City Council Continues to Move Forward on Several Projects

by Mark R. Fuller

The Cumberland City Council held their monthly meeting on Tuesday, September 6, with Mayor Dan Shoemaker calling the gathering to order at 7:00 pm. Following the roll call and the Pledge of Allegiance, the Agenda was modified slightly with the removal of Agenda item #12, involving temporary buildings, structures, and storage containers. Needing legal counsel advice and further discussion from the Planning Commission, it was temporarily postponed. Following the acceptance of this change, this business of the city commenced.

The Council began by approving the \$593,263.62 monthly payment of expenses, the minutes of the August Meeting, and the minutes of the Special Council Meeting on August 29, which concerned a change order for the Sewage Lift Station No. 5. This resulted in a modification to Haas Sons, Inc. for an increase of \$3,444.29, leaving the amount owed at \$26,634.09. The roll call led to a unanimous approval for payment to the company. With no Public Comments following, the Council moved on to the rest of the agenda.

The Council continued by approving payment No. 4 to DeSantis Excavating and Underground Construction for their work on the sewer project to the new Hospital and payment No. 1 to Haas Sons, Inc. for work completed from July 1 to August 10 on Hospital Extension Lift Station #16. This included mobilization, testing, dewatering, digging, backfill and piping.

The Mayor and Council next turned their attention towards Resolution No. 22-12, which was an amendment to the Project Plan and boundaries of Tax Incremental District No. 9, first created in 2018. The amendment refreshed and

added territory in accordance with the provisions of Wisconsin Statutes will allow further funding for expanded infrastructure, utilities, and sidewalks. Mayor Shoemaker announced that with this Amendment, the city was, "Close to the end of the process." The Council passed the Resolution unanimously.

The meeting continued with the passing of a City Emergency Operations Plan, which was put together with assistance from Barron County and updated phone numbers, duties, and contacts to help better respond to any emergency or disaster that could affect the community. Following its passage, the Council approved all operator licenses on the agenda.

The meeting concluded with the Committee Reports. Of note was a discussion on the potential need for a City Policy involving Memorials within the city limits, concerns coming from residual and leaked materials being left behind following local sanitation pickup, and completed designs and advancement of the new Utility/City Garage project. The Utility, meanwhile, will be holding an Open House on September 21, between 11 and 2, to celebrate 125 years of providing Municipal Utility.

Mayor Shoemaker closed by announcing he had heard from the DNR earlier in the day, that after a long, difficult process, "The DNR Wetland permitting is close to a resolution." This will allow permits for construction on further sites on the Carlone site. Once done with permitting, the city can move into looking more closely at the markets.

It was determined a Special Council Meeting would be needed later in the month to discuss the purchase of wetland credits and permits. With this, the City Council Meeting was adjourned.

Groundbreaking For New St. Anthony Abbot Catholic Church!

On Friday, September 9, St. Anthony's Catholic Church held a groundbreaking ceremony for the new church building. Pictured from left to right are: Richard Nerbun, Mary DeFoe, Jordan Heineke - NWB, Bob Boehm, Deacon Stephen Welter, Darrel Olson - NWB, Fr. Tom Thompson, Adam Skinner - CFB, Most Reverend Bishop James Powers, Deacon Gregory Ricci, Deacon Steve Linton, Grant Tarpinian, Mary Freitag, Ryan Schug, Pat Peichel, Steve Mann, Katherine Husby, Dave Husby, Rich Rydberg and Tim Gagner. The \$1.22 million dollar project is expected to be completed in late spring or early summer of 2023. The church hopes to have the project paid for when the new church is completed. Northwest Builders of Rice Lake is in charge of the project.

Barron County Truck Show to host Event for Cumberland Family

We would like to introduce you to an amazing event happening. The Barron County Truck Show is

Nora Reilly

a non profit organization that hosts an annual event to raise money for a local family in need. The event

is hosted at the Barron County Fairgrounds and invites truck drivers to gather from near and far to show off their rigs and support a great cause. We host a range of events that interest kids and adults! Please see the ad on the back page. At the Barron County Truck Show we take nominations for a local family in need each year. Below is the story of our selected family for 2022.

Meet Nora Reilly, daughter of Keith & Jaime from Cumberland.

Nora's Journey: In March 2022 Nora became ill with a cough that would not go

Card of Thanks

We would like to thank everyone who responded to the call on August 16, 2022, the day Oliver Chartraw was called to Heaven to be with his Lord and Savior.

Thank you to the Cumberland Fire Department, Barron County Emergency Services, Cumberland Amulance, First Responders, Cumberland Memorial Hospital, Dr. Miller, Pastor Paul Green, family and friends.

that prepared food, shared a memory, gave a gift, offered condolences and uplifting words. We appreciate all the love and support that was offered to our family, because of our loss of Ollie.

Ollie was a wonderful gift and blessing to our family. He will be forever remembered, missed, loved and held in our hearts. We will cherish our memories of Ollie until we see Him again in Heaven.

The Family of Ollie Chartraw

On Thursday August 25th, eleven classmates got together at Butternut Hills Golf Course on Long Lake for lunch. At our last reunion (60th held in 2021 due to Covid) it was suggested that we should try to have get-togethers every year between the five year reunions even if just a few could make it. So, this one was scheduled on Aug 25th. The classmate that drove the furthest for the gathering was from Wausau. Unfortunately a classmate from Rhinelander was on her way when her car had trouble and she had to cancel. The shortest was 3 1/4 miles proving the organizer does have advantages. One classmate came late, after the picture was taken and another stopped after her husband's Spooner reunion luncheon to visit with her classmates, most of which hung around after lunch, making the total 12. Front Row: Sharon "Tootie" (Cook) Dietrich, John Lloyd, Sharon (Jones) Rogers, Dianne (Jansen) Peterson. Back Row: Eugene Romsos, Anthony Weaver, Darol Peterson, Dick Oslund, Claire Johnson, and Jim Vaughn. Not pictured but attended - Bruce Madison.

An Early Cumberland Businessman; Hans Oscar Jacobson by Mark R. Fuller

Hans Oscar Jacobson at his Jewelry and Watch Repair shop where the Corner Bar stands today.

Hans Jacobson was the youngest of nine children born to Gustav and Marie Jacobson in Sweden on January 1 of 1880. His family moved to Norway for a short time before migrating to the United States in 1882.

After living on "Mill Hill" for a short time, Gustav purchased land and built a log house near Norwegian Bay on Beaver Dam Lake. Gustav worked at the local lumber mill, earning \$1.50 a day for 12-hours of work, while Hans older brothers cut logs and cord wood to earn further money.

As a child, Hans grew to love the outdoors and became an avid fisherman and hunter. He would continue to hunt deer right into his 80s.

In 1902, Hans graduated from Watchmaker's School in Winona, Minnesota. He then established a small shop in Lake Nebagamon for a brief period of time.

In 1903, he married Olive Hanson, the daughter of Carl Hanson and Berta Multarud Hanson of Section 10. Hans and Olive would honeymoon by train in Duluth, Superior, and Lake Nebagamon. That same year, Hans returned to the "Island City," where he established a Jewelry and Watch Repair Shop in his hometown where the Corner Bar stands today.

He stayed there until 1916, when he moved into a new building at 1230 2nd Avenue, where he remained active until his death in 1961 at the age of 81. This meant he was part of the Cumberland business community for 58 years.

Besides his business, Hans was interested in politics and civil affairs, serving as a City Councilman for numerous years. He loved children and it was said of him, "For the children of the city, he usually had a nickel or dime and a word of cheer." Hans and Olive would eventually have a daughter and five sons of their own.

One son, Ray, graduated from Cumberland in 1924 and after first attending Watchmaker's School like his father, went on to graduate from the Northern Illinois College of Optometry. The two fields were closely linked as glasses were often fitted in jewelry shops. There optometrist offered corrective lenses while their colleagues hawked bracelets and pendants.

In 1931, following a national article which wrote about the lack of eye exams for school children and indicated that 80 percent of our knowledge is obtained through sight, Ray Jacobson opened up an Optometry Shop in the

same office as his father.

Years later, Dr. Ray's son Lee, would take over his dad's business in that same building until opening up a new Optometric Clinic in 1977. Today, Jacobson Advanced Eye Care, under Dr. Jennifer Jacobson, still serves the Cumberland community.

Hans would pass away in March of 1961. An article by Advocate Editor and Publisher Leighton George spoke highly of this early "Island City" businessman following his death saying, "The obituary tells the story of his life, but it doesn't begin to tell the story of Hans. No obituary could tell his story. He was one of the city's most colorful characters known by everyone for his sense of humor and practical jokes. The stories about him will be "Cumberland Classics" long after we have all passed from the scene."

George added, "We, along with the rest of Cumberland, will miss Hans, but as long as there is Cumberland, as long as people hunt and fish, as long as men will take time for church and civic duties, and as long as two people will take the time to tell a humorous story, he will never be forgotten. That type of man never is!"

Good advice for all of us.

Help Your Youth Be Successful in the Teen Years!

Do you have a child that is entering the teen years and want them to be successful? Strengthening Families: For Parents and Youth 10-14 is designed to prepare families for the transition to the teen years. You and your youth will learn tools, skills, and strategies to:

- Strengthen parenting skills
- Build family strengths
- Have more family fun and less family stress
- Help youth make good decisions and reach their goals

Any family with youth between the ages of 10 and 14 can benefit from this program. The program is free to any Barron County family. It uses fun, interactive projects and activities. Each session starts with a free family dinner that begins at 5:30 pm. Then the program runs from 6-8 pm. Sessions use fun, interactive projects and activities to learn about topics such as communication skills, goal setting, positive relationships, and problem solving. Receive a \$10 gas card for each week of attendance. There are ad-

ditional incentives for attending 6 sessions. Child-care is available for any younger siblings.

