Charges Filed in 2014 Double Fatality Hit-And-Run Cold Case

A criminal complaint has been filed against Andrew Endres, a Minnesota man who was identified by authorities as the driver of a vehicle which struck and killed two pedestrians, identified as Richard Cobenais and Benjamin Juarez, in January 2014 in Polk County on County Road E.

Andrew Endres

Polk County and St. Croix Tribal authorities issued a release in January 2019 on the five year anniversary of the crash seeking the public's help in identifying the driver of the vehicle.

Investigators who responded to the scene of the crash found footprints and tire tracks that corre-

School Board holds Annual Budget Hearing and meeting

The Cumberland School District Board of Education held their annual Budget Hearing & meeting on Monday, October 26th at 7:00 pm in the Middle School Commons.

The evening was kicked-off by District Financial Officer Steve Mann. Mann gave a summary of district activities over the past year. His presentation contained slides of the normal school activities at the start of last year and then the screen went blank - March of 2020. When the world changed. The slides now depicted the Grab-N-Go lunch line, last day of school supply turn-in tents, and a shuttered school. Next came photos from the summer - outdoor athletic camps and practices, summer Band kids, masks and

2021 Budget and wage increases on agenda at special Council meeting

The Cumberland City Council held a special meeting on Thursday, October 22nd at 5:00 p.m.

The meeting started with the votes to approve two General Obligation Bond payments, Series 2009, in the amount of \$102,000.00 and Series 2012A, in the amount of \$113,995.00.

The council then approved a recommendation from Finance Committee for a 3% wage increase for street employees, administrative assistant and police chief, and a 4.5% wage increase for deputy clerk-treasurer to begin January 1st.

Also approved was a

Cumberland ACE Hardware

Some members of the Fifty Who Care group met Tuesday afternoon to present a check in the amount of \$7300 to the 5 O'Clock Club. Members present were from left Phil Flottum, Susie Bassett, Sonia O'Brien, Mark Garlak, Dale Goergen, 5 O'Clock Club owner Kari Nesseth Klein, Ron Theese, Tom Hallgren, Jeanine Ryberg, E. Dennis Zahrbock, Shay Horton and Ellen Sendelbeck.

Northwoods Notebook: Fifty who care . . . about 'The Five'

By Larry Werner

One of my favorite places since I moved to Cumberland six years ago is the Five O'Clock Club bar. Even though my drink of choice is Vernor's ginger ale, that wood-paneled room adjacent to the dining room became my hangout when Ann was still in The Cities running her business and I was living most of the time at my place on Beaver

Dam Lake.

I liked the food, of course, but mostly I liked getting to know the friendly, interesting characters who hung out at "The Five." One of the most interesting of those characters was Kari Nesseth-Klein, who has owned the old supper club on Granite Lake for the past 16 years.

We hit it off from the first

time I visited, perhaps because she's as much a wise gal as I am a wise guy. One night while dining at the bar with my buddy, Bob, he ordered Chef Chad's clam chowder and, as Bob always does, asked for extra crackers, saying, "I'd be willing to pay for them."

Kari delivered a bowl of soup and a second bowl overflowing with saltines.

As if that wasn't funny enough, Bob's bill was something like \$106 — six bucks for soup and \$100 for crackers.

Kari, who snorts when she laughs, got quite a chuckle (and a couple snorts) out of that one.

For the past seven months, laughing probably hasn't come as easily

Election now fast approaching; Get out and vote!

We are fast approaching the November 3rd General Election. An election which, depending on the political pundit you listen to, is either the most important election in our "lifetime," "this century," or "modern history!"

The hotly contested race for the oval office between incumbent Republican President Donald J. Trump and challenger former Vice President Joseph R. Biden,

Jr. has received so much media coverage that nothing I could say here would add anything new to the debate. For anyone who is still undecided as to who should be the next man to hold this office, I recommend you watch a rerun of the last Presidential debate held on Thursday, October 22nd in Nashville, Tennessee. In sharp contrast to the first Presidential debate, the last debate actually con-

tained substance regarding the candidates views, plans and platforms.

However, we do have a couple of local elections on the ballot as well. Readers may not be as familiar with these candidates so here is a little information to help you make up your mind.

Congressional District #7

This race is a repeat of the Special Election held last May which saw Tom Tif-

fany elected to the House. He faces Democrat Tricia Zunker once again. Tiffany defeated Zunker in May with 57% of the vote.

Zunker, 39, is the president of the Wausau School Board and an associate justice for the Ho-Chunk Nation Supreme Court. She is the first Native American woman to run for Congress in Wisconsin since Ada Deer lost to Republican

Major Damage!

The Cumberland Fire Department was called to the Michael Blaser home located on Douglas St. in the City of Cumberland Sunday morning at 7:38 a.m. Upon arrival firefighters found the garage fully involved. Firefighters first worked to save the house. Although some damage was done to the exterior, the home was saved. The garage was a total loss. 2 vehicles and a boat along with many garage items were lost. Mr Blaser sustained 1st and 2nd degree burns and was transported to the hospital. A propane type heater apparently tipped over severing the hose which is believed to be the cause of the fire.

By Judy Pieper

I give up!! I have been trying to think of something nice that has happened this year, and I'm at a loss. We are having snowstorms in October. The virus has kept us away from family and friends for almost the entire year. All the small-town festivals – and the state fairs – were cancelled. This is the first time in ten years that Tru Lehmann and I have not participated in the Rutabaga Fest fun walk. The Baronett Halloween party, which should have been held this weekend, is not to be this year. And Oak View Adult Family Home is not going to host the Scandinavian smorgasbord until next November. Somebody, help! I'm going bonkers here. And the political ads are not helping matters at all.

One good thing is that we get to set our clocks back an hour this Saturday night or Sunday morning. We will be able to sleep one extra hour before we have to hurry so that we are not late for church.

And, speaking of church, here is probably the best news I've heard for a long time. Pastor Todd is going to have church services inside Baronett Lutheran starting next Sunday at 9:00 a.m. He will be blocking off some of the pews so social distancing will be easier, and masks will be required. Geri will still be playing the music, but instead of singing along, we will just read the words to the hymns silently. (We have some very good singers in our congregation, but I am not one of them so this will save the others from having to hear my croaking along to the music.)

That's about it from Barronett this week. Stay safe. And be happy – by this time next week the election will be over and we will know soon who will be running the country for the next four years.

We have two jokes this week from Arnie, one of Red Brick Café's best customers. Here they are:

What is a math teacher's favorite kind of cereal?

Answer is Total, of course.

And – How does the man in the moon cut his hair?

Eclipse it.

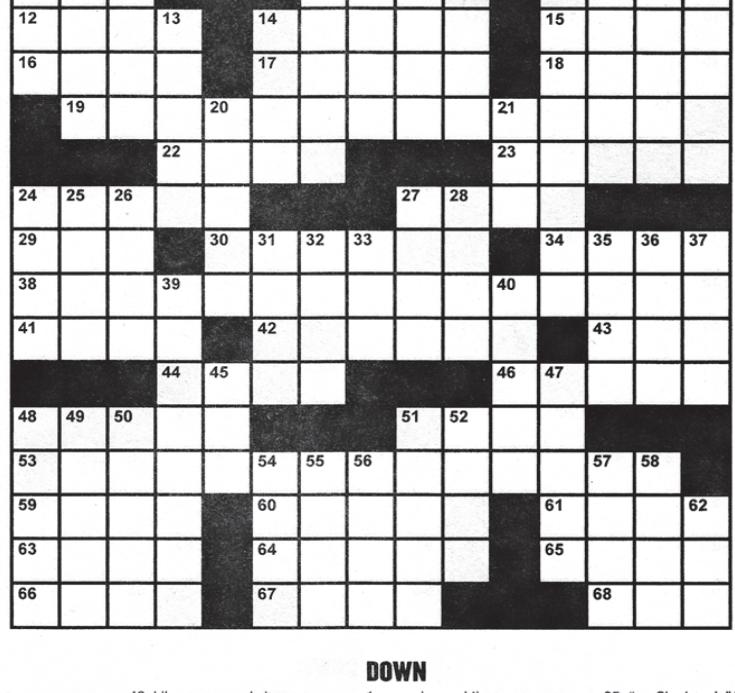

I should apologize for the first paragraph. Actually, if we think hard, we probably all have something to be thankful for this year. We have a new great-granddaughter, Elodie Hines, who was born on April 22, our family has been pretty healthy, our garden produced abundantly, and we

have friends to chat with over the phone. I could go on, but I'm sure you understand what I'm trying to say.

During the hay day of the Wishbone offense. Pictured here is Quarterback Loren Kuhl who looks towards running back Phil Peichel for a possible pitch during the 1982 game against Rice Lake.

The Evolution of Football Formations and Success

By Mark R. Fuller

As the Cumberland Football Team continues unbeaten this season, featuring the passing magic of Maddux Allen, a group of talented and athletic receivers and runners and the creativity of the Beavers excellent Head Coach Corey Berghammer and his staff, it is interesting to look back on how football has changed in its offensive philosophy throughout the years.

Never underestimating the importance of a good line, during most of the first 50 years of modern football, the single wing was the formation of choice. It included a quarterback (called a tailback in its day) lining up a few yards behind the center and halfbacks on either side of him, while a third halfback often lined up in a wingback position.

