

#Fight For Logan

Logan Mott, a Cumberland High School Junior, who was severely injured in an automobile accident on September 6th, continues to fight but remains hospitalized. The family needs our help. An account has been established at Cumberland Federal Bank under Logan or Brooke Mott. If you wish to donate please do so. A GoFundme.com account has also been set up under Holding on to Hope for Logan. Family and friends of Logan greatly appreciate all the love and support given to them during this difficult time. Keep Logan in your prayers and help if you can!

United Fund kicks-off Fundraising Drive

Inserted in this week's paper is a flyer reminding us all that the United Fund of Cumberland is kicking off their annual fundraising effort. However, in the COVID era, that fund drive takes on a greater significance than ever before.

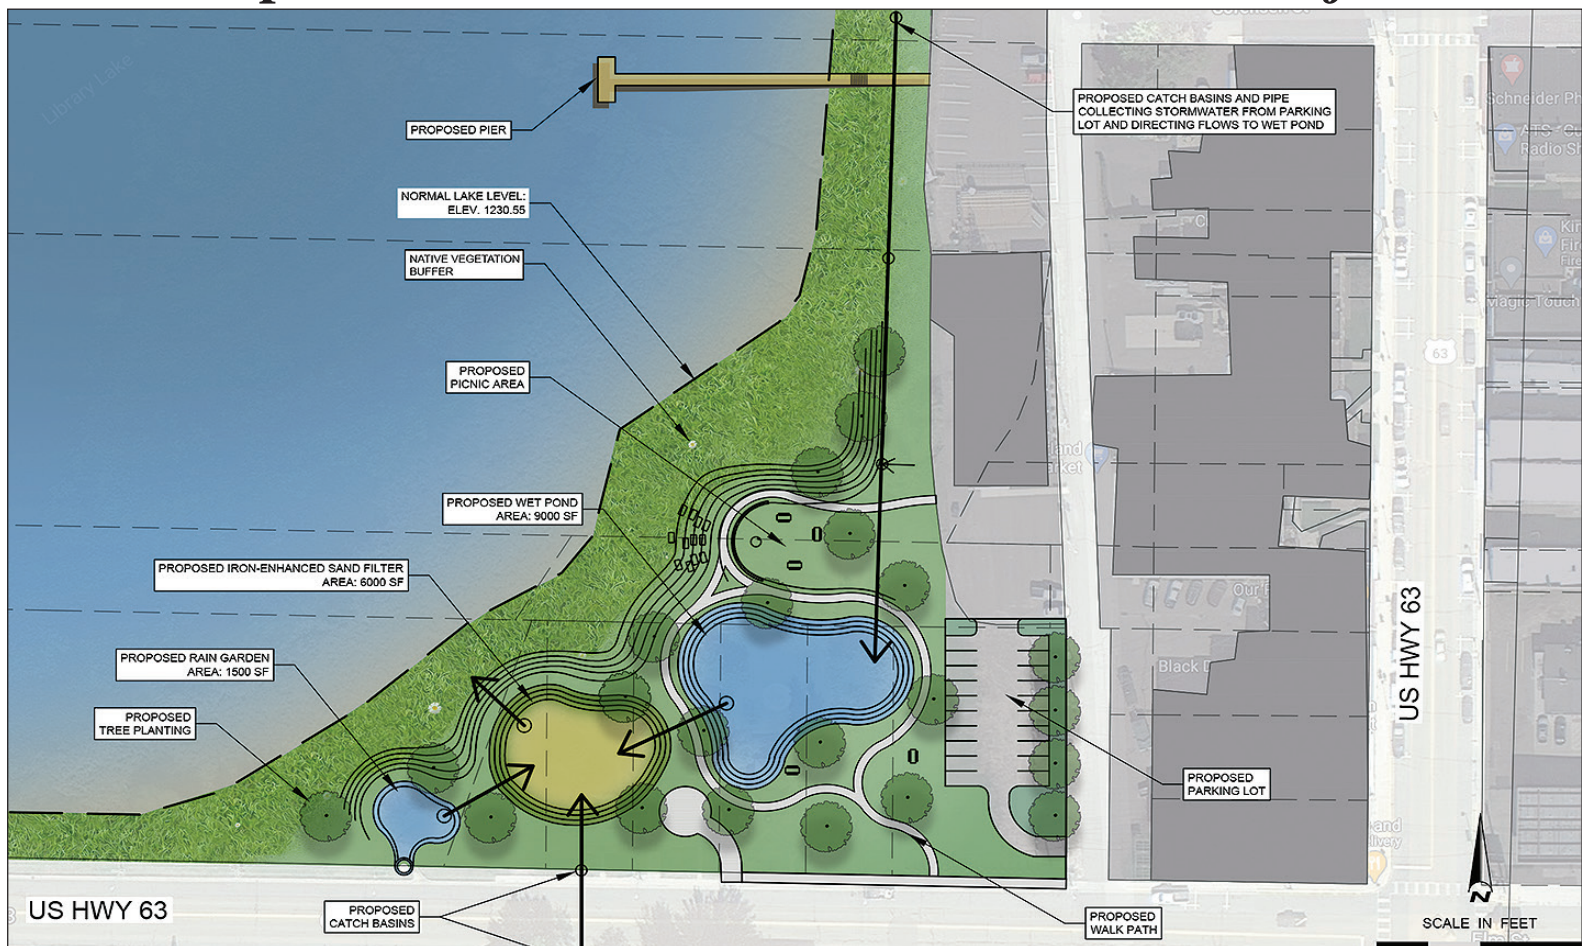

As you may know, many of our community's charitable organizations have been hit really hard by the COVID shut downs. Their chances of raising donations through their traditional events - Spaghetti Feeds, Corn Boils, 5K Runs, The Brat Shack and the Rutabaga Festival, were all curtailed as restrictions and cancellations drastically changed our fundraising landscape. How will our community be able to meet the needs that these organizations traditionally serve? That is where the United Fund of Cumberland comes in.

When I was new to the community, I didn't give much thought to the banner across Main St. or the United Fund. If I thought anything about it, I just assumed (as many people do) that it was just the local "United Way" drive. I have since learned how wrong I was.

The United Fund of Cumberland is unique to our community. It is not (and never has been) affiliated with the better known national organization the United Way. Though their concepts are similar, donations made are put in a general fund and then distributed to other causes and organizations, the differences are what truly sets them apart and makes the

Proposed South East Storm Water Pond Project

A View from the Lake: Beaver Dam Lake Management District Update

by Tom Schreoder, President

With the color turning on the leaves and the docks and boats being pulled for the winter, I always ask myself, where did the summer go? As I look back at this past summer, I believe it was one of the best we have experienced in a long time. With the early ice out in March and the warm water temperatures in June, I was concerned that the aquatic plant/weed population would be horrendous, especially after the explosion of Eurasian Water Milfoil - EWM and the prolific variable pond weed and other emergent plant growth that we experienced in 2020. The 2021 EWM treatment appears to have been very effective and for whatever reason the emergent plant growth was minimal. The upcoming Oct. plant survey will hopefully verify the July plant survey results. There was some algae growth, but not unexpected, because of the warm water temperatures and lack of rain. Filamentous algae was the most noticeable as large mats of the algae were occasionally observed floating on the lake.

This type of algae is good for the lake as a food source for lake dwellers as well as ducks and other water birds. The South East (SE) storm water pond Phase 1 is scheduled to start the week of Oct. 4th. This phase will involve connecting the 3 storm water drains (catch basins) from the City parking lot and several others collection basins behind the utility and businesses along the alley to a new storm water pond. The pond will be the first of three treatment facilities that will be located in the area where the three houses were removed about one year ago. Trees will need to be removed where the storm water piping and ponds will be located, but during the future phases of the project, trees, shrubs, appropriate plantings and shoreline restoration will be included. (see artist conceptual drawing) Simultaneous with the aspects of the SE pond design, bidding and awarding of the construction contract, the Lake District along

with Emmons & Olivier Resources, Inc.-EOR have been working on a WDNR grant application for Phase 2 of the SE Storm water pond project. This needs to be submitted by Nov. 1, 2021 and is a lengthy process that requires lots of interaction between the WDNR, EOR and the Lake District and support from the City. Phase 2 will include directing storm water from Main Street and the 4 corners area along with the water from highway 63/48 going west from the Corner Bar to another new pond. This pond is referenced as an iron enhanced sand filter. The iron filings mixed in the sand will capture phosphorous as the storm water filters through the sand within the confines of the pond. For every pound of phosphorous that is contained in the pond potentially 350 to 500 pounds of algae is prevented from growing in the lake. Phase 3 will focus on the cultural aspect of the project including walkways, ATV and snowmobile access, parking areas, informational signage, planting areas, benches, tables, etc. The small stage used for the pepper eating contest at the Rutabaga Festival and the summer Tuesday evening music event will be moved temporarily during the construction activity. Low bidder DeSantis Excavating & Underground Utilities will be constructing the project. The Lake District is also working on obtaining a permit to dredge sediment from various areas of Library Lake. Once a dredging permit is obtained, a fund raising effort will be initiated to raise the assets necessary to cover the dredging and handling costs. Along with all the previously mentioned undertakings the Lake District is also working on updating the Library Lake - Lake Management Plan. An approved updated Plan is a prerequisite when applying for grants and other funding sources. The update is required every 10 years by the WDNR. A committee of BDLMD residents is currently reviewing the 2010

