his way, and he refuses to turn from his way, he shall die for his guilt, but you shall save yourself."

It is evident that God wants us to share his word and his will with those we encounter in our lives. Not only that, we are responsible for doing so, at our own peril, if we should not. This is difficult for us to hear because it is so counter cultural to the world we live in today. We view the sharing of an honest understanding of God's word as being judgmental. And, judgmental is the last thing that anyone in today's society would want to be condemned for. You can lose your job, social standing, and just about everything else if you even try to suggest that some behavior is inappropriate or undesirable.

So, what do we do? Well, we take our cue from Saint Paul in his letter to the Romans where he tells us; "You shall love your neighbor as yourself." Love does no evil to the neighbor; hence, love is the fulfillment of the law." Yes, Love is the answer. Not the sappy kind of love that makes you feel warm and fuzzy on the inside, like a love song. I am talking about real love. The kind of love that is grounded in truth and reality. The kind of love that elevates you to a new level of understanding. A love that is filled with faith, hope and charity. A love rooted in the deep and forgiving action of Jesus Christ. A love that accepts the knowledge that we are all sinners. That we all stumble in our relationship with Jesus Christ. Yet we know, that in order to grow, we must acknowledge our failings, seek reconciliation, and share the great love Jesus delivered to us on the cross.

Judgment devalues and demeans an individual. It puts the one passing judgement in a superior position. No wonder people are not fond of judgement. Love, however, puts us on an even plain. Grounded in true love we must accept our own failings, yet we can rejoice in the reconciliation that comes from such love. God wants us to share his great love and truth with everyone. Everything he commands of us is out of great love for us. His commands, however contrary they may be with the world we live in, bring us into relationships that are respectful, uplifting and caring toward one another. Most importantly, the bring us closer to Him.

Joyfully fulfil your responsibility as Christian faithful. Share God's message from a position of Love. No, it will not be easy. What truly good things ever are? Peace and God's blessings be with you always!

DMV explains steps to obtain an ID to vote

Most Wisconsin voters already have some form of ID needed to vote, including a Wisconsin driver license or ID. There is no separate "voter ID" and a federally-compliant REAL ID card is not required for voting purposes.

The Wisconsin Elections Commission provides a list of acceptable options to bring to the polls on its website, bringit.wi.gov.

The Wisconsin Department of Transportation Division of Motor Vehicles (DMV) explains the steps for voters looking to get their first Wisconsin ID.

- Voters should visit DMV's website, wisconsin.gov/idcards, for information and a list of the documents that will be required. Certain documents, such as a birth certificate, proof of identity and Wisconsin residency, are necessary to obtain an official Wisconsin ID card.

- Voters should bring the required documents to a DMV Customer Ser-

vice Center to apply. If all documentation is not readily available, the ID Petition Process (IDPP) can be used to obtain a receipt valid for voting while the remaining documents or verifications are obtained. The voter should bring any documentation available to the DMV and complete the required application. DMV offers this IDPP service and ID card for voting purposes free of charge.

- Voters will receive a receipt that is valid for voting purposes and can be used to show at the polls.

Anyone who doesn't have an ID to vote in the August primary should begin the process now. DMV's toll-free voter ID hotline at (844) 588-1069 is available for questions on obtaining an ID to vote.

Questions regarding voter eligibility, poll locations, voter registration information or other election information can be directed to the Wisconsin Elections Commission.