The offense relied on good ball handling, misdirection, and deception for success in what was largely a brute force running formation. The most famous version of the single wing offense would be Knute Rockne's Notre Dame teams of the 1920's. Although the forward pass became legal in 1906, the running game dominated play.

One of Cumberland's all-time great teams used the offense as its plan of attack. In the late 1920s the Beavers, featuring athletes like Julius Alfonse, Cecil Christensen, Emil Sirrianni, and Lester White, put together some excellent records.

The *Advocates* would describe their strong running attack as it did for the 1929 opener against Hudson, which the Beavers won 19 to 6.

The paper would say about the game, "Cumberland continued their stride with line plunges by White, Christensen and Alfonse," later adding, "Alfonse did most of the ball-carrying with Christensen, Sirrianni, and Paul Alfonse running interference. Sirrianni, the tailback, used good judgement throughout the contest."

The team would only lose once in each of 1928, 20-0 to Ladysmith, and 1929, 20-19 to Barron. Oddly, the loss to Ladysmith came as the Lumberjacks passed for two of their three scores.

New formations came throughout the 1940s and by 1950 the single-wing attack had largely disappeared. The development of the T-formation and the Wing-T had taken over the game as Coach George Halas and the Chicago Bears using the T-formation to trounce Washington in the 1940 NFL Championship game, 73 to 0. The pass was used to gain a share of a Conference Title. The team went 5 and 1, with their only loss a 10-7 decision to Spooner.

Led by the strong running of Nick Gargaro and Cal Skinner, the Beavers added a strong passing attack with Vernon Youngberg throwing to Jack Young. Playing under Coach Elmer Beran, their decisive 33-12 victory over Bloomer in the team's last game included a 30-yard touchdown pitch and catch from Youngberg to Young.

The 1958 team would gain Cumberland's next share of a HON Title, finishing tied with Ladysmith with a 5 and 2 conference mark, while and finishing 6 and 2 overall.

Despite hav-

ing good quarterbacks during that time, the team largely featured running backs like Sean Annis, Jake Naessen, Adam Diesterhaft, Greg Strickland, Phil Capuzzi and Tom Weaver. Weaver would put together one performance in 1995, where he would help defeat Barron 27-26 in overtime by carrying the ball 45 times for 292 yards and three scores.

The 1998 Conference Champions would go 8 and 2 on the year as Diesterhaft rushed for 1217 yards and Naessen 930. Although an excellent passer, quarterback Jay Gagner would only pass 50 times in the 10 games, completing 24 for 391 yards. The ground game stayed successful right through a 40-37 overtime win to Baldwin-Woodville in the WIAA Playoffs, which would end their season.

As we moved into the 2000's, the offenses in the game began to change once more. It started at small Glenville State College, when a shorter quarterback had trouble seeing over his bigger line. When the coach dropped him back into a shotgun set for the snaps, the offenses of today were about to begin.

This period in Cumberland football history brought about a much greater use of the passing game. One thing stayed the same, however, Cumberland still won games.

The versatility of players

like Brady Rose would become part of the "spread offense" as he would graduate in 2012 as both the Beavers all-time leading rusher with 3,298 yards as well as the all-time leading receiver with 139 catches for 1,813 yards.

Quarterbacks under center became much less common and the football fan

would have longer nights in the stands watching Cumberland victories.

The increased use of the

pass would help bring about

the last Beavers Conference Title, which came in 2012 under Coach JR Buckley.

The Beavers took home the HON Championship, going 7 and 2 on the sea-

son.

During that season,

quarterback Kyle Narges

missed one HON game, but

still passed for 718 yards and

12 scores in six remaining

conference contests. Zach

Nyhus and Travis Miller

were key running backs,

who excelled as receivers

as well as leading the teams

ground game.

Since that title, Cumberland football has continued to evolve and change with the changes to the

game. Names like Payton

Rose, Reid Olson, and

Kobe Berghammer have

replaced those of Bob Davis,

Rich Capuzzi, Tracey

Schiebel, Ron Ruppel,

Bucky DiSalvo, and Phil

Peichel of the past.

Today, the passes are

more common and generally

forward, if sometimes

only a short distance longer,

than the "backward tosses" of 1978. Soon,

we'll be talking about

DaShaun Ames, Jack Martens

and other members of

the 2020 team as part of

the successful changes to

the offensive football.

Today, the passes are

The how doesn't matter,

as long as the scoreboard

puts Cumberland ahead at

the end of the contest.

By Craig Bucher

One more week to go! I have a hard time believing it, but in another week or so we will be finished with the 2020 election season. Thank goodness! It seems as though we have been buried under a mountain of campaign commercials and our mailboxes have been overwhelmed by the sheer volume of mailings all touting candidates that are promising us the moon and all of the stars if we will just send them to congress, the senate, or the presidency. I have no idea just how much money candidates are going to spend on this election, but I bet it is well worth of 10 billion. The presidential election alone will top 5.2 billion in spending. Just think what that money could do if spent in other ways. I don't think we can limit the amount of money spent on campaigns but we could limit the amount of time used for campaigns. Maybe it would be better if we limited presidential campaigns to six months. The parties could choose their candidates anytime after May 1 in an election year and the election date could remain November 3 of the same year. No candidate could spend any money promoting his or her candidacy before being nominated. It might not save any money, but it would limit the amount of time we are forced to listen and watch and read about candidates running for office. In this day of media saturation there is simply no need to have more than six months time to campaign. If I don't get your ideas in six months then either I am a block of wood or you can't communicate. Campaigns should join the 21st century.

-0-

With the campaigns over, it is time for action and that is up to us. We can't complain if we don't vote. So go to the polls. It is worth it.

SEE YOU NEXT WEEK!

LETTERS Editor

A Free, Fair, and Secure Election

To the Editor:

As attorney general, my priorities for this fall's election are to protect Wisconsin voters' right to vote safely and to ensure that every lawfully cast ballot is counted. And I want Wisconsinites to know that they can be confident that this election is free, fair, and secure and that the outcomes of the races on the ballot will reflect the will of the voters.

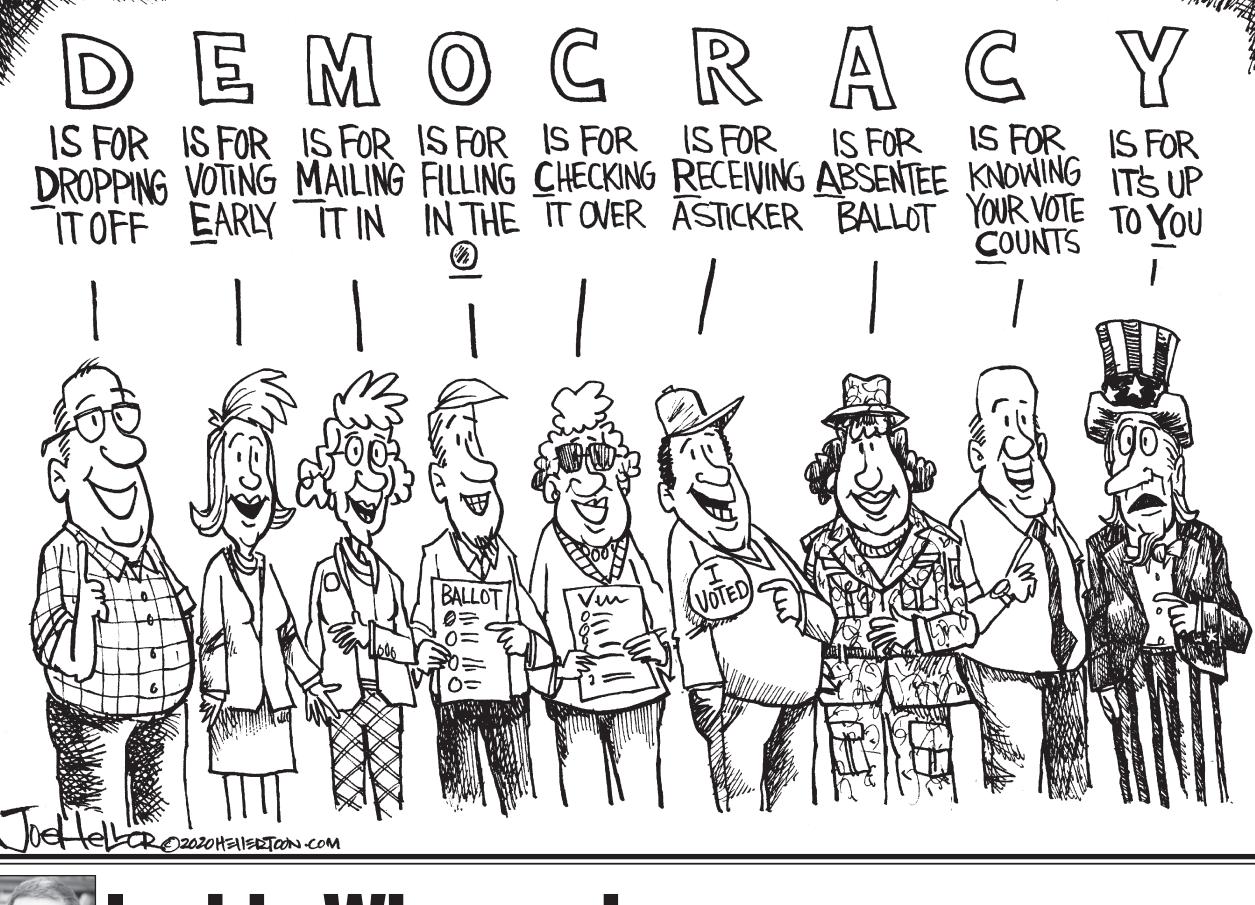

The Wisconsin Department of Justice (DOJ) is working with the Wisconsin Elections Commission and other agencies to make sure that you are safe when you cast your ballot. DOJ's Division of Criminal Investigation staffs the Wisconsin Statewide Intelligence Center (WSIC), which facilitates intelligence and information sharing with federal, state, local, tribal, and campus law enforcement partners, along with fire service, emergency management, public health, military, and private sector agencies. WSIC is prepared to identify significant

threats to Wisconsin elections, including any threats of election interference, foreign or domestic.