approved Library Lake - Lake Management Plan and will provide input and feedback for what the updated Plan should include. The City is completing the Water St. and 4th St. project that includes the rebuilding of the boat launch adjacent to the intersection of the two streets. The concrete ramp and boat dock will be a nice improvement. Please do not power load when trailering your boats. The scouring of the sand and stone at the end of the ramp creates a drop off that makes use of the ramp difficult. It also causes an expense to repair the damage. There are other things going on related to the lake and Lake District but they will be covered in future article. The BDLMD commissioners and I appreciate the continued support from the community of our efforts to protect and preserve our great lake. There is still a lot of work to do. Have a wonderful fall season.

arm on their person for protection. Cumberland Police Officer Frey, responded to this call at the request of Sergeant Allen from the Barron County Sheriff's Department. Officer Frey's report indicates that as he pulled up to the driveway of the above residence, he could see a vehicle with its lights on. Officer Frey activated the lights on his squad car to signify that he was a law enforcement officer. Officer Frey's report indicates that at one point he was out of the squad car and was announcing the needs of the Cumberland Police Department. As he came around to the north side of the residence,

he observed headlights in a vehicle parked in the northwest corner of the house. As he came around the corner of the house, he could hear the engine of the vehicle increase. He announced his presence as a law enforcement officer and observed a female who was later identified as Harshman. Harshman claimed that it was "her home." Officer Frey advised her that it was not her residence and ordered her to shut the vehicle off. Officer Frey's report indicates that he had to tell Harshman several times to turn the vehicle off and put the vehicle in park as he could tell it was in reverse. Harshman continued to maintain that she

lived at the residence and Officer Frey told her that she did not. He also advised her who he was and continued to have to tell her to put the car in park. Given the fact that she was not complying with his commands, he went to open the driver's side door to gain compliance from her. He was able to open the door approximately a quarter of the way and his hand was still on the driver's door. Harshman floored the vehicle in reverse, within inches of hitting Officer Frey. Officer Frey advised dispatch that the vehicle was taking off. He observed as the vehicle left, Harshman ran over

Barronett woman charged with attempting to flee and possession of methamphetamine

Stephanie K. Harshman, 42, of Barronett, has been charged with attempting to flee or elude an officer and possession of methamphetamine.

On September 27, 2021, at approximately 2:51 am, the Barron County Sheriff's Department received a call from a homeowner of a residence in Cumberland. The homeowner was reporting there was a vehicle driving around his cabin and his field honking their horn. The homeowner reported that he believed it was a truck and further advised that the driver of the vehicle was shining lights in the cabin and that the vehicle drove right up next to his house by

Stephanie K. Harshman

the steps. The homeowner also advised that they believed there was a subject or multiple subjects out walking around the house. The homeowner further advised that they had a loaded fire-

arm on their person for protection. Cumberland Police Officer Frey, responded to this call at the request of Sergeant Allen from the Barron County Sheriff's Department. Officer Frey's report indicates that as he pulled up to the driveway of the above residence, he could see a vehicle with its lights on. Officer Frey activated the lights on his squad car to signify that he was a law enforcement officer. Officer Frey's report indicates that at one point he was out of the squad car and was announcing the needs of the Cumberland Police Department. As he came around to the north side of the residence,

he observed headlights in a vehicle parked in the northwest corner of the house. As he came around the corner of the house, he could hear the engine of the vehicle increase. On Saturday in Chippewa Falls, Cumberland Marching Band placed second overall and received the Best Colorguard Award. On Sunday in Hudson (above) the band placed first overall and captured the Best Percussion, Best Colorguard, Best Visual, and Best Music Awards. It was Cumberland's first sweep of an event in over six years.

Big Weekend for CHS Free COVID-19 Booster Drive-Thru Clinic

The Cumberland High School Marching Band traveled to Chippewa Falls High School and Hudson High School last weekend to compete in two regional WSMA Sanctioned Competitions. On Saturday, Cumberland placed second overall while capturing the Best Colorguard Award. On Sunday, the band placed first overall and captured the Best Percussion, Best Colorguard, Best Visual, and Best Music Awards. It was Cumberland's first sweep of an event in over 6 years. Cumberland's show takes place in a country garden complete with a full-sized bridge, river, rocks, trees, and meadow flowers.

Additionally, a beautiful narration accompanies the show and guides the audience through the journey. "Band students are working incredibly hard" said director Dan Hopkins. "It is great to see their dedication pay off in the eyes of the judges and fans alike" he concluded. If you have not had an opportunity to watch the band this year, they have two local performances left before the State Competition in Whitewater. They will be performing at the home football game this Friday evening (7:00 start) and next Friday (12:00 noon) for the annual State Send-Off Show. Both events are free and open to the public.

Barron County Public Health will be offering free COVID-19 Pfizer Booster doses to those who qualify on October 13, 2021. The free drive-thru vaccine clinic will be held at Barron Electric from 10:00am to 3:00pm. No registration is needed. Eligible residents may come anytime between 10:00am and 3:00pm. There is no vaccine shortage at this time. Public Health will offer more drive through clinics in the future as needed.

Public Health asks that you bring your vaccine card. If you are not able to find your card, please visit <https://www.dhs.wisconsin.gov/covid-19/vaccine-record.htm> to print your COVID-19 vaccination record and bring it with you. If you are not able to bring your card or print your record, staff will be available to help you when you arrive.

You are able to receive a booster dose if: Your first and second vaccines were Pfizer, it has been at least 6 months since your second dose, and you fall into one of the following groups.

- People 65 years and older
- Residents in long-term care
- People ages 18 and older with underlying medical conditions
 - o Cancer
 - o Chronic kidney disease
 - o Chronic lung diseases, including COPD (chronic obstructive pulmonary disease), asthma (moderate-to-severe), interstitial lung disease, cystic fibrosis, and pulmonary hypertension
 - o Dementia or other neurological conditions
 - o Diabetes (type 1 or

- type 2)
 - o Down syndrome
 - o Heart conditions (such as heart failure, coronary artery disease, cardiomyopathies or hypertension)
 - o HIV infection
 - o Immunocompromised state (weakened immune system)
 - o Liver disease
 - o Overweight and obesity
 - o Pregnancy
 - o Sickle cell disease or thalassemia
 - o Smoking, current or former

- o Solid organ or blood stem cell transplant
- o Stroke or cerebrovascular disease, which affects blood flow to the brain
- o Substance use disorders

- People ages 18 and older who are at increased risk for COVID-19 exposure and transmission because of their job.

- o First responders (health care workers, firefighters, police, staff at congregate care facilities)
- o Education staff (teachers, support staff, childcare workers)
- o Food and agriculture workers
- o Manufacturing workers
- o Corrections workers
- o U.S. Postal Service workers
- o Public transit workers
- o Grocery store workers

People in the recommended groups who got the Moderna or Johnson & Johnson vaccine will likely need a booster shot in the near future. More information on those boosters is expected soon.

With the high-levels of

COVID-19 spread in Barron County, Public Health continues to urge everyone who is not vaccinated to get the COVID-19 vaccine, and for all people to add additional layers of protection including masking up indoors, staying

home when feeling sick, and avoiding large indoor gatherings. To find a vaccine near you visit www.vaccinefinder.org. For more information on booster doses visit <https://www.dhs.wisconsin.gov/covid-19/vaccine-dose.htm>.

Community Ed Offerings
Barn Quilt Workshop
 Hosted by M&J of Menomonie
 Saturday, Nov. 6 • 8 am - 4 pm • CHS Art Room
 Cost: \$70 for 2x2 Size • \$110 for 4x4 Size
 Bring a Sack Lunch • Snacks will be provided
 Limited space - Register soon! Designs must be picked out ASAP • Send designs to: Mkolstad@charter.net
 (facebook.com/mjbarnquilts)
 Join us for a wonderful day of painting! You pick out your own design, we will draw it out, and you paint it. No more than five colors including white and black. Take your barn quilt home with you by the end of the day. Register soon with Susan Bridger, CCE Director, 715-822-5121 ext. 403 or emailing sbrid@csdmail.com.

