UTV crash in Polk County claims life

On Saturday, October 10, 2020, at approximately 6:48 PM, a UTV was being operated on 30th Ave near Polk/Barron Street. The adult operator lost control of the UTV and the machine flipped onto its side before entering the ditch. Neither the operator nor the passenger were wearing seat belts or helmets. Both riders were ejected from the machine and suffered severe injuries.

The operator was stabilized on scene and flown by Life Link III helicopter to a trauma center in Minnesota. The adult passenger suc-

cumbed to his injuries at the scene. Alcohol is believed to have played a role in this accident.

Assisting at the scene were Clear Lake Area Ambulance, Clear Lake First Responders, Clear Lake Fire Department, the Polk County Medical Examiner's Office, The Wisconsin DNR, and Life Link III. This accident remains under investigation by the Polk County Sheriff's Department.

The names of the individuals involved will be withheld at this time and released at a later date.

Fatal two vehicle accident in Town of Apple River

On Thursday, October 8th, 2020 at 11:36 am, the Polk County Sheriff's Office Dispatch Center received a 911 call reporting a two-vehicle traffic crash at the intersection of Mains Crossing Avenue and 70th Street in the Town of Apple River. It was determined that at least two occupants were injured in the accident.

A Mazda SUV was traveling northbound on 70th Street when it failed to stop at the stop sign and struck a Chrysler minivan traveling eastbound on Mains Crossing Avenue. The 58 year old passenger of the minivan, Heidi LaPage, succumbed to her injuries on scene. Jerri Wayne LaPage, 70, the driver of the Chrysler sustained serious injuries and was airlifted to Regions

Hospital where he also died as a result of the injuries sustained in this crash. The LaPages were residents of Clayton.

The lone female occupant of the Mazda sustained possible injuries. Inattentive driving by the operator of the Mazda is believed to be a contributing factor in this accident.

At this time this crash is still being investigated by the Polk County Sheriff's Office.

We would like to thank the Apple River Fire Department and First Responders, Amery Area Ambulance, Life Link air ambulance service, and the Polk County Medical Examiner's Office for their assistance with this incident.

Barron County Public Health issues six more Public COVID Alerts

Barron County Public Health is alerting the public of potential COVID-19 exposure at the following Barron County location.

- The New Frontier (Turtle Lake), September 28, 29, 30 from 6:45 AM to 8:00 AM;
- Big Smitty's On Main (Rice Lake), October 3rd from 10:00 PM to Midnight;
- About Time Bar (Dallas), October 3rd from 1:00 PM to 2:00 AM October 4th;
- Mr. Bob's (Rice Lake), October 4th from Midnight to 2:00 AM;
- Lake 7 Theater (Rice Lake), October 9th - 9:30 pm showing of "Scary Stories To Tell In The Dark"
- Mr. Bob's (Rice Lake), October 9th from 11:00 PM to 2:00 AM October 10th.

If you were at any of these locations during the dates and times listed AND you have any symptoms of COVID-19, please stay home and contact your local clinic to be tested. Anyone who was at the locations during the dates and times listed, and is NOT experiencing symptoms should

watch for any signs of illness for the next two weeks. If you start to feel sick or have any symptoms in the next 14 days, please stay home and contact your doctor to get tested.

Symptoms of COVID-19 include; cough, fever, sore throat, headache, body or muscle aches, chills, fatigue, diarrhea, vomiting, or new loss of taste or smell.

A public notification is issued is when someone that tested positive for COVID-19 was at a location while symptomatic but before test results were known, AND there is no way to identify all of the people they came into contact with. The potential exposure means that anyone that was there during the time frame may have been exposed. We issue an alert to let people know they may have been exposed and to look for others who may now be sick as well.

Appearing on this list does not mean the establishment did something wrong. It also does not mean the establishment should be

Pop On Thru!

Want some tasty Popcorn? Be sure to stop at the Poppy Popcorn Company Pop-Thru Wednesday's from 10am til 4pm. The store is located next to Waite's Car Wash at the 4 corners. The owner Sarah Lawton, also owns and runs Poppy Popcorn on Main street in Rice Lake. The 2 stores feature several varieties of homemade gourmet popcorn. Pictured above at the Cumberland Chamber of Commerce Ribbon Cutting Ceremony held Wednesday October 7th are Chamber Board Member Krista Johnson, Chamber Coordinator Cara Greene, Poppy Popcorn owner Sara and husband Sam Lawton with daughter Mini, Chamber Board member Paul Nelson, Chamber President Jon Hile and Chamber Board member Jordan Peichel.

Project reports and economic update at October City Council meeting

The Cumberland City Council held their October meeting on Tuesday, October 6th in the council chambers at City Hall.

The meeting started with Jeanette Rydberg speaking during the public comment period. Jeanette asked that a link to My Vote Wisconsin and the WI Elections Commission be added to the City's website in order to help people with voting questions for the upcoming election.

3M Opened in Cumberland 70 Years Ago

by Mark R. Fuller

In 1949, a delegation from Cumberland traveled to St. Paul to meet with the Executives of Minnesota Mining and Manufacturing to discuss the establishment of a branch plant in the city. This came during the com-

pany's post-WW II expansion plans. A few months later, three executives from 3M came to Cumberland confirming the opening of an abrasive conversion plant as a great excitement broke out in the

community. The January 19, 1950, *Advocate* covered that visit, where they said the plant would eventually employ some 250 workers. By March of 1950, it was announced the building of a municipally owned plant, in

relocation of sanitary sewer on 8th Avenue between William Street and Oak Street from the edge of right-of-way to the 8th Avenue roadway. The Council also heard an update on the Barron County Economic Development from David Armstrong. BCED has been working hard during the COVID crisis to keep Barron County Economically sound. Armstrong reported that

project which involved improvements to the wastewater infrastructure. The final parts of the project, sewer pipe replacement on Webb St. and Lift Station #5, are expected to be completed in November. There was no public input to the project, so the hearing was closed. The council then approved a modification to the 2020 Wastewater Infrastructure Improvements (CDBG) construction plans. The modification will entail

relocation of sanitary sewer on 8th Avenue between William Street and Oak Street from the edge of right-of-way to the 8th Avenue roadway.

The Council also heard an update on the Barron County Economic Development from David Armstrong. BCED has been working hard during the COVID crisis to keep Barron County Economically sound.

Armstrong reported that

Meg Lepak

Meg Lepak - Making a difference in Barron County

Congratulations to Meg Lepak, Barron Electric's Megawatt Community Service Award winner. She helped form 100 Women Who Care Barron County. Meg remarked, "This organization is a group of like-minded women serving as a platform to empower local charities." At the quarterly meetings, members each donate \$100, which goes directly to a selected charity. During the meeting, three local non-profit charities that have applied are chosen at random to give a 10-minute presentation about their organization. Members then vote for who they would like to see receive the evening's donation.

Meg added, "I am so happy to be part of 100 Women Who Care Barron County. Together, we can make a huge difference. We currently have 25 organizations that have applied for funds." The organization has helped raise over \$19,000 for Barron County charities in less than a year.

She remarked, "This is an amazing amount while having to skip a meeting due to COVID restrictions." The three charities for the next meeting set for October 28th are Nature's Edge Therapy Center, Emergency Services of Barron County and Dreamship Play & Learning Center.

Anyone interested in joining 100 Women Who Care Barron County can send an e-mail to meglepak@edina-realty.com or visit their Facebook page at: 100 Women Who Care Barron County.

Win a \$50 Electric Bill Credit

Barron Electric is led by members like you who understand and listen to the community. Nominate a member for the Megawatt Community Service Award. Each winner will receive a \$50 electric bill credit. Application forms can be found at barronelectric.com in the community area or by contacting the Member Services Department at 800-322-1008.

70 years of 3M...

these new job opportunities.

The *Advocates* carrying the information were quickly sold out as several hundred more applications were quickly printed. By the first week, 354 completed forms had been filled out and returned.

By April, with the building nearing completion, the city announced a house warming, dedication and dance would be held on Friday, April 28. Tiny Hill and his 12-piece orchestra would provide the entertainment, while tickets to the event would cost 50 cents each.

The evening was a huge success. Mayor AJ Hilton gave the dedication in front of over 2000 people who attended the event. The Advocate said that some 1200 cars were parked around the new \$300,000 building.

By May 4, 3M announced it had screened 150 of the 1000 applications it had received. Lou Bohn would be the Plant Manager, a man who had worked for 3M since 1928 and had most recently served as the plant manager at Fairmont, Minnesota.