Voter intimidation is a crime, and anybody who tries to engage in it should be prepared to be investigated and prosecuted and to spend time behind bars.

Wisconsin law prohibits its people from using or threatening force to compel someone to vote, to keep them from voting, or to influence their voting decision. Wisconsin law also prohibits anyone from using duress or fraud to impede or prevent someone from freely exercising their right to vote. The law not only prohibits individuals from taking any of these actions personally, but it also prohibits individuals from having a third party take these actions.

Voter intimidation can take many forms, and determining if any particular action is voter intimidation is dependent on the facts of the incident. Examples of voter intimidation could

Here are trends that may shape Wisconsin's post-COVID economy

By Tom Still

MADISON, Wis. — The pandemic has shifted to a new phase; a divisive presidential election has put an entire nation on edge; and many businesses are struggling to hang on while waiting to see what shoe drops next.

One choice is to count the days until 2020 comes to a merciful end. Another is to take stock of trends shaping our economic future.

That forward-looking approach is imbedded in the upcoming Wisconsin Early Stage Symposium, which will explore some of the technologies, markets and investment strategies poised to influence the still-elusive recovery.

Set for Nov. 9-11 on a virtual platform, the conference will contain some familiar elements, such as presentations by emerging companies to investors from Wisconsin and well beyond. Those same investors will meet with selected companies in a flurry of brief virtual meetings.

Organized around the theme of "Crossing the Coronavirus Chasm," the event will also feature speakers and panelists of national reputation — many with Wisconsin ties. They will discuss topics such as healthcare innovation, advanced manufacturing, corporate and regional investing, entrepreneurship in computer

science and bio-industrial innovation.

- A team from Verona-based Epic Systems will describe the Epic Health Research Network, which is helping physicians and researchers better diagnose and treat diseases and conditions by tapping into zettabytes of medical data.

Charting public health trends has long been the Holy Grail of digital health records, and Epic is devoting more than 100 experts to its pursuit.

- The intersection of artificial intelligence and health will be discussed by Kristi Ebong, senior vice president of corporate strategy for Boston-based Orbita, which powers chatbots, voice-bots, bedside assistants and monitoring tools.

She's a UW-Madison graduate who earned some of her digital health spurs at Epic and later while directing emerging technology for Cedars-Sinai.

- A growing national network that could build on Wisconsin's tradition of manufacturing, agricultural and nature resource excellence will be outlined by Michael Koeris,

the founding executive for the national BioIndustrial Institute of Manufacturing Excellence. He will be joined by Mary Blanchard of the Great Lakes Bioenergy Research Center and the Wisconsin En-

ergy Institute, a lead regional partner. Koeris is a veteran entrepreneur who brings private and public experience to a national effort that could make Wisconsin a hub of the bio-industrial revolution.

- An industry-backed partnership that will lift startup companies tied to two highly ranked UW-Madison disciplines will be described under the seemingly ominous tag of the "Creative Destruction Lab."

With support from American Family Insurance, the UW-Madison School of Computer, Data and Information Sciences and the School of Business are launching a risk management "stream" in the lab's international science and tech portfolio.

Panelists are Tom Erickson, a software executive who has returned to Wisconsin to lead the new data sciences school; software entrepreneur Jignesh Patel;

and Kristjan Sigurdson of the Toronto-based Creative Destruction Lab.

- The conference will be a homecoming of sorts for Michael Molnar, a Wisconsin-born engineer who is founding director of the Advanced Manufacturing Program Office within the National Institute of Standards and Technology. Molnar will talk about trends in manufacturing, no small matter in a state that per-

ennially ranks among the top three in per capita manufacturing employment. Molnar's office helps to coordinate federal manufacturing initiatives and works with entities such as Manufacturing USA and the Manufacturing Extension Partnership.

- Investing trends won't be left out, either. Jason Franklin of the Wisconsin Valley Venture Fund and Craig Schedler of Northwestern Mutual Future Ventures will talk about the rising wave of corporate venture capital.

- Jonathan Ellis of Sandalphon Capital in Chicago, Candice Matthews Bracken of Lighthouse Capital in Cincinnati and Ron Watson of Dundee Venture Capital in St. Louis — will assess how Wisconsin stacks up when it comes to emerging companies.

It may not seem like it as uncertainty continues to swirl about us, but the foundation for economic recovery is being laid in these and many other ways. Looking ahead is better than burying our heads in sand.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsintechologycouncil.com

include:

- Brandishing or displaying firearms in an intimidating or threatening manner in or near a polling place;

- Engaging in disorderly behavior in or near a polling place;

- Preventing access to a polling place by making threats or engaging in intimidating behavior.

Additionally, it is illegal for private groups to conduct law enforcement or military activities under state and federal law.

If you witness or are subject to voter intimidation, alert an election official and call local law enforcement immediately. If you are being threatened with violence, call 911.

The Wisconsin Department of Justice is committed to helping keep voters safe at the polls and will fight for every lawfully cast ballot to be counted. Wisconsinites can trust that this election is free, fair, and secure.

November 3, 2010

On Sunday, October 31, at 4:33 p.m., the Barron County Sheriff's Department received a call of a mobile home on fire in Barronett. The Barron County Sheriff's Department, along with the Cumberland Fire Department and Cumberland Ambulance responded to the scene. While in route, the Sheriff's Department received another call reporting a second mobile home on fire at the same location. Upon arrival it was determined that the mobile homes on fire were uninhabitable.

able and were being used as storage.

Three Cumberland Volleyball players have received recognition on the 2010 All-Conference team that was announced this week. They are Natalie Gagner 2nd team, Jamie Lundequam Honorable Mention, and Taylor Nyhus Honorable Mention.

20 Years Ago
November 1, 2000

The four day antlerless deer only season was successful. According to the first figures released by the Department of Natural Resources Office, hunters in the 18 Northern Region registered 30,062 deer. Barron County registered 1545 deer alone.

The 2000 Cumberland High School All Conference Football Players are, Nate Froelich, Graham Ruppel, Luke Voshell, Adam Meyer, Justin Lindsley, Greg Strickland, Adam Rosin, Ryan Blaser, and Phil Capuzzi.

30 Years Ago
October 31, 1990

Jeb Burke and Jamie Olson have been named to the first team of the 1990 H.O.N. All-Conference Football Team. Olson and Burke were both also named to the first team as juniors and both are three year letter winners for the Beavers. Both were named to the defensive team this year.

Ryan Steines finished his sophomore season with a 25th place finish in the state cross country meet held this past Saturday at Wisconsin Rapids. Steines, the top runner for the

Beavers ran a time of 17:23.

40 Years Ago

October 29, 1980

Brad Sirianni, of Cumberland, won the first prize in this week's Advocate Football Contest with 18 correct guesses in 20 games. Pete Antonetti and Charles Olson, picked 17 winners a piece, but Antonetti won the second prize by guessing that 729 points would be scored in all the games and that was the exact total in the tie breaker box. Olson predicted that 707 points would be scored and he wins the prize.

50 Years Ago

Thorsfeldt, 18, Prior Lake, MN., speeding, \$452.50. Katherine M. Upright, 27, Los Angeles, CA., driving wrong way on divided highway, \$326.50.

D.N.R.

Bradley R. Larson, 28, of Shell Lake, has been charged with fishing without a license. His court date is scheduled for November 18, 2020.

Hunter J. Mitchell, 21, of Chetek, has been charged with fail/carry boat floatation devices, and waterfowl gun capable/more than three shells. His court date is scheduled for January, 20, 2021.

Complaints

Joseph W. Eggert, 60, of Clayton, has been charged with operating an ATV or UTV w/PAC, operating an ATV or UTV improperly on routes/trails/lands/roadway, and operating an ATV or UTV while intoxicated. His court date is scheduled for December 16, 2020.

Charles H. Jenderny, 47, of Barron, has been charged with operating an ATV or UTV without a muffler. His court date is scheduled for December 16, 2020.

Criminal Complaints

Keven D. Crews, 21, of Birchwood, has been charged with disorderly conduct, domestic abuse, and criminal damage to property. His adjourned initial appearance is scheduled for October 30, 2020.

Christopher C. Hedblom, 54, of Duluth, MN., has been charged with OWI. His adjourned initial appearance is scheduled for October 30, 2020.

Joseph D. Sweeney, 43, of Bloomer, has been charged with three counts of manufacture/deliver amphetamine. His adjourned initial appearance is scheduled for October 30, 2020.

Cumberland Man Charged with Homicide by Negligent Operation of a Vehicle

Cody L. Hase, 27, of Cumberland, has been charged with homicide by negligent operation of a vehicle.

Deputy Storberg, with the Barron County Sheriff's Department, reports on September 30, at approximately 10:27 a.m., she was dispatched to a report of a two vehicle motor vehicle crash at State Highway 48 and County Highway V. Calls for ambulance, fire department, and Lifelink Medical Helicopter were sent.