Integrative Immunity Strengthening
 Hosted by April Willger
 Intuitive Reiki Practitioner and Integrative Health Coach
Wed., October 13th • 5:30 pm Cost: Free • Please RSVP
 Cumberland HS Room # 12
 Did you know that 80% of your immune system is in your colon? In this class we will learn how our digestive system works and how we can best take care of it to strengthen our immunity. We will go over foods to eat, supplements, and lots of easy ways to improve your immune system. We will also discuss how our relationships, careers, spiritual practices, and emotions are all integral in creating optimal health and immunity. To register for this class or for more information contact: Susan Bridger, CCE Director, HS 715-822-5121 ext. 403 / sbrid@csdmail.com

PICKLEBALL FOR ALL SEASONS
Any Day—All Day Cost: Free
 Come and enjoy the pickleball courts at ISLANDER PARK (at the end of 8th Avenue by the Hockey Arena)
Open and ready to use! • Bring your own equipment.
 A paddle sport created for all ages and skill levels. Simple rules and easy for beginners to learn. Combines elements of tennis, badminton, and ping-pong. Played with a paddle and a plastic ball with holes and a modified tennis net. Come and check out this Cumberland exercise sensation that has increased in following! **When the weather forces you inside, visit the Cumberland Elementary School!** (Enter through the Gym doors beginning Tuesday, September 7) **Now at a "new" time! Monday - thru Friday - Doors will be open from 6:30 7:30 a.m** For more information or to register please contact: Susan Bridger, CCE Director, HS 715-822-5121 ext. 403/sbrid@csdmail.com

THE CUMBERLAND FITNESS CENTER IS BACK!!!
 Located in the Cumberland High School
 This is a great time to come & check out the facility all cleaned and ready for work-outs!
Now Open: Monday-Thursday
At this time Evenings only: 4:00-7:00 pm
Beginning September 1st
Open Mornings 6-8 am!
Never visited the CFC? No problem!
 Come and let our "very" qualified and friendly staff demonstrate for you our cardio and weight equipment!
 Questions or concerns? Contact: Susan Bridger CCE Director 715-822-5121 ext. 403/s or brid@csdmail.com

Northwoods Notebook: I'll miss the woman who made my lattes *By Larry Werner*

Larry Werner and Vickie Komarek.

It was the summer of 2014 when I began to spend most of my time in a small town a hundred miles from where I had lived for 30 years. For some reason, while working and raising a family in the Twin Cities, I decided that when I retired, I should have a lake place.

Through sheer dumb luck, while passing through Cumberland one day six months after retiring, we stumbled upon a beautiful home on a beautiful lake. Ann was still working, running a business she started when she retired, working 12-hour days, the way you do when you own the enterprise.

So I would point my car to the northeast on Mondays, returning to our home in the Cities on weekends. When I would awaken to the sound of loons on Beaver Dam, I'd have breakfast, then walk into downtown, into a store known as Peter & Annie's World Market, where Vickie Komarek would greet me with: "Your usual?"

It wasn't long before Vickie got to know more about this old man than that he likes a medium latte with one envelope of Splenda. And I got to know more about her than that she could make my favorite drink. We became friends who talked about our spouses, children and grandchildren and about what was happening around the town she had moved to many years before, that I had moved to only re-

cently.

After I began writing this column for the Advocate, Vickie was a source of news about the people and happenings of The Island City. After I got involved with ETC, Cumberland's arts council, Vickie would cater events at the arts center, in addition to her long-standing practice of selling tickets for our events.

She seemed to know everybody in town, even though she would say, "I don't know their names, but I know what they drink."

One day, she told me the owner of her building wanted to sell it, and she would probably have to close the coffee shop. I'll never forget Bruce Willer, a regular at Peter & Annie's, asking, "What will we do?"

The men's group from First Lutheran had been meeting there for years and wondered where they would go for Bible study on Tuesday mornings. Where would I go in the mornings after breakfast? Vickie said she might be willing to move the coffee shop to another building downtown, and some of us began scouting for places. How about the Tower House, which was a restaurant for 50 years before closing in 2016? Too big, Vickie said. How about the former Remax office, where Domino's Pizza has now opened? Too expensive, Vickie said.

Then one day, while taking my walk, Mayor Bert Skin-

ner gave me the good news that the city was buying the old Kwik Trip and renting it to Vickie for the new Peter & Annie's. Vickie moved her espresso machine to the four corners and set up a coffee shop I could still walk to for my latte.

But it became time for Vickie to join her husband, Steve, in retirement, after he sold his insurance agency. Ryan Standaert bought Vickie out, and Vickie became a part-time employee of Peter & Annie's, with plans to work until October.

Her last day was Friday.

There are a lot of things to like about this old town on a lake. I've written about many of them - the downtown, the arts, the spirit of giving, the world's best meat market. But a town is made up of more than buildings, businesses and its natural environment. It's made up of people. I've written over the past seven years about many of them.

Today, I'm writing about a woman named Vickie who, for many years, greeted an old man who moved from a big city to a small town and found someone behind the counter of a coffee shop who knew how to make a latte and knew how to make a newcomer feel welcome.

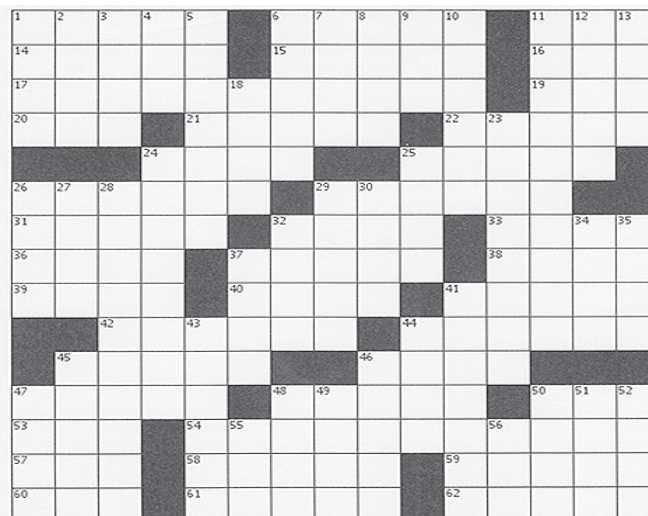

I'll continue my walk to Peter & Annie's. But something will be missing now that Vickie is gone.

Larry Werner's email is lh-werner47@gmail.com.

Opinion

By Craig Bucher

Football at all levels, from high school to the professional level, is a hot topic of conversation each fall and winter until the last pass is thrown and the last tackle is made. Hope springs eternal in each fans abreast as we all hope for a Super Bowl berth or a college championship berth in the playoffs. Each weekend colors come out and the parties are held throughout the state. Wisconsin is fortunate as both the Badgers and the Packers are championship contenders in most years. Meanwhile, we fans of the Gophers and the Vikings are perennial lost causes. The Gophers are usually on some phase of the “seven year” plan. It goes something like this - We hire a new young stud who can’t wait to get here to bring glory back to the Gopher program. Yet there is barely anyone alive who can remember the last Gopher Big 10 championship. What follows is highly predictable. We have a couple of good years, things are looking up, and then we hit a roadblock that is followed by two years of mediocrity and the coach leaves for greener pastures and the whole process starts all over. Two Saturday’s ago debacle may be the start of that process. P.J. and his “Row the Boat” will soon be seeking a different “lake” to put his oars in and the Gophers will seek the next new “Miracle worker.” The rebound against Purdue will only delay the process. Meanwhile - the Badgers and the Packers will contend each year. The Packers have rebounded from the terrible start and the Vikings after playing well one week are back in the toilet. The Badgers are in a bit of a slump but will be tough by the end of the year. Oh well - I’ll keep the faith. Some day the Vikings will win the Super Bowl and someday the Gophers will be in the college playoffs. Yah sure you betcha! Pigs will fly and green beer will be free!

SEE YOU NEXT WEEK!

Inside Wisconsin

by Tom Still

In chaos that is today’s Washington, R&D investment opportunity stands out

By Tom Still

MADISON, WI: You’re forgiven if you are among the millions of Americans right now who wonder whether Congress and the White House can agree on anything.

A contentious infrastructure bill, lifting the federal debt ceiling, feuds with long-time allies overseas, and breaking the supply-chain logjam tied to shortages and inflation are among the janky agenda items in the nation’s capital.

One potential bright spot, should policymakers pull it together, is the effort to invest more in America’s research and development sectors through universities and industry.

What was originally called “The Endless Frontier Act” has been rolled into the U.S. Innovation and Competition Act of 2021, which passed the Senate this summer but which has yet to garner attention in the House of Representatives. The reasons for delay appear to revolve around other roadblocks on Capitol Hill versus core opposition to reinvesting in R&D and reversing a decline in U.S. competitiveness.