On May 15, 1950, production started as 25 workers reported to their jobs. Two lines began turning out 27-inch sanding belts. By June 29, 126 workers were employed as they chose the American Federation of Labor as their bargaining unit. By November, the now 144 employees received their

first quarterly payments as part of the company's profit sharing plan.

That spring, Ken Legacy was chosen as the first President of the 3-M Club and John Alphonse its Vice-President. They were in charge of creating some summer activities for the workers. That was an early example of 3M's belief that their employees are partners who are essential to the success of the business.

The roots of the plant began in sandpaper converting operations, however, over the years the plant has evolved and diversified into other core business such as hand and floor pads, diamond lapping film, microfinishing films, and superabrasives.

3M in Cumberland has had a history of giving back to the community, supporting educational, health, social services and other programs through partnerships, contributions and volunteerism in the area. It's part of their goal, which is to, "Become the global center of manufacturing excellence, maintaining an unrelenting customer focus with significant improvements in cost, quality, service, and employee satisfaction."

The plant has provided strong support for local schools including grants for leadership, mentoring, and academic excellence.

3M continues to be an asset to the Cumberland community just like it was 70 years ago.

Mayo Clinic Health System implements no visitor policy

In response to increasing community spread of COVID-19 in Northwest Wisconsin

In response to increasing cases of COVID-19 in the communities it serves, Mayo Clinic Health System in Northwest Wisconsin will implement a no visitor policy at all inpatient and outpatient facilities, beginning at 6 a.m. on Monday, Oct. 12. This includes hospitals in Barron, Bloomer, Eau Claire, Menomonie and Osseo, as well as all Mayo Clinic Health System clinics in the region.

"We continue to see a

rise in the number of patients with COVID-19, as well as increasing community spread of the virus in Northwest Wisconsin," says Jason Craig, regional chair of administration, Northwest Wisconsin Region, Mayo Clinic Health System. "We understand these restrictions will be difficult for patients and their loved ones. We are taking these necessary steps to protect our patients and our staff. We encourage family members to consider other ways to connect with their loved ones, such as via phones or

Thank you!

Information regarding ETC events can be seen at www.cumberlandetc.com or you can "like" ETC on Facebook or watch the Advocate

Northwoods Notebook: Snowbirds staying put this winter? *By Larry Werner*

For the first time in six years, Ann and I won't be heading to Florida for the coldest months of winter. And we're hearing from friends who say the pandemic will be keeping them close to home as well.

I've also talked to neighbors who said their escape to Florida or Arizona is too important to forgo, despite the risks of traveling while COVID is infecting people with a virus that has killed more than 200,000 of our fellow Americans. But now Wisconsin is one of the nation's hot spots. So maybe leaving is the wisest thing to do.

I'll never forget the feeling of terror that struck me one day last March when the President addressed the nation with the news that a pandemic was on. Since we drive to Florida, we were three days from home, where I wanted to be "if we're going to get this thing," I told Ann.

So we hit the road, spending two nights in hotels that, as far as we knew, could have been filthy with this strange enemy, ate in restaurants that would be ordered closed just a few days after we got back to Cumberland. And when we got here, we would see friends and family outdoors only — which

we could do in spring and summer.

But we're sliding toward winter now, and that will mean spending more time indoors, testing our relationship and our ability to be isolated from friends and family, whom we're not comfortable having into our home or being in theirs. We're lucky Ann and I like spending time with each other and hope we can still say that next spring.

And what about the holidays?

I spent several hours last week with my daughter, having lunch on her deck, then walking her dogs and catching up on the last few months when we haven't been together. As I was leaving her house, she said, "I guess we won't have Christmas this year."

She meant we won't do the annual gathering Christmas evening with our three kids, their spouses, the five grandkids, my ex-wife and her husband. We call it "the blended-family Christmas." We exchange silly gifts, serious gifts, have a big meal and go home stuffed and happy that we celebrated the blessed holiday with loved ones.

Some, perhaps most, of you probably think we're

being too careful. But Ann and I have "underlying conditions," as the medical folks refer to such things as diabetes and asthma. We want desperately to celebrate Thanksgiving and Christmas with family this year.

But, unless there's a vaccine between now and then, we won't, for a very simple reason: We want to be around to celebrate those occasions next year and in years to come.

And as for Florida, it'll be there in 2022. A winter in Cumberland is just what the doctor ordered.

Larry Werner's email is lhwerner47@gmail.com.

Library will be closed Sat., October 17th

The Thomas St. Angelo Public Library of Cumberland will be closed Saturday, October 17, 2020 for building maintenance.

The book drop, online resources and Internet access from the parking lot will still be available. The Library will reopen on Monday, October 19. We are a fine free library.

Barronett News

By Judy Pieper

That was quite the thunderstorm we had on Sunday night/Monday morning, wasn't it? I wish I would have been at the tree house — the rain on the metal roof would have been wonderful. I really enjoy hearing the thunder and seeing the lightning flashes, as long as they are not too close.

Suzy and Ryan Lehmann, with the help of Miriah Lehmann and Jeremy Olson, were getting their soybeans harvested this past week, so I hope they finished before the rain came. Suzy said that she thought they would be finishing up this past weekend.

Jeannie Williamson had a wonderful time in Hugo, Minnesota on Saturday, October 5th. She traveled down to attend a third birthday party for her granddaughter, Alexi. Alexi had lots of presents to open and was thrilled with the entire event. Alexi's baby sister, two-week old Kyrie, was present at the party and got lots of cuddles from her grandma, but she was a tad young to take part in the other festivities. Just wait until next year!

Geri Pittman has had a lot of fun with the family the past couple weeks. On October 3rd she went hiking with Danny, Jess and Brooke at Willow River State Park over by Hudson. Geri said that she was very surprised that there were so many tent campers in the park because it was so cold that weekend. Tent campers must be a hardy lot. She said that the weather was great for hiking though, and that she had a great time.

Granddaughter Erica didn't join the family on their hiking trip because she was all worn out from marching with the Cumberland High School Marching Band at Endeavor Field the evening before. Erica plays trumpet in the band.

Then, this past Saturday, Geri went fishing on Horse-shoe Lake with Danny. They didn't have a lot of luck, Geri caught nothing, and Danny caught one bass. Well, one fish is not really enough to feed a family of four -- you know, Danny, Jess, Erica and Brooke — but it is plenty for one person. So Geri took it home, cleaned it and had it for supper. Even though they didn't catch many fish, Geri said she was so happy to be out on the lake again. It had been years since she had been fishing.

Oh, and speaking of Endeavor Field, we are so glad that the kids are allowed to play football this year. We haven't gone to the games because we are trying to stay healthy, but we are glad to see the reports of them in the Advocate. Last year we were there to cheer on the whole team, of course, but Riley Otto in particular.

And, last year we were at the volleyball games to cheer on Gabi Otto, but we haven't done that this year either. We will be so glad when there is finally a vaccine, or at least a reliable treatment, for this stupid virus so we can get back to doing the important things again.

Jay Olson and his brother-in-law, Willy, were up from Clinton, Missouri visiting this past week. They were here to visit family, but instead of staying at Jay's mom, Pat's, house, they stayed in the little hunting cabin Jay and Kenny Sparish built over by Hilltop. They had a wonderful visit but had to rush back to Clinton to watch Jay's son, Jace, and his team play the homecoming football game.

Has this been the worst year for political ads that you can remember? Duane had a great idea — He thinks that congress should pass a law stating that political

ads can only tell us what changes someone will make if he or she is elected, not what the other person is doing that is wrong or really stupid. We are so tired of the whole thing and will be glad when the election is finally over, and all the votes are counted. And I don't care who you vote for (of course, I hope you vote the same way I do, but that's beside the point) but please get out and vote. It's the only way we can hire or fire our representatives.

Lynn Thon had little visitors this past weekend. Kane and Pierce Thon stayed with her while their mom and dad, Kandice and Garrett, helped with some of the finishing touches that were needed at the new Oak View Adult Family Homes. Kane was especially glad that Tim Nickell and his grandson, George, were visiting with Lois Nickell because George is almost the same age as Kane and they can go down to the tree house and play together.

We are getting some new neighbors! Justin Nickell and Morgan LeVan will be moving into the new house that Tracy Thompson and Don Albee have been working on here in Barronett. The house is located on the former empty lot right across the alley from our place. There was a house and garage there before, but it had burned down about five years ago and has been deserted since that time. It looks so nice now, and we are happy that we will have another family here in Barronett.

Our sympathy goes out to the family of Mitch Plucar, who passed away on September 30th. Please remember Mitch's family in your prayers as they go through this time of sadness.