The program is being offered at Riverview Middle School in Barron on Mondays October 3 to November 21 with no session on October 31. If you are interested in registering visit: <https://www.surveymonkey.com/r/Y72WWTG> or contact Jenna Romanowski, jenna.romanowski@co.barron.wi.us or 715-537-6311. For more information on the program visit: <https://www.extension.iastate.edu/sfp10-14/>

Now that's a Mushroom!

Last week, Terry Goodrich brought in this mushroom that he found in his yard. The mushroom is called Calvatia Gigantea and it is edible.

Northwoods Notebook: All-star cast in ETC's fall play, Caught in the Net By Larry Werner

The last time I remember Jeremy Westin and Phil Warner being on the same stage was in "Guys & Does," the ridiculously hilarious comedy about a good-old-boy deer hunter pursuing a white buck, who was determined to keep his breed going by connecting with a white doe.

Jeremy played the doe and also a novice hunter named Duane Puddles, who wanted to impress the man (Fritz Dingelheimer) he hoped would become his father-in-law. And Phil played the hunter (Joe Jimmy Ray Bob Johnson III) and also the white buck Joe Jimmy Ray was pursuing.

I'm quite sure I never laughed harder than I did during the mating scene between the two albino deer. I lost it completely when Phil (as Staghart of the Goldenhorns) came out from backstage after a terrible racket back there, holding a cigarette.

Yes, it wasn't really suitable for young folk, and there is not student price for "Caught in the Net," which opens Thursday, Sept. 29, at the Cumberland Arts Center. Mike Clay, ETC's theater director, has said the upcoming play is "hugely funny" and features "one of the most experienced groups to grace our stage in a long time."

Not only do we have Jeremy playing Gavin, the son of a bigamist cab driver played by Phil, director Dan Hoffman has secured the talents of Chris Johansen, the retired college music professor who lives in Luck. You've seen Chris in many ETC productions, including the first Enrichment Through Culture production

I wrote about — "Spitfire Grill."

That column got me an invitation to have coffee with ETC president Lori Bock, an event that turned out to be a pretense for recruiting the Advocate columnist to handle publicity for the arts council. She later played on my Catholic guilt to get me to take the role of a dashing Spanish divorcee who romanced Chris Johansen's character in "The Odd Couple (Female Version)."

Nice thing about community theater, an old white guy can play a young Hispanic guy, or an escaped mental patient, as I did in a British farce called "Death by Design," a role for which I was ideally suited, or so many told me as they were leaving the theater.

And speaking of Death by Design, Phil and Chris teamed up in that play as a washed-up playwright and his washed-up actress wife who found themselves in the middle of a murder mystery. During seven performances of the upcoming British farce, they'll be playing husband and wife again, but Phil, playing John Smith, the taxi driver, has another wife and family in another part of London.

If it sounds familiar, it's a sequel to the play "Run for Your Wife," which also features bigamist taxi driver John Smith, who didn't learn his lesson when he was caught 16 years earlier. I actually saw that play at another ETC, the Eagan Theater Company, in another place I have a home. (But I have the same wife in both places.)

Think we could sue the Eagan theater company for

stealing our acronym?

Back to Jeremy and Phil, they are two of the many multi-talented artists I have had the pleasure of getting to know in Cumberland. Jeremy, a technology guy at Ardisam, is a talented actor, musician and singer, as is Phil, who retired a few years back as music teacher at Cumberland Elementary.

Jeremy plays in a 90s band called "Cool To The Touch," and Phil has a 60s band called "Home Again." So much talent in such a little town.

Among the other experienced actors in this play are Hannah Paul, Meg Atkins, Carl Liden and Roger Sweeney. You've seen them at ETC AND in other area theaters, including the Red Barn and the Barron Spotlighters. And the icing on the cake is Ann Kysely, the longtime drama adviser at Cumberland High School and veteran director of ETC shows, who is driving over from her home in St. Paul to assist Hoffman in directing the play.

Kysely directed another very funny play called "Packer Fans from Outer Space" several years ago. She also played one of the martians who loved the Packers, as did Phil Warner.

Caught in the Net promises to be another memorable ETC production. So get your \$12 tickets at Peter & Annie's or reserve them by calling 715-822-2787.

We are lucky to have excellent theater in The Island City. In these uncertain times, we all could use a few good laughs.

Larry Werner's email is lhwner47@gmail.com.

THE ADVOCATE

Opinion

Out My Window

by Paul Bucher, Editor

Well here we are in mid September and it has been just beautiful! Best time of year. It was nice to hear from Mayor Dan Shoemaker that the legal issues with the DNR concerning wetlands on the city's west side behind the new Synergy convenience store are almost done. We really need some housing here in Cumberland. Hopefully new teachers, employees at Ardisam, 3M, DCA, and more will be able to live in town, instead of traveling back and forth to other communities because of the lack of housing. It's been a problem for quite some time.

-0-

Town was pretty darn busy again this past weekend with hundreds of people heading to Louie's Wurstfest and the Northern Lights Marching Band Classic. It won't be long and the days will be short, and cold weather will hit us. There is, however, still some great weather ahead and fun events. Barronett will host the annual Barronett Colorfest, September 23rd through 25th. There are other fall fests throughout the Northland coming up as well. Homecoming is this Friday night as the Beavers host the Barron Bears at 7 pm, at Endeavor Stadium. What a great tradition. It's always fun to see a few people you haven't seen in a while and do a little tailgating.

-0-

The Beavers are off to another solid start and are fun to watch again. A match up with Barron should make for a fun night of football.

-0-

Speaking of football, the NFL is off and running. There were some great games in week 1. Missed extra points, overtime games, a monsoon in Chicago and more. Locally, the Vikes looked pretty sharp taking down the Pack in Minneapolis. Seems like those two teams split most years. Throw out the records when those two get together. It should be another fun year.

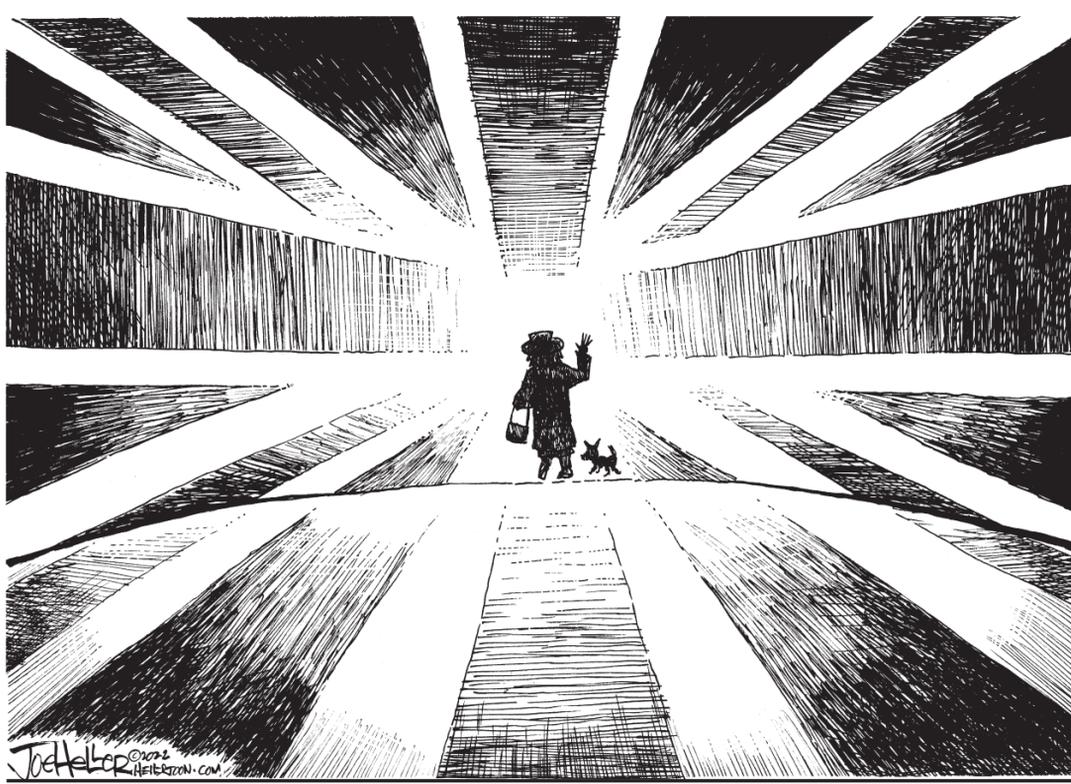

-0-

The Brewers are hanging around and still have a good shot at making the play-offs. They are just two games back in the race for the last wild card spot. I don't think they can catch the Card's for the division title as St. Louis is red hot and has an eight game lead. As the saying goes, just get in. Chip and a chair. Meanwhile, the Twins are fading fast after just getting swept by Cleveland. The Twins are five games back with under a month to play. Never know, but it doesn't look good. Have a great week!