Federal research spending as a percentage of the gross domestic product has been slipping for decades. Although partially offset by increased industry R&D

spending, the decline in basic and applied research has been noticeable in an era when the United States faces massive competition from China and other emerging powers.

A bipartisan group of congressional leaders proposed the Endless Frontier Act in early 2020 to spend up to \$100 billion over five years to boost science and technology research, revive American manufacturing and create innovation hubs nationwide. That proposal morphed into the U.S. Innovation and Competition Act, which would do much the same by directing the National Science Foundation to focus on areas viewed as most important to American security and prosperity.

Those areas are engineering and computer-science heavy. They include artificial intelligence and machine learning; high-performance computing, semiconductors and advanced computer hardware; quantum computing; robotics, automation and advanced manufacturing; natural and man-made disaster prevention; advanced communications; biotechnology genomics and synthetic biology; advanced energy technology; cybersecurity, data storage and data management; and materials science and engineering.

Wisconsin has R&D strengths in most sectors, which is why representatives of four of the state’s leading engineering schools and a leading technology transfer group will talk Oct. 19 about putting the state’s collective oars in the water in anticipation of federal action.

The luncheon meeting of the Tech Council Innovation Network in Wauwatosa will feature Andrew Graettinger, associate dean for research at the UW-Milwaukee; Erik Iverson, chief executive officer for Wisconsin Alumni Research Foundation; Sheku Kamara, dean of applied research at the Milwaukee School of Engineering; Ian Robertson, dean of the UW-Madison College of Engineering; and Carmel Ruffolo, associate vice president for corporate engagement at Marquette University.

They’ll talk about what kind of assets Wisconsin can bring to the table to compete for federal dollars, which would likely take place within regional partnerships. Any regional collaboration would almost certainly include Madison and Milwaukee and perhaps beyond.

Other states are gearing up to compete in technology and engineering sectors where they have strengths.

Wisconsin institutions and industry will need to decide where they can truly shine versus being a just another good team in a 50-state league with plenty of superstars.

Wisconsin does have advantages. Each engineering school on the Oct. 19 panel has built industry partnerships in a state with one of the strongest manufacturing sectors in the country. When the Brookings Institution ranked emerging hubs in a late 2019 report, Madison and Milwaukee were high on the think-tank list of best bets for a return on federal investment.

There are impediments, of course, but it’s far better to talk about them now – while Washington is at a stalemate – than wait for the dam to burst. One example is much-needed state government investment in physical infrastructure to stay competitive with other states.

Wisconsin can make a case to become a place where federal R&D investments can quickly reap dividends. It starts with aligning the assets of some of its best research institutions.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsinintecologycouncil.com.

A Look Back

10 Years Ago

October 12, 2011

On October 8, the Isler Salvage Company will be removing Cumberland’s old water tower at the intersection of 5th Avenue and Berdan Street. The tower, built in 1959, was retired from service earlier this year, with the construction of a new water tower just west of 8th Avenue. The old tower was just one of Cumberland’s 50 year-old landmarks.

On Friday, October 7, a fire at 7 1/4 Street, on the west side of Granite Lake, started when a homeowner let a campfire get away. The fire spread into the woods. No one was injured during the fire.

20 Years Ago

October 10, 2001

Cumberland Boy Scouts Troop 24 will host an Eagle Court of Honor, which will take place at St. Anthony’s Parish Center in Cumberland on October 28. The highlight of the afternoon will be the presentation of the Eagle Rank to Robb Held, Jim Fulner, and Ben Ranallo. Robb, Jim and Ben will be Troop 24’s 67th, 68th, and 69th Eagle Scouts since the Troop was organized in 1924.

30 Years Ago

October 9, 1991

Last Friday, September 4, Cumberland firemen re-

sponded to a vacant house located on 20th Street. A call was received at 1:38 am. When the fire crews arrived at the scene, the house was completely engulfed in flames. The house was a total loss and burned to the ground. The fire appears to have started on the north side and was probably electrical.

Three graduates from Cumberland High School are members of this year’s University of Wisconsin-Madison Marching Band. The three members are Carrie Warner, Jim Beiersdorff, and Shawn Thomas. This year’s U.W. Marching Band has approximately 240 members, most composed of brass instruments. Carrie, Jim and Shawn all played six years plus first chair trumpet at Cumberland during their Junior and High School careers.

40 Years Ago

October 7, 1981

September 19th and 20th, 1981, marked the 8th Annual Wild Rice Festival, sponsored by the St. Croix Chippewa Tribe of Wisconsin. Darlene Hart, a junior at Cumberland High School, became the St. Croix Indian Princess. She received the St. Croix Indian Princess crown, a new dancing shawl, \$50, the Annual Wild Rice Festival Miss St. Croix Indian Princess trophy, an Indian

designed blanket donated by a LCO family, plus \$11 more from Best Wishers.

50 Years Ago

October 7, 1971

A Cumberland Italian Restaurant, Bona Casa Foods, has been sold by Mr. and Mrs. Tom Ricci. The new owners are Mr. and Mrs. William Church of Barron. The Ricci’s started the pizza and spaghetti sauce business in 1953 in the basement of their farm house. In 1957, they built the present building which houses the restaurant and the rest of the food operation.

70 Years Ago

October 11, 1951

The American Farmer Degree was conferred on Eugene Gohl, son of Mrs. Ida Hencke of Comstock, at the National Convention of Future Farmers of America at Kansas City, Missouri. This honor was added to an impressive list of awards won by young Gohl in FFA work.

Sam Donatelle, past Commander of Anderson-Thomson Post 98, American Legion, was elected a delegate to attend the national convention at Miami, Florida on October 15-18.

80 Years Ago

October 9, 1941

There were good representations from Cum-

berland, Maple Plain and Lakeland locals at the Barron County Annual Convention of the Farmers’ Equity Union held at the Barron Sales Pavilion on October 7. The new board of directors elected include: Henry Quam, Ira Hover, E. E. Nystrom, C.V. Peterson, Ole Nelson, Robert Clough, and Robert Bodin.

90 Years Ago

October 8, 1931

Sheriff Douglas was very much surprised last Monday morning when he discovered that one of his boarders was missing, as was also about \$100 of county tax money which he had collected and left in the office. A male subject, who had almost completed a four-month sentence on a charge of assault and robbery, had picked two locks and escaped in an auto which the sheriff had permitted him to purchase the Saturday previous, which had been parked near the jail. The man had paid about \$85 for the auto in one dollar bills, which aroused the suspicion that he was the man, who a couple of weeks ago, picked the locks on the safe in the county treasurer’s office and abstracted about \$140. No trace of the missing man has been found.

Duane W. Mosay, 30, of Rice Lake, has been charged with violating the condition of bond in Barron County stating the defendant must not operate a motor vehicle without a valid driver's license, operating a motor vehicle while revoked, and failure to install ignition interlock device. His court hearing is scheduled for November 24, 2021.

CPD Call Log

Thursday, Sept. 30

A call was received by a male subject advising there is a vehicle on 63 all over the road, and went off the shoulder onto the gravel. The vehicle is now parked at a fast food establishment, and there is a male driver in the driver's seat. The workers are a little nervous with him, as he is sitting at the picnic tables. The male refused EMS, and he is intoxicated. Officer will be en route with the male to the police department until someone can come pick him up.

Friday, Oct. 1

Received a call from a female advising that her van was stolen from her residence sometime in the last 24 hours. She did not notice when it was taken. She believes she had left the keys in the door handle of the house and when she went to her garage, the garage door was open and the van was gone. An alert has been sent to all surrounding counties, and has been entered as stolen.

Barronett Woman...

a ladder in the yard. Officer Frey had to run towards the squad car to pursue her. As he approached his squad car, he observed Harshman and the vehicle as she was driving towards him and went around his squad car. He observed she started to head east on 27th Avenue.

Officer Frey's report indicates he observed her turn south of the intersection of 27th Avenue and Highway 63. His report indicates he was able to catch up with her at Highway 63 and approximately 26 1/2 Avenue. At that point, he had his emergency lights and siren activated. At the same intersection, he observed Harshman turn all of the lights off on her vehicle.