That's about all I know from Barronett this week. Stay safe — see you next time.

City Council Meeting...

the 2019 Unemployment Rate (Pre-Covid 19) was 3.5% in April of 2020 that rate shot to 15.8% and then started falling steadily and in August 2020 the rate had bounced back to 4.7%.

He also noted that there was a taxable sales decline in the hospitality industry of 34.4% from March 2019-March 2020. Restaurants and bars saw a decline of 31.2% and clothing stores declined 43% in the same time period. On the upside, Taxable sales in Grocery Stores increased 28.6% in the year.

BCED is working with five developers in Barron County on housing projects in Cumberland, Cameron, Rice Lake, Barron, and Turtle Lake - all under review.

Dave also reported that Fracking is basically a "dead" industry in Barron County. The outlook is poor for continued operations because Texas sand is selling at half the cost of Wisconsin sand and closer to the drilling operations so transportation costs are lower as well. Most Sand Companies in Barron County are shut-down or shipping processed sand only. Some are dismantling their processing plants.

The last project review was once again handled by Sean Lentz (by phone) and Jon Strand of CBS?. Jon

reported on the status of the Carlone and 14th Ave Project -Phase 1. This is the work being done behind Don Johnson Motors. Phase 1 involved the laying of sewer and utility lines and creating a roadway infrastructure. In the report, the need to amend the engineering contract to include an additional \$111,000 for improvements needs to the roadway subsurface to improve the stability. The change was needed as the ground surface had changed slightly since the original drilling tests were done and different materials were required to provide stability to the roadways.

After hearing the report, the council moved to approve the engineering contracts for the project in the amount of \$195,600.

Jon Strand then gave a look at options for Phase 2 of the project. Some of the plans include rebuilding Berdan from Industrial Park to Hwy. 63 to handle increased truck traffic; extending 14th Ave. S. to Berdan, and adding side roads and cul-de-sacs to allow for access to residential building sites. The council decided that there was more research and discussion needed before any further action could be taken on the project so the matter was tabled until a special council session tentatively sched-

uled for October 20th.

In other business, the council approved:

- Additional poll workers for the upcoming General Election;
- Authorized Mayor Bert Skinner as the Authorized Representative to sign things for the Safe Water Drinking Loan program that will help fund the Water/Arcade project.
- Awarded the project bid for Lift Station #4 to DeSantis Excavating & Underground Utilities in the amount of \$287,112.76.
- Approved a change order on the Water and Arcade Project from Haas not to exceed \$55,000.

The council then discussed possible options in regards to the property at 1480 Second Ave., which had been damaged in a fire earlier this year. The owner of the property has been issued the paperwork for a raze order but has not returned it. Apparently, despite being told the building cannot be salvaged by the building inspector, the owner feels he can still save the main structure by removing the top floor. The City will continue to work with the owner to get the situation resolved quickly.

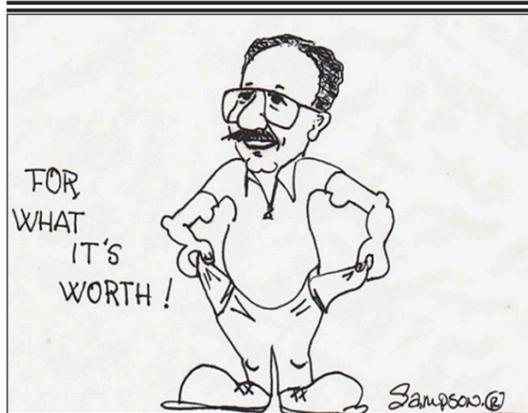

The next regular meeting is scheduled for Wednesday, November 4th (due to the General Election on the 3rd) at 7:00 p.m. at City Hall.

QUESTIONS ABOUT COVID-19?

DIAL 2-1-1

BARRON COUNTY DEPARTMENT OF HEALTH & HUMAN SERVICES

Opinion

By Craig Bucher

I am convinced the football Gods hate me and all Viking fans. How can the Purple have twice as many offensive plays as the Seahawks, have the ball twice as long as the Seahawks, and still lose? The Vikings demonstrated the unique ability to “snatch defeat from the jaws of victory” last Sunday evening. The team teased its fans for 59 minutes and 45 seconds only to lose on the last play of the game on a four yard touchdown pass. Just think Viking fans - two points in two games and the team is 3-2 rather than 1-4. See - that proves it - the football gods are against us. It is simply not fair!

-0-

On a more serious note, I have been watching the Supreme Court hearings that have been totally political. The Republicans have been rushing to get Amy Coney Barrett confirmed before the election and the Democrats who are powerless to prevent the confirmation are crying “foul.” How can we return to a time when the nominee is selected based on judicial qualifications without being grilled on political beliefs. Maybe the method of selection should be changed. Instead of the President making the selection, maybe an independent group should be charged with presenting a list of 5-9 names of highly qualified individuals to the President who will then submit one of these individuals to the Senate for confirmation. It might make the selection a bit less political. It is a lifetime appointment and should not be political. Maybe there is a better way to appoint judges to these positions.

SEE YOU NEXT WEEK!

LETTERS Editor

Pre-existing conditions

To the Editor:

Do you have a pre-existing health condition covered by insurance?

Diabetes, asthma, pregnancy, high blood pressure, high cholesterol, arthritis, cancer are just a few examples of pre-existing conditions. If the current nominee, Amy Coney Barrett, is confirmed to the U.S. Supreme Court and you have a pre-existing condition, you can kiss your health care goodbye.

Barrett has consistently voiced her opinion against the Affordable Care Act law - she has even openly criticized Chief Justice John Roberts' majority opinion which upheld the law in 2012.

The Affordable Care Act is the one law we have that protects people with pre-existing conditions and enables them to obtain and afford health care insurance. The U.S. Supreme Court will, once again, hear arguments challenging the Affordable Care Act on Nov. 10th, one week after the election and in the middle of a pandemic.

If the Affordable Care Act is struck down by the Supreme Court, and if you have a pre-existing condition, insurance companies could make you pay more for your coverage or simply deny you coverage altogether. There will be no more protections for pre-existing conditions. Even COVID-19 could be seen as a pre-existing condition by health insurance companies.

What can you do to protect your health care and your family? Contact your senators and demand that they oppose rushing through the confirmation of Amy Coney Barrett, and wait until after Inauguration Day to consider any nominee. On Tuesday, Nov 3rd make sure to vote for the candidates who truly care about you and your family - vote Democrat, vote Biden. Vote like your life depends on it because it does.

Innovation contest may confirm 'legend' of small business adaptability

By Tom Still

MADISON, WI: One of the oft-repeated generalizations about small business owners is their universal adaptability to change. Legend would have you believe that economic Darwinism is bred into every small business owner, making them genetically wired to come back from any adversity.

If only it was true. Small businesses fail all the time. It's not often because owners lack tenacity or a willingness to pivot, but they are nonetheless overcome by competition, troubles finding good workers, unseen regulations, bad locations, their own management woes and more.

These days, the “more” is the COVID-19 pandemic.

Owners of traditionally customer-facing businesses - restaurants, taverns, retail stores and personal care businesses - have found themselves with far fewer customers to physically face. The same goes for other sectors, even for many young firms in the tech-based economy, where surveys have shown pessimism about surviving three or six months from now if conditions don't improve.

The “We're All Innovating” contest sponsored by the Wisconsin Economic Development Corp. and produced with the help of the Wisconsin Technology Council is an attempt to improve those conditions by tapping into the legend - and the reality - of small business adaptability.

Facing a short deadline to creatively invest \$3 million in federal CARES Act money, leaders in WEDC asked whether a platform used by the Tech Council since 2004, the Governor's Business Plan Contest, could itself be adapted to accommodate a competitive process for distributing grants to innovative small businesses.

The answer was “yes” and the We're All Innovating Contest was born with a focus on three size categories: Five or fewer full-time equivalent employees, six to 20 FTEs and 21 to 50 FTEs. The sectors of competition were defined as technology innovation to address COVID-19 impacts on health; technology innovation to address COVID-19 impacts on businesses; and

service and business operation innovations to respond to COVID-19 disruption.

The contest was launched Sept. 29 at wisconsininnovates.com with an application deadline of 11:59 p.m., Sunday, Oct. 18. With \$3 million in prizes to be split among roughly 200 winners, the response has been strong around the state from small businesses that believe they have done things to adapt. Businesses in about 80 North American Industry Classification Systems (NAICS) codes may qualify, assuming the meet other upfront criteria listed through the application portal.