New Physician...

da. I believe prevention is the best medicine and I incorporate this ideology into my daily life and practice. Every person is unique, and I love to work with my patients to individualize their health care goals. I love what Wisconsin has to offer and am very excited to join the Cumberland Healthcare family," said Dr. Neter. "Physician recruitment has been a key strategy for us and can be extremely challenging in a rural setting. We are pleased with our recent hire of Dr. Adam Neter, who will be a

wonderful addition to our medical staff," said Mike Gutsch, CEO of Cumberland Healthcare. To schedule an appointment with Dr. Neter, call Cumberland Healthcare at 715-822-7500. Cumberland Healthcare is an independent, not-for-profit critical access healthcare facility in your community, providing a full-spectrum of services to all ages every step of the way. For more information go to www.cumberlandhealthcare.com

Inside Wisconsin

by Tom Stil

"Means-tested grants, employer incentives may help students more"

MADISON, Wis. – The reaction to President Biden's student loan forgiveness plan has moved beyond early elation in some quarters to skepticism from workers who didn't go to college, economists worried about inflation, tax law experts and even some union leaders and advocates for higher education.

It has also elevated discussion of Wisconsin solutions that may lead to a more targeted, long-term approach that can reduce the cost of college for those who need it most while involving businesses earlier in recruiting talent.

The federal loan forgiveness plan would wipe away at least \$10,000 in higher education debt for borrowers earning less than \$125,000 per year, with several hundred thousand of borrowers in Wisconsin alone potentially getting relief from billions of dollars of debt.

Advocates have been calling for a relief program for years, arguing indebted students can't fully contribute to the economy if they're burdened by seemingly endless payments.

Others wonder if a forgiveness program glosses over rising tuition and fee costs (Wisconsin public university tuition remains frozen for most in-state students) and

ignores that some students invest a lot of money in degrees that don't lead to a well-compensated career – or who quit before getting any degree at all. While that's true for some students, national studies show people who complete two-year or four-year degrees earn more in their lifetimes than people who don't.

Complicating the debate is Wisconsin tax law, which says people who are forgiven some or all student debt will likely pay state income taxes on that relief. Wisconsin is one of a relative handful of states that doesn't follow federal tax code in this case, and it would require a legislative change to conform.

Whether or not the federal loan plan is actually carried out, there are ways Wisconsin policymakers can help close to home.

Invest in the long-term economic value of higher education. Study after study has confirmed the economic value of post-high school education. This can take the form of a college degree or credentials in vocational and tech-based trades. Wisconsin needs doctors, nurses and teachers ... it also needs welders, electricians and transport drivers. It's time to examine how state government can better target specific workforce needs.

Develop talent through means-tested student aid. Tui-

tion freeze laws and loan forgiveness are not the only (or even the most efficient) ways to make post-high school education affordable. Means-tested student grants through the federal Pell Grant program and the Wisconsin Higher Educational Aids Board ("Wisconsin Grants") target those who most need the help.

In the case of Wisconsin Grants, it helps keep home-grown students in Wisconsin. Annual appropriations for Wisconsin Grants should be raised to bring the state to Minnesota's level for grant spending per undergraduate. As is currently the case, grants should be apportioned among students in the three sectors: 55 percent for UW students, 20 percent for technical college students and 25 percent for Wisconsin citizens attending a private, non-profit college in this state.

This cost would be spread over multiple budget cycles and would pay for itself over time through rising per capita incomes and tax collections tied to that revenue growth.

The Wisconsin Tuition Promise, modeled after a successful UW-Madison program, is a new effort to close the gap for low-income students after Pell and Wisconsin Grants are awarded. Like the Pell and Wisconsin Grants, the pro-

cess would be based on student FAFSA (Free Application for Federal Student Aid) filings and calculations by admissions offices. The Wisconsin Tuition Promise is a "last dollar" program aimed at helping the neediest but otherwise qualified students.

Build talent through employer incentives. Wisconsin employers, with the incentive of a state "Future Workers Tax Credit," could better attract and train well-qualified workers. A "Future Workers Tax Credit" would provide incentives to employers to invest early in education, training and apprenticeship of future workers, empowering employers to determine the skills and abilities they most need. Such a credit could focus on critical occupations and low-income students while they are still in school. This could keep more students in Wisconsin to pursue jobs and careers.

If nothing else, the debate over loan forgiveness has focused attention on what kind of talent the economy needs and how to produce that talent in a fair, efficient manner. Some ideas afoot in Wisconsin could help.

Still is president of the Wisconsin Technology Council. He can be reached at tstil@wisconsintechnologycouncil.com.

A Look Back

10 Years Ago

Mary E. Berning, 52, of Rice Lake, has been charged with manufacture/deliver amphetamine and possession of methamphetamine. Her adjourned initial appearance is scheduled for September 14, 2022.

Colt J. Eastman, 28, of Ridgeland, has been charged with possession of child pornography. His adjourned initial appearance is scheduled for September 21, 2022.

Steven B. Wright, 32, of Rice Lake, has been charged with vehicle operator flee/elude an officer, repeater, and possession of methamphetamine. His adjourned initial appearance is scheduled for September 14, 2022.

Matthew D. Hamley, 35, of Chetek, has been charged with substantial battery-intent bodily harm, domestic abuse and disorderly conduct. His adjourned initial appearance is scheduled for September 16, 2022.

Devon S. Bernstein, 23, of Cameron, has been charged with two counts of operating a motor vehicle without owner's consent, and two counts of theft-movable property.

An officer, with the City of Rice Lake Police Department, reports on July 21, 2022, at approximately 11:00 am, she was on duty when she was advised that a female subject was requesting law enforcement to contact her in reference to her son's vehicle being stolen. The officer reports she spoke with the female on the phone. The female informed the officer that her son had two of his vehicle's stolen overnight.

The officer reports she spoke with the female and her son in person at the Rice Lake Police Department. The son stated that, on July 20, 2022, at approximately 10:00 pm, he and Bernstein, the defendant, picked up a mo-

torcycle in the male's truck. They then returned to the male's residence, located on N. Main Street in Rice Lake. The male stated he gave Bernstein permission to use his truck to transport the motorcycle to Eau Claire.

The male stated Bernstein returned to his residence on July 21, 2022 at approximately 1:00 am. The male asked Bernstein if he wanted to spend the night due to it being late. Bernstein accepted the male's offer. The male stated he woke up at approximately 9:00 am. When he woke up, the male stated he noticed Bernstein was gone. The male stated he also noticed the keys for his truck and his car, a gold Ford Fusion were no longer in his apartment. The male went outside and discovered that both of his vehicles were gone.

The officer reports she obtained surveillance video from Dairy State Bank, which showed the location where the male's Ford Fusion was parked. The officer reports the surveillance video shows a male, who the male later identified as Bernstein, get into the male's car. Bernstein then drove the male's car out of the parking lot. Another male, is then seen following the male's car in the male's truck. A short time later, the male's truck is seen pulling into the Bethany Lutheran Church parking lot. A male, exits the truck. The truck pulls out of the parking lot. The male walks back to a dark colored SUV, later determined to be one of the male's mother's vehicle. The male then exits the parking lot in his mother's SUV.

An investigator, reports on July 25, 2022, he observed a comment on a Facebook post that he made about the male's stolen vehicles on the Rice Lake Police Department Facebook page. The comment stated there was a vehicle matching the description of the Ford Fusion parked near the Senior Center in Cumberland. The investigator reports he spoke with an officer, with the Cumberland Police Department, and asked him to check on the car to determine if it was the stolen vehicle. The officer advised the vehicle was parked near one of the male's residence and was the stolen vehicle.

The Rice Lake officer reports on July 26, 2022, she spoke with the male at the Rice Lake Police Department about the stolen vehicle. The male stated that Bernstein is a family friend. The male stated Bernstein told him he had recently moved back in the area, was buying cars, fixing them up and reselling them. The male stated he told Bernstein he was looking to purchase a vehicle. The male stated Bernstein told him he had two vehicles for him to look at in Rice Lake.

The male stated Bernstein told him to meet in the Dairy State Bank parking lot. The male stated he was driving his mother's black Ford Explorer, which is the same black SUV that is seen in the Dairy State Bank surveillance video.

The male stated he saw Bernstein walking and picked him up. The male stated he then pulled into the Dairy State and parked his mother's SUV. The male stated, at this time, it was his intent to purchase the Chevy Silverado, which he believed was Bernstein's truck. The male stated Bernstein gave him the keys to the truck and told the male to meet him in a nearby parking lot. The male stated Bernstein got into the Ford Fusion, while the male got into the truck. The male stated they met at Bethany Lutheran Church parking lot. The male stated he pulled the truck into the parking lot, at which point Bernstein got in. The male stated he parked the truck. The male stated he exited the truck and got back into his mother's SUV. The male drove his mother's SUV to his father's residence. The male stated Bernstein met him there in the Ford Fusion.

The male stated Bernstein parked the Ford Fusion in the parking lot at his father's residence. The male stated he and Bernstein then went back to Bethany Lutheran Church parking lot and retrieved the Chevy Silverado. From there, the male stated they went to Cumberland to return the male's mother's SUV to her, the male driving his mother's SUV and Bernstein driving the Chevy Silverado. After returning the SUV, the male stated that he and Bernstein drove back to his father's residence in the Chevy Silverado and picked up the Ford Fusion. The male stated they then drove both vehicles to his residence in Cumberland. The male stated that, at this time, it was still his intent to purchase the Chevy Silverado truck from Bernstein and that he had not driven the Ford Fusion at all.