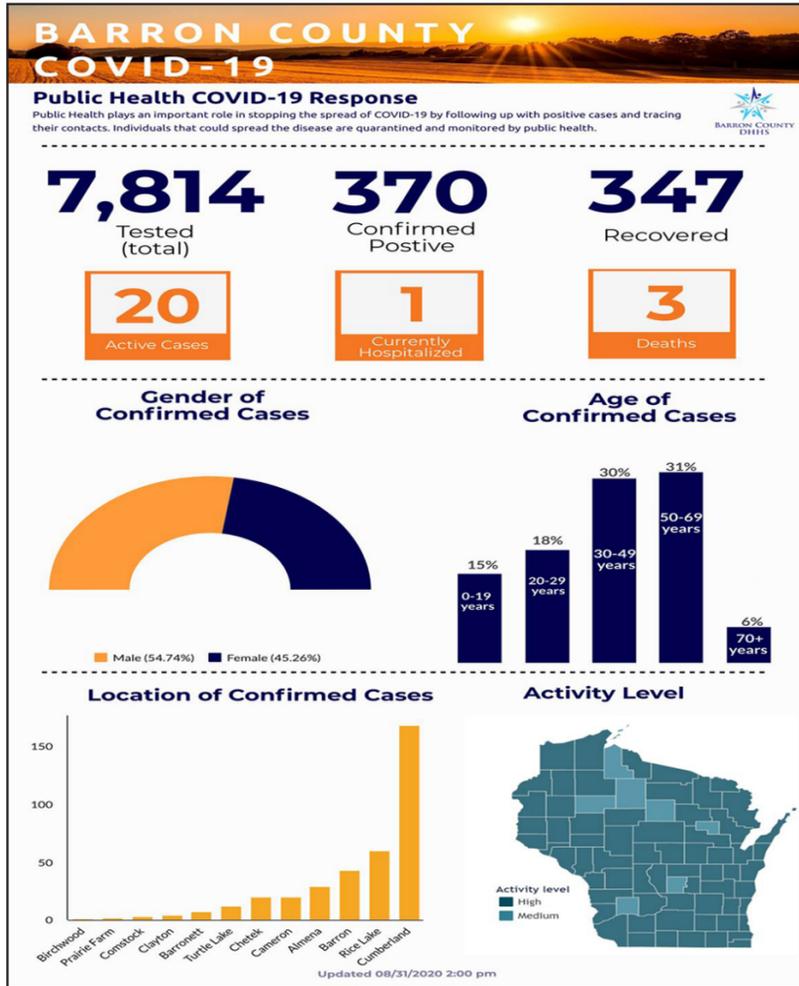

Amelia, Austin, Becca and Gavin FollansbeeDelong found the "Goden Baga" for the second year in a row. This year's "Golden Baga" was a fake door push plate located on the south door of the sub station located behind Cumberland Municipal Utility. Also pictured is co-clue writer Tavis Lynch.

A Small Taste of Rutabaga Festival

A nice crowd was on hand for the Farmers Market/Craft Show Saturday at the Municipal Parking lot. There was something for everyone.

Sellent Receives Farm-First Dairy Cooperative Scholarship

\$21,000 was awarded to 27 members' children to pursue higher education

FarmFirst Dairy Cooperative congratulates Bailey Sellent of Almena, Wis. as a 2020 FarmFirst Dairy Cooperative scholarship recipient. The cooperative recently awarded over \$21,000 in scholarships to 27 high school and collegiate students pursuing postsecondary education.

Since 2013, FarmFirst has generously provided scholarships to 192 individuals, awarding more than \$166,000 throughout the past eight years.

"This is truly an outstanding scholarship program, made possible by the commitment of members and board leaders throughout the years to support the future endeavors of our youngest generation involved in agriculture," says Julie Sweny, Director of Communications & Marketing for FarmFirst Dairy Cooperative. "As students pursue and build their careers, they know that Farm-First Dairy Cooperative is supporting them."

Bailey Sellent, daughter of Brent & Krissy Sellent from Almena, Wis. will be a freshman this fall while pursuing a degree in elementary education at the University of Wisconsin - Eau Claire.

"I find Bailey to be highly organized, ambitious and she strives to do her best. Not everything comes easily to Bailey, but she is driven to plug away at the task until she finds success. Her tenacity combined with her caring personality has awarded her a spot in the National Honor Society. She is a leader in the classroom and kind to teachers and students alike. It isn't always easy to find a student who is willing to do anything you ask of her. Bailey is genuinely happy to help out. She finds time to volunteer at church, the concession stand, brat stand and Light a Legacy. It is wonderful to see a student who cares for others as much as Bailey," says Janet Holdt, Cumberland Choir Director. "Bailey has been very involved in school activities, making Bailey a well-rounded individual."