Independent judges, many of whom are veterans of the Governor's Business Plan Contest, will decide which entries show the most innovation, the most progress to date and the most promise. The process will conclude by mid-December, when awards must be made to the winners.

Sam Ridders, the deputy secretary of WEDC, said he views the contest as another way to assist small businesses during the COVID-19 epidemic - including

those that may be just starting out.

“We knew that if we didn't tend to the pipeline of new business development, of startups, of new ideas, that if and when ... we came out on the other side of this, and we haven't nurtured that pipeline, we would have done ourselves a disservice,” Ridders said.

The contest is not the only effort by WEDC to disperse federal CARES Act dollars. The agency distributed more than \$65 million in CARES funding to 26,000 businesses this summer in the form of \$2,500 grants. It also provided \$2.5 million to businesses owned by people of color in the Ethnic Minority Emergency Grant program and \$5 million to the state's smallest businesses through the Small Business 20/20 program.

No every small business owner is so adaptable that he or she can overcome any obstacle. With some timely help, however, many can improve their own odds.

Still is president of the Wisconsin Technology Council. The contest website is <https://wisconsininnovates.com/>

Don't get sold "a bill of goods"

To the Editor:

Think of a woman you care about. Your sister, daughter, granddaughter, cousin, niece, or friend. Imagine she has an unplanned pregnancy. It happens.

She's heard all the arguments and already knows where you stand on abortion. She's not going to come talk to you about it. She's going to make a decision, one way or the other, on her own.

Let's say she decides to end her pregnancy, for whatever reason. Ask yourself...

1) Would you rather she get mifepristone from a licensed pharmacist or a meth dealer?

2) Would you rather she go see a doctor or mutilate herself with a coat-hanger?

That's the problem with politicians and judges who promise to “end abortion.” They can't. All they can do is outlaw the safest methods of abortion, and force it underground.

By all means, pray for fewer abortions. We all want that. And thankfully, the abortion rate has been falling for almost 40 years, regardless of which party is in power.

But know that anybody who says “vote for me to end abortion” is selling you a bill of goods.

If your faith informs your vote, consider which party is most committed to feeding the poor, healing the sick, caring for the elderly, being good stewards of God's Creation, and showing compassion to the outcast. You know in your heart that Jesus Christ is more concerned about those things than whether millionaires get another tax break.

Daniel Agne
Rice Lake

Dear Readers

To the Editor:

“Fighting for families is something we can all agree on.” - John Ellenson

I'd like to bring your attention to a fine candidate we have running for the 75th Wisconsin Assembly District. John Ellenson is a breath of fresh air! Please look him up on his website www.teamellenson.com.

I grew up in Cumberland, as did my parents and grandparents and I was fortunate enough to have spent my 33 years teaching here. It has hurt to see the divisiveness that politics has sown in our beloved little town such as signs being stolen and friendships being tested. I think we are tired of extreme politics, and those that would promote anger, lies, and hatred.

John took the time recently to come to Cumberland and listen to people speak about their concerns. We were all so pleased to have someone who knows the area, knows our issues, and is ready to work for all of us!

Do you know that the Wisconsin Legislature has been the least active full-time state legislative body in the country since this spring? They haven't convened since mid-April. How can they help us to get through this difficult year if they won't even meet?

John wants to get to work, he would bring the same cooperative Wisconsin hard-working attitude that Mary Hubler did from 1984 to 2010. We all remember those years, when we knew we had a friend looking out for us in Madison! He is ready to do the job, he is honest, hard

working, and has a history of success.

Ellenson is a leader who would bring kind and hard-working values to Madison. He would fight for education for our bright future, quality healthcare for all, affordable housing, good paying jobs, and he's fighting to protect our environment and improve our roads and broadband.

His opponent on the other hand would bring more of the divisiveness that we are all so tired of. David Armstrong's greatest claim to fame is the headline, “GOP assembly candidate Dave Armstrong's disturbing history of white supremacy.”

“Earlier this week, it was reported that Dave Armstrong, the Republican candidate for the 75th Assembly District, has shared a litany of disturbing and racist content on his personal social media accounts. One such video features former Ku Klux Klan Grand Wizard David Duke. This report comes only one week after The Associated Press revealed Armstrong's history of promoting baseless QAnon conspiracy theories on various social media platforms. Since the story was published, Armstrong has hidden his profile from public view, which contains years of obscene posts.” (This is from wispolitics.com and Associated Press)

Let's get back to electing representatives that support our local farmers, schools, factories and towns. Let's say no to those that would divide us and YES to John Ellenson!

Thank you,
Chris Hopkins Hile

Dave Armstrong deserves your support

To the Editor:

The Board of Directors of Barron County Economic Development Corporation have been shocked to see the way our Executive Director, Dave Armstrong, has been characterized in the media over the last two weeks. Mr. Armstrong has demonstrated over the past 8 years as our Executive Director that he is eager to work with anyone who requests service from the Economic Development Corporation.

He has demonstrated this by working with the local Somali community in Barron County assisting them to start businesses, apply for Covid 19 relief money and for additional housing. This is further demonstrated by his work in welcoming Filipino immigrants to the area to build an even stronger, more diverse workforce. He continues to work with all races, classes and religions of people on numerous housing, worker training, transportation and other related projects. He works with many charitable organizations, including Benjamin's House and Habitat for Humanity to identify and encourage the creation of additional transitional housing and more affordable housing.

Mr. Armstrong's actions as the Executive Director of BCEDC has been a very positive one for Barron County, our Cities and Village partners, businesses, and residents. Mr. Armstrong has proven to all our Board, the County and our

Richard J. Wendt, 40, of New Auburn, has been charged with battery, domestic abuse, and disorderly conduct. His court hearing is scheduled for December 9, 2020.

Anthony D. Phernetton, 30, of Minneapolis, MN., has been charged with OWI, operating with PAC, disorderly conduct and domestic abuse. His preliminary hearing is scheduled for October 15, 2020.

Joshua L. Lisiecki, 36, of Chippewa Falls, has been charged with operating while revoked, and possession of THC. His initial appearance is scheduled for October 14, 2020.

Kevin R. Loenser, 54, of Clear Lake, has been charged with OWI. His preliminary hearing is scheduled for October 23, 2020.

Drewell C. Mitchell, 22, of Rice Lake, has been charged with violating the no alcohol condition of bond in Barron County. His court hearing is scheduled for December 11, 2020.

Joey D. Illa, 22, of Rice Lake, has been charged with violating the no alcohol provision of the bail/bond in Barron County. His initial appearance is scheduled for November 18, 2020.

Shaye D. Strenke, 28, of Rice Lake, has been charged with possession of methamphetamine, possession of drug paraphernalia, and violating the bond condition to not commit a new crime in Barron County. His preliminary hearing is scheduled for October 16, 2020.

Gary L. Bronstad, 24, of Cumberland, has been charged with disorderly conduct, violating the provi-

sion of the bail/bond in Barron County which prohibits consumption or possession of alcoholic beverages, and violating the provision of the bail/bond in Barron County which prohibits entry onto any premises where alcoholic beverages are sold. His initial appearance is scheduled for October 14, 2020.

Marty A. Nichols, 52, of Cameron, has been charged with possession of methamphetamine, carrying a concealed knife, and not to commit new crimes in violation of bonds in Barron County. His preliminary hearing is scheduled for October 16, 2020.

Robert C. Cree, 47, of Chetek, has been charged with not to utilize or be on Facebook in violation of bond in Barron County. His initial appearance was scheduled for October 7, 2020.

Christian X. Weast, 24, of Cameron, has been charged with violating the no contact with a subject in violation of bond in Barron County, and disorderly conduct. His preliminary hearing is scheduled for October 15, 2020.

Jesse R. Barthel, 24, of Cumberland, has been charged with disorderly conduct, domestic abuse, negligent handling of burning material, and obstructing an officer.

Officer Strenke, with the Cumberland Police Department, reports on September 24, at approximately 1:06 a.m., he responded to a residence located in Cumberland, for a report of a domestic incident. Officer Strenke reports he is familiar with that residence, having responded in the past to domestic calls.

Upon arrival, Officer Strenke reports that he and Officer Feiertag, with the Cumberland Police Department, made contact with a subject who gave a quick summary of the events that had occurred, stating that Barthel had been drinking most of the day and got loud and disorderly as the evening went on. The subject stated Barthel made loud, insulting, sexual comments to her. The subject stated Barthel grabbed a large knife and at one point held it up to his throat.