The male stated, when he and Bernstein returned to Cumberland, they talked

more about the male purchasing the truck. The male stated Bernstein wanted too much money for the truck, and he told Bernstein he would not be able to purchase it. The male stated Bernstein then offered him a deal on the Ford Fusion. The male stated Bernstein agreed to sell him the Ford Fusion for \$345 in cash, and payment of a hotel room for two nights where Bernstein could stay, along with applying \$1,500 that Bernstein owed the male toward the payment of the car. The male stated he gave Bernstein \$345 cash and paid for a hotel room in Stillwater, MN., on July 21 and 22, 2022.

The male stated he left Stillwater, MN., on Saturday morning, July 23, 2022. The male stated Bernstein said he was moving back to Missouri. The male stated this was the last time he saw the Chevy Silverado.

The investigator reports on August 9, 2022, he was notified by the Barron County Communications Center that the male's Chevy Silverado truck, which had been reported as stolen, was located in Stillwater, MN. The investigator reports he spoke with an officer with the Stillwater Police Department, who stated the truck had been parked at a McDonald's in Stillwater since July 25, 2022.

The officer, with the City of Rice Lake Police Department reports the male completed a statement of Loss and Damages for both vehicles. The male estimated the value of the 2005 Chevy Silverado in the amount of \$6,000, and the value of the Ford Fusion in the amount of \$5,500.

If convicted for two counts of operating a motor vehicle without owner's consent, Bernstein may be fined not more than \$10,000 for each count or imprisoned not more than six years or both for each count. For two counts of theft movable property, he may be fined not more than \$10,000 for each count or imprisoned not more than six years or both for each count. His adjourned initial appearance is scheduled for September 14, 2022.

New memorial honors Wisconsin State Patrol's fallen heroes

A new memorial stands at the Wisconsin State Patrol Academy as a tribute to eight state troopers who lost their lives on duty.

The Wisconsin State Patrol officially dedicated the monument during a ceremony Friday at the academy located at Fort McCoy in western Wisconsin. State leaders, family members, and former State Patrol officers attended the ceremony to pay their respects.

The memorial lists the names of eight troopers killed throughout the 83-year history of the State Patrol. All died while carrying out their duty to serve the people of Wisconsin. This is the first memorial dedicated solely in their honor.

"Law enforcement officers put our safety ahead of their own, which is truly remarkable. We are thankful every day for their sacrifices to keep our highways safe," Wisconsin Department of Transportation Secretary Craig Thompson said. "We know their contributions mattered. There are many who are alive and safe today because these fallen troopers were carrying out the vital mission of the State Patrol."

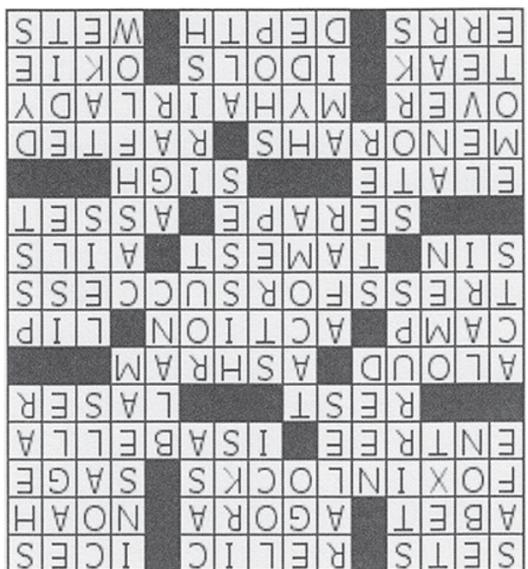

The Wisconsin State Patrol, a division of the Wisconsin Department of Transportation, has served the state since its inception in 1939. Nearly 500 sworn officers and additional support staff are employed to fulfill the agency's public safety goals.

"This memorial is a daily reminder of our fallen heroes, the ones many of us knew and still mourn," State Patrol Superintendent Tim Carnahan said. "It will serve as a somber inspiration to our next generation; the future officers who train here at the academy every year, working towards their opportunity to wear the same badge."

The Fallen Heroes Memorial was made possible through a partnership with the Wisconsin Troopers Benevolent Foundation.

Read about each of the troopers whose names are on the memorial online: <https://wisconsin.gov/Pages/about-wisdot/who-we-are/dsp/memo.aspx>

Cumberland Defeats Spooner; Homecoming Game is Friday Against Barron

Some halftime adjustments by the Beaver coaches helped them pull away from a 30-30 deadlock at intermission and led to a 46-30 victory over the Spooner Rails in a HON battle last Friday night in Endeavor Stadium. The Beavers now prepare for the annual Homecoming contest against the Barron Bears this Friday night. The Bears are 0 and 4 following their 43-8 loss against Chetek-Weyerhaeuser last Friday night in Barron.

The first half was an offensive explosion, with Cumberland and Spooner going up and down the field. Cumberland's potent offense attacked the perimeter and downfield, while much of Spooner's success came on a running game that would put up 373 yards on the night. The Rails almost led 30-24 at intermission, but a tipped pass was pulled in by Vaughn Johnson in the second quarter's final minute, which he hauled it 62-yards for the tying score.

Unable to stop the Rails, Coach Corey Berghammer and staff went to work to come up with a few changes for the game's final two quarters. "We made a few halftime adjustments, and our kids kept competing. I was really pleased with our leadership and positive effort in the 2nd half," said the Beavers Head Coach.

A new defensive alignment proved extremely successful as Cumberland shutout the Rails in the game's final 24-minutes. They would break the tie in the third quarter with a 31-yard touchdown pass from quarterback David Olson to Jax Effertz and add another touchdown when the combination struck again from 28-yards out. The fourth quarter was scoreless as the Beavers came away with a nice victory.

"We beat a really good team tonight. They force

you to compete on every play. It was nice to be home after three weeks away and Endeavor was really rocking thanks to our amazing crowd and band," said Coach Berghammer about the contest.

The Beavers passing attack received a 20 for 22 night from David Olson for 220 yards and three scores. Using a combination of downfield passes and forward handoffs, the Beavers Senior quarterback had huge night, adding three short-touchdown runs to be involved in six of the Cumberland scores on the night. Jax Effertz, who threw the halfback option pass right before half, completed his only attempt for the 62-yard score.

Effertz led Cumberland with nine receptions for 99 yards and his two second half scores, while Ed Chafer used mainly the shovel pass to grab eight passes for 72 yards. Johnson, meanwhile, had two big receptions in the contest for 95 yards and a six-pointer.

Cumberland's ground game also found success with Roman Ranallo picking up 126 yards on 19 attempts. He keeps opponents honest in the middle of the field while a large portion of Cumberland's offensive success comes outside the tackles.

Defensively, once the Beavers stopped the Rails rushing attack, the Spooner passing game was largely inefficient, ending with only 66 yards on the night. Jack Chafer had a big night with 12 tackles, while Effertz evening of football included nine tackles and an interception. David Olson added the recovery of a Spooner fumble to his four tackles.

The Beavers are now 3 and 1 on the year as they take on a winless Barron team, who has been outscored 187 to 28 in their four losses.

Volleyball Team Plays in Two Invites

The Cumberland Volleyball Team participated in multiple matches vs Boyceville and Chetek last week, finishing 2 and 4 as a team against their competition. Coach Erin Miller's squad now prepares for a Parent's Night match-up against Chetek-Weyerhaeuser this Thursday at 7:00 pm in Elmer Beran Gymnasium before heading to Unity this Saturday for the Unity Invitational. Saturday's competition begins at 9:00 am.

Last Tuesday vs Boyceville, Cumberland defeated the Bulldogs, but lost to Webster. Siri Hyatt led the team with 15 kills and 12 digs, while Teagan Monson was second in each category with eight kills and 11 digs. Orion Thompson added eight digs and a ser-

vice ace. Last Saturday, Cumberland defeated New Auburn, but dropped matches to Siren, Cornell, and the host Bulldogs.

Monson led the Cumberland girls with 20 kills, while Orion Thompson had a team high 26 digs and Madison Graf a team-leading 19 assists. Siri Hyatt added 13 kills, while Baleigh Stouffer had eight assists and Teagan Monson and Idella Clark 18 digs each. Maddy Monchilovich and Graf, meanwhile, each served five aces during the meet.

This Saturday, while the Varsity and JV are playing in Unity, the JV2 and C-team will travel to the Bruce Invite, which also starts at 9:00 am.

Hall of Fame Banquet is This Saturday Night

The Cumberland Athletic Hall of Fame Banquet is this Saturday night with the Social starting at 6:00 and the meal at 7:00. Following the meal, the High School will induct Bob Chubb, Sam Donatelle, Brady Rose, Sam Clark,

Roger Thompson, and Bret Toftness into the 58-member Hall of Fame.

Anyone with last minute interest in attending the Banquet should check the Banquet should check the Das Lach Haus website for instructions on purchasing tickets.

Girl's Golf Team Participates in Two Meets

The Cumberland Girl's Golf Team was busy last week as they headed north twice, to Superior on Tuesday and Solon Springs on Thursday. The team only has a home match left against St. Croix Falls this Thursday, before participating in the Conference Tournament this coming Tuesday in Hayward beginning at 9:00 am.

Things began last Tuesday, when Cumberland played in Superior, coming out on the short end of a 229-197 score. Brook Colburn shot a 53 and Lexi Peterson a 54 to pace the Cumberland scorers, while the Medalist was the Spartan's Autumn Cooper, who shot a 46.