Officer Frey's report indicates he advised Barron County Dispatch that she had turned her lights back on at the intersection of Highway 63 and 25th Avenue. He further observed that there was no traffic and advised Barron County Dispatch that the speeds were approximately 85 miles per hour. Officer Frey's report indicates that as he and Harshman entered the city limits of Cumberland, she was still not stopping. He observed that she attempted to pull over on Superior Avenue, about a block north of Jeffrey Boulevard. As they approached the intersection of Superior Avenue and Nedvidek, the vehicle

Two suspected overdose deaths in Rice Lake

The Rice Lake Police Department reported that on Thursday September 30, 2021, at approximately 1:00 pm, the Rice Lake Police Department, Rice Lake Fire Department, and Marshfield Medical Center ambulance responded to a medical emergency in the City of Rice Lake on W Coleman St. Upon arrival, officers located an unresponsive 36 year old female. Life saving measures were immediately initiated by officers and paramedics, but unfortunately were not successful. The initial investigation into the manner of her death revealed the victim likely died from a drug overdose.

On Friday October 1, 2021, at approximately 2:00 pm, the Rice Lake Police Department was requested to assist the Wisconsin Department of Probation and Parole at an address on W Slocumb St. Officers and agents located a deceased 40 year old male. The initial investigation into the manner of death revealed the victim likely died from a drug overdose.

The investigation into both of these deaths and the origin of the illegal narcotics is ongoing. Officers are investigating whether or not the two deaths are related. Samples of the suspected narcotics from both incidents will be sent to the state crime lab for testing. Autopsies for both individuals are pending, and no further information will be released at this time.

Harshman was driving was in the opposite lane of traffic. Officer Frey observed her going southbound in the northbound lane for approximately a block. At the intersection of Superior Avenue and Arcade Avenue, which turns into a 25 mile per hour zone, Officer Frey estimated that Harshman was traveling at speeds of approximately 75 miles per hour. Officer Frey continued to pursue Harshman through the city of Cumberland as she turned onto multiple different streets before she finally proceeded down a driveway located on 3rd Avenue.

According to the report of Officer Frey, when he arrived at that location, he got out of his squad vehicle and turned the siren off and approached the vehicle. As he was getting out of the squad car, the reverse lights on Harshman's vehicle came on and the vehicle started to back up. He ended up pointing his firearm at the vehicle and yelled for Harshman to stop the vehicle. She ultimately complied by shutting the vehicle off. Officer Frey waited for more units to arrive from the Barron County Sheriff's Department before attempting to get Harshman out of the vehicle.

According to the reports of Officer Frey and Sergeant Allen, the officers had to attempt multiple times to get Harshman to come out of the vehicle. But, she continued to not comply with their requests and commands. The reports indicate that she was yelling and appeared to be under some type of influence of a controlled substance or having some type

of mental issue. Deputy Allen's report indicates that he made contact with the homeowner of the residence that Harshman was at. He indicated he knew Harshman and would assist in trying to get her out of the vehicle. Deputy Allen's report indicates he brought the homeowner to the area of the squad cars where the homeowner attempted multiple times to get Harshman to come out of the vehicle.

According to the report of Deputy Allen, the officers were finally able to get Harshman to get out of the vehicle through a back window. He observed that she was acting very erratically and ultimately she was directed to the ground for safety purposes and she was taken into custody. His report further indicates that a search warrant was conducted of her person and during this search, Deputy Allen located a plastic bag with a white crystalline substance in it. There was also a glass tube with a white top that appeared to have some type of white residue in it. There was another glass tube with a black top that had some type of substance in it as well. Deputy Allen's report indicates that the white crystalline substance was field tested and a positive result for the presence of methamphetamine was obtained.

If convicted for attempting to flee or elude an officer, Harshman may be fined not more than \$10,000 or imprisoned not more than three years and six months or both. For possession of methamphetamine, she may be fined not more than \$10,000 or imprisoned not more than three years and six months or both. Her preliminary hearing is scheduled for October 11, 2021.

Football Team Defeats Chetek-Weyerhaeuser; Record 7 and 0

The Cumberland Beavers Football Team won their 16th consecutive game last Friday night as they rolled to a 56-26 victory over Chetek-Weyerhaeuser in Chetek. As has been the case all fall, the Beavers built up a big first half lead and easily defeated their opponent as they upped their overall mark to 7 and 0 this season.

"I thought we played pretty well on both sides of the ball.

We are excited to be undefeated, but also realize we have a huge challenge ahead of us this week with Bloomer coming to town. We have several things we hope to improve on," said Head Coach Corey Berghammer.

The Beavers played their first game without talented running back Drew Griffith, who had knee surgery earlier in the week. They received excellent performances from several players in making up for Griffith's absence.

Among them was quarterback Maddux Allen, who completed all 16 of his pass attempts for 307 yards and two touchdowns. "Anytime you go through a game without throwing an incompletion, a lot of people did their job," added Berghammer.

Gavin Jarchow was the Beavers leading receiver, catching 10 passes for 126 yards and one score. The

other touchdown through the air came from Vaughn Johnson, who caught two balls for 98 yards and a 57 yard score.

Edward Chafer stepped in as the Beavers main ball carrier and had a great night with 169 yards on 13 attempts, while scoring five touchdowns. He added one pass reception for 50 yards in Cumberland's potent offense, who put up 525 total yards in the contest. "The line continues to play well for us," added Coach Berghammer.

The Beavers final score came on defense, when Monty Peterson picked off a C/W pass deep in Cumberland territory and took in back 94 yards for six-points. It was all part of a dominating performance against the winless Bulldogs.

Ryker Allen led the defense with seven solo tackles, while Isaac Runstrom, Jarchow and Chafer also were among those having big defensive nights.

Bloomer comes to Endeavor Stadium with a 4 and 3 overall record. They dropped a 47-34 decision to St. Croix Falls last Friday. Bloomer has great size and has been able to score points against their opponents, but have struggled throughout the year on defense. It looks to be a high scoring affair this Friday filled with plenty of action.

Edward Chafer with the help of his offensive line crosses the goal line for a touchdown in the Beavers 56-26 win at Chetek last Friday night. Football photos by Victoria Gonzales and Orion Thompson.

Quarterback Maddux Allen completes a pass to #13 Gavin Jarchow Friday night in Chetek. Allen was a perfect 16 for 16 on pass attempts in the Beavers easy win over the Bulldogs. Football photos by Victoria Gonzales and Orion Thompson.

Volleyball Drops Two HON Matches; At Ashland on Thursday

The Cumberland Volleyball Team dropped a pair of Conference matches last week to fall to 4 and 2 in HON play. The team next prepares for a road trip to Ashland this Thursday and then host a multiple HON meet next Saturday morning in Elmer Beran Gymnasium.

"It was another intense week for our team. We went to Cameron Tuesday and didn't play our best volleyball. We were down some starting players and got caught in serve receive too many times. Thursday, we dropped a five set match to league leading St. Croix Falls, but played some phenomenal volleyball. It was a tough battle and the girls gave everything they had physically, mentally and emotionally," said Coach Teri Lesnar.

Against the Cameron Comets, Anna Ranallo, Nele Seiler and Amie West all had nice games at the net, with Ranallo having a team leading 14 kills. West added 19 assists, while Mecina Garibaldi added 14 assists.

The Saints took Thursday's game deciding set 15-13, in what was an exciting night of volleyball. The games were extremely competitive as two of the HON's best teams put on a great performance for local fans.

Ranallo had another good night with 20 digs, while West had 13 kills and seven blocks in the contest. Garibaldi also had a fine night with 19 assists and some good passing. Cumberland is now 16 and 11 in overall season sets to go along with their 4 and 2 Conference record

Amie West spikes the ball past a Comet defender last week in Cameron. The girls dropped the match to the Comets but look for a bounce back this week as they head to Ashland and then host an 8 team invite this Saturday morning.

Girl's Golf Season Ends at Regionals

The Cumberland Girl's season came to an end last week as they participated in the Northwestern WIAA Regional at Hidden Greens North in Solon Springs.

Senior Reyna Bertelsen led the Beavers in scoring with a 115, which left her eight strokes short of qualifying for Sectional play this week. The top score turned in at the course, came from Hayward Sophomore Alyson Reier, who shot a 92 to finish as the Regional Medalist. Hayward won the team portion of the

event, outscoring runner-up Spooner, 392 to 418.

"Reyna has had a great career here in Cumberland. She has been a natural leader and a very hard worker. She will be missed," said Coach Tom Hullander, who added, "This was a fun group to coach.

Returning next year will be Brigitta Maas, Sadie Horton, Lexi Peterson, and Kelsey Reidy. Maas shot a 122 to finish as Cumberland's second best scorer last Wednesday

Cumberland Soccer Loses One and Ties One; At Home this Thursday

The Cumberland Soccer Team dropped an 8-0 decision to Spooner/Shell Lake, tied Hayward 0-0, and received a forfeit from Barron in action last week. The team was back in action against Unity/St.Croix Falls on Tuesday and then host a good Washburn/Bayfield squad this Thursday in a game at Endeavor Stadium starting at 6:00 pm.