Officer Strenke reports he observed Barthel standing in the interior doorway into the home from where Officer Strenke was standing outside of the garage. The garage door was open. Officer Strenke yelled Barthel's name. Barthel immediately went into the residence closing the door behind him. A short time later, the subject yelled from where she was standing at the corner of the home that Barthel was running on foot

through the back yard. Officer Strenke reports he and Officer Feiertag went around to the back yard, but did not see Barthel. Officer Strenke and Officer Feiertag checked the backyard and wood line, as well as the residence to the south, but did not locate Barthel.

Officer Strenke reports he then returned to the residence and spoke with the female subject about what happened. The female stated she came home on September 23, around 2:00 p.m. Barthel was drinking. The female subject, and her children left the residence for a while in order to give Barthel some space. They later returned and everything seemed to be okay. However, after they returned, Barthel started to become agitated and would constantly walk back and forth from the house to the garage blaring his music. The female stated that she and Barthel got into a verbal argument about their relationship. Barthel was being loud and using profanity during the argument.

The female stated she and Barthel got into an argument over the keys to her car. The female refused to give Barthel the keys, but Barthel persisted on getting them and would not take "no" for an answer. The female stated that, after their argument about the keys, Barthel started to yell vulgar and profane comments outside. The female stated Barthel made vulgar sexual comments and called her names. The female stated she was getting tired of Barthel's behavior and went downstairs to try and sleep because she had to go to work soon.

The female stated that, while she was trying to sleep with the one-year-old, Barthel came downstairs to try and get her keys from her. The female stated this happened multiple times. On one of the occasions when Barthel attempted to get her keys, the female stated Barthel started to feel around her body for them and escalated to them wrestling. The female stated she had to push Barthel off of her to get him to stop.

The female stated that, as the night went on, Barthel was getting louder. The female stated she smelled propane gas throughout the house and went to see what was going on in the garage. Barthel had a grill going and had burned his tool stand. The female observed the garage was in disarray from Barthel throwing toys and dumping totes of items. The female stated that while sitting upstairs, Barthel grabbed a large knife and walked back out into the

garage. Barthel came back inside and held the knife to his throat. The female stated Barthel became upset when she tried recording him on her phone. Barthel threw a pack of wipes at her and later said to her, "You're trying to record me, good luck, I'll kill you." It was then that the female stated her 17 year old daughter called 911.

Officer Strenke reports that, approximately 10 minutes after clearing the residence, Barthel returned and tried to get into the house. Barthel again fled from the scene by the time Officer Strenke and Officer Feiertag returned. Barthel remains at large.

If convicted for disorderly conduct, and domestic abuse, Barthel may be fined not more than \$1,000 or imprisoned not more than 90 days or both. For negligent handling of burning material, he may be fined not more than \$10,000 or imprisoned not more than nine months or both. For obstructing an officer, he may be fined not more than \$10,000 or imprisoned not more than nine months or both. He has an arrest warrant issued.

Shell Lake Woman Convicted on 7th OWI

Tracie Masuca of Shell Lake has been sentenced for her 7th OWI.

The Wisconsin State Patrol published a news release back in May of 2020, regarding Masuca's arrest for her OWI.

The news release stated that on May 7, 2020, a State Trooper stopped to assist a disabled vehicle on Interstate 94 in Jackson County and the driver of the vehicle was identified as Masuca, 49, from Shell Lake. A field sobriety test was conducted, and Masuca was taken into custody for operating while intoxicated.

Masuca's hearing was on October 1st, and the court ordered a six year sentence, three years of initial confinement in state prison to be followed by three years of extended supervision.

Masuca was ordered to undergo an alcohol and other drug assessment, follow through with recommended treatment, and maintain absolute sobriety.

Cumberland Football Team Defeats Bloomer 42-14; Host Northwestern Friday

The Cumberland Football Team used a three touchdown second quarter, to pull away to a 42-14 victory over the Bloomer Blackhawks last Friday night in Bloomer. The victory gives the Beavers a 3-0 record as they ready to host the undefeated Northwestern Tigers next Friday night, in a huge contest for both teams.

"We battled a lot of adversity throughout the night, whether it was cramping or penalties. We stayed together, however, and continued to battle. This was truly a team effort as we played fast and physical on defense and special teams, while our offense continued to find ways to make big plays," said Coach Corey Berghammer.

It was another big offensive night for the Beavers, who are averaging 49.3 points per game this fall. Quarterback Maddux Allen was outstanding once again, as he completed 25 of 30 passes for 334 yards and three scores. For the season, Allen has passed for 677 yards and 10 scores.

Allen's two biggest targets were once again Jack Martens and DaShaun Ames. Martens caught 12 balls for 105 yards, while Ames caught nine balls for 107 yards and a touchdown. Allen's big night included hitting five different receivers, with Riley Otto and Gavin Jarchow each adding touchdown catches. Travis Runberg, meanwhile, had two receptions for 67 yards.

Through the first three games, Martens has 25 receptions for 340 yards, while Ames has 14 recep-

The Beavers also showed a strong ground game on Friday. Sam Schrastle had a strong night with 124 yards in only 12 carries. This included two touchdown runs. Riley Otto added 39 yards in eight attempts as the Beavers averaged over seven yards an attempt.

Despite these strong offensive statistics, Coach Berghammer felt it was a defensive touchdown that might have been the biggest single play of the night. With the game still close, Issac Runstrom picked up a fumble late in quarter two, taking it in for six points. "That defensive play by Runstrom was a huge momentum builder for us," added Berghammer.

The Beavers now prepare to take on Northwestern, who comes into the contest with a similar record. The Tigers are coming off consecutive HON Titles and will challenge the Beavers with their strong running attack. Largely one dimensional to date, on the season Northwestern has only passed for 29 yards, while attempting only four passes in the three games.

Northwestern is coming off a tough 10-6 win over St. Croix Falls, a team that dropped a close 34-28 contest to Bloomer in the season's first game. Their hopes against the Beavers are to play a ball control offense keeping the ball away from the explosive Cumberland attack.

Cumberland was ranked 5th in the State in Division Five in last weeks State Poll, while Northwestern was ranked 8th in Division four. Game time at Endeavor Stadium is 7:00 pm.

Maddux Allen has been nominated for Wisconsin Athlete of the Week after completing 25 of 30 passes for 334 yards and 3 touchdowns Friday night in Bloomer. Go to Wissports.net/. Next click on SportsEngine.com athlete of the Week and vote for Maddux. Voting closes at 4pm Thursday. Good luck and congratulations Maddux. Photo by Kristin Nyhus

Volleyball Season Continues; Tournaments Open Tuesday

The Cumberland Volleyball Team continued play last week as the team defeated Spooner 25-20, 25-21, and 25-17. St. Croix Falls proved to be too tough, however, winning three straight games, 25-16, 25-20, and 25-13. The team is currently in 5th place going into the seasons final two matches.

The regular season comes to an end this week with the team hosting Barron this Thursday to conclude the regular season. WIAA Tournament play begins next Tuesday with the

schedule not yet announced. Cumberland defeated Spooner 25-20, 25-21, and 25-17. St. Croix Falls proved to be too tough, however, winning three straight games, 25-16, 25-20, and 25-13. The team is currently in 5th place going into the seasons final two matches.

Cumberland/Turtle Lake Cross Country Team Runs at St. Croix Falls and Cameron

The Cumberland/Turtle Lake Cross Country Team ran at St. Croix Falls last Tuesday and Cameron last Thursday as their regular season came to an end. The team is now preparing for WIAA Sectionals following the HON Conference Meet which was run Tuesday in Spooner. The D2 Sectional will be held at Amery next Tuesday, with competition starting at 4:15 p.m.

The second place runner. Cumberland/Turtle Lake's Lexi Tshirhart finished in 20th place with a run of 25:03, just ahead of teammate Val Pasko who finished 21st with a 25:04. Freshman Jasmine Woodley finished 26th with a 25:40.

At St. Croix Falls, the Cumberland/Turtle Lake Girl's team finished fifth, behind the winning Barron Bears team. Barron sophomore Fran Peterson was medalist with a winning time of 19:16. She was almost two minutes ahead of

St. Croix Falls won the three-team boy's competition as Marcus Peterson of Barron posted the best time with a 17:08. Cumberland/Turtle Lake's lone runner was Wayne Ankarlo, who was 14th overall with a 21:33. The Meet at Cameron was hand timed as Ankarlo finished 8th and Pasko 7th overall in the run.