Thursday's 18-hole match at Hidden Greens in

Solon Springs included 13 teams and was won by Hayward, who shot a 377. Cumberland finished 11th with a score of 484. Leading scorer for Coach Tom Hullander was Kelsey Reidy with a 115, while Brook Colburn was second in scoring for lady golfers with a 120.

Medalist was Colfax Belle Kongshaug, who shot a blazing 77.

Hayward, Superior, and Spooner will come into the HON Tournament next Tuesday as the favorites in what should be a close race to the 2022 title. Cumberland, currently in ninth place, will hope to pull up in the standings with a good showing

Operation Musky 2022

Hello friends,

This was at least the 20th year in a row that I was in what could be best described as a very fun weekend of musky fishing where several veterans and a whole bunch of guys "The Red Brush Gang" and some other friends, a total of 32 get together on the Eagle River chain of lakes. Back in the day most of us put in our time at Truax Field in Madison and worked on OA-37s, A-10s and F 16s. About 25 years ago some of the guys started this fun weekend and we have just as much fun socializing as we do fishing.

Saturday, August 27th
High 74, low 56

We are staying at the Hiawatha Motel and our outing is two days of fishing and at night we hang out together in a picnic style setting and also in the game room where pool, ping, pong and darts are free. My fishing partner is Jeff Moll, and although we really try hard to win either the musky or northern pike "award" we have a history of totally sucking and I mean pathetic. We do excel in being the last men standing each night and we make sure that there is food, full coolers, and a cooking setup for everyone.

The outing started at about first light, Moll and I hit the water about an hour or so later. Within 15 minutes I would miss a northern pike in the 26-inch range and a heavy fish that I did not see. When this weekend came to an end, John Gavinski of Poynette had the biggest northern pike, and it was a whopping 20.75 inches long and his brother Steve Gavinski had the one and only musky and that fish was 31-inches. Moral of the story, take no fish for granted when fish-

ing for bragging rights.

One of the funnest things that we do during the daytime, when we are on the water, is tie our boats together and shoot the bull, which in my opinion is 100-percent of the reason that I do not miss this event.

We tell stories like when one of my bosses back in the 80's, John Meier held me under water in a swimming pool in Tucson for five full minutes in a wrestling match. John is still in the tournament with his son Rob, they always suck like Jeff and I but they sure are fun.

My old buddy Moll has three sons in the Air National Guard. Ross Moll is a fireman, Ryan flies A-10s in Michigan, and Nate is in training to fly F-35s. Tommy Gilbertson was my boss, and he puts this event together each year. Tom was a 1-Man and I was a 3-Man on a weapons loading crew on the A-10, meaning anything from tv guided missiles to bombs, rockets and bullets. I drove the jammer and Tom and our 2-Man put them on the aircraft. All kidding aside, our base was very good at what we did and I mean nationally. I knew that my 6-year enlistment was going to be enough for me as the spring of '87 I got and left to canoe up the Mississippi, the following year I started working in the Canadian bush and then it was the Appalachian Trail.

In reality folks and it is kind of sad to say I think our core group is down to six and no one that is left wants to hear that one of us is dropping out.

We use musky as an excuse to get together but in reality we are some veterans that are very proud of our service and our country and this event brings

Five of the crew from back in the 80s. Our good buddy Gary Jensen is missing, but not forgotten!

Steve Gavinski caught this musky with a mini Medusa!

us together.

Without our military our lives would not be the same!

Soccer Team Continues Season; At Ashland on Thursday

A very young soccer team went through some growing pains last week, by dropping contests to Amery, St. Croix, and Osceola. They will look to regroup this week as they hope to get some players back from injuries. The Beavers travel to Ashland this Thursday for a 5:00 pm start and then play Barron in Barron next Tuesday at 4:30 pm. The Beavers played the Bears to a

1-1 tie earlier this year.

In the 5-1 loss to Amery, Dawson Johnson scored the Beavers goal after a free kick by Sonora-Barboza bounced off the goalkeepers hands next to the Cumberland Junior.

Brody Chartraw scored Cumberland's lone goal two nights later in a 5-1 loss to the Eagles. His rebound goal came following a shot by Che Smith, which hit the

crossbar and just missed going in.

The Osceola victory over Cumberland came by a 2-0 score, with a few tough breaks keeping the Beavers off the scoreboard. "We had a difficult time against their solid keeper, but our kids are continuing to work and making strides each week," said Cumberland Coach David Stone.

Ian Sellent makes a nice pass in the Beavers loss to Amery at Endeavor Stadium.

Alex Effertz heads the ball to a teammate last week vs Amery.

Cross Country Team Runs at Phillips and Bloomer

The Cumberland/Turtle Lake Cross Country Team took to the road last week, participating at Invitationals in Phillips and Bloomer.

On Tuesday, the Beavers headed east to Phillips where the girls finished third out of five, while the boys did not have enough runners to participate as a team. Phillips took home both competitions.

Junior Carly McCreary had another strong performance for the girls, as she ran a 23:03, which was good for fourth place. Andie Otto, meanwhile, finished seventh out of 48 runners, with a time of 23:51. Ladysmith Freshman, Marika Gago, was the winner with a run of 21:24.

Participating as an individual for Cumberland in the boy's race was Jacob Schradle, who finished 10th with a time of 19:36. Bryce Jorgenson added a 23rd

place finish with a run of 22:10. The winner was Ladysmith Sophomore, Gavin Stewart, who ran a 17:28.

Thursday, Cumberland/Turtle Lake ran in Bloomer, where the boys took third out of five team and the girls took third out of the three teams participating.

McCreary led Cumberland/Turtle Lake lady runners with a third place out of 27 runners with a time of 22:16. Otto was fifth with a run of 23:45 and Jasmine Woodley 14th with a time of 27:06. The winning time was a 19:28, run by Barron's Fran Peterson, as the Bears took first overall in the meet.

For the Cumberland boy's runners, Jacob Schradle continued his nice week with a run of 19:22, which gave him 10th out of 44 runners. Teammate Josh Swint was right behind, running in 19:51, good for 11th. The

winning time was a 17:06 run by Bloomer's Lucas Anderson.

Cumberland also sent some Middle School runners to Bloomer. Simon Rodriguez ran a 14:59 to finish in 12th for the Beavers. Arthur Mathis of Mondovi ran a 11:52 to take the victory in that portion of the meet. Ciara Hartman of Bloomer won the girl's competition with a run of 11:57, while Cumberland's Jovina Skinner was sixth with a 15:05 and Greta Weaver seventh with a time of 15:42.

Cumberland/Turtle Lake Cross Country runs twice again this week, having participated in Rice Lake on Tuesday and heading to Chetek this Thursday for the Dan Conway Invitational. Both meets start at 4:00 pm.

Archery Season Is Coming Soon: Are You Ready?

The Wisconsin Department of Natural Resources (DNR) reminds deer hunters that their first opportunity to pursue deer this fall is coming up with the opening of the archery and crossbow deer season on Saturday, Sept. 17.

Hunters wanting to use both a vertical bow and a crossbow may do so by purchasing a \$3 upgrade to make their license valid for both weapons. Conservation Patron license holders may also use both weapons.

The DNR reminds hunters that bonus antlerless harvest authorizations are available in many Wisconsin counties. They're available on a first-come, first-served basis. Bonus antlerless harvest authorizations may be filled using any weapon type during the appropriate season with the appropriate license but must be filled in the designated zone, unit and land type (public or private). They are \$12 each for residents, \$20 each for non-residents and \$5 for youth hunters under 12. Purchase them using the DNR's online licensing center, Go Wild, or by visiting a license sales location.

GameReg

As a reminder, all harvested deer must be registered electronically by 5 p.m. the day after the deer is recovered using GameReg

online, by phone or at a participating registration station.

More information regarding electronic registration is available on the DNR registration webpage.

Hunter Safety

The DNR urges hunters to review these four rules of safety (TAB-K) before enjoying the archery and crossbow season.

Treat every bow/crossbow as if it were loaded.

Always point the bow/crossbow in a safe direction.

Be certain of your target as well as what is before and beyond it.

Keep your finger outside the trigger guard until ready to shoot.

When heading out to hunt

Looking for Barron County Centenarians - Residents Born 1922 or Earlier

Barron County residents born in 1922 or earlier will be honored by the Aging & Disability Resource Center (ADRC) of Barron, Rusk and Washburn Counties at our annual Centenarian Celebration on Wednesday, October 19th at Turtleback Golf Course for lunch. If you are a Centenarian or know a friend or family member who is 100 years or older, please contact Director Jennifer Jako at the ADRC at 715-537-6209 or jennifer.jako@co.barron.wi.us. The deadline is Friday, October 7th to ensure we can include everyone. We are hoping Centenarians can share some fun history or stories for the celebration.

and insight they bring to our communities.” The ADRC helps people live independently and stretch their money. Free, confidential consultations provide unbiased information about local resources for individuals 60+, adults with disabilities, and caregivers. Contact: Jennifer Jako, ADRC Director, jennifer.jako@co.barron.wi.us, 715-537-6225

“The annual Centenarian Celebration provides an opportunity to honor local residents, thank them for their contributions, and recognize the value of their wisdom,” said Jennifer Jako, ADRC Director. “We appreciate the perspective

Second Annual Hope and Healing Event and Hike

The Mental Health Task Force of Polk County (MHTF) is pleased to announce our second annual Hope and Healing event, and first annual Hope and Healing Hike.