Upon arrival, Deputy Storberg reports she observed the accident scene was not at the intersection of Highway 48 and County Highway V, but was west of that location on the hill, marked by an extended double yellow line for no passing. Deputy Storberg observed a tan car with heavy front end damage in the south ditch that was facing north. Off the roadway on the north shoulder of the road, Deputy Storberg observed a silver van facing west with heavy front end damage on the driver side.

Deputy Storberg approached the van and observed a male inside the van. The male was airlifted to Mayo Hospital in Eau Claire, where he passed away from his injuries.

Deputy Storberg reports she spoke with the driver of the tan car, who she identified as Hase. Hase stated he was attempting to pass a car that was going slow. Hase admitted that he attempted to pass in a no passing zone. Hase stated he observed the vehicle he was attempting to pass activate its brake lights. Hase stated he hit his brakes to get back behind the vehicle he was attempting to pass. When Hase hit his brakes, his car fishtailed and he lost control traveling into the other lane and striking the oncoming van.

Deputy Storberg reports she listened to the 911 call from the driver of the car Hase was attempting to pass. In the 911 call, the male stated that a car tried to pass him and swerved back in quick when he saw an oncoming vehicle, and lost control. The male further advised dispatch that the car was in a no passing zone.

Deputy Storberg reports she spoke with the male on October 1, and obtained a more detailed account of what happened leading up to and resulting in the fatal crash. The male stated that the tan car Hase was driving, started following him just as he was coming through Cumberland. The male noticed the tan car behind him because it was only about five feet away from his bumper the whole

way as the male was traveling out of Cumberland towards Rice Lake.

The male stated that the tan car pulled out and tried to pass him when they were approximately three quarters of the way to the top of the hill approaching the crest of the hill before County Highway V. The male saw the van, which was traveling westbound on Highway 48, just as the male was starting to crest the top of the hill. The male estimates at that point Hase was up to about the passenger door on his driver side and about a foot away from his vehicle. The male stated it looked to him as if Hase jerked the wheel to get back into the eastbound lane of travel behind the male. Hase then lost control of his car, over-corrected and shot back into the oncoming lane of traffic and in front of the van. Deputy Storberg notes the crash was a head on collision with extensive front end damage to both vehicles and front airbag deployment in both vehicles.

The male stated he had his cruise control set at between 60 and 62 mph for the entire time that he was traveling eastbound on Highway 48 after coming through Cumberland.

The male stated he started to slow down when he saw the van approaching and moved over towards the shoulder of the road. The male stated the van was traveling properly within its lane. The male further stated he did not believe the driver of the van had any time to react because Hase's car had shot out from behind him when it went into the oncoming lane of traffic and crashed into the van.

The male stated that, before the crash, Hase had backed off, but then flew up on him again between Cumberland and the crash site in what the male assumes was an earlier attempt by Hase to pass him.

If convicted for homicide by negligent operation of a vehicle, Hase may be fined not more than \$25,000 or imprisoned not more than 10 years or both. His initial appearance is scheduled for October 4, 2020.

The court placed Gilbert on a \$5,000 signature bond with conditions that she has no contact with the victim, any group home, or any vulnerable adult.

Gilbert faces a possible maximum penalty of imprisonment for 40 years. Her initial appearance is scheduled for October 26, 2020.

Spooner Employee Charged with Sexually Assaulting Resident at Group Home

Kristy Gilbert, 27, of Spooner, has been charged with sexually assaulting a resident of a group home while employed there.

The Washburn County Sheriff's Office was dispatched back in August for a report that an employee of an adult group home was having sexual relations with a resident of the group home who was in their early 20's.

Investigators spoke with employees and supervisors of the group home and were advised that there had been concerns about Gilbert's behavior and conduct toward the victim.

Gilbert allegedly showed favoritism to the victim and had been observed exiting a bathroom in the residence immediately after the victim exited the same bathroom.

The victim told investigators that Gilbert had sexual contact with the victim more than once.

Gilbert initially denied the allegations of sexual contact when investigators interviewed her. She stated that she noticed the victim was being pushy and that the victim had asked her to engage in sexual activity, but that Gilbert had said no and attempted to redirect the victim.

Later during her interview, Gilbert allegedly admitted that she had sexual contact with the victim on at least one occasion, and once inside a bathroom in the residence.

Investigators made contact with a Social Worker for the victim who advised that the victim is considered a vulnerable adult.

The court placed Gilbert on a \$5,000 signature bond with conditions that she has no contact with the victim, any group home, or any vulnerable adult.

Gilbert faces a possible maximum penalty of imprisonment for 40 years. Her initial appearance is scheduled for October 26, 2020.

Since being elected, Tiffany has made headlines by calling for the resignation of Democratic Gov. Tony Evers, after unrest in Madison during a summer of Black Lives Matter protests in the wake of the death of George Floyd. As the president of the Wausau School Board, Zunker has faced criticism over the board's decision to start the school year from home due to the coronavirus pandemic.

75th Assembly District

This race is to fill the seat being vacated by current Rep. Romaine Quinn, who chose not to run for re-election.

The contest pits John Ellenson, a Democrat from Shell Lake, against David Armstrong, a Rice Lake Republican.

Armstrong is the executive director of the Barron County Economic Development Corp., a position he has held since 2013, and previously served two

terms on the Rice Lake City Council.

Tiffany, 62, has served as a state senator since 2013 and spent two decades running Wilderness Cruises on the Willow Flotilla.

Their most public face-off is over the issue of the QAnon conspiracy group/theory. Tiffany voted "no" on a resolution to condemn the conspiracy theory in early October, one of 17 Republicans in the House to do so. Zunker on the other hand has been outspoken about her condemnation of the conspiracy group and her distaste over Tiffany's vote.

Armstrong has said he wants to give a "bigger voice" in State politics to Northwest Wisconsin, and to build on the work Quinn has done. Ellenson has stated that he "wants to find ways to bridge political divides" and expand broadband access to rural communities in Wisconsin.

The rest of the offices on the ballot are uncontested.

There is one referendum on the ballot. Residents of the Town of Lakeland will be voting on the question: "Shall the person holding the office of Town Treasurer in the Town of Lakeland be appointed by the town board?"

If you haven't already voted by Absentee Ballot or Early in Person, there is still time. If you are planning on going in person to the polls November 3rd, please wear a mask, social distance, and follow all the rules put in place to help maintain your health as well as that of the community.

Most importantly, no matter who you choose, GO VOTE!!

Fifty who care . . .

to Kari, whose business is down more than 30 percent since the pandemic began — forcing her to, initially, close for indoor dining, then opening to limited capacity. But she was given reason to smile again this week when she received a \$7,300 check from 50 People (or more) Who Care.

She said all small local companies are struggling, and giving her employees chamber bucks is a way "to help small businesses" and to "give back."

She pointed out in her presentation that several local businesses are for sale or closing. She said she's "stubborn" and intends to keep the doors open at the Five O'Clock Club, which has been around under different owners since 1956. She expressed her gratitude several times to 50 Who Care for what it does.

Zahrbock said the vote was close for the three finalists — The Five, the Dancing Bird Art Studio and Music Shop and Peter & Annie's Coffee Shop Café.

"We hope both The Dancing Bird and Peter & Annie's will apply again," Zahrbock said. "They certainly have many fans in our membership, but, alas, we could only pick one for the quarter's award."

If you're interested in joining the organization, which has been featured on TV stations in Eau Claire and Minneapolis, email Zahrbock at edennis@c-backco.com.

And if you're interested in extra crackers with your clam chowder at the Five O'Clock Club, don't tell Kari you're willing to pay for them.

Larry Werner's email is lh-werner47@gmail.com.

Election...

Scott Klug in 1992.

Tiffany, 62, has served as a state senator since 2013 and spent two decades running Wilderness Cruises on the Willow Flotilla.

Their most public face-off is over the issue of the QAnon conspiracy group/theory. Tiffany voted "no" on a resolution to condemn the conspiracy theory in early October, one of 17 Republicans in the House to do so. Zunker on the other hand has been outspoken about her condemnation of the conspiracy group and her distaste over Tiffany's vote.

Since being elected, Tiffany has made headlines by calling for the resignation of Democratic Gov. Tony Evers, after unrest in Madison during a summer of Black Lives Matter protests in the wake of the death of George Floyd. As the president of the Wausau School Board, Zunker has faced criticism over the board's decision to start the school year from home due to the coronavirus pandemic.

The race is to fill the seat being vacated by current Rep. Romaine Quinn, who chose not to run for re-election.

The contest pits John Ellenson, a Democrat from Shell Lake, against David Armstrong, a Rice Lake Republican.

Armstrong is the executive director of the Barron County Economic Development Corp., a position he has held since 2013, and previously served two

terms on the Rice Lake City Council.

Ellenson is an educator and a lifelong resident of Wisconsin. He served as the disabilities support service advisor at UW-Superior before becoming a public school counselor and he continued advocacy for those with disabilities after moving to Barron County.

He was part of the Barron Area School District's counseling employees who were named Outstanding School Counseling Team by the Wisconsin School Counselors Association.

Armstrong has said he wants to give a "bigger voice" in State politics to Northwest Wisconsin, and to build on the work Quinn has done. Ellenson has stated that he "wants to find ways to bridge political divides" and expand broadband access to rural communities in Wisconsin.