Middle School Football Scrimmages Grantsburg

The Cumberland Seventh and Eighth Grade Football Teams held a scrimmage against Grantsburg last Thursday night, as Coach Bill McCreary was happy with what he saw. The team is back in action this coming Thursday, when they travel to Hayward.

front. On defense, Carson Catlin, Ian Sellent, Max Peterson, Jared Olson and Majewski were among those having strong nights. The eighth grade was unable to score, but Coach McCreary said, "Sloan McCreary ran well, Gavin Gores and Uriah Johnson played well at receiver, and Reagan Cleveland and Ty Kiehofer showed some real potential up front."

The Seventh Grade outscored Grantsburg two to one in their scrimmage. Grayson Baxter and Troy Majewski did the scoring honors, while Calvin Cunningham, Juan Trevino and John Nelson were credited with fine performances up

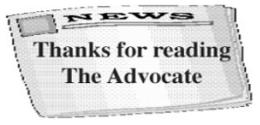

Defensively, Derrick Gideo had several tackles for loss, while DauTre Allen had a sack.

Anderson's Season Ends at Sectionals

The fine season of Senior Alleah Anderson came to an end last week at the WIAA Sectional Golf Tournament at Turtleback Golf Course in Rice Lake. "Alleah had a very good year, being named All-Conference and qualifying for Sectionals. She should be very proud of her season," said Coach Tom Hullander.

Prescott won the Team Sectionals, putting three golfers in the top five finishers. The team shot a 349, easily outdistancing second place finisher St. Croix Central, who shot a 371. Sophomore Ava Salay of the Cardinals was the days Medalist with an 81.

"It was a nice day, with very fast greens. Jackie Wallin of Ladysmith, the HON's Player of the Year, qualified for State, by shooting a 92," added Hullander.

Amie West (right) sets for Megan Muench last Thursday night vs St. Croix Falls.

Woodies on the Manitowish

Hello friends,
This fall, Wisconsin had a northern duck hunting opener which started on September 26, and the southern opener which began the following weekend. This week I am writing about a canoe camping and duck hunting trip that I did on the Bear and Manitowish Rivers, which feed into the Turtle Flambeau Flowage in Iron County.

Friday, September 25th
High 66, low 44
As is always the case I was fighting the sun clock when I unloaded my truck and loaded my 18-foot, extra heavy, freighter canoe. I used this rig which about kills me when loading it on my truck because it can handle a lot of gear.

Another noteworthy topic is that I left my 4-year-old golden retriever "Ruby" home and would just use her mother "Fire" who is ten next month. Fire is very kind and not 100-percent into getting wet anymore but never ignores a command and I knew she would love this warm weather/water hunt.

I have been up this river before on bow hunts and knew right where to set up camp, and had one other issue, and that was a solid rain was supposed to start any minute.

First, I built camp and then I went scouting and there was a heck of a lot of wood duck. As soon as I got back to camp a powerful storm began that would last for several hours.

Saturday, September 26th
High 64, low 45
The first hunter that was in a flat bottom boat that was pushed by a mud motor went by my camp at 1:00 a.m., and I knew I had to get moving if I wanted the spot I chose the night before. After a short canoe trip, I was standing in chest waders in the marsh and would wait until the season opened five hours later. I might add, there was a lot of hunters and many were hoping to get the spot that Fire and I were occupying. So legal shooting begins, and my goal is to only shoot drake wood ducks for my 3 wood duck limit,

no hens. There is a dense fog and so I must wait 20 minutes before I fired my first shot. I was pleasantly surprised when I dropped my quarry and Fire did an excellent retrieve, as far as I was concerned the trip was a success.

Long story short, over the course of the day I dropped the only four ducks I shot at. Fire retrieved every one of them and we had to quit hunting 90 minutes before dark due a crazy, violent storm that made the half mile paddle back to camp a why the heck did I wait this long to paddle back to camp adventure?

Sunday, September 27th
High 69, low 50

I had a heck of a night last night as the storm was violent and my tent leaked really bad. I was laying on a foam pad and had to put all of my extra clothes around the pad as the floor of my tent became a lake. Also, my chest waders leaked but I had a 45-gallon trash bag in each leg which really helped.

Once again, I was up by 1:00 and loving life and once again the birds were flying. I dropped the first three that I shot at and Fire retrieved every one. After that I did some missing and finished the morning with a drake wood duck which just about crashed into us, so Fire did not have to do a retrieve.

This trip bought new life into Fire, for years she was letting Ruby do all the fetching and it was very cool to watch her thoroughly enjoy being a solid hunting dog again.

When we made it back to the landing an Iron County a police officer met me at my canoe and had some bad news. I was told that several vehicles had windows smashed and items stolen. I have been living on the financial edge as well as time edge for a while and thought, this sucks!

Upon inspecting my truck nothing was broken or missing, and I was very happy that this redneck was spared!

The wood stove felt extra special when I made it home! **Sunset**

It is not as easy for a ten year old dog to get in a canoe as it was a few years back.

Fire thoroughly enjoyed fetching these woodies!

Nice Win!

Ryan Lundmark works to move around a Hayward defender last Thursday at Endeavor Field. The Beavers won 1-0. Photo by Kristin Nyhus.

Cumberland Soccer Team Defeats Hayward; Tournaments to Start Soon

The Cumberland Soccer Team defeated Hayward 1-0 last week, while playing a partial contest against Unity/St. Croix Falls that was weather delayed with the two teams tied at 1-1. The game will be concluded this Saturday at Unity High School.

Last Thursday the Beavers hosted the Hayward Hurricanes in a game dominated by strong defensive play.

“We got off 31 shots, including 12 on goal, before we got the only score of the night,” said Coach BJ Brenna. That score came from Senior Tanner Johnson, who received assists from fellow Seniors Ben Anderson and Chase Lussier. The Hurricanes only had only saved by winning goal keeper, Matthew Friess.

“This was a battle. Hayward made it difficult to get clean shots and when we did, their keeper made some really nice plays. We finally wore them down enough to get the victory. It only takes one sometimes and that was the case tonight. The team is possessing the ball well and playing as a team. This was perhaps our best match for passing and combination play,” said Coach Brenna. The match against Unity/St. Croix Falls was tied at 1-1 before being delayed due to weather. This week the Beavers hosted Spooner-Shell Lake on Tuesday, Ashland on Thursday, and then travel to Unity on Saturday, before starting the WIAA tournament season next week. The Beavers open up the D3 WIAA Tournament with a home contest against La Crosse Aquinas on Thursday, October 22 at 4:00 pm

*Awarded to anyone who selects all correct winners in a week.

Prizes awarded are "Football Bucks" and can be used the same as cash at participating businesses.

MUST BE USED BY MARCH 1, 2021

OBITUARIES

Kathleen J. Straw
Kathleen J. Straw, 80, of Cumberland died, October 2, 2020, at her home. She was born November 12, 1939, in Ladysmith to Edmund and Alice (Swartwart) Ducommun.

She moved from Ladysmith to the Madison area in 1958 and worked various jobs including working at Webcrafters, selling Tupperware, house cleaning, and lawn mowing for elderly individuals.

After her divorce from Harvey Smith, she moved to Barronett where she met and married Edwin (Corky) Straw on July 2, 2000.

Kathleen was always ready for an adventure to travel to known and unknown destinations taking her kids, Corky, niece Sherri Fuchs, nephew Jerry Ducommun, friends

Pat Sweet and Joanne Richardson along for the eventful journey. She was most proud of being a grandma and thoroughly enjoyed time spent with them.

She is survived by daughters: Joyce (Bill) Wallace, Terri (Dan) Lobner, and Christine (fiancé Dennis Lederman) Boreen; step-sons: Marvin (Mandy) Straw, and Victor (Gina) Straw; step-daughter Charlie (Allen) Hopkins; grandchildren: Allison and Jake Boreen, Morgan and Marshall Straw, Tia Campbell, Brooklyn Straw, and Gabe and Brody Hopkins; numerous nieces, nephews, and friends.

Kathleen was preceded in death by her husband, Corky; parents, Edmund and Alice Ducommun; brothers: Orval, Dale, Emil, and Vernon Ducommun, and sisters: Jessie Lozowski, and Faye Parker.

In honoring Kathleen's request, no services will be held.

Michelle L. Bearhart
Biidae-bwewaa-da-muu-kwe

Michelle Lana (Biidae-bwewaa-da-muu-kwe) Bearhart, 51, of Maple Plain died Friday, October 9, 2020 at her home. She was born September 18, 1969 in Cumberland to Johnny and Grace (Merrill) Bearhart.