The Hope and Healing Event will be held on Saturday, September 24th, at Coon Lake Park in Frederic from 10am to 4pm. This event is FREE to the public, and registration is strongly encouraged. This is a substance free, family friendly event. Dresser Lions Club will be providing FREE lunch to everyone who pre-registers by September 10th. To register, go to: <https://igfn.us/form/nsHhfA> Bring the whole family to this event which will include: door prizes, resource booths, art displays, outdoor games, kindness rocks, chalk painting and coloring

projects for all ages. Musician James Hersch will be providing music including two song writing sessions for kids which will be held at 10:30am and at 2:00 pm. <https://www.reachwithme.com/>

The first annual Hope and Healing Hike will be held at 1pm. Let's Hike side by side, support each other and remember those we've lost. Help us raise awareness and funding to support efforts to promote positive mental health and living healthy rewarding lives. Registration for adults is \$10, youth 5 to 17 is \$5 and Ages 0-4 is free. We are excited to have CHOMP, the mascot from Power Up-Amery Hospital-Health Partners, lead our hike.

To register, go to: <https://igfn.us/form/nsHhfA>

We are thankful to our local sponsors who are making this event possible. If you are interested in being a sponsor, please contact Jennifer Griggs-Andress at jenniferga@mentalhealthpolk.org before September 20th or go to: <https://igfn.us/form/e3io-g> About the Mental Health Task Force of Polk County

The Mental Health Task Force of Polk County is a 501 C3 nonprofit organization. Our Mission is to:

- Reduce the stigma that is associated with mental health issues
- Improve access to mental health care
- Increase awareness of mental health issues through educational programming
- Identify and address mental health issues that face our community
- Prevent suicide by building awareness within our community

Barronett News

By Judy Pieper

Get ready, the Colorfest is almost here. The fun starts next weekend. There will be something for everyone – Dairyland Tractor Pull, softball, kids' cakewalk and other games, baking contest, raffles, hayrides – the list goes on and on. The women of Barronett Lutheran will be hosting their pie and ice cream social all day Saturday, September 24th. If we have any unsold pies, we will be donating them to the Civic Club to use as desserts for their Sunday dinner.

And, of course, on Sunday morning, September 25th, at 9:00 Barronett Lutheran worship service will be held at the community center. It is always such a nice service – Pastor Todd's sermons are inspiring and educational, and we sing old, familiar hymns. If you happen to be looking for a church, this would be the perfect time to stop in and get to know us a little better. After the service at the community center, we all sit around for a while, chatting and enjoying delicious homemade cinnamon rolls. We hope to see you there.

Imagine a drum roll here – Savanna Marsh is now a full-fledged RN!! She graduated this spring, has been patiently(?) waiting to be scheduled for her Boards, was finally able to get them scheduled, and passed them this past week. She and her mom, Tammy, and sister, Sanara, are having the time of their lives on a girls' trip in Napa Valley, California this week, and when they get home, she will be starting work at a hospital in the Twin Cities. Congratulations, Savanna!! We know you will be a wonderful,

caring nurse.

Our family had way too much fun over Labor Day weekend. I'm not going to bore you with all the details, but I will tell you about the Rodeo in Superior. Jeremy Olson is a calf roper, you know, and a dang good one at that, so we try to get to as many rodeos that he competes in as possible. Well, he did very well that Friday evening, but Tinille Lehmann and Mark Bellefeuille absolutely stole his thunder. The rodeo clown asked for volunteers for his act and Mark, who knows the clown personally, enthusiastically volunteered. Mark and Tinille and one more couple were in the act – The men were blindfolded and harnessed to a chariot, and the women were seated in the chariots, given whips, and told to guide the guys down the arena, around a barrel, and back to the starting point. It was hilarious. Mark and Tinille failed miserably, but it didn't matter. It was fun – and I took lots of pictures just in case I want to embarrass them some day.

Sue Meier joined us for our family weekend at Treeland, and then came back to the house and visited until Friday. We had lots of fun while she was here – spent a day with Pat Olson and Dawn Copus in Eau Claire, had supper with Art and Jill Adams and Gabi at Lake View, checked out the décor in the treehouse, and made plum jelly and salsa. On her way home she stopped by to visit with Anita Lehmann. Sue will be back the first of November to help with the Scandinavian Smorgasbord. You will not believe where we spent Sunday

afternoon – In Norseman Suite 9 at the Viking stadium, watching the Packer/Viking game!! To say it was fabulous would be the understatement of the year. Jim and Summer Marsh rented the suite for the game and invited family members to join them. There were 18 of us, and the staff kept us well supplied with delicious food and drinks. We were situated right above the 50-yard line and had a perfect view of every play. About half of us were Viking fans and half were Packer fans, so there were cheers and jeers for every play. As you probably know, it was a very one-sided game, and I wish the Packers would have done better, but it was the most amazing way to attend a sports event. Watching on television is never going to seem the same. Thank you, thank you, thank you Jim and Summer.

The news of Queen Elizabeth's death was very sad, wasn't it? I am one of the old-timers who remember when she was coronated – such a young woman to have such responsibility thrust upon her. I would think it had to be overwhelming, but she seemed to take it all in stride and was always so proper and in control. It seemed that she would be queen forever, but, of course, we know that all good things must come to an end. Let's all pray that King Charles will follow his mother's example as he takes over the monarchy in Great Britain.

I guess that's about all I know from Barronett this week. Hope you enjoy this beautiful fall weather. See you next time.

Obituaries

Patricia A. "Patie" Neitzel

Patricia Ann "Patie" Neitzel, 67, of Alma died Monday, June 27, 2022, at her home.

A Memorial Service will be held Saturday, September 17, 2022, from 1-4 PM at the Barronett Civic Center.

Attend the Church of your choice this weekend

Savvy Caregiver Virtual Program Begins September 20th

Are you caring for someone with Alzheimer's disease or other form of progressive dementia? Do you wish the job were easier? More satisfying? Would you like to increase your confidence, better understand the disease process and learn strategies for addressing the many situations that arise? We can help!

The Aging & Disability Resource Center is now offering the Savvy Caregiver Program. Savvy Caregiver is a 6 consecutive week series of 2 hour sessions that will provide the caregiver with skills, knowledge and techniques needed to provide care to a person (most often a friend, or family member) who has been diagnosed with Alzheimer's disease (or any progressive dementia).

Savvy Caregiver is an evidenced based curriculum developed by Dr. Kenneth Hepburn and colleagues at the University of Minnesota. Grounded in research this educational series

teaches strategies, practical real-world skills, and helps to reduce stress, both in the caregiver and the person for whom care is being provided. Savvy Caregiver increases the caregiver's sense of competence, and well-being even though there may be little experience.

The course will cover such topics as understanding the career of caregiving, different types of dementia, how the decline in cognition affects behavior, dealing with the feelings that arise while caregiving, fitting tasks and activities to the person's abilities, and decision making skills to name but a few. The course will be presented through lecture, short video, and printed materials.

Anyone who is providing care, or will be providing care to someone who has been diagnosed with Alzheimer's disease or another progressive dementia will find this course not only useful, but a means to obtaining

the skills needed to provide excellent care. Love brings most of us to the caregiving role, however it does not provide us with the knowledge, skills, strategies or techniques that are necessary to deliver high quality care and lessen the caregiver's stress. Savvy Caregiver provides the means to learn those skills, practice them in a controlled environment, and learn from one another's experiences.

While not a support group, the participants will share their own real world experiences which will provide examples for the training lessons.

Join us to increase your confidence and reduce your stress. Become a Savvy Caregiver today!

Next session begins Mondays, September 20th - October 25th, 9:30- 11:30 a.m. Register online, www.adrconnections.org/registrations. Questions call Trisha Witham at the Aging & Disability Resource Center, 715-537-6225.

Aging and Disability Resource Center Announces Fall Healthy Living Class

The Aging and Disability Resource Center (ADRC) of Barron, Rusk and Washburn Counties is pleased to announce its next healthy living class this fall!

Build your own personal playbook for aging well with the virtual Aging Mastery Program. This fun, innovative program empowers you to take key steps to improve your well-being, add stability to your life, and strengthen ties to your community. Meet new friends and provide encouragement to one another as you take the Aging Mastery journey together! Aging Mastery Program will meet virtually by

Zoom Wednesdays from 1:00 - 3:30 p.m. September 28th through December 21st (12 weeks). Learn from expert guests and other participants on how to age well by discussing topics such as fall prevention, sleep, exercise, financial fitness, medication management and more! To register, visit the ADRC website www.adrconnections.org/registrations or call Coleen Hillskotter 877-622-6700. Zoom training and loaner tablets are available by request. Suggested donation for participants 60+ is \$30 which includes all materials and the charge for those under 60 is \$30.

"I'm worried about my Aunt. She has some memory problems and I'm afraid she's not eating well. How can I help her?"

Meals On Wheels

Delivers a hot nutritious meal and a warm friendly smile daily.

Church Directory

"The Way"

by Pastor Matthew Earls

Northern Lakes Church

Acts 19:21-41

Good day fellow Cumberland residents. We at Northern Lakes Church have been praying for your spiritual life and relationship with Christ to advance and I do not believe it is by chance that you are reading this today. Holy Spirit has a specific word for you and I pray you will receive it. Today, I would like to focus Chapter 19 of the Book of Acts.