The rest of the offices on the ballot are uncontested.

Cumberland Beavers Roll over St. Croix Falls; at Spooner Friday

The Cumberland Beavers Football Team scored 38 points in the first 12-minutes of the game last Friday on their way to a 62-6 victory over St. Croix Falls in Endeavor Stadium. Two more touchdowns in the second quarter gave the Beavers a 54-0 lead at half-time. "It was about as good of a half of football that you could have asked for as we executed extremely well in every phase of the game," said Coach Corey Berghammer.

In that first quarter, the Beavers would return a Saint fumble and an interception for scores, as well as adding a safety for 14 defensive points. Another fumble return for six points gave Cumberland an incredible 20 defensive points by halftime.

"I was really pleased with our level of physicality and energy. We are really playing like a team and having fun doing it," said Coach Berghammer. The Beavers defense would hold St. Croix Falls to 239 total yards in the contest, while accumulating four Saint turnovers.

Scoring the defensive touchdown by interception was Lucas Anderson, while fumble returns came from Anderson and DaShaun Ames. Linebacker Carter Bickle led the Beavers defense with 11 tackles, while Gavin Jarchow added nine tackles and Travis Runberg

had eight. Isaac Runstrom added a Cumberland quarterback sack.

While the defense was outstanding, the offense was equally efficient and impressive.

Maddux Allen continued his excellent season, completing 14 of 16 passes for 227 yards and two scores. His first touchdown pass went to DaShaun Ames, while his second went to Jack Martens, on a beautiful middle screen covering 22-yards. For the contest, Martens had another outstanding effort as he caught 11 balls for 174 yards and the one score. Sam Schradle added 70 yards rushing in only five attempts, scoring one touchdown, while Drew Griffith added 38 yards in three attempts.

Sophomore David Olson added a final touchdown pass in the third quarter, hitting Ed Chafer for a 11-yard score. In the game, the Beavers rolled up 374 yards of total offense in only 31 offensive plays.

Cumberland's record stands at 5 and 0 as they are scheduled to travel to Spooner this Friday night for a 7:00 pm game. The Rails are 4 and 1 overall, but were crushed by Northwestern last Friday by a 28-0 score. They will attempt to control the clock through a strong running game in their hopes of upsetting the Beavers.

Senior Lucas Anderson returns an interception for a touchdown Friday night vs St. Croix Falls. #13 Gavin Jarchow helps lead the way to the end zone! Photo by Kristin Nyhus.

#32 Drew Griffith and #55 Blake Siebert tackle a Saint ball carrier during the Beavers easy win Friday night in Cumberland. Photo by Kristin Nyhus.

Chase Lussier looks for a passing option Saturday in the Beavers season ending loss to Barron in the Regional Championship game. Cumberland dropped a close 2-1 decision.

Still getting it done! 93 year old Paul Pett arrowed this 6 point buck. Congratulations Paul.

7 Mason Bohn passes to Ryan Lundmark Friday night in Cumberland. The Beavers upended LaCrosse Aquinas 2-1 to advance to the Regional Championship game held on Saturday.

An Outdoorsman's Journal

by Mark Walters

Chippewa River Bow Hunt

Hello friends,

This is one of those all over the map kind of stories. In a nutshell, I headed over to Pepin and Buffalo Counties near Durand to camp, travel by canoe and hunt deer with a compound bow. Crazy as it may sound my goal was to harvest a doe not a buck. I have been having some great hunts in my food plot and passed on a good looking 10-pointer two nights in a row just before I left for this hunt. In simple terms, unless I saw a really nice buck, I did not want my buck tag to be filled quite yet.

Saturday, October 10th

High 63, low 44

So here is the plan, I build camp, my four-year-old golden retriever Ruby is my companion. On a side note, Ruby would have been due this week had I had her bred back in August. Realizing that the pups would be born in the peak of my busy season I had to pass. If you want a pup let me know, come spring she should be a mama.

So, this would be the 3rd Fall that I have explored this vast area of public land and I actually spent the night in a tree here in July scouting out this spot. I have been dreaming about returning with a bow and my canoe for months.

Here comes the bad news. I paddle to where I am going to do a very short hike to what is a natural deer funnel and a small but very good spot to hunt. I set my stand down at the tree I am going to put it in, and I am about as happy as I can be. All of a sudden I feel the presence of a human. I look and here comes the same fella that I met last fall at this exact same spot.

He is carrying a cross bow and has permission to cross through some private land, so he actually has a short walk. Just like last year, I am informed that he has had a trail camera at this location all fall and I am

supposed to assume that even though it is public, he is the owner.

Like a fool I chose to walk away without a negative word, just like I did last year.

Monday, October 12th

High 61, low 43

One of my main thrills on this type of trip is the challenge of not using lights in the forest when hiking in the dark or paddling in the dark, you would be amazed if you just trust yourself how easy this can actually work. Today I made an executive decision. Since I lost my spot, I am making this a five day trip instead of three. Back in the late 80's and early 90's when I did not have a home, I basically went from trip to trip, hand wrote and snail mailed this column, and went to a one hour film developing business and made photos which I also snail mailed to everyone.

I loved that era of this career, after my "paperwork" was done I headed my trusty pickup in the direction of the next adventure.

Before I paddle away from camp in the dark long before dawn, I throw a softball as far as I can several times and Ruby always finds it. I repeat this game even before bed and that is all Ruby asks for.

Last year I saw what a five-point was buck several times and he appeared to hangout in a small area. I swear that today I saw my old buddy in the same area and acting just like he did last year. He is now an 8-pointer with a massive body and not a big rack, maybe 14-inches. I could have made an easy shot on him but as I said earlier, I want to hunt my food plot, but it would have been so cool to paddle back to camp with a buck in the canoe.

Here is a crazy story, I had not driven my truck in four days but had a 140-watt inverter plugged into the cigarette lighter. I use this to charge cameras, head-

Wednesday, October 28, 2020 7

This is the buck that Walters passed up 2 nights in a row while hunting his food plot.

lamps, and my phone. Today I opened the door to my truck and could smell that ugly taint of an electrical fire about to happen.

Something went wrong with the inverter and it was literally melting a charger and its cord. I picked it up without hesitation and literally melted the end of two of my fingernails. Long story short had it been an hour later I think my truck that now has 311,000 miles would have been gone as gone gets.

Another interesting note is that on a recent duck hunt camping trip, I kind of beat the bajeezas out of my flip phone and it died, and I lost all 370 of my contacts. Text me your number if you know me! I would destroy a smart phone faster than snow melts in May! **Sunset**

Cross Country Season Ends at Sub-Sectional

The Cumberland-Turtle Lake Cross Country Team saw their season come to an end last Tuesday in Amery as they ran in the WIAA Sub-Sectional Cross Country Meet. "The team improved throughout the fall and we thank them for the work throughout the season," said Co-Coaches Meghan Waite and Kyle Polzin.

44th with a 27:19, while Tia Osceola won the Girls Varsity competition with their Junior Rachel Ulrich taking Meet Medalist with a run of 19:19. Their runners took first, fourth and fifth on the day. Cumberland-Turtle Lake's best finish was a 21st, by Junior Lexi Tschirhart, who ran a 22:48. Junior Sydney Jain was

Osceola was also first in the Varsity Boys competition with their Junior runner Quinn McDonald taking the days Medalist with a time of 17:14. Cumberland-Turtle Lake did not have an entrant in the boys run.

Volleyball Team Drops WIAA Tournament Opener to Northwestern

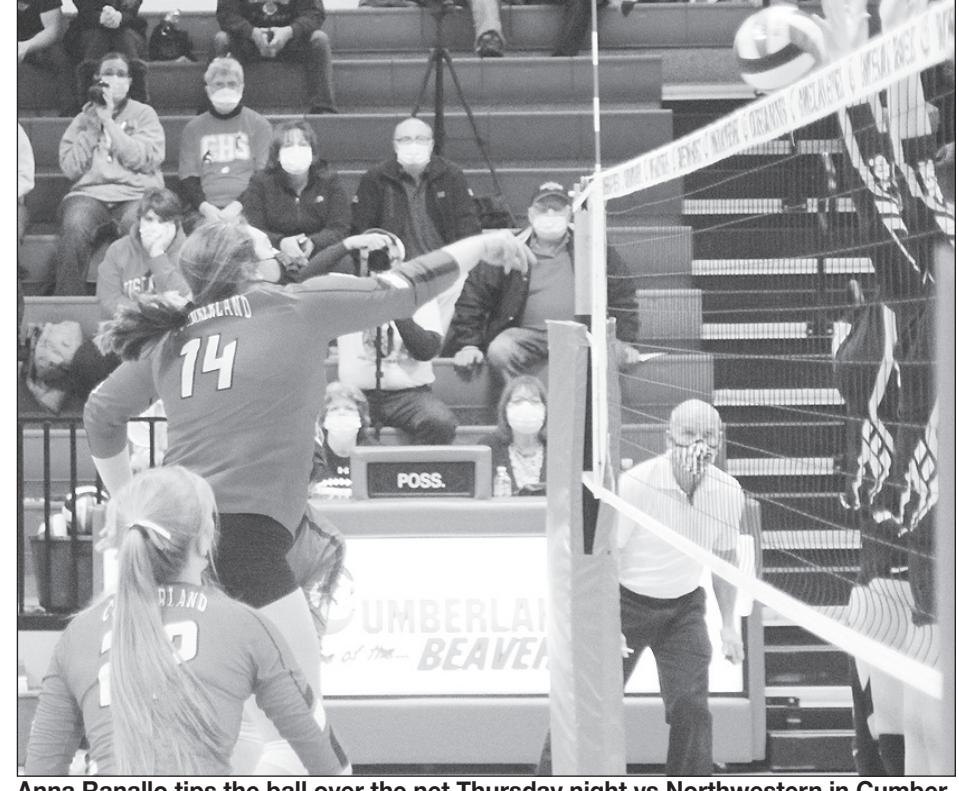

The Cumberland Volleyball Team saw their season come to an end last week, as they lost their WIAA Tournament opener to Northwestern by 25-14, 25-20, 26-24 scores. The team battled gamely against the Tigers, who went on to upset Barron in four sets to capture the Regional Championship on Saturday.