She is survived by her daughter, Tasia Lemieux; son, Justin Lemieux; twin brother, Michael Bearhart; sister, Jeanne Awonohopay; half brother, BahWahSung; nieces, nephews, cousins, and many other relatives and friends. She was preceded in death by her son, Robert Lemieux III; parents, Johnny Sr. and Grace Bearhart; brothers: Louis Bearheart, Curtis Bearhart, and Johnny Jr.; and baby boy Bearhart.

Funeral services were held on Sunday, October 11,

2020 at Maple Plain Tribal Center with Vince Merrill officiating. Burial was in Maple Plain Reservation Cemetery. Pallbearers were Isaac Merrill, Tyrone Awonohopay, Trevor Treacy-Lugo, Colten Begay, Nick Bearhart, and Elijah Eagleman. Honorary pallbearers are Anthony Awonohopay Jr., Charles Sam, Michael Bearhart, Lori Funmaker, Robert Lemieux Jr., Aimee Whitebear, and Amanda Awonohopay.

A Feast was held Saturday, October 10, 2020 at the Maple Plain Community Center.

Skinner Funeral Home of Cumberland is serving the family.

Church Directory

Knowing God

By: *Pastor Preston Paul*
St. Matthews Lutheran Church, Almena

"Let me hear...what God the LORD will speak..."

Psalm 85:8

If you believe that God created all things, or at least is the architect, then you are able to look at nature and deduce a few things about God. "He who planted the ear, does he not hear? He who formed the eye, does he not see? (Psalm 94:9). It is logical that the one who poked a hole in each side of your head (ears)...hears. Obviously, the one who thought it good to create eyes...sees.

The fact that you have ears must mean God desired you to hear something—the sounds of nature no doubt, but also sounds from Him, His mouth (he gave you one of those too). Receiving Words of God must be the primary and most important purpose of your ears. How else would you know Him more fully and completely? We can infer a few things about God from His creation. But there is much more to an architect and carpenter than the houses they design and build

There is much more to know about God than can be reasoned from nature. And there is also the possibility that what you may glean from nature about God is wrong. Humans regularly presume wrong things about other humans. Surely, you are capable of doing the same with your assumptions and feelings about God.

God has revealed who He is in the Bible. He shows His personality to you with words, words for your ears. The Bible is "God breathed," words from His mouth. Christians fill their ears with God's Word. (The dear "hear" through eyes or fingers if they are blind).

Christians guard themselves from "contracting" itchy ears.... For the time is coming when people will not endure sound teaching, but having itching ears they will accumulate for themselves teachers to suit their own passions, and will turn away from listening to the truth and wander off into myths" (2 Timothy 4:3-4). The Bible is the Word of God for your ears! May God lead you to a congregation, if you haven't one already, where your ears are filled with God's Word that you may have life and know the joy of Jesus.

ADVERTISEMENT FOR BIDS

Sewage Lift Station No. 5 Modifications - CDBG
Cumberland, Wisconsin

CDBG Project Number: CDBG-PF 19-10

Bid Opening: 2:00 p.m. (CDT), Thursday, October 29, 2020

The City of Cumberland hereinafter referred to as the Owner, will receive and accept bids ONLY through QuestCDN.com via the online electronic bid service for the construction of Sewage Lift Station No. 5 Modifications - CDBG until 2:00 (p.m.) (CDT), Thursday, October 29, 2020. All bids will be downloaded and publicly read aloud at CBS Squared, Inc., 770 Technology Way, Suite 1A, Chippewa Falls, WI 54729, at that time.

The project entails the furnishing of all labor and material for the rehabilitation of a sewage lift station. Major components of the Work include: Demolition of one existing lift station building, reuse of existing wet well, installation of an above grade valve package with enclosure, automatic transfer switch, pump control panel, engine generator, fenced enclosure for lift station and generator, site restoration, and associated work.

Bids will be received for a single prime Contract. Bids shall be on a unit price basis as indicated in the Bid Form.

Bids shall be on the forms provided for that purpose and per the Contract Documents prepared by CBS Squared Inc. identified as "Sewage Lift Station No. 5 Modifications - CDBG".

The Issuing Office for the Bidding Documents is: CBS Squared, Inc. located at 770 Technology Way, Chippewa Falls, WI 54729. Contact person is: Jeff Wolford, 920-621-0296, jwolford@cbssquaredinc.com.

Digital image copies of the Bidding Documents are available at <http://www.cbssquaredinc.com> for a fee of \$45. Documents may be downloaded by first selecting BIDDING from the menu tab, then selecting this project from the CBS SQUARED CURRENT BID INFORMATION link and by entering eBidDoc™ Number 7360781 on the SEARCH PROJECTS page. For assistance and free membership registration, contact QuestCDN at 952.233.1632 or info@questcdn.com.

No proposal will be accepted unless accompanied by a certified check or bid bond equal to at least 5% of the amount bid, payable to the Owner as a guarantee that, if the bid is accepted, the bidder will execute and file the proper contract and bond within 15 days after the award of the contract. Bidder is required to deliver the original certified check or bid bond within 72 hours of the bid opening to CBS Squared, Inc., ATTN: Kristi Lentz, 770 Technology Way, Suite 1A, Chippewa Falls, WI 54729. The certified check or bid bond will be returned to the bidder as soon as the contract is signed, and if after 15 days the bidder shall fail to do so, the certified check or bid bond shall be forfeited to the Owner as liquidated damages.

The City of Cumberland reserves the right to retain the deposits of the two (2) lowest bidders for a period not to exceed 30 days after the date and time set for the opening of bids. No bids may be withdrawn for a period of 30 days after the date and time set for the opening of bids.

Bidders must submit a Bidders Proof of Responsibility to Issuing Office in accordance with the Instructions to Bidders.

Bidders will be required to provide performance and payment bonds of 100 percent of bid amount.

This Contract is expected to be funded in part with funds provided by the United States Department of Agriculture, Rural Utilities Service (RUS) and the Wisconsin Department of Administration, Division of Energy, Housing and Community Resources, Community Development Block Grant-Public Facilities (CDBG-PF). Information on applicable federal requirements is contained in the Project Manual. Project is dependent upon review and receipt of approval of the CDBG-PF Environmental Review.

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All listed iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials. The de minimis and minor components waiver (TBD) apply to this contract.

Contractors on the Project shall be required to comply with Section 66.0903 of the Wisconsin Statutes pertaining to municipal wage scales and the Federal Davis-Bacon wage rates.

Attention of bidders is particularly called to the requirements as conditions of employment to be observed and minimum wage rates to be paid under contract, Section 3 Segregated Facility, Section 109 and E.O. 11246. The Owner encourages DBEs, MBEs, WBEs, and SBRA's to submit Bid proposals.

Equal Opportunity and Affirmative Action requirements apply to this Project.

The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specification" included in the specifications. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Goals for minority participation for each trade = 0.6% (Barron County)

Goals for female participation in each trade = 6.9 %

The City of Cumberland reserves the right to reject all bids, without cause, and accept the bid that is in the best interest of the City of Cumberland.

Mayo closing to visitors...

other devices."

Exceptions to this policy for inpatient care include one visitor for pediatric and end-of-life patients, as well as for the birth of a child. One visitor will be allowed for Emergency Department patients, and one visitor will be allowed for outpatient care if the patient has a physical or cognitive impairment, or is a minor. This policy will remain in place

until further notice.

All patients, visitors and staff must wear a cloth face covering or face mask, per Centers for Disease Control and Prevention guidance. Visitors should bring their own face mask or covering to wear while at a Mayo facility. If you do not have a face mask, one will be provided by Mayo Clinic Health System.

LETTERS Editor

Donald Trump does not deserve your vote

To the Editor and Northern Wisconsin voters:

My name is Tom, and my family bought land in northern Wisconsin in 1896. For the first 20 years of my life, I spent every summer here and noticed two things over and over again about the people in this area. Those two things are honesty and hard work.

I now live on the west coast where I am a practicing clinical psychologist. Most of my career has been spent in the psychological screening and evaluation of state Peace Officers (game

wardens, highway patrol, correctional officers, etc.).

In my work, we assess character traits. We look at integrity, respect for authority, judgment, the capacity to work in a team, and the ability to bring calm to a conflict situation. In each of these evaluations, of which I have done over 4,000, we do an exhaustive background check, run a battery of psychological tests. We then interview with each candidate face to face for an hour.

Of the traits mentioned above, Donald Trump has none. His honesty and his ca-

capacity to truly respect authority are seriously impaired. When it comes to understanding authority, the central thought pattern in Trump (and those like him) is "the rules that apply to other people don't apply to me."