Our passage shows us the reaction of the world to "The Way" of Christ. It is a strong reminder that the godly will suffer persecution even as Jesus has suffered. Paul shares a great strategy for world-evangelization in these verses. Our call is to evangelize and to edify the church sending forth disciples. The Way of the Lord (the disciples) were falsely accused and attacked, much in the same way we see it being done today.

We must remember that while Christianity preaches revolution, it does not preach world revolution. The bible preaches of spiritual revolution. We are not commanded to take up weapons for physical warfare, rather we gather our weapons for spiritual warfare. As you read today, God is love and He has revealed His love in His Son Jesus Christ. This same God now invites us to love His Son and to love each other, putting away anything evil that causes hurt to ourselves and to others. I pray you are blessed by the message and that you encounter the Lord this week..

Blessings & Love,
Pastor Matthew

Updated COVID-19 Boosters

People 12 years and older are now able to receive updated COVID-19 boosters. These boosters are also known as bivalent boosters. Doses of the updated COVID-19 boosters are expected to arrive at Barron County Public Health this week. They will be available starting Friday, September 16th. Walk-ins are welcome on Fridays from 8 am to 12 pm and 1 pm to 4 pm and at other times by appointment. Barron County Public Health is located at 335 East Monroe Avenue in Barron, Wisconsin.

The updated boosters have received approval and are the first Omicron-specific vaccines to be made available in the United States. They target the original strain of COVID-19 as well as the Omicron strains BA.4 and BA.5 that are spreading now.

The updated boosters are recommended for people 12 years and older who have received their first and second COVID-19 vaccines

and have not received a COVID-19 vaccine dose in the last two months. People 12 years of age and older are able to receive the updated Pfizer COVID-19 booster. People 18 years of age and older are eligible to receive the updated Moderna COVID-19 booster. The Pfizer and Moderna updated boosters can be given to anyone who has already received Pfizer, Moderna, J&J, or Novavax as their first dose(s).

Children ages 5-11 continue to be eligible for the original COVID-19 booster, which provides protection against the original strain of COVID-19. It is anticipated that this age group will be eligible for the updated boosters in the coming months. Barron County Public Health offers first, second, and booster doses on Fridays from 8 am to 12 pm and 1pm to 4 pm. Walk-ins welcome. Other times are available by appointment. To find a vaccine near you, visit www.vaccines.gov.

Ice Age Trail Schedules Fall Hikes

The three-hike fall schedule for the local Ice Age Trail chapter and friends begins this weekend with the longest hike.

The Saturday hike of 5.7 miles begins at 11 a.m. at the 15th Street/County Road E parking lot, which is about 2.5 miles north of County W, in far northeastern Polk County. Organizers ask hikers to share rides if possible because the parking lot is small.

Hikers are encouraged to bring lunch and water. Brownies will be served at the end, which is expected to be about 4 p.m. Participants will be shuttled back to cars.

The next hike is on Saturday, Oct. 1 at 10 a.m., and begins in the main parking lot of Straight Lake State Park, off the intersection of 270th Avenue and 120th Street. Ice Age hikers will join youth from Kinship of Polk County and their adult mentors. This hike's length will be determined by the stamina of the young hikers, who range from ages five to 18.

The third hike on Oct. 8 will be the Indianhead Chapter's annual fall colors hike, which will coincide

with viewing the rising full moon, weather permitting

This 3.4-mile hike begins at 3 p.m. at the Round Lake Trailhead, which is on Round Lake Road, about .4 mile south of Hwy. 48. The hike will end at 270 Avenue and County I, where shuttles will return hikers to the start. A telescope will be provided for the viewing of the moonrise at about 6:30. Organizers encourage hikers to bring a chair.

The Indianhead chapter welcomes non-members at its hikes. Hikers should wear good hiking shoes or boots, bring water and dress for outdoor conditions. Yellow Ice Age Trail event signs will guide the way to the start of each hike.

Questions? Call Barb Ceder at 715-410-8069 or email her at barbara.ceder@gmail.com

The Ice Age National Scenic Trail is a hiking trail following Wisconsin's glacial terrain that is built and maintained by volunteers. It extends across the state on a route of more than 1,000 miles, with Interstate Park serving as its western terminus. Polk County has 62 miles of the trail. The Indianhead chapter has about 100 members.

Hunt Hill to Host Pints on the Prairie

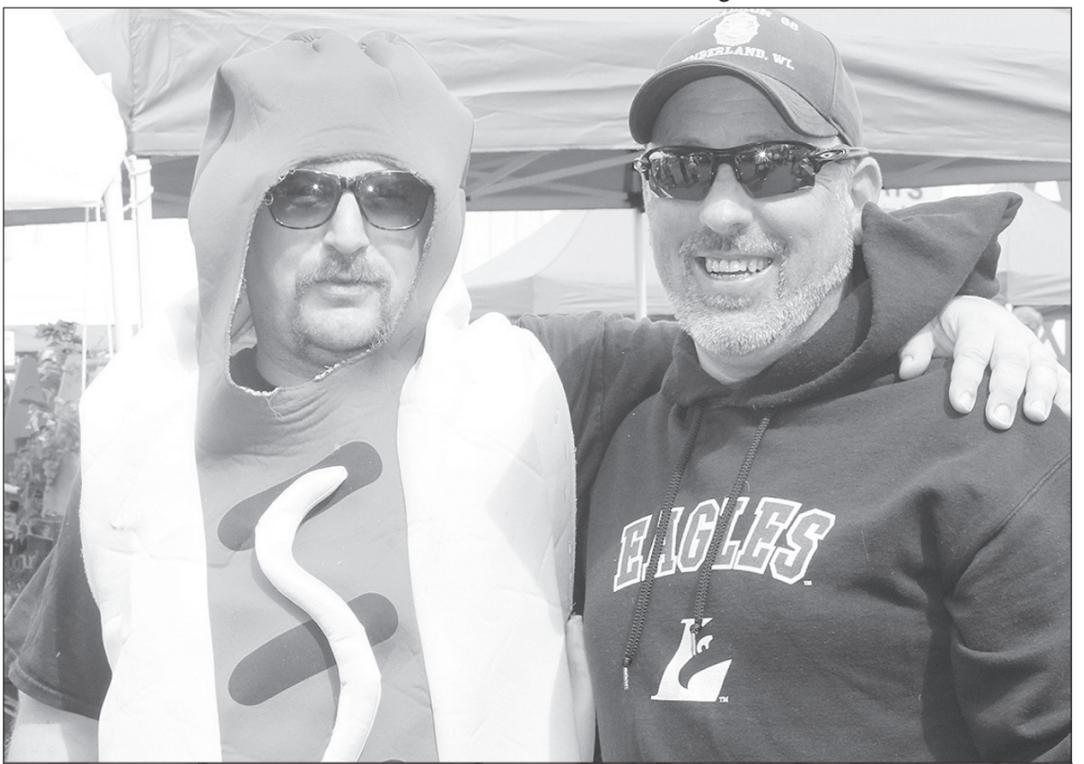

Join Hunt Hill Audubon Sanctuary, for a laid back afternoon of live music, meandering prairie trails, refreshing local brews and tasty bites. The Pints on the Prairie event will take place Saturday, September 24 from 2:00-5:00pm. Tickets are for participants 21+ and must be purchased in advance by visiting hunthill.org/pints-on-the-prairie

Pints on the Prairie will feature 4 local breweries. Drinker participants will receive an 11ounce stainless steel tumbler along with 4 tickets so they can sample a beer from each brewery. Each brewery will have 2 beers available and participants may choose to get a full pour (~10 ounces) of one beer, or try each at a half pour. Breweries attending this year's event include: Roundman Brewing (Spooner), Heart of the North Brewing (Ladysmith), Brickfield Brewing (Grantsburg) and Moon Ridge Brewing (Cornell). Beers featured include a lager, hazy pale ale, IPA, scottish ale, blonde ale, milk stout, brown ale and irish blonde ale. Nondrinker

participants will receive a reusable cup for nonalcoholic refreshments. All participants receive snacks included with admission.

In addition to great local brews, the event will also feature live music by Weston Schissel. Schissel is a solo musician that uses a guitar, a kick drum, and effects along with a looper to create a full rockin' sound. Set lists cover a wide variety of artists including Sinatra, Tom Petty, Lizzo and beyond. Participants are encouraged to bring lawn chairs or blankets to lounge among the wildflowers while enjoying the music and brews.

Funds raised from this event support Hunt Hill, a nonprofit nature preserve and learning center. Tickets can be purchased online and sales close September 23. Drinker tickets are \$30 and include a stainless steel tumbler, drinks, food and live music. Nondrinker tickets are \$15 and include a cup, nonalcoholic drinks, food and live music. Event is open to only people 21+. Register online at hunthill.org or call 715-635-6543.

Fatal Crash on County Road G

On Sunday, September 11, 2022, at 12:12 pm, the Polk County Sheriff's Office Dispatch Center received a call of a 2-car motor vehicle crash on County Road G approximately one-half mile west of 210th St in the Town of Eureka.

Upon arrival of Law Enforcement and Emergency Medical Services, it was found that a Ford Excursion SUV was traveling west bound on County Road G when it approached a Chevrolet Impala that was also Westbound on County Road G. As the Ford Excursion attempted to pass the Impala, the vehicles struck.