"Spooner/Shell Lake is leading the Conference and has a great group of junior athletes that have been playing together since they were young kids. Even though we fell behind early on, our kids battled and never gave up," said Coach Brent Sellent.

"Thursday we battled Hayward to a 0-0 tie, while Barron forfeited due to COVID-19 protocol. It's not the way we wanted to beat them but we will take the W," concluded Sellent.

Ryan Lundmark makes a save vs Hayward Thursday night at Endeavor Stadium. The teams battled to a scoreless tie.

Ducks on the Turtle Flambeau Flowage

Hello friends,

It was either 50 or 51 years ago that my dad took me camping to an island and fish walleye on the Turtle Flambeau Flowage for the first time. The TFF is made up of thousands of acres of water, land, and islands with the vast majority owned by you and me and it's as close to feeling like being in Canada as I can get while still being in Wisconsin.

This past week I spent 48-hours either living in my canoe or the 18.6 War Eagle as I slept in the boat and hunted out of the canoe for ducks with my 5-year-old golden retriever Ruby.

Friday, September 24th
High 62, low 42

So, I am driving up highway 13 with a canoe on top of my truck, pulling my boat behind my truck and with a very happy pup in the backseat of my truck. It is 48-degrees, and a very cold rain is falling, and my plan is to sleep in my boat. Often people tell me how much I have it made, sometimes they are somewhat incorrect.

I load my rigs as best I can, put on my chest waders and begin the two-mile journey to paradise. Last year I was here on this same weekend and both nights I slept in a tent and hunted in very leaky chest waders. There were violent storms with lots of rain and between the storms and the leaks I destroyed my phone.

A very positive memory of the adventure is that I had my 10-year-old golden retriever Fire along and something told me I should leave Ruby home. I did and we had incredible hunt and two months later Fire came down with cancer and passed away.

So, it is dark, the rain is over, and I am living in my boat, cooking on a propane stove, my home is lit by a propane light and I am listening to the Brewers.

Life is good.

Saturday, September 25th
High 68, low 37

The sleep part of my night ended at 1:00 am, after that I looked at the stars, talked to Ruby, and paddled my canoe to where I would hunt, four hours is a long time to watch the stars.

When daybreak came my plan was to only shoot drake woodies and mallards. That plan went to heck a half hour after shooting started and I dropped a hen woodie. The action was slow, but I honestly had no cares. Mid-morning I hit a teal that sailed about a half a mile. It was time for a break, so I pulled my decoys and went looking for the teal. I was in almost total shock when I beached my canoe, Ruby went hunting and came back with the teal.

So, I go to the War Eagle, cook up a top-notch lunch, set up my cot and took the best nap of my life.

Next, I decided to go exploring for my afternoon hunt. I paddle a mile, like what I see and set out my decoys. There are ducks and I missed a couple of times. Then a flock of mallards flew over and to my disbelief I dropped a greenhead, I picked out another drake and by God I hit that one too. Ruby retrieved the first and then it was time for a canoe journey and a hike in the wild rice to search for the other.

My jawbone about fell out of my face when Ruby found that drake in like no time at all. I paddled back to my setup and here comes a flock of woodies, I picked out a drake and holy moly I got him.

There was a half hour of shooting left and I had one duck to go to have my limit. The flight slowed down, with ten minutes left of shooting a hen wood duck made a fatal mistake and came in range of my 35-year-old 11-87. Jeepers creepers I sailed that bird, Ruby and I went for a death walk in the wild rice

The War Eagle Hotel is a great place to call home.

This was home for 48 hours!

and muck and just like that she had feathers in her mouth and we had limit.

I pulled decoys, paddled back to The War Eagle Hotel, drank a PBR, listened to the Brewers, watched the stars, cooked a meal and was up by 1:00 to go back for more.

Perhaps I do have it made!

Sunset

Cross Country Team Holds Invite; Runs in Ladysmith

The Cumberland Cross Country Team had a busy schedule last week, hosting their own Invitational on Monday and running at Ladysmith last Thursday.

The Invite was held at the Timberland Hills/CASTA Ski Trail, where Cameron ran away with girls portion of the event and Bloomer won the boy's competition. "I want to thank all those involved for helping to put on the Invitational," said Coach Kyle Polzin.

Cameron placed three girls in the top five female entrants although Barron's excellent runner, Fran Peterson, was medalist with a time of 20:17. Junior Ever West was the first Cumberland runner to complete the course, finishing 31st with a time of 28:34. Jasmine Woodley added a 41st place finish with a time of 29:54. The Cumberland Middle School runners were led by Miah Mendoza, who ran a 12:35 and Jovina Skinner, who ran a 12:36.

The boy's medalist was St. Croix Fall Viktor Knigge, who finished in the top spot with a fine time of 18:02. Cumberland's Dallas Smith

continues to improve his times running a 21:21 to finish as the 25th placed runner, while Torin Fountaine was 27th at 23:15 and Noah Hile was 45th at 23:19.

Middle School runners at the meet were led by Simon Rodriguez, who ran an 11:35 and Tucker Wickstrom who ran a 12:06.

Thursday, Coach Polzin's cross country squad headed to Ladysmith for their meet where Northwestern dominated both the boy's and girl's competitions.

For the Cumberland boy runners, Torin Fountaine came in first with a time of 21:03 to finish 37th overall. Dallas Smith finished one spot behind his teammate running a 21:38. Sophomore Jasmine Woodley finished 39th to pace the Cumberland Girls with a time of 27:20.

The Cumberland runners continued their season on Tuesday at Hayward, before heading to Ashland on Tuesday, October 12 for the Conference Meet. "We're excited to see how much we can still improve as a team," concluded Polzin.

Barronett News

By Judy Pieper

In case you haven't noticed, it is definitely harvest time. The farmers are out in droves getting corn and beans in. This has been such an unusual fall – so warm into October. I think we have only had one frosty night so far here in Barronett.

Our garden is just about done too. Lynn Thon and I picked, husked and cooked 20 quarts of corn to put in the freezer last Sunday. On Friday I picked apples and made 14 pints of apple butter. This past Sunday Kane Thon helped dig potatoes so that we could can them. We canned seven quarts and then called it a day. Our peppers and tomatoes are still ripening, but the rest of the plants are going to be dug out this coming week. Whew!! It's a good thing to have our own vegetables, but about this time of year I am really looking forward to seeing the end of the garden.

A couple weeks ago Duane and I were shopping at Tractor Supply in Spooner and, while we were checking out, started chatting with Carla Donatell. She told us that she has black walnut trees in her yard and, if we wanted to come and pick some up, we would be welcome to them. Yea!! I have a couple recipes that do not taste right with any other kind of nut in them.

And then, at the Color Fest, Nancy Elmsberg said that she has black walnuts in her yard and asked if I wanted any. I told her that I would love to have some, and she stopped by the house with a couple bagsful last Monday. Now I'm not sure if I will get any from Carla because I probably

have enough for the year, but I am going to make both Carla and Nancy a batch of black walnut cookies so they can see how delicious black walnuts are.

Oh, I almost forgot to tell you, Duane won two prizes from the Color Fest raffle – a couple gift certificates from Lake View Bar and Grill in Shell Lake and sunglasses from Jacobson Advanced Eye Care in Cumberland. Nice!! My cousin, Roger Hefty, won a Yeti cooler and cup, which was also a very nice prize. Fun to win once in a while.

Geri Pittman and I decided, on the spur of the moment, to go to Eau Claire last Monday afternoon. We stopped at our favorite thrift shop, Hope Gospel, and picked up a few things. Then headed to Home Goods and Goodwill. We had a great time.

I hope you have marked your calendar for the annual Scandinavian Smorgasbord hosted by Oak View Adult Family home. It will be held on Sunday, November 7th, from noon until 3:00 p.m. We will have lots of to-go boxes there for anyone who would rather eat in their own home with family and friends. We are so happy to be able to host the smorgasbord again this year and hope that, by next year, we will not have to be quite so careful about mingling with others outside our families. The menu will be pretty much the same as before – meatballs, ham, rutabagas, mashed potatoes, green beans, salads, lefse, fruit soup, and lots of desserts. I hope you can join us – we are very anxious to see our old friends there and

to meet new ones.

This year we are hoping that the grandkids and great-grandkids will be able to help out with the serving and clean-up. They have so much energy – I wish I could bag some of that up and have a spoonful once in a while.

Our grandson, Wrigley Marsh, played his last football game of the season on Saturday. Wrigley is in fourth grade, so the teams don't keep score yet, but I did see him throw two touchdown passes and hand the ball off once for another touchdown. Pretty impressive. Aaron Rodgers is probably getting a little nervous.