The other glaring issue is his inability to accept responsibility or blame. Every time something negative happens, it is always someone else's fault. My training tells me that these traits are lifelong and will never change.

I'm not a politician or lobbyist or union organizer

or anything like that. I am simply someone who understands the integrity and dignity of the local people as they live their daily lives.

The issues of integrity, humility and honesty are the basis of this letter.

This has nothing to do with Joe Biden. If you don't like Joe, don't vote for him.

The the main message is: you have more integrity than Donald Trump every day of the week and twice on Sundays, he does not deserve your vote.

Thomas McCord, PhD
Berkeley, CA

What does that make Kamala Harris?

To the Editor:

Kamala Harris was selected to run for Vice President with Joe Biden because she was a black woman. It was believed that this move would encourage the black vote for Biden.

Blacks are too smart to fall for this ploy. Black voters are well aware that Kamala Harris, while Attorney General for California, argued against the release of nonviolent criminals be-

cause they wanted to keep them for cheap labor. Harris took this stand despite a 2011 Supreme Court decision that California's prison overcrowding was in violation of the Constitution's cruel and unusual punishment clause.

According to a February 11, 2019 issue of the Washington Examiner, Attorney General lawyers for Harris argued that early release would harm the prison's

labor program which included its work program to help fight California's wildfires. This stand was taken despite another ruling in 2014 by a three-judge panel which stated that overcrowding persisted in California prisons and that the Constitutional rights of the prisoners were being violated.

According to Dictionary.com, the definition of slavery is: bondage, the keeping

of slaves as a practice or institution, a state of subjugation, toil, drudgery.

So, Kamala Harris took a group of people who were in chains and subjugated them to serve a longer sentence than they needed so that they had to toil against their will for room, board, and hardly any pocket money. What does that make Kamala Harris?

Karen Schroeder
Rice Lake

MASKS: Do This, Not That

Help slow the spread and wear a mask - the right way.

Whether you're getting groceries or stopping by the pharmacy, it's a good idea to wear a cloth face covering or mask. Like social distancing, they help us protect each other from coronavirus disease 2019 (COVID-19) in public places.

DO	DON'T
cover your mouth and nose with the mask	pull it down until you're away from others
make sure the mask fits snugly against the sides of your face	wear it so loose it falls, or so tight it's uncomfortable
tie or hook the mask to your ears	hold it to your face with your hands
include more than one layer of fabric	make the mask so thick it's hard to breathe
use a fabric that can be easily washed and dried	use masks healthcare providers need (the surgical mask)

As you adapt to the new normal, you're not alone. We're here for you no matter what time it is. Keep up with the latest care advice at AtriumHealth.org/Coronavirus.

DNR - Wisconsin Walleye Management Plan Virtual Meeting

The department will begin updating Wisconsin's Walleye Management Plan through regional public meetings and surveys. The meeting for Barron, Burnett, Washburn, Sawyer, Polk, and Rusk counties is scheduled for Tuesday, October 20th at 6:30 p.m. The updating process will include a review of the existing plan, an analysis of available data and trends and significant public input on angling and management preferences. Individuals from Barron, Burnett, Washburn, Sawyer, Polk, and Rusk counties who would like to participate in this virtual public meeting should contact Max Wolter at Max.Wolter@wisconsin.gov or 715-634-7429. Pre-registration is required.

COVID crisis dims Northern Lights Marching Classic

If there is one activity tailor made for social distancing, it is Marching Band. The very nature of their performances require proper spacing be maintained at all times, so they have this down!

That is one of the reasons the CHS Marching Band was able to begin rehearsing this summer under strict COVID guidelines. The kids worked hard all Summer in hopes of a field show season in the Fall.

Unfortunately, their hopes were dashed when WSMA called off the State show for this year. All the local field shows were cancelled as well.

Tabling the elaborate field show planned for this year, Band Director Dan Hopkins decided to re-vamp a previous year's show "Rockin' Hard" into a trimmed down COVID edition. This years show, "Still Rockin'" features three classic rock tunes "She's Not There," "Beth," and "Aquarius/Let the Sun Shine" from the musical "Hair." The show debuted at the Homecoming Game on October 2nd.

Recently, the school administration and music department put their heads

together, and using the COVID guidelines, came up with a plan to host the Northern Lights Marching Classic - COVID Edition. The event will be held at Endeavor Stadium on Saturday October 17th. Unfortunately, the Classic will not be able to be open to the general public. Instead, each band member (home and visiting) will receive two free tickets to give to spectators. There will be no tickets sold at the gate, but free will donations will be accepted.

Other rules include:

- Face coverings are required by all audience members.
- There will not be an entry fee for bands.
- Visiting bands will wear face covers at all times except when performing.
- Band Students can only observe from the end zones and grassy areas around the stadium.
- Visiting bands will have their own warm-up area and their own portable toilets. No sharing.
- Visiting bands will be provided with a guide.
- Concessions will not be available.
- In case of inclement

weather, the event will be cancelled.

• There will be two adjudicators and one announcer in the press box. This is a non-competitive event, but all students/staff will still get feedback from professionals.

• There will not be printed programs.

• Each band will have the opportunity to view two shows from the end zones.

The performance order for the show is: Portage, Merrill, Baldwin-Woodville, Hudson, and Cumberland.

The music staff have worked hard to continue to provide an outstanding music program for the students while working under the disadvantages imposed by the COVID situation. The students, however, are the ones who have really found a way to overcome adversity and have created an excellent show.

If you would like tickets, talk to your favorite Band student! If you are unable to attend The Classic, the band will also be performing at half-time at the home football games on October 16th and 23rd.

COVID-19 Cases on the Rise in Barron County

As Wisconsin reaches record numbers of COVID-19 cases and hospitalizations, numbers in Barron County continue to climb as well. Over the weekend, 56 new confirmed cases came in. This brings the total number of COVID-19 cases in Barron County to 631. Hospitals in some areas of the state are starting to become strained and are at risk of becoming overwhelmed. Because of this, the Governor has announced they will be opening an alternate care facility at the Wisconsin State Fairgrounds.

"We need everyone's help to slow the spread of this virus," said Health Officer Laura Sauve. "We are seeing cases go out to bars and restaurants while sick or awaiting test results. People are ignoring the recommendations and its starting to take a toll on the communities and healthcare systems across the state. We need people to stay home and get tested when they feel sick, even if they think it's just a cold or allergies. We need everyone to be following the guidelines and recom-

mendations."

Recommendations include:

- Avoid all gatherings. If you must gather, limit gatherings to follow current recommendations
- Wear a mask at all times when in public AND anywhere that social distancing of at least 6 feet is not possible
- Limit your contacts to those who live in your home
- Stop all unnecessary travel
- Work from home if possible
- Stop unnecessary trips to stores
- Stop eating in restaurants and going to bars. Try takeout food instead
- If you must do these activities, choose places practicing strict social distancing and following the Wisconsin Economic Development recommendations
- People with underlying health conditions and older residents should consider having friends or family do their shopping and limit interactions with others
- Wash your hands often

• Cover your cough

• Get tested at any signs of illness. Signs of COVID 19 include fever, cough, shortness of breath, loss of taste or smell, body aches, headaches, chills, stomach pain, nausea, vomiting, and diarrhea. Some people have no signs of illness and still carry and spread the disease

"We need the community to work together to protect those most vulnerable, our schools, business and healthcare systems, Save continued. "Only 18% of hospital beds in the State of Wisconsin are currently available. People get sick and hurt outside of COVID, we need to make sure our healthcare systems are available when our community needs them. We urge everyone to follow recommendations and help slow the spread."

If you have questions about COVID-19, please dial 2-1-1. You can also text COVID-19 to 211-211. For the latest information, follow Barron County Public Health on Facebook or visit the Wisconsin Department of Health Services website.

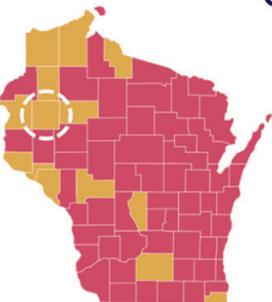

BARRON COUNTY COVID-19

Public Health COVID-19 Response

Public Health plays an important role in stopping the spread of COVID-19 by following up with positive cases and tracing their contacts. Individuals that could spread the disease are quarantined and monitored by public health.

Current Risk Level

Accelerated Spread

10-24 CASES PER 100,000 people

Stay-at-home and rigorous test and trace programs advised

- On Track for Containment
- Community Spread
- Accelerated Spread
- Tipping Point