"We had a disappointing end to our season, but overall had a good year. All things considered, the girls worked incredibly hard in playing in face masks and through COVID alterations. We only had 10 matches total, none out of conference, and finished 4 and 6. Had we had a more traditional season, I am sure, we would have finished with a winning record," said Coach Teri Lesnar.

Top server for the year was Senior Erin Stokes with 28 Ace serves.

The most assists went to Junior Amie West with 122, while Sophomore Siri Hyatt led the team in kills with 128, which Coach Lesnar called a, "Remarkable total for 10 matches."

"It was a short season but the girls achieved a lot. The coaches are very proud of them, but mostly they should be proud of themselves. They played some great volleyball this fall," concluded Lesnar.

Anna Ranallo tips the ball over the net Thursday night vs Northwestern in Cumberland. Unfortunately the Beavers season came to a close.

Tierney Schramski (foreground) and Kristin Nyhus wait for the ball to come down Thursday night vs Northwestern.

Lois Sorensen

Lois Sorensen, 92, of Cumberland, was called to her heavenly home on Tuesday, October 20, 2020, at Golden Age Manor in Amery. She was born April 12, 1928, in Cumberland, to Fred and Aline (Horstman) Becker. Lois was baptized on May 6, 1928, at St. Luke's Collingwood, and her confirmation of faith took place on May 29, 1941.

Lois graduated with honors from Cumberland High School in 1946. Immediately following graduation she began working for the *Cumberland Advocate* where she was employed for four years. While employed by the *Advocate*, Lois struck up a friendship with Mike Sorensen, who worked in the adjacent

building, Sorensen Tailors and Cleaners. Mike and Lois were married in Cumberland, on April 30, 1949, and were happily married for 65 years until Mike's death in 2014.

Lois was employed at the Cumberland Municipal Utility where she worked for 25 years, retiring in June of 1988 at 60 years of age.

When her daughters were young, Lois was very involved in church education programs and continued to be very active in the church choir and church circle. She loved spending time with her family. Grandkids and great-grandkids were frequent visitors where swimming and boating were often activities of the day as were partaking in an abundance of treats from the kitchen. Cooking, baking, gardening, and playing cards kept Lois occupied as did beautiful crocheted afghans given to family-treasures never-to-be-forgotten.

While a resident at Golden Age Manor, Lois' eyes lit up when she had visits from her great-grandchildren or youngsters from the Amery School District who came to entertain the residents. She also enjoyed visitors who

brought their pets and farm animals.

She is survived by her daughters, Nancy (John) Garibaldi of Cumberland and Joan (Philip) Kluge of Granby, CO; four grandchildren: Joe Garibaldi, Kate (Jim) Beecroft, Shana (Pete) Roehrs, and Laura (Paul) Josey; great-grandchildren: Mecina, Alora, and Lucca Garibaldi, Macy, Raegan, Asher, and Carson Beecroft, August and Gretta Roehrs, and Jane and Keith Josey; and sister, LaVerna Fischer. Lois was preceded in death by her husband, Myron Sorensen, and her parents.

A private family service will be held on Saturday, November 14, 2020, at St. Paul Lutheran Church, Cumberland with Pastor John Miels officiating. Burial will be in Lakeside Cemetery, Cumberland.

In lieu of flowers, the family requests that memorials be made to St. Paul Lutheran Church, the Lutheran Hour, or the Alzheimer's Association.

Skinner Funeral Home of Cumberland is serving the family.

Linda Kolzow

Linda Kolzow, 77 of Cumberland died Tuesday October 20, 2020 at Care and Rehab Cumberland. She was born February 10, 1943 at home in Rice Lake to Ervin and Florence (Gade) Gerland. She was baptized into faith on February 28, 1943 and was confirmed on June 9, 1957. Linda was raised in Rice Lake and moved to the Cumberland area. On June 1, 1963 she married Robert Kolzow who preceded her in death on December 4, 2011.

Linda was employed at Schultz Bros Dime Store from 1958-1961 & 1963-1964, Rice Lake Creamery 1961-1963, Tower House from 1968-1977 and the Cumberland School District from 1977-2008.

Linda loved God first and husband Robert second and her family was very important. She was always on the road somewhere to see her children or grandchildren. Linda loved music and sharing the gift with others. She also enjoyed playing cards, quilting, baking and her flower gardens.

She is survived by two sons: Kenneth (Wendy) Kolzow of Cumberland and Jeffrey (Cynthia) Kolzow of Colby; two daughters: Karen (John) Dobrinski of Columbus, IN and Joan (Kyle) Klipstine of of Pulaski, WI; bonus child, Pastor John Miels; eight grandchildren: Blake, Kayla, Eric, Kortney, Collin, Bradley (Raisha), Zachary and Katerina; two sisters: Lorraine Barta of Rice Lake and Caroly (Dean) Dawson of Amery; one brother, Donald (Betsy) Gerland of Rice Lake; nieces, nephews, cousins, and many other family and friends. She was preceded in death by her husband, Robert; parents, Ervin and Florence Gerland; and sister, Phyllis Anderson and infant sister Shirley.

Funeral services were held at 3:30 PM Saturday, October

24, 2020 at St. Paul Lutheran Church, with Pastor John Miels officiating. Burial was at Lakeside Cemetery, Cumberland. Pallbearers were John Garibaldi-Honorary, Bill Huehn, Jim Richie, Chad Owens, Bert Skinner, Scott Hagen.

The funeral can be accessed from Skinner Funeral Home website.

The family would like to extend a heartfelt thank you to Care and Rehab Cumberland for your loving support to mom. Special thank you to Pastor John Miels.

Skinner Funeral Home of Cumberland is serving the family.

"A Bible saves a man's life"
by Interim Pastor Peter Bergeson
Cumberland Baptist Church

A few years ago a Bible saved a bus driver's life in Dayton, Ohio. Rickey Wagoner was standing outside his stalled vehicle when he was attacked by three young men, one of whom aimed a gun at his chest and fired. A pocket New Testament stopped two bullets. A scuffle ensued and the youths fled the scene. Perhaps any book would have stopped the bullets, but Wagoner is giving credit to God.

An investigating police officer reported, "The two bullets were stopped by the New Testament book in his chest pocket. There was obviously some kind of intervention involved in this incident, because he probably should not be here."

The news story made me think of the power of God's Word in our lives. Psalm 18:30 says, "As for God, his way is perfect; the Word of the Lord is flawless. He is a shield for all who take refuge in him." God has given us the Bible to protect us spiritually and to show us the path to life.

The Bible is like no other book. It reveals God to us. And it reveals our own hearts. It tells us that we are lost and incomplete until we come to faith and Jesus Christ. If we build our lives on the words of Jesus, as recorded in the Bible, we can live securely and confidently, no matter what life throws our way.

Jesus said, "Everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. The rain came down, the streams rose, and the winds blew and beat against the house; yet it did not fall, because it had its foundation on the rock." (Matthew 7:24-25)

Note that Jesus said it is not the one who has a Bible in his pocket that is safe. It's not even the one who reads or hears the words of Jesus. It's the one who not only hears the words of Jesus but also puts them into practice.

In John 5:24, Jesus says, "I tell you the truth, whoever hears my word and believes him who sent me has eternal life and will not be condemned; he has crossed over from death to life."

A New Testament stopped two bullets and saved Rickey Wagoner's life. God's Word has the power to lead us to faith in Jesus Christ, who alone can save our spiritual lives.

OBITUARIES...**Bernice G. Cifaldi,**

Bernice Gertrude Cifaldi, 93, of Cumberland died Monday, October 19, 2020 at Mayo Clinic Health System in Eau Claire after a brief illness. She was born March 15, 1927 in Cumberland to Blair and Edna (Barrows) Sweet. She graduated from Cumberland High School in 1946 and was married at St. Anthony Catholic Church in Cumberland on October 5, 1946 to Anthony Cifaldi who preceded her in death on September 2, 2019.

Bernice and Tony wintered in Arizona for 30 plus years. They also enjoyed traveling throughout the U.S. and Europe. Bernice loved playing cards, but her true passion was for the game of Bridge. She was well known for her entertaining and cooking skills. She lived her life to the fullest, helping others and passed those values onto her

PUBLIC NOTICES

NOTICE OF GENERAL ELECTION AND SAMPLE BALLOT NOVEMBER 3, 2020

OFFICE OF THE BARRON COUNTY CLERK TO THE VOTERS OF BARRON COUNTY:

Notice is hereby given of a general election to be held in Barron County, on November 3, 2020, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation, each in its proper column, together with the questions submitted to a vote, in the sample ballot below.