Pastor Todd was able to video Ben Goodrich's Paralympic judo match and he plans to send it to Terry. He said that he found it on YouTube so I'm going to have one of the kids look it up for me. I tried to find it on TV when it was happening, but we have antenna instead of cable and it wasn't televised on our channels.

Terry did have another joke for us this week – There were some flies in the house and the wife asked her husband to get rid of them for her. He grabbed the fly swatter and, pretty soon, he came back into the kitchen and told her that he got all three flies – two male and one female. She asked how he knew if they were males or females and he said, "That's easy. Two were on beer cans and one was on the phone."

I guess that's about all I know from Barronett this week. Hope you are enjoying the beautiful fall colors. See you next time.

Wolf Harvest numbers...

trappers will be authorized to harvest 74 wolves within the six zones established in the department's regulations. The department will honor the Ojibwe Tribes' treaty right within the Ceded Territory of 56.

The department will use a license ratio of 5:1 to offer the opportunity to 370 successful applicants to purchase a state wolf hunting license. The department plans to notify successful

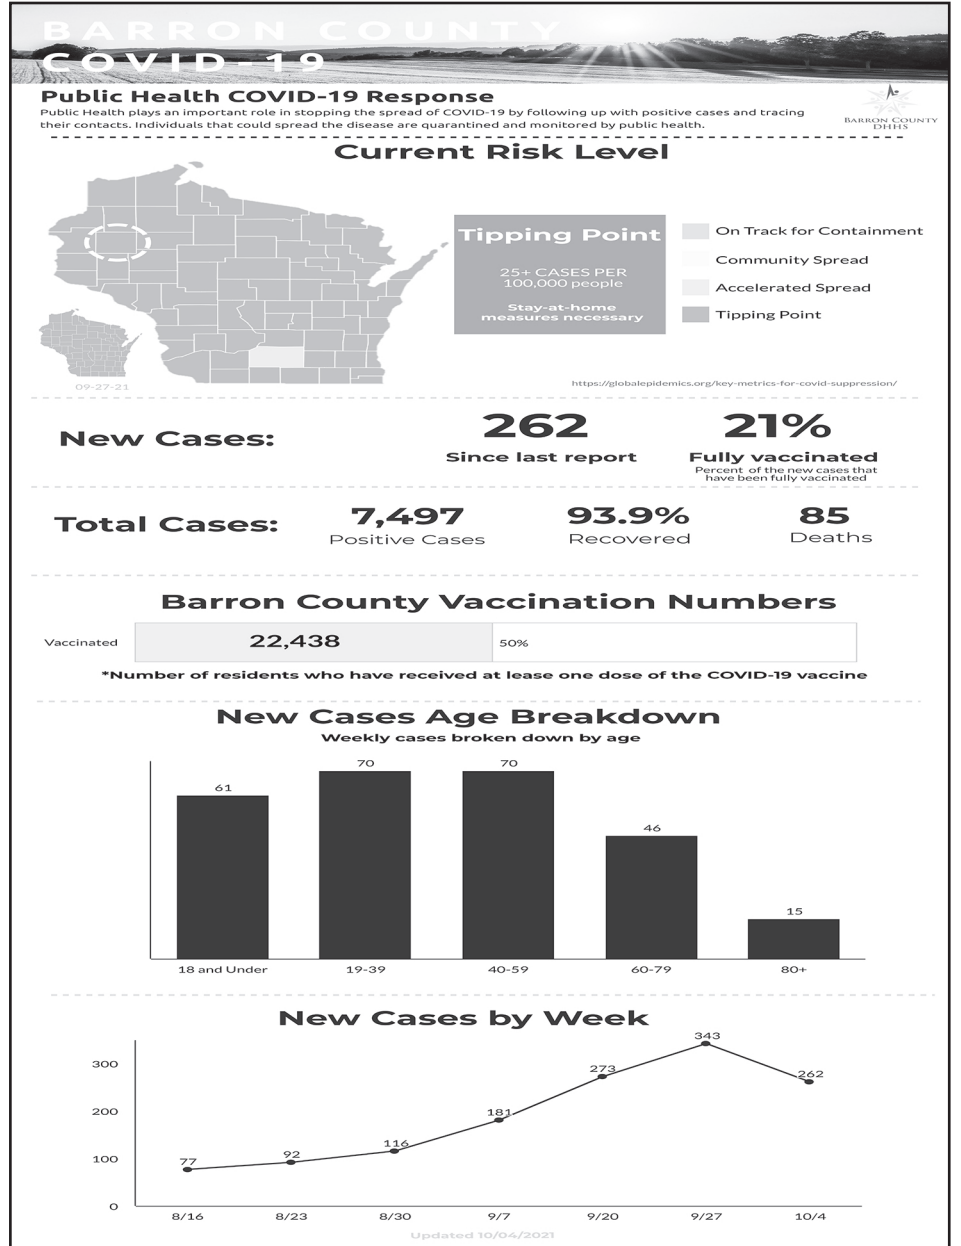

applicants Oct. 25, at which point licenses will also go on sale.

The U.S. Fish and Wildlife Service removed gray wolves from the federal endangered species list on Jan. 4, 2021, returning management authority to state agencies. As required by state statute, the DNR will continue to plan for a wolf harvest season to open on Nov. 6, 2021.

The DNR is currently up-

dating Wisconsin's wolf management plan with input from a Wolf Management Plan Committee. The department will continue working towards completing a 10-year wolf management plan to guide management decisions beginning in 2022.

More information on the Fall 2021 quota and license information is available on the DNR website.

Kathleen Ann Nelson, 62, of Rice Lake passed away October 2, 2021.

She was born in Cumberland on October 24, 1958 to Lester and Verna (Solum) Nelson.

After High School, Kathleen attended Pillsbury Baptist Bible College in Owatonna MN, and then worked at McCains in Rice Lake for several years. She returned to college at the University of Wisconsin-Stout and earned her BA in Early Childhood Education.

She had a life-long love of children and worked at Lit-

tle Bear Day Care and Lulu Bell Day Care. She often took care of her nieces and nephews and the children of friends. At her church, Cumberland Baptist, she served as the head of the Children's Ministry and Education for many years. She also served in the media ministry and on the recent call committee. She was generous with her time and her home; always willing to help others in need. In an age where letter writing is disappearing she maintained correspondence with her out-of-state aunts and uncles.

Kathleen is survived by her siblings: John (Lynn) Nelson of West Lafayette, IN, Gisele (Steve) Driscoll of Clifton Forge, VA, Norm (Shelly) Nelson of Cumberland, Art (Sherri) Nelson of Rice Lake, Charles (DeAnn) Nelson of Cumberland, Lynette (Ken) Hanson of Savage, MN; and many nieces, nephews and friends.

She was preceded in death by her parents: Lester and

Verna Nelson.

Funeral Services will be at 1pm, Saturday, October 9 at Cumberland Baptist Church. Visitation will be from 4-7pm, Friday October 8 at the Skinner Funeral Home in Cumberland and one hour prior to the service.

Skinner Funeral Home-Cumberland is serving the family.

Tensie L. Brackee

Tensie Louise Brackee, 66, of Comstock died, October 3, 2021, at Cumberland Healthcare. She was born May 3, 1955, in St Croix Falls to John William and Margie Ione Edwards, Jr.

She was married in Mossy Rock, WA on June 3, 1989, to Richard Brackee who preceded her in death.

Tensie enjoyed spending time out on the road while riding sidecar on the motorcycle, admiring her flower beds, and listening and occasionally dancing along to Elvis, Kenny, and Dolly. Christmas was her favorite time of year. She

would spend hours upon hours decorating her home, and baking delicious treats when she could. Most of all, Tensie loved spending time with her grandchildren and family.

She is survived by her daughter, Paulette Bennett of Cameron; son, Paul Vernon Bennett III of Rice Lake; three grandchildren; one great grandson; two daughters, Betty Ann Brackee of Comstock, and Terry Lynn Gonzales of Centralia, WA; son, Chester Brackee of Elma, WA; six grandchildren; one great-granddaughter; two brothers, Dennis Edwards of Riverton, WY, and Dale Halverson of Grantsburg; nieces, nephews, and many other family and friends. She was preceded in death by her husband, Richard; parents; her two sisters, and one brother.

A graveside committal service will be held at Noon Saturday, October 23, 2021, at Elim Cemetery.

Skinner Funeral Home of Cumberland is serving the family.

Cumberland Area Food Pantry
Open Friday 1-3 pm

1270 1st Ave. • Cumberland

Current operating procedures will continue throughout the fall and winter per The Emergency Food Assistance Program guidelines. This means continued outdoor distribution of prepackaged food boxes.

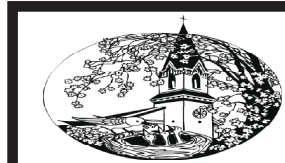

We cannot accept food donations other than garden produce - we will accept produce through this harvest season.