The Impala entered the North ditch and began to roll over. The passenger was ejected from the vehicle. The Impala continued to roll over, striking large boulders. The vehicle came to rest on its roof. The passenger who was ejected, did suffer fatal injuries, and

died at the crash scene. After striking the impala, the Excursion also traveled to the right and entered the north ditch. The vehicle stayed on it wheels for several hundred feet, before striking a large boulder, and then began to flip over. The SUV came to rest on its side, and then started on fire. All the passengers of the Excursion were able to exit the vehicle before it was consumed by the fire.

Assisting the Polk County Sheriff's Office with this incident were the Milltown Fire and First Responders, the Cushing Fire and First Responders, Lakes Area Ambulance Service, Northland Ambulance Service, and the Polk County Medical Examiner.

The crash is being investigated by the Polk County Sheriff's Office.

The name of the individuals involved will be release later.

Financial Aid Tip of the Month

High school seniors and college students needing student financial aid for fall 2023 can file the 2023-24 Free Application for Federal Student Aid, or FAFSA, beginning Oct. 1, according to KHEAA.

Even students who don't think they will qualify for financial aid should submit the FAFSA. Rules governing student aid programs sometimes change, and students who don't file the FAFSA may miss out on free money that could help pay for their education.

The parents or guardians of students considered dependents under federal guidelines must also provide financial information on the FAFSA. This affects most students going directly to college from high school, who are typically considered a dependent.

The FAFSA asks for information about income, assets and expenses. The data provided

on the FAFSA determines whether students qualify for federal grants, work-study and loans, as well as several state grants and scholarships. Many colleges also use the FAFSA to award their own grants and scholarships.

Some student aid programs have limited funds and provide awards on a first-come, first-served basis, so students and families should submit the FAFSA as soon as possible.

KHEAA is a public, non-profit agency established in 1966 to improve students' access to college. It provides information about financial aid and financial literacy at no cost to students and parents.

KHEAA also helps colleges manage their student loan default rates and verify information submitted on the FAFSA. For more information about those services, visit khea.com.

DHS Encourages Wisconsinites to Make a Plan to Get Boosted Against COVID-19 this Fall

The Wisconsin Department of Health Services (DHS) is urging Wisconsinites to make a plan to get boosted against COVID-19. People 12 and older are now eligible to receive updated COVID-19 boosters (also known as bivalent boosters). Doses of the updated COVID-19 boosters have started arriving in Wisconsin and will continue to be delivered to providers over the next several weeks. Pharmacies, health centers, and clinics are expected to make ap-

pointments available as their booster doses arrive.

"As we head into the fall and winter respiratory virus season, we encourage all Wisconsinites to make a plan to boost their protection against COVID-19," said DHS Secretary-designee Karen Timberlake. "Everyone 12 and older is eligible for the added protection of the updated boosters. This is especially important for people 50 and older and those who are immunocompromised."

Elks National Foundation Grant Used to Fund Lunch Bunch

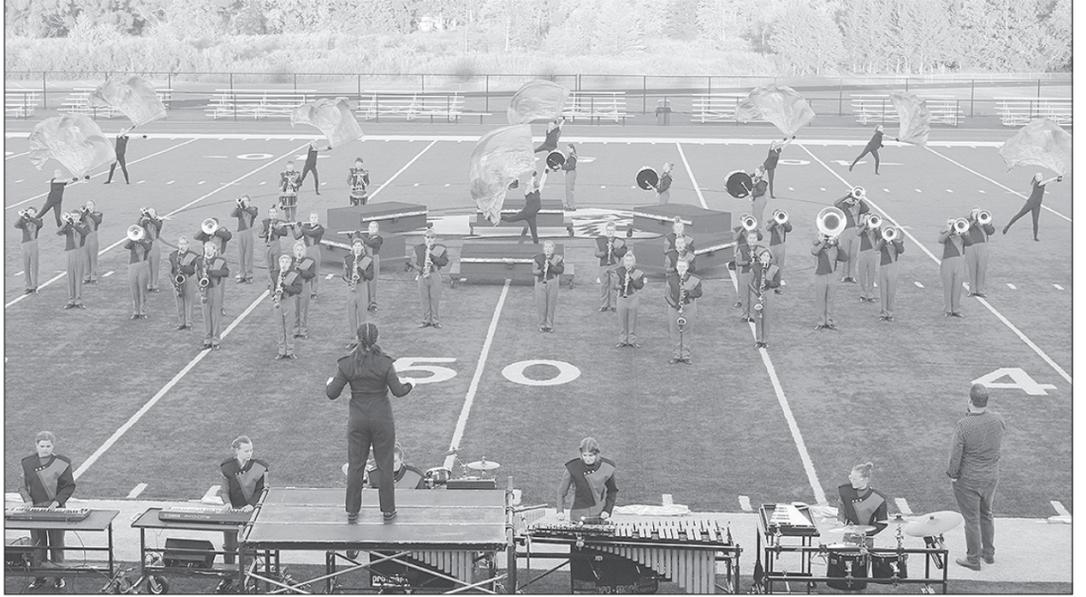

RICE LAKE, USA - Donations from members made the Lunch Bunch program a reality. The donations given by members to the ENF (Elks National Foundation) program allowed Rice Lake Elks Grant Coordinator-Marla Gygli the opportunity to apply for ENF Grant that supported a free lunch program for area youth. The program is run in conjunction with the Rice Lake Public Library serving a hot meal to area youth who might not have a meal available. A second grant was awarded by the Rice Lake Community Health Program as the program grew.

Individual meals 3 times a week for two dozen participants. The need increased to 40 meals, then 60 meals and this summer 2,000 plus meals were served.

Volunteers made this program a success! Volunteers-Mike and Loyce Schief, Norma Hipp, Anita Wedin, Scott and Sunni Bliese and Don Putnam were credited for the assistance they provided.

Local Grant Coordinator-Marla Gygli said-"Without all of you, this program never would have succeeded, we can't wait to see what next year brings."

Elks Care, Elks Share-Elks Lodges in communities bring programs that neighbors come together-one example of how the Rice Lake Lodge #1441 gives back to the community.

Archery Season...

during the archery or crossbow seasons, remember these additional safety tips:

Crossbows have a safety. Immediately after cocking, always check to make sure that your bow is on safe.

Always use bolts/arrows recommended by the manufacturer and handle carefully.

Protect yourself and the

arrow points with a covered arrow quiver.

The safest way to carry, transport and raise or lower a crossbow from a stand is always to have the crossbow un-cocked.

The safest way to un-cock a crossbow is to fire a bolt into the ground or target.

Make sure that the limb tips are free of obstructions

and that your fingers, hand or arm are not in the string path at any time while the crossbow is cocked.

Know your range for accuracy.

Tree stand safety is also a key consideration throughout all the deer hunting seasons. Tree stand incidents are a leading cause of injury to hunters. Always wear a

safety harness, use three points of contact when going into or out of the stand and use a haul line to bring the unloaded bow or crossbow into the stand. Let someone know where you are going and when you expect to return. For more information regarding tree stand safety, visit the DNR webpage.

Barron County Truck Show...

away, and progressively kept getting worse. After several appointments, tests, Ct's and Xrays it was discovered that there was an abnormal growth in Nora's chest and she was sent to the Children's Hospital in St. Paul, MN for a second opinion and after another round of tests and doctors they were moved from St. Paul Children's to Minneapolis Children's to be admitted to the oncology unit. There it was confirmed that they were looking at Neuroblastoma, a childhood cancer. Nora had Surgery in March to remove the tumor, but they were unable to remove 100% because it was too close to the spine. Nora

will continue to need testing every 2-3 months for at least one year to monitor the tumor and will continue to need monitoring for a total of 3-5 years. Nora's family has had several unexpected expenses & will continue to need time off work to help Nora through her illness.

We rely on the support of generous individuals and businesses in our community to make the largest impact possible for our recipient. Would you consider providing a donation basket for our silent auction, make any type of monetary donation or become a Sponsor? Your support is critical to the success of this year's show, and we will gladly

keep you updated regarding our progress should you wish. Please contact us at 715-790-0315, BarronCountyTruckShow@gmail.com, or Facebook to help support and make a difference in the community. Thank you so much for your consideration of our request, and we hope to hear from you soon.

Sincerely,
Barron County Truck Show Staff

CUMBERLAND HEALTHCARE

Barron County COVID-19 WEEKLY REPORT

COVID-19 Community Level

COVID-19 Community Levels are a new tool to help communities decide what prevention steps to take based on the latest data. Levels can be low, medium, or high and are determined by looking at hospital beds being used, hospital admissions, and the total number of new COVID-19 cases in an area. Take precautions to protect yourself and others from COVID-19 based on the COVID-19 Community Level in your area.

*These recommendations DO NOT APPLY IN HEALTHCARE SETTINGS such as hospitals and nursing homes.

COVID-19 Community Level	You Should
LOW	<ul style="list-style-type: none"> Stay up to date with COVID-19 vaccines Get tested if you have symptoms
MEDIUM	<ul style="list-style-type: none"> Talk to your doctor about whether or not you need to wear a mask and take other precautions if you are at high risk for severe illness. Stay up to date with COVID-19 vaccines Get tested if you have symptoms
HIGH	<ul style="list-style-type: none"> Wear a mask indoors in public Stay up to date with COVID-19 vaccines Get tested if you have symptoms Take additional precautions as needed if you are at high risk for severe illness.

For more information visit- https://bit.ly/community_levels

*People may choose to mask at any time. People with symptoms, a positive test, or exposure to COVID-19 should wear a mask.