INFORMATION TO VOTERS

Upon entering the polling place, a voter shall state his or her name and address, show an acceptable form of photo identification and sign the poll book before being permitted to vote. If a voter does not have acceptable photo identification, the voter may obtain a free photo ID for voting from the Division of Motor Vehicles. If a voter is not registered to vote, a voter may register to vote at the polling place serving his or her residence if the voter provides proof of residence. Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the voter shall retire alone to a voting booth or machine and cast his or her ballot except that a voter who is a parent or guardian may be accompanied by the voter's minor child or minor ward. An election official may inform the voter of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

VOTING FOR PRESIDENT AND VICE PRESIDENT

A vote for candidates for President and Vice President is a vote for the presidential electors of those candidates. A write-in vote for President and Vice President must designate the name of a presidential candidate. A write-in vote for a candidate for President only will be counted. A write-in vote for a candidate for Vice President only will not be counted.

WHERE PAPER BALLOTS ARE USED

The voter shall make an (X) or other mark in the square next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of his or her choice in the space provided for a write-in vote. When voting for President and Vice President, the voter shall make an (X) or other mark next to the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall write in the names of persons of his or her choice in the spaces provided. On referendum questions, the voter shall make a cross (X) in the square next to "yes" if in favor of the question, or the voter shall make a cross (X) in the square next to "no" if opposed to the question.

WHERE OPTICAL SCAN VOTING IS USED

The voter shall connect the arrow next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of his or her choice in the space provided for a write-in vote and connect the arrow next to the write-in line. When voting for President and Vice President, the voter shall connect the arrow next to the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall write in the names of persons of his or her choice in the spaces provided and connect the arrow next to the write-in lines. On referendum questions, the voter shall connect the arrow next to "yes" if in favor of the question, or the voter shall connect the arrow next to "no" if opposed to the question.

WHERE TOUCH SCREEN VOTING IS USED

The voter shall touch the screen at the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall type in the name of the person of his or her choice in the space provided for a write-in vote. When voting for President and Vice President, the voter shall touch the screen at the set of candidates (ticket) for president and vice president for whom he or she intends to vote. To vote for a Presidential ticket that does not appear on the ballot, the voter shall type in the names of persons of his or her choice in the spaces provided. On referendum questions, the voter shall touch the screen at "yes" if in favor of the question or the voter shall touch the screen next to "no" if opposed to the question.

The voter should not be cast in any other manner. Not more than five minutes' time shall be allowed inside a voting booth. Sample ballots or other materials to assist the voter in marking his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

SPOILED BALLOTS

If the voter spoils a paper or optical scan ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one voter. If the ballot has not been initiated by two inspectors or is defective in any other way, the voter shall return it to the election official, who shall issue a proper ballot in its place.

The voter may spoil a touch screen ballot at the voting station before the ballot is cast.

AFTER VOTING THE BALLOT

After an official paper ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The voter shall then deposit the voted ballot in the ballot box, or deliver the ballot to an inspector for deposit, and deposit the un-voted ballots in the discard box. The voter shall leave the polling

place promptly.

After an official optical scan ballot is marked, it shall be inserted in the security sleeve, so the marks do not show. The voter shall then insert the ballot in the voting device and discard the sleeve or deliver the ballot to an inspector for deposit. If a central count system is used, the voter shall insert the ballot in the ballot box and discard the sleeve or deliver the ballot to an inspector for deposit. The voter shall leave the polling place promptly.

After an official touch screen ballot is cast, the voter shall leave the polling place promptly.

A voter may select an individual to assist in casting his or her vote if the voter declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the voter's employer or an agent of that employer or an officer or agent of a labor organization which represents the voter.

Official Ballot Partisan Office and Referendum November 3, 2020

002

Notice to voters: if you are voting on Election Day, your ballot must be initiated by two (2) election inspectors. If you are voting absentee, your ballot must be initiated by the municipal clerk or deputy clerk. Your ballot may not be counted without initials (see end of ballot for initials).

IMPORTANT: Use the marking pen provided. DO NOT USE RED INK!

DIAL 2-1-1

NOTICE OF REFERENDUM Town of Lakeland • County of Barron

State of Wisconsin

November 3, 2020

NOTICE IS HEREBY GIVEN, that at an election to be held in the Town of Lakeland, County of Barron, on November 3, 2020, the following proposed Town Board Ordinance 2020-01 will be submitted to a vote of the people:

TOWN OF LAKELAND • ORDINANCE NO. 2020-01 AN ORDINANCE TO APPOINT THE TOWN TREASURER

The Town Board of the Town of Lakeland, Barron County, Wisconsin, does hereby ordain as follows:

That, pursuant to Wis. Stat. § 60.30(1e)(a), the office of the town treasurer shall be filled by appointment of a majority of the members-elect of the town board.

The term of office for the appointed position shall be set by the town board, but may not exceed 3 years per § 60.30(1e)(c). The town board may re-appoint the officer for additional terms. However, removal by the town board during a given term of office may only be for "cause" as defined under § 17.001 and required by § 60.30(1e)(f).

This ordinance is subject to approval by the town electors in a referendum, which is hereby called by the Town Board to be held on November 3, 2020. The referendum question shall be:

"Shall the person holding the office of Town Treasurer in the Town of Lakeland be appointed by the town board?"

The salary of the appointed position shall be set by the town board and may not be reduced during the term of office.

HIT AND RUN...

sponded with the witness's description of the vehicle. Officers believed Juarez was most likely on top of Cobenais when they were struck by the suspect truck.

On September 28, 2020, the Polk County Sheriff's Office received a tip from someone stating that they knew Andrew Endres had been the driver of the vehicle involved in the double fatality, states the criminal complaint filed against him.

Authorities reviewed vehicle records and discovered that at the time of the double fatality pedestrian crash, Endres had owned a vehicle matching the description of the suspect vehicle. Further investigation revealed that Endres had since sold the vehicle, and that it had been sold again.

On October 3, 2020, investigators met with the person who provided the tip about Endres. They stated that they had knowledge that Endres had been the driver of the truck involved in the double fatality; that Endres had been consuming alcohol the evening of the incident; and that Endres had paid cash to have the truck repaired following the incident.

When investigators reviewed Polk County property landowner records, they were able to confirm that property only a few miles from the location of the double fatality was owned by Endres' family. A search warrant was obtained for Endres' phone records dating back to the time of the incident. Authorities reviewed those records on October 8, 2020, which indicated that Endres had used the phone around the time of the crash and that communication had utilized a cell phone tower located 1.4 miles from the crash, and 4.4 miles from Endres cabin.

A search warrant was conducted at Endres's residence on October 15, 2020. While the warrant was being executed, Endres stated that he wanted to speak with his attorney.

On October 18, 2020, investigators once again met with the individual (Witness 1 in the criminal complaint) who had been the passenger at the time of the double fatality. This individual stated that he had been at the family property on the date of the incident and that they had been in the truck with Endres driving at the time that it struck Cobenais and Juarez. Endres got out of the truck following the crash and after stating, "we have to get out of here," drove away from the scene. The individual went on to state that after they arrived back at the family property, they went inside to preoccupy the rest of the people who were there, while Endres attempted to clean the truck off with bleach.

The truck was seized as evidence, covered in tarps, and transported to the Polk County Sheriff's Department to be stored for future submission to the Wisconsin State Crime Lab for inspection/analysis.

On October 14, 2020, investigators interviewed Endres about the double fatality. Initially, Endres stated that he did not know where Polk County, WI was. The criminal complaint goes on to state that Endres did confirm the location of the property owned by his family was in that area. When asked about vehicles he had previously owned, Endres' confirmed that he had owned a black Ford F-150, however, he stated that it had never been in any type

of accident that he knew of. Investigators brought up the double fatality, asking Endres if he had any knowledge of it. The criminal complaint says that Endres stated his belief that the investigators had been provided information regarding himself due to another individual's hostile feelings toward him stating, "I hate to tell you I think you're going on a wild goose chase." Endres stated his friend was going through a nasty divorce and her soon to be ex-husband knew he had a black truck and a place up there."

As the investigators continued to speak with Endres, he allegedly went on to state that the truck he had owned didn't even match the description of the suspect vehicle, and that he had not been in the area when it happened because he always had to work Saturdays.

Also on October 14, 2020, investigators spoke with the individual who purchased the truck from Endres and confirmed that no repairs had been made to the front end by that individual, and the vehicle had not been in any type of crash while owned by them.

On the evening of October 14, 2020, investigators made contact with the individual who had been the passenger in the truck that Endres was driving at the time of the double fatality.

This individual (identified only as Witness 1) who's phone number was used in the area on the date of the accident.

A search warrant was conducted at Endres's residence on October 15, 2020. While the warrant was being executed, Endres stated that he wanted to speak with his attorney.

On October 18, 2020, investigators once again met with the individual (Witness 1 in the criminal complaint) who had been the passenger at the time of the double fatality. This individual stated that he had been at the family property on the date of the incident and that they had been in the truck with Endres driving at the time that it struck Cobenais and Juarez. Endres got out of the truck following the crash and after stating, "we have to get out of here," drove away from the scene. The individual went on to state that after they arrived back at the family property, they went inside to preoccupy the rest of the people who were there, while Endres attempted to clean the truck off with bleach.

Endres is charged with two counts of Class D Felony, Hit & Run-Resulting in Death. If convicted as charged, he faces a possible maximum sentence of 50 years confinement in state prison and \$100,000 fine on both counts.