Financial donations are appreciated and can be sent to Cumberland Food Pantry, P.O. Box 741, Cumberland WI 54829 or dropped off at the Pantry on Fridays from 1-3 pm.

Thank you to those coming to the Pantry for wearing masks if not vaccinated, remaining in your cars during food distribution and for continuing to practice social distancing, frequent hand washing, masking when in public places and confined areas and for all the healthy habits that keep you and our volunteers safe.

For further information or emergency food assistance, please call 715-822-3767 or 715-822-2004.

Find us on Facebook at Cumberland Area Food Pantry

“What must I do to inherit eternal life?”

by Pastor Todd Ahneman, Barronett Lutheran Church

Greetings in Christ. This year many churches are reading through the gospel of Mark, and some of the short stories are great food for thought. This coming Sunday, the story is of a man running up to Jesus, kneeling before him, and asking: ‘Good Teacher, what must I do to inherit eternal life?’

As we picture this in our mind, what do we imagine? St. Matthew described him as a young man (Matthew 21:20). St. Mark says he was wealthy (Mark 10:22). St. Luke described him as an archon, a chief ruler, someone with authority (Luke 18:18). Sounds like he was outstanding, and maybe he was looking for some big project to tackle, something suited to a man of wealth, intelligence, and leadership skills, perhaps building a top-notch school or house of worship.

I think Jesus surprised him. Jesus said: ‘You know the commandments: ‘You shall not murder; You shall not commit adultery; You shall not steal; You shall not bear false witness; You shall not defraud; Honor your father and mother.’” (Mark 10:19) These were not the entire Ten Commandments, but they were the core of how people should treat each other fairly, and with honor: in the home, at work, and in business.

Then the young man said: “Teacher, I have kept all these since my youth.” Here comes the remarkable response by Jesus, one that I think goes unnoticed by most people: “Jesus, looking at him, loved him.” I think the young man had already taken love of God and man to his heart, and it was living it out each and every day. He just did not know how wonderful it was in the eyes of God.

St. Paul, in 1 Thessalonians 5 said: “we urge you, beloved, to admonish the idlers, encourage the fainthearted, help the weak, be patient with all of them. See that none of you repays evil for evil, but always seek to do good to one another and to all. Rejoice always, pray without ceasing, give thanks in all circumstances; for this is the will of God in Christ Jesus for you.” AMEN.

United Fund...

United Fund of Cumberland so special.

The money you donate to the United Fund stays in our community. The Fund supports causes from all tiers of society. The young and old, sports and arts, health and wellness, educational groups and the fire district are all represented in the list of recipients.

By donating to the United Fund of Cumberland, you can help meet needs left unfilled by other organizations shortfalls. Donations made to the Fund will go out to individuals and organizations here in Cumberland.

Over the past few years, the United Fund of Cumberland has been blessed to receive a large donation from an unknown donor. The group decided that these funds could be used to help with some bigger projects that may not normally be obtainable in Cumberland. Using funds from this donor they were able to partner with the Cumberland School District on the addition of the Tennis Court/Sport Court, along with funding the new playground equipment at Eagle Point.

This year the United Fund of Cumberland was able to give out four large grants:

- Cumberland Healthcare received a grant to be used towards a community walking trail located around the new hospital property.
- The Cumberland Fire District received a grant to be used towards the storm shelter that is to be located at Islander park.

- The City of Cumberland Parks and Rec department received a grant to be used for a number of improvements pertaining to the City of Cumberland's parks and recreation; and

- The Beaver Dam Lake Management District received a grant to be used that will help with receiving future grants towards the Library Lake project.

Your donations to the United Fund help fund their smaller requests. In past years, donations have been made to the CMS Wolf Ridge trip, Benjamin's House, Emergency Services of Barron County and Project Santa, just to name a few. Included on the flyer in this week's *Advocate* is a complete list of last year's recipients, as well as the Board of Directors (which is made up of representatives from all aspects of our community). The flyer also tells you how to make donations and nominate other causes or organizations for consideration by the United Fund.

The United Fund of Cumberland is a totally volunteer organization. There are no administrative costs or salaries paid so 99% of all donations go directly to the charitable organizations, non-profit agencies or causes that are recommended or apply to the Fund for support. Best yet, those donations stay in the community and are used to support our local community needs.

The United Fund of Cumberland would like to thank you for your continued sup-

port year after year.

The Board of Directors also invites you to attend their Annual Meeting, usually in November. The date has yet to be determined, as is the format (live or virtual), but will be announced in the *Advocate*. The meeting is open to the public and offers a great opportunity to help support this organization that does so much to support our community. They are always open to new membership or input from the community and would welcome presentations from groups or organizations who would like to apply for funding. You can contact the United Fund of Cumberland at PO Box 134, Cumberland WI 54829 or by email: unitedfundofcumberland@gmail.com.

The United Fund urges you to consider them in your charitable giving strategy. Also, check with your employer - some have matching programs available or, as in the case of 3M, base their charitable participation on giving done by their employees. The schools, banks and other businesses also have fund raising drives to benefit the United Fund.

The Fund also has a feature on their website which makes it possible to make your tax deductible donations online at www.unitedfundofcumberlandwisconsin.org/donate.

Help keep Cumberland strong. Give what you can, encourage others to do the same. In the long run, our community as a whole will benefit.

The Love of Music a Part of Cumberland History

by Mark R. Fuller

As we celebrate another outstanding performance by the Cumberland Marching Band and wait for another local concert from the High School choir, we are reminded of the importance of music throughout the history of the "Island City." Plato once said, "Music is a moral law. It gives soul to the universe, wings to the mind, flight to imagination, and charm and gaiety to life and to everything."

Many people past and present have contributed to its development in Cumberland, but early on the person most connected to this art form was Mrs. H.S. Comstock.

Her maiden name was Julia Youngman, who was born in Ellsworth, Wisconsin and graduated from high school there. She would go on to attend River Falls Normal, where she would graduate with a degree in education. She would make her way to Cumberland, where she would teach for two years.

Her love of music was obvious immediately as she taught voice and piano. The *Advocate* would say of her, "She instilled a love of music and a skill in performance, which not only brightened and enriched her students lives, but made them an asset to the community in which they live."

In 1901, she would marry Judge H.S. Comstock, who

had come to the city in 1885. An early lawyer, he would become the Barron County Municipal Judge and eventually work for Wisconsin Governor Robert LaFollette as his legal advisor. This would cause them to leave the city for a number of years as they spent a majority of their time in Madison and Washington.

During this time, she continued to work on her own musical abilities as she received voice instruction from Nationally known New York Teacher, Carl Breneman. The *Advocate* would say of her, "She had a beautiful voice which she cultivated assiduously."

In 1906, they would move back to Cumberland, where she would live until her death at the age of 55 in 1926. During the last 20 years of her life, she would give back to the growing community in many ways, serving on the first library board and serving the Methodist Church as choir director. This while continuing to give lessons to Cumberland's youth.

One of those young singers she became aware of during these lessons was Evelyn St. Angelo. Comstock would convince her father it was a voice worth cultivating and after St. Angelo graduated from Cumberland she would go to the University of Minnesota to study voice.

St. Angelo would eventually move to New York, where she would accept a position as a singer at Boxer Jack Dempsey's Restaurant, would spend years as a singer on a Cruise Ship, was asked to sing at a gathering in New York City by Mayor LaGuardia, and did two tours with the Major Bowes Singing Company. She was only one of those inspired by Comstock's lessons.

Any time Mrs. Comstock was at a local function, she was always asked to share her own talents. Of her, the *Advocate* would say, "For many years, no program of a public nature was considered complete until she had consented to sing and the applause her appearance gathered evidenced the pleasure her music conveyed."

Following her death, an article appeared on the front page of the paper discussing her musical contributions to Cumberland. It would say, "The good Mrs. Comstock has done in lifting the minds and hearts of the young by her enthusiasm for music and her skill in imparting that enthusiasm will not cease even with the passing from this earth of the last of her pupils." Her pupils may be gone, but we are fortunate that many others in the city have continued her crusade.

Wisconsin DNR Announces November 2021 Wolf Harvest Quota

Licenses To Go On Sale Oct. 25

The Wisconsin Department of Natural Resources (DNR) today announced that the statewide quota for the Fall 2021 wolf season has been set at 130 wolves. The department is author-

ized by state statute and the department's rules to make the final decision on the quota for the Fall 2021 wolf harvest. In determining the quota, the department considered the best available information and scientific modeling, as well as the

input from the Wolf Harvest Committee, the Natural Resources Board, and the many groups and members of the public who provided comments to the department and the Board.

State-licensed hunters and **Cont'd on page 9**