Online circuit court records show Endres is in the custody of Dakota County

that was there during the time frame may have been exposed. We issue an alert to let people know they may have been exposed and to look for others who may now be sick as well.

Appearing on this list does not mean the establishment did something wrong. It also does not mean the establishment should be closed. All establishments are contacted before being listed and are given guidance on how to reduce future risk to staff and customers.

COUNCIL MEETING...

Strand gave an overview of the project. Then Sean Lentz gave a presentation on the Status of Tax Increment District No. 9 (TID No. 9) and Preliminary Financing Options for future TID No. 9 Projects and Development. After hearing both presentations, the council decided to send the project back to the committee to further refine the scope and order of projects being covered under this phase. It will be brought

back to council at the November meeting.

Sean Lentz then led a discussion regarding the issuance, sale, and delivery of a \$2,000,000 General Obligation Promissory Note, Series 2020B. This note will cover the Carbone & 14th St. Project - Phase 1 and the City's portion of the proposed Bridge Project on Hwy. 63. This is "interim" financing, allowing the City to draw funds as needed.

Interest only paid on funds used. Dairy State Bank's bid of 0.79% fixed for three years with 12 draws, was accepted.

Also approved by the council were Change Order #1 (Carbone & 14th) from James Peterson Sons, Inc. in the amount of \$82,523.49; and a Conditional Use Permit placing two duplexes, located on Comstock Ave, as recommended by Planning Commission.

Lastly, the Council discussed and approved the 2021 Budget as presented by their outside accountant. (see *Public Notices* on page 10). The proposed budget is balanced at \$3,119,286 with a Levy rate of 9.2010% down 2.44% from last year. Their will be a public hearing on the proposed budget at a special session of the council on November 12th.

The next regular meeting will be held on Wednesday, November 4th at 7:00 p.m. at City Hall.

SCHOOL BOARD...

a -4.30% change from last year.

After presenting the budget, the hearing was closed and Board President Eric Stone opened the Annual Meeting. This is a business meeting where the board voted to accept the Budget and the Tax Levy as presented.

In addition, the meeting authorized the board to handle other day-to-day operational matters such as cash flow borrowing; applying fund balances to working capital; take legal action on behalf of District; provide School meals; furnish text books, purchase, operate and maintain transportation vehicles and insurance; lease or purchase property for school buildings, as well as the power to sell unused property.

Also approved was the annual salaries for the Board members at \$100 per member per meeting with reimbursement of \$100 per day plus actual expenses (for out of district travel).

With that business disposed of, the Annual Meeting was closed and the regular monthly Board meeting commenced.

First, the Board heard reports from various department heads. Loren Majewski, athletic director, reported on the winding up of the Fall sports seasons. Soccer and Cross Country made it to the Regionals for each sport and ended their seasons there. As of the meeting, the HS Football Team is undefeated.

Education Director Jamie Shaffer reported on the English Language Learner rolls. The number of students in general was down this year as not as many families came and many of those left before the crucial 3rd week of September count. There are currently 14 students in the program. Jamie also reported that the first round of testing has been completed in grades K-8. The results are excellent. The district goal is to have 80% of the students testing at benchmark level. This year 81% met or passed the benchmark in reading and 82% in math.

These tests allow the district to then target the students needing help and make sure they get the support they need to improve their scores.

Tami Bowman, Director of Special Education gave a report on her progress keeping up with the required as-

sessments for the program. She said that Tia Olson, the new school psychologist, is doing a great job and has been an invaluable asset in doing the IAP reports.

School Nurse Kristin Olson gave an update on the COVID situation in the school. Currently, the district has ten staff/students

district wide who are absent due to COVID related reasons and one positive case. To this point, all the COVID related issues that the school has had to deal with are the result of external exposure brought to the school with no internal transmission occurring.

Moving on to action items, the board formally approved the 2020-21 Budget and Tax Levy as accepted at the Annual Meeting.

High School Guidance Counselor Kristy Thompson gave her recommendations for the Early College Credit (UWBC) and Start College Now (WITC) programs. These programs allow students to earn college credits for courses not offered by the district. The board approved courses for 27 students for the second semester.

The Board also approved the hiring of Ellwood Ellementon as the Middle School Basketball Coach.

In the administrator re-

ports, High School Principal Ritchie Narges praised the custodial staff for all their hard work maintaining the buildings and grounds during these trying times. He also thanked the Board for approving the fireworks and other homecoming activities. They went wonderfully and were greatly appreciated by the students. Narges also thanked the Sparish family for providing the fireworks for the event.

All the administrators commented on how great the students were doing conforming to the mask and distancing requirements. Elementary School Principal Jim Richie even stated that things are going so well that the "new normal" could just be called "normal" and that some of the changes made might be kept, even after the crisis abates.

Superintendent Dr. Barry Rose then handed out a School Plan Update which will be going out to all the parents.

In it he states that "We will continue to need your help if we plan to keep our doors open. The combined effort of parents,

students, staff, and community members to make this

work will continue to be our strongest ally."

When Rose had finished, Chad Owens, a parent, spoke. Owens stated that,

DMV explains steps to obtain an ID to vote

Most Wisconsin voters already have some form of ID needed to vote, including a Wisconsin driver license or ID. There is no separate "voter ID" and a federally-compliant REAL ID card is not required for voting purposes.

The Wisconsin Elections Commission provides a list of acceptable options to bring to the polls on its website, bringit.wi.gov.

The Wisconsin Department of Transportation Division of Motor Vehicles (DMV) explains the steps for voters to get their first Wisconsin ID.

- Voters should visit DMV's website, wisconsindmv.gov/idcards, for information and a list of the documents that will be required.

Certain documents, such as a birth certificate, proof of identity and Wisconsin residency, are necessary to obtain an official Wisconsin ID card.

- Voters should bring the required documents to a DMV Customer Service Center to apply. If all documentation is not read-

ily available, the ID Petition Process (IDPP) can be used to obtain a receipt valid for voting while the remaining documents or verifications are obtained. The receipt will be sent via overnight mail. The voter should bring any documentation available to the DMV and complete two forms (form MV3004, and form MV3012). DMV offers this IDPP service and ID card for voting purposes free of charge.

- Voters will receive their identification card in the mail or a receipt that is valid for voting purposes and can be used to show at the polls.

Anyone who doesn't have an ID to vote should begin the process now. DMV's toll-free voter ID hotline at (844) 588-1069 is available for questions on obtaining an ID to vote.

Questions regarding voter eligibility, poll locations, voter registration information or other election information can be directed to the Wisconsin Elections Commission.

In-Person Voting During COVID-19

Communities across Wisconsin have seen an increase in COVID-19 cases in recent weeks. Taking precautions if you vote in-person can help slow the spread of COVID-19. Wisconsin residents under quarantine or isolation have the right to leave their homes to vote. Please follow these recommendations if you have not absentee voted and intend to vote in person.

Voting in Person if You Are Well

If you are voting in person, please continue to follow these precautions:

- Practice good physical distancing (maintain at least 6 feet from non-household members whenever possible).

- Wearing a face covering is highly encouraged. However, it is not required in order to vote.

- Avoid touching your eyes, nose, and mouth with unwashed hands.

- Wash your hands or use hand sanitizer before and after visiting the polling location.

Voting in Person While Under Quarantine

- Practice physical distancing (maintain at least 6 feet from non-household members whenever possible).

- Wearing a face covering is highly encouraged.

However, it is not required in order to vote.

- Wash your hands or use hand sanitizer before or after visiting the polling location.

- Consider curbside voting. Contact your municipal clerk ahead of time to learn more about curbside voting procedures at your polling place.

**Please wear your mask and stay distanced from other voters and poll workers.*

Voting in Person While Under Isolation

- Consider curbside voting. Contact your municipal clerk ahead of time to learn more about curbside voting procedures at your polling place.

- Wearing a face covering is highly encouraged. However, it is not required in order to vote.

- Practice physical distancing at all times.

***According to the Wisconsin Elections Commission, any voter who is immunocompromised, was exposed to or has symptoms of COVID-19, or has a disability must be allowed to curbside vote.*

Fatal Crash in St. Croix Falls

On Wednesday October 21st, 2020, at 6:03 P.M., the Polk County Sheriff's Department Dispatch Center began receiving calls regarding a one vehicle crash on Hwy 87, just to the South of County Road I, in the Town of St. Croix Falls.

Upon arrival of Law Enforcement and First Responder units, it was found that a 2007 Chevrolet HHR was southbound on Hwy 87. As the vehicle passed the intersection of County Road I, the vehicle appears to have steered hard to the left. The vehicle crossed the northbound travel lane and entered the east ditch. Upon entering the ditch, the vehicle rolled over. The vehicle then struck a tree on its roof, causing severe damage to the top of the vehicle.

The driver, Wanda Petersen, 53, of rural St. Croix Falls, sustained severe injuries and died at the crash scene. The passenger, David Johnson, 60, also from rural St. Croix Falls, sustained severe injuries and was transported by air ambulance from the scene to Regions Hospital in St. Paul. His condition is unknown at this time.

The Polk County Sheriff's Office was assisted at this crash scene by the St Croix Falls Police Department, the Cushing and St Croix Falls Fire Departments, Life Link III air ambulance, Lakes Area EMS, and the Polk County Medical Examiner's Office.

This matter is under investigation with the Polk County Sheriff's Office.
